ORDINANCE NO. 93-516A REVISING THE FY 1993-94 BUDGET AND APPROPRIATIONS SCHEDULE FOR THE PURPOSE OF APPROPRIATING FUNDS TO CONSULT WITH BUSINESS AND CIVIC LEADERS AND DEVELOP RECOMMENDATIONS REGARDING GREENSPACES ACQUISITION, CAPITAL IMPROVEMENT AND OPERATIONS FUNDING OPTIONS

Date: November 30, 1993 Presented By: Councilor Devlin

<u>COMMITTEE RECOMMENDATION</u>: At its November 23, 1993 meeting the Committee voted 2 to 1 to recommend Council adoption of Resolution No. 93-516A. Voting in favor were Councilors Devlin and Monroe voting opposed was Councilor Kvistad. Councilors Buchanan and Van Bergen were excused.

COMMITTEE DISCUSSION/ISSUES: Don Carlson, Council Administrator, gave the Staff Report. He indicated the Governmental Affairs Committee had acted on the ordinance to recommend Council approval That Committee's action was taken after the Chair of as amended. the Finance Committee communicated to the Governmental Affairs Committee Chair to move the ordinance out of Committee (See Attachment 1 to this report). Mr. Carlson stated the ordinance amends the Council Department budget to transfer \$8,500 from the Miscellaneous Professional Services line item to the same line item in the Greenspaces Planning Division in the Regional Parks and Expo The ordinance also adjusts several other Materials and Services line items in the latter Fund to put sufficient resources in the Greenspaces Planning Division budget to undertake the work proposed. The ordinance amends the Appropriations Schedule accordingly.

In response to a question from the Committee, Mr. Carlson indicated that the Council Department budget looked to as a source of funding for this project at the request of the Presiding Officer. He indicated that use of the \$8,500 should not seriously hamper the work of the Council. If additional funds are needed for the Council in the future, it always has the option to transfer funds from the General Fund Contingency at a later time.

Councilor Kvistad indicated he was opposed to using Council Department funds in this manner and expressed concerns about the appropriateness of this project.

Re:

Ordinance No. 93-516 Amending the FY 93-94 Budget and Appropriations Schedule to Fund Consultant for Developing

Greenspaces Funding Options

It is the understanding of the Finance Committee that your Committee has tabled Ordinance No. 93-516 because the Scope of Work for the contract has been defined such that the original amount of anticipated funds has been substantially reduced. It is also the understanding of the Finance Committee that the Presiding Officer has requested information from the Council Administrator about using Council Department funds to pay for up to \$8,500 of this proposed contract (see attached memo dated November 3, 1993 from the Presiding Officer). Since it appears that the Scope of Work calls for a contract of \$53,500 and additional funds in the amount of \$8,500 are needed to pay for the work, the Finance Committee recommends that the appropriate budgets and Schedule of Appropriations be amended accordingly.

The Committee has instructed me to request that Governmental Affairs take Ordinance No. 93-516 from the table and either amend it to authorize the additional \$8,500 in the Greenspaces Planning program or pass it along the Finance Committee without recommendation.

If you have any questions or need additional information, please contact either Don Carlson or me at your convenience.

Amending Ordinance No. 93-516 to Fund Greenspaces Funding Re: Options Consultant

you know the Finance Committee has requested that the Governmental Affairs Committee take Ordinance No. 93-516 off the table and either amend it to add the \$8,500 to the Greenspaces Planning program budget or pass it along to the Finance Committee without recommendation (see attached memo from R. Monroe to M. Gates).

In response to your request I have had the Finance Office prepare the necessary exhibits to take the \$8,500 from the Council Department budget and transfer it to the Greenspaces Planning program budget. As you can see the \$8,500 is taken from the Miscellaneous Professional Services line item in the Materials and Services category of the Council Department budget. The original budgeted amount in the line item is \$20,000. To date we have spent \$6,037 (\$4,800 on the Brand contract; and \$1,237 on the remaining part of the Isaacs contract) and have a balance of \$13,963. Using the \$8,500 for the Greenspaces work would leave a balance of \$5,463 in this line item.

The only potential item of expenditure for this line item that I know of at this time is a possible contract with a facilitator for Council Staff which should not take more than \$1,200.

please let me know if this is the approach you want to take or if you have any questions or need additional information.

ORDINANCE NO. 93-516A, REVISING THE FY 1993-94 BUDGET AND APPROPRIATIONS SCHEDULE FOR THE PURPOSE OF APPROPRIATING FUNDS TO CONSULT WITH BUSINESS AND CIVIC LEADERS AND DEVELOP RECOMMENDATIONS REGARDING GREENSPACES ACQUISITION CAPITAL IMPROVEMENT AND OPERATIONS FUNDING OPTIONS

Date: November 23, 1993 Presented by: Councilor Gardner

<u>COMMITTEE RECOMMENDATION</u>: At its November 18, 1993 meeting the Governmental Affairs Committee voted 3-0 to recommend Council adoption of Ordinance No. 93-516A. Voting were Councilors Gardner, Hansen, and Wyers. Councilors Gates and Moore were excused.

COMMITTEE DISCUSSION/ISSUES: Ordinance No. 93-516 originally contained provision for adding up to \$35,000 to a \$45,000 contract for a consultant to consult with business and civic leaders, and conduct additional research, regarding the Greenspaces program. It was before the Governmental Affairs Committee on November 4, and was tabled at that meeting. This action was taken because the consultant selection panel recommended only \$8,500 in additional funds for the contract. Those funds were identified within the Council Department budget, and a budget amendment was not required to allocate those funds to this contract. Subsequently, the Finance Committee Chair requested the Governmental Affairs Committee to reconsider the item and forward it to the Finance Committee for its consideration.

At the November 18 meeting, the committee voted 3-0 to remove the ordinance from the table. Planning Director Andy Cotugno explained that an additional \$8,500 was requested from the Council Department in the General Fund, to increase the total amount of the contract from \$45,000 to \$53,500. The additional funds would be used to increase the size of a poll from 400 to 800 respondents, and to provide for two focus groups. The larger poll size will give useful information on sub-regions within the Metro area, and the smaller sample would not produce sub-regional information. the focus groups would provide for face-to-face interviews of small, demographically representative groups to give information in greater detail than could be obtained in a telephone poll. Mr. Cotugno said the first issue to be addressed is whether the extra work items are worth the extra expense; if it is, how to move the money is merely a mechanical question.

Councilor Gardner said he understood one advantage of transferring the funds through a budget amendment would be to allow the contract to be managed by one person, in the Regional Parks/Expo Fund, rather than have the Council Administrator also involved in managing the contract. Councilor Wyers asked whether there was any assurance that the contractor would use the extra

funds for the work stipulated, or if it would just be added to their total income. Regional Planning Supervisor Pat Lee responded that the additional items would be added to the scope of work, and the contractor would be responsible for doing the extra work. Mr. Cotugno added that the polling would be done soon, at the front end of the contract. The focus groups would come near the end, and if it were decided not to do that piece of work, the money would not be spent.

Councilor Wyers said she supported the extra work items because they would help provide the Council with better information.

Councilor Wyers moved to amend Ordinance 93-516 to substitute the exhibits contained in Don Carlson's November 16 memo to the Presiding Officer for those in the original ordinance, and to direct staff to incorporate any necessary changes in the text of the ordinance. Following approval of Councilor Wyers' motion and a motion to recommend approval of the amended ordinance, Mr. Cotugno said he intended to execute the contract with the consultant for the full amount, but with a letter advising them not to proceed with the additional work items until notified in writing that the additional funds had been authorized.

STAFF REPORT

CONSIDERATION OF ORDINANCE NO 93-516 AMENDING ORDINANCE 93-487A REVISING THE FY 1993-94 BUDGET AND APPROPRIATIONS SCHEDULE FOR THE PURPOSE OF APPROPRIATING FUNDS TO CONSULT WITH BUSINESS AND CIVIC LEADERS AND DEVELOP RECOMMENDATIONS REGARDING GREENSPACES ACQUISITION CAPITAL IMPROVEMENT AND OPERATIONS FUNDING OPTIONS

Date: October 4, 1993 Presented By: Andy Cotugno

PROPOSED ACTION

This Ordinance would amend the FY 1993-94 Budget to appropriate \$35,000 from General Fund Contingency to the Regional Parks and Greenspaces Fund, Miscellaneous Professional Services line item, to assist in funding a personal services agreement with a private firm to consult with business and civic leaders in the region and develop recommendations for funding a Greenspaces acquisition and capital improvement program and operations assuming an acquisition revenue stream is available.

FACTUAL BACKGROUND AND ANALYSIS

Resolution 93-1844A, adopted September 23, 1993, stated the Metro Council's intent to refer a Greenspaces acquisition and capital improvement bond measure to the voters in 1994 and directed staff "... to establish a process to consult with business and civic leaders for recommendations on the particular election date and bond measure amount, and return to the Metro Council by October 15,1993 with a specific recommendation on the consultation process."

Staff recommend that the consultation process include one on one interviews with business and civic leaders and establishment of a "Blue Ribbon Committee" of recognized public policy shapers to specifically investigate and recommend bond details and/or other funding options for the Greenspaces Program to the Executive Officer and Metro Council. The consultant is expected to conduct the interviews, recommend potential members of the Blue Ribbon Committee, facilitate the Blue Ribbon Committee, including meeting organization and logistics, agenda development and minute taking, conduct a public opinion survey, and prepare a final report including analysis of the results of interviews and opinion survey, and articulating final recommendations of the Blue Ribbon Committee.

The specific scope of work is included in the "Request For Proposals" (RFP) which is scheduled for review by the Council Government Affairs Committee on October 7, 1993. Total cost for consultant services as presented in the RFP is \$80,000. Of this amount, \$45,000 is proposed to be reallocated within the materials and services category of the adopted FY 1993-94 Regional Parks and Greenspaces Fund. This does not require a budget action by the Council. The remaining \$35,000 is proposed to be drawn from the General Fund contingency line item. The General Fund Transfer is the subject of this budget amendment ordinance.

Staff strongly recommend that the RFP and budget amendment ordinance be considered jointly. In order to accomplish this, the following process is being pursued. Should the Government Affairs Committee authorize at the October 7 meeting, staff will release the RFP for an eighteen day period. Filing of this ordinance proposing a budget amendment allows first reading at the Metro Council on October 14. If referred by the Council, the budget amendment ordinance would be before the Council Finance Committee on October 27 and return to the full Council for final

action on November 11 (or the alternate date established by the Council since the 11th is Veterans Day). A selection committee will evaluate the proposals for consultant services and recommend award of the contract by the agenda filing deadline for the November 11/alternate Council meeting. This timing allows actions concerning the scope of work, funding level, consultant selection and budget amendment to all occur at the same Council meeting.

The Metropolitan Greenspaces Policy Advisory Committee was informed of the pending RFP at the September 29, 1993 meeting. Although no formal Greenspaces Technical and Policy Advisory Committee review and recommendation is required, it is staff's intent to review the RFP and budget amendment ordinance in more detail at the scheduled October 15 (TAC) and October 27 (PAC) meetings for comment.

REQUEST FOR PROPOSALS GREENSPACES ACQUISITION AND CAPITAL IMPROVEMENT FUNDING MEASURE

I. KEY OBJECTIVES

This project is intended to identify key issues and develop recommendations related to community support of a potential land acquisition and capital improvement funding measure that would assist implementation of the Metropolitan Greenspaces Master Plan. Voters in the Metro region turned down a \$200 million general obligation bond measure at the polls in November of 1992. At this time, Greenspaces advisors and the Metro Council are exploring options available to Metro for a potential future bond referral or alternative funding mechanisms. With completion of this work, citizens and civic leaders of the region will have substantial information for discussion of the options available to Metro, and the Metro Council will have a solid basis for making a decision on policies and procedures related to potential funding measure(s).

Consultant assistance is sought to: 1) survey community and business leaders on key issues related to natural area acquisition and protection; 2) facilitate establishment of a Blue Ribbon Committee that will analyze and resolve problems related to these key issues; 3) conduct a public opinion survey to evaluate voter sentiment relating to key issues; 4) develop a final report and recommendations to policy-makers on a course of action related to a potential funding measure.

Recommendations from the Blue Ribbon Committee to the Metro Council should address the following questions as a minimum, along with any comments on related matters the Committee deems appropriate:

- The Metro Council currently considers a general obligation bond measure to be the appropriate technique to raise funds for an acquisition and capital improvements program. Is this the most feasible option for a significant acquisition and capital improvement program to implement assembly of the regional greenspaces system as outlined in the regional Greenspaces Master Plan?
- What is the appropriate amount of a general obligation bond measure, if that is the recommended technique?
- When would be the best time for referring a measure to the voters of the region?
- If recommended, should a general obligation bond measure be phased so that the bonds are sold in increments over a period of time?
- The Greenspaces Master Plan calls for a local pass-through component to the funding measure. How should this be defined and executed?
- What are potential options for developing operations revenues for the Greenspaces program?
- Should a companion operations funding measure be adopted by ordinance or referred to voters at the same time as the acquisition and capital improvement measure?

II. BUDGET AND LENGTH OF CONTRACT

A. A maximum of \$45,000 is available in Metro's adopted budget to complete the proposed scope of work described in Section IV below. However, Metro is willing to consider proposals in excess of this amount if proposers clearly demonstrate that the outreach effort would be significantly enhanced by additional expenditures. Any

expenditures above \$45,000 would, however, require a budget amendment to be approved by the Metro Council.

B. Following is a preferred project schedule (it is not mandatory). Using this schedule as a guide, proposers are requested to include a project schedule in the written proposals.

III. BACKGROUND

The Greenspaces Master Plan was adopted by the Metro Council on July 23, 1992. The Plan sets out eight goals and numerous policies guiding creation of a cooperative regional system of natural areas, open space, trails and greenways for wildlife and people in the metropolitan area.

The Plan details 57 sites and 34 trails or greenway corridors of regional significance as priorities to be protected, preserved and/or acquired as public open space. As the community continues to grow, many of these areas of regional significance are under increasing development pressure. Greenspaces Technical and Policy Advisory Committees are exploring ways to protect the most significant of the 57 sites before they are lost to development. Implementation of the goals and policies outlined in the Master Plan will require acquisition of specific sites of regional importance.

Recently the Metro Council adopted a resolution of intent to refer a general obligation bond in calendar year 1994 to the voters of the region for acquisition and capital improvement of greenspaces and parks. The Council also initiated a pilot program to acquire options on a limited number of properties for purchase and inclusion into the regional greenspaces system once acquisition funds are identified. The work of the selected consultant and Blue Ribbon Committee must be completed before an actual bond referral by the Metro Council, or other policy action if other funding options are available and recommended.

O. Terms

A Proposal may be rejected if it requires payment in less than thirty (30) calendar days after delivery or if it requires payment, in whole or in part, prior to delivery.

P. Resident/Non-Resident Proposers

Oregon law requires Metro, in determining the lowest advantageous Proposal, to add a percent increase to the Proposal of a non-resident Proposer equal to the percent, if any, of the preference given to that Proposer in the state in which that Proposer resides. Therefore, each Proposer must indicate whether it is a resident or non-resident Proposer. A resident Proposer is a Proposer that has paid unemployment taxes or income taxes in the State of Oregon during the twelve (12) months immediately preceding submission of the Proposal, has a business address in Oregon, and has stated in its Proposal that it is a "resident Proposer."

Q. Basis of Award

The award shall be made to the responsible Proposer(s) submitting the most advantageous Proposal to Metro. Any determination of the responsible Proposer(s) submitting the most advantageous Proposal and the award are subject to review and determination by the Metro General Counsel as to legal sufficiency of any Proposal submitted. Metro reserves the right to reject any and/or all Proposals in whole or in part, and to waive irregularities not affecting substantial rights.

B. Contract Acceptance

Through Proposal submission, each Proposer specifically agrees to all terms and conditions of the attached contract. In order to ensure equitable consideration of all Proposals, any requests for changes, additions or deletions to that contract must be requested in writing as part of and a condition to the Proposal. J. Patents/Copyrights

The Contractor agrees to protect, to defend (if Metro requests) and save the agency harmless against any demand for payment for wrongful or unauthorized use of any patented material, process, article or device that may enter into manufacture, construction or forms a part of the work covered by this contract.
