

BEFORE THE COUNCIL OF THE
METROPOLITAN SERVICE DISTRICT

FOR THE PURPOSE OF AMENDING)	ORDINANCE NO. 89-290
THE 1986 WASTE REDUCTION PROGRAM)	
AND THE REGIONAL SOLID WASTE)	Introduced by Councilor
MANAGEMENT PLAN)	Mike Ragsdale, Presiding
)	Officer

WHEREAS, In 1986 Metro adopted a regional Waste Reduction Program (WRP) in accordance with provisions of SB662; and

WHEREAS, The 1986 WRP was adopted as a chapter of the 1988 Regional Solid Waste Management Plan (SWMP); and

WHEREAS, The solid waste management techniques, facility concepts and system ideas incorporated in the 1986 WRP have undergone change over the past three years; and

WHEREAS, These changing circumstances warrant the revision of the 1986 WRP to clearly identify Metro's efforts in waste reduction in the region; now, therefore,

THE COUNCIL OF THE METROPOLITAN SERVICE DISTRICT HEREBY ORDAINS:

1. That the 1986 Waste Reduction Program is hereby amended. Exhibit A, attached hereto, amends the 1986 WRP and the 1988 SWMP Waste Reduction Chapter.
2. That the Waste Reduction Plan as amended by Exhibit A shall supersede and take precedence over any prior ordinances and resolutions previously adopted that are inconsistent with the provisions of Exhibit A.

3. Exhibit A (Amendments to Metro's 1986 Waste Reduction Program) and the pertinent sections of the 1986 Waste Reduction Program will be incorporated into the Regional Solid Waste Management Plan in the next six months. The complete reformatted Waste Reduction Chapter of the Solid Waste Management Plan shall be considered the 1989 Waste Reduction Plan

ADOPTED by the Council of the Metropolitan Service District
this 23rd day of March, 1989.

Mike Ragsdale
Mike Ragsdale, Presiding Officer

ATTEST:

A. Marie Nelson

Clerk of the Council

I certify this ordinance was
not vetoed by the Executive Officer.

A. Marie Nelson 4/10/89
Clerk of the Council Date

EXHIBIT A

AMENDMENTS TO METRO'S 1986
WASTE REDUCTION PROGRAM

INTRODUCTION

Metro, local governments, the collection industry and citizens in the Portland tri-county region are committed to substantially reducing the amount of waste going to land disposal sites. In 1986, Metro adopted a Waste Reduction Program which identified policies and specific programs that would help the region achieve its waste reduction goal.

Metro has made substantial progress towards implementing the 1986 Waste Reduction Program. However, solid waste management techniques and facility concepts have changed over the past three years. The following amendment revises the 1986 Program to reflect current planning priorities and incorporates updated timelines and methodology for program implementation.

The amendment does not alter those parts of the original Waste Reduction Program that have already been implemented or will continue to be implemented consistent with the 1986 Program. These include:

- (a) the Market Research, Theme and Graphic Look, Multi-year Campaign, Specific Campaign, Recycling Information Center, Support for Local Jurisdictions and Public Involvement activities of the Promotion and Education program;
- (b) the Plastics Reduction Task Force and Packaging Reduction activities of the Reduce and Reuse program;
- (c) the Recycling Information Center (RIC) Enhancement, Regional Promotion and Education and Grants and Loans activities of the Recycle 405 Materials program;
- (d) the Materials Recovery Centers, Diversion Credits, Loans and Grants, Promotion and Education and Principal Recyclable Analysis activities of the Recycle - Yard Debris program;
- (e) the Annual Market Analysis, Annual Market Survey, Consumer Education, Grants and Loans: Research and Development and Grants and Loans: User Assistance activities of the Materials Markets Assistance Program;
- (f) the Materials and Energy Recovery activity of the Alternative Technologies Program;

- (g) the Legislative activity of the Legislative Program; and
- (h) the Waste Substream Composition Study and Substream Resource Recovery Study activities of the System Measurement Program.

This amendment excludes four programs from the 1986 Program:

- (a) the Waste Exchange activity of the Reduce and Reuse Program;
- (b) the Annual Supply Profile and Materials Brokerage activities of the Materials Markets Assistance Program; and
- (c) the Use of Transfer Stations activity program from Post Collection Recycling/Material Recovery Program. This activity is covered in the amendment to the Material Recovery activity of the same program.

The amendment specifically addresses the following activities:

- (a) the Salvageable Building Materials activity of the Reduce and Reuse program;
- (b) the Technical Assistance and Source Separation Technology Development activities of the Recycle 405 Materials program;
- (c) the Materials Markets Assistance, Bans on Disposal, Rate Incentives and Technical Assistance activities of the Recycle - Yard Debris program;
- (d) the Materials Recovery Centers, Use of Transfer Stations and Waste Auditing and Consulting activities of the Post Collection and Materials Recovery program;
- (e) the Incentives for Post Collection activity of the Rate Incentives program;
- (f) the Recycled Products Survey and Institutional Purchasing activities of the Materials Markets Assistance program;
- (g) the Set Waste Reduction Performance Goals and Establish Ongoing Measurement activities of the System Measurement program;
- (h) the Local Collection Service Certification activity of the Recycle 405 Materials program;
- (i) the Local Collection Service Certification activity of the Recycle - Yard Debris program;
- (j) the Local Collection Service Certification activity of the

Certification: Local Collection Service program; and

(k) the Compliance Rate Incentives and Funding Work Program Commitments activities of the Rate Incentives program.

The objectives of activities in items (h) through (k) above are met through the amended programs entitled Local Yard Debris Recycling Coordination and Local Recycling Service Coordination.

The Amended 1986 Waste Reduction Program is adopted as part of the Regional Solid Waste Management Plan (October, 1988) and amends that document to incorporate the programs and time frames identified below. Following is a description of amended waste reduction programs and estimated timelines for implementation.

PROGRAM TITLE: SALVAGEABLE BUILDING MATERIALS AND ITEMS

PROGRAM SUMMARY: Evaluate alternative methods for reusing salvageable building materials and items from the residential waste stream. Based on evaluation, implement recovery program/s.

KEY TASKS:

- (a) Develop management options to recover salvageable building materials from the waste stream. This shall be done so that it is consistent with the development of the low grade waste management plan of the Solid Waste Management Plan.

ESTIMATED COMPLETION January 1, 1990

- (b) If determined to be feasible, develop a regional system for recovery of these materials from the residential waste stream.

ESTIMATED COMPLETION January 1, 1991

- (c) Conduct a promotion campaign for reusable building materials.

ESTIMATED START-UP August 1, 1990

PROGRAM TITLE: TECHNICAL ASSISTANCE FOR RECYCLING

PROGRAM SUMMARY: Provide technical assistance to generators, haulers and local governments to increase recycling from the commercial waste stream and from multi-family dwellings.

KEY TASKS:

- (a) Identify areas where commercial and multi-family recycling is not currently provided and where technical assistance is needed to establish recycling programs.

ESTIMATED COMPLETION January 1, 1990

- (b) Metro staff shall consult with local government officials and collectors in areas identified in (a) to establish effective multi-family and commercial recycling programs.

ESTIMATED COMPLETION July 1, 1990

PROGRAM TITLE: SOURCE SEPARATION TECHNOLOGY DEVELOPMENT

PROGRAM SUMMARY: Work with local jurisdictions to implement a regional curbside container recycling program for both single family and multi-family dwellings.

KEY TASKS:

- (a) Implement a pilot project utilizing curbside recycling containers at single family dwellings.

ESTIMATED COMPLETION October 1, 1989

- (b) If pilot project in (a) demonstrates that the use of recycling containers is feasible, Metro shall work with local governments to implement a curbside container recycling program, including assistance with financing alternatives, distribution techniques and promotion and education.

ESTIMATED COMPLETION August 1, 1990
for one county

ESTIMATED COMPLETION Ongoing
for remaining counties

- (c) Implement a recycling pilot project for multi-family dwellings.

ESTIMATED COMPLETION January 1, 1991

PROGRAM NAME: MATERIALS MARKETS ASSISTANCE - YARD DEBRIS

PROGRAM SUMMARY: Provide technical assistance to existing and potential markets to stimulate use of yard debris compost materials.

KEY TASKS:

- (a) Continue to manage quarterly yard debris compost tests for herbicides, nutrients, toxicity and seed identification.

ESTIMATED COMPLETION Ongoing

- (b) Continue to coordinate demonstration plots to test the effects of yard debris compost on plant growth.

ESTIMATED COMPLETION Ongoing

- (c) Continue annual yard debris compost marketing campaign.

ESTIMATED COMPLETION Ongoing

PROGRAM NAME: BANS ON DISPOSAL - YARD DEBRIS

PROGRAM SUMMARY: Assess appropriate disposal bans of source separated yard debris at regional facilities.

KEY TASKS:

- (a) Evaluate all Metro-area disposal facilities to determine feasibility of establishing a set-aside area for recycling clean, source separated yard debris. Further, evaluate potential yard debris processing capabilities at Metro-area disposal facilities.

ESTIMATED COMPLETION September 1, 1989

- (b) Based on evaluation in (a), establish set-aside area to receive and recycle clean, source separated yard debris at appropriate Metro-area disposal facilities.

ESTIMATED COMPLETION January 1, 1990

- (c) Based on evaluation in (a), prohibit disposal of uncontaminated source separated yard debris at appropriate Metro-area disposal facilities.

ESTIMATED COMPLETION January 1, 1990

PROGRAM NAME: RATE INCENTIVES - YARD DEBRIS

PROGRAM SUMMARY: Utilize rate incentives to encourage source separation of yard debris.

KEY TASKS:

- (a) Adopt a rate structure at appropriate Metro disposal sites that will provide an incentive for yard debris recycling. This rate will be less for clean, source separated yard debris than for contaminated yard debris and mixed waste.

ESTIMATED COMPLETION July 1, 1989

- (b) Adopt a rate structure at appropriate regional disposal sites that will provide an incentive for yard debris recycling. This rate will be less for clean, source separated yard debris than for contaminated yard debris and mixed waste.

ESTIMATED COMPLETION January 1, 1990

PROGRAM NAME: TECHNICAL ASSISTANCE - YARD DEBRIS RECYCLING

PROGRAM SUMMARY: Provide technical assistance to local governments, haulers, processors and communities to increase yard debris recycling.

KEY TASKS:

- (a) Organize and expand database and library on collection and processing of yard debris.

ESTIMATED COMPLETION January 1, 1990

- (b) Promote the use of the Recycling Information Center (RIC) resources on yard debris recycling. Provide technical assistance through the RIC to local governments, haulers and small scale processors such as chipping and gardening services.

ESTIMATED COMPLETION Ongoing

PROGRAM NAME: LOCAL YARD DEBRIS RECYCLING COORDINATION

PROGRAM SUMMARY: Develop and implement a regional yard debris recycling plan in cooperation with local governments, the solid waste industry, citizens and Department of Environmental Quality.

KEY TASKS:

- (a) Determine which local governments to participate in regional plan; establish local government/Metro committee process to develop plan; hire employees to develop the plan.

ESTIMATED COMPLETION April 1, 1989

- (b) Complete assessment of existing local government programs; education for local government committees; new employee training.

ESTIMATED COMPLETION May 1, 1989

- (c) Conduct assessment of market capacity, processing capacity, local government collection alternatives, facility impacts, local government financing options, data collection options to evaluate programs and tools to effectively implement the regional plan.

ESTIMATED COMPLETION November 1, 1989

- (d) Write the regional yard debris plan. Includes incorporating local government plans developed outside of regional process into the regional plan, local government/Metro decisions regarding collection alternatives, financing, establishing goals, facility changes (possible new facilities), roles, responsibilities and timeframes to implement the plan.

ESTIMATED COMPLETION July 1, 1990

PROGRAM NAME: MATERIALS RECOVERY

PROGRAM SUMMARY: Establish disposal facility capacity throughout region for maximum feasible recovery of recyclable materials including construction debris and paper products.

KEY TASKS:

- (a) Conduct analysis to determine the need for, capacity and location of materials recovery facilities. This shall be done as part of the system design development of the Solid Waste Management Plan.

ESTIMATED COMPLETION April 1, 1990

- (b) Based on analysis in (a), proceed to retrofit existing facilities and/or establish new facilities.

ESTIMATED COMPLETION January 1, 1991

- (c) Construct at least one new facility or modify an existing facility and have material recovery on-line.

ESTIMATED COMPLETION January 1, 1992

PROGRAM NAME: WASTE AUDITING AND CONSULTING

PROGRAM SUMMARY: Advise and assist with waste audits and design programs for waste generators in cooperation with collectors to assist in the generation of high-grade loads of recyclable material.

KEY TASKS

- (a) Develop waste audit survey form.

ESTIMATED COMPLETION July 1, 1989

- (b) Perform twenty-five commercial waste audits to demonstrate what materials can effectively be recovered through a source separation program.

ESTIMATED COMPLETION October 1, 1989

- (c) If initial twenty-five audits effectively reduce commercial waste, continue to offer waste audit and consulting service.

ESTIMATED COMPLETION Ongoing

- (d) Develop waste audit training seminar for generators and collectors.

ESTIMATED COMPLETION January 1, 1990

- (e) Conduct three waste audit seminars.

ESTIMATED COMPLETION July 1, 1990

PROGRAM NAME: LOCAL RECYCLING SERVICE COORDINATION

PROGRAM SUMMARY: In cooperation with local governments, the solid waste industry and citizens, develop a mechanism to ensure that local governments carry out recycling programs consistent with those in the Solid Waste Management Plan.

KEY TASKS

- (a) Establish performance standards and recycling goals for local government recycling programs.

ESTIMATED COMPLETION July 1, 1990

- (b) Design a reporting procedure for local governments, including data requirements for determining participation levels and quantities of materials recycled. Metro will produce reports on regional data.

ESTIMATED COMPLETION July 1, 1990

- (c) Measure the performance of local jurisdictions against the standards and recycling goals established in (a).

ESTIMATED START-UP July 1, 1990

- (d) Establish mechanisms to ensure that the performance standards and recycling goals are achieved by local governments. A variety of options exist to accomplish this including: rate incentives, certification, flow control, functional planning authority and cooperative compliance, with implementation by local governments.

ESTIMATED COMPLETION July 1, 1990

PROGRAM NAME: RATE INCENTIVES FOR POST-COLLECTION RECYCLING

PROGRAM SUMMARY: Establish rate incentives to encourage recovery of recyclable materials at material recovery facilities.

KEY TASKS:

- (a) Evaluate the impact of current rate incentives on recycling. Based on evaluation, recommend expansion of current incentives program.

ESTIMATED COMPLETION January 1, 1990

- (b) Based on evaluation in (a), adopt rate structure amendments.

ESTIMATED START-UP October 1, 1990
or when new facilities
come on-line

PROGRAM NAME: RECYCLED PRODUCTS SURVEY

PROGRAM SUMMARY: Conduct survey of products available in the Metro area markets that are made from recycled materials.

KEY TASKS:

- (a) Complete a survey and report on products available for purchase that are made from recycled paper, yard debris, tires and used oil. Distribute results to local governments and businesses upon request.

ESTIMATED COMPLETION July 1, 1989

- (b) Complete a survey and report on products available for purchase that are made from other recycled materials such as paving and construction materials, insulation and building materials, reusable containers, fuels derived from recycled materials and recycled plastic products.

ESTIMATED COMPLETION January 1, 1990

PROGRAM NAME: INSTITUTIONAL PURCHASING

PROGRAM SUMMARY: Provide technical assistance and promotion to developing institutional purchasing policies that favor the use of recycled materials.

KEY TASKS:

- (a) Develop a model procurement policy for the purchase of recycled paper products, composted yard debris products and other products made from recycled materials.

ESTIMATED COMPLETION January 1, 1990

- (b) Provide model recycled products procurement policies to local governments and major business; encourage and assist them in adopting such policies.

ESTIMATED COMPLETION January 1, 1990

- (c) Provide technical assistance to governments, businesses and public institutions on purchase of products made from recycled materials.

ESTIMATED COMPLETION January 1, 1990

PROGRAM NAME: SET WASTE REDUCTION PERFORMANCE GOALS

PROGRAM SUMMARY: Establish waste reduction performance goals, defined as a percentage of the total wastestream. Re-examine periodically to assure the goals are achievable.

KEY TASKS:

- (a) Perform analyses of waste composition and programs that are technically and economically feasible. Establish waste reduction goal, based on the analysis. Present results to Metro Council for adoption.

ESTIMATED COMPLETION May 1, 1989

PROGRAM NAME: ONGOING SYSTEM MEASUREMENT

PROGRAM SUMMARY: Establish an ongoing system for measuring composition of disposed waste to use as tool for evaluating waste reduction program effectiveness.

KEY TASKS:

- (a) Conduct periodic waste composition studies to monitor the quantity and composition of waste disposed in the region.

ESTIMATED COMPLETION Ongoing

- (b) Complete one sort in 1989.

ESTIMATED COMPLETION July 1, 1989

- (c) Complete three additional sorts.

ESTIMATED COMPLETION April 1, 1990

- (d) Publish results of 89/90 study.

ESTIMATED COMPLETION July 1, 1990

- (e) Perform annual recycling surveys to determine quantity of materials recycled in the region.

ESTIMATED COMPLETION Ongoing

COMMITTEE REPORT

Agenda Item No. 6.2

Meeting Date March 23, 1989

**ORDINANCE NO. 89-290, FOR THE PURPOSE OF AMENDING THE
1986 WASTE REDUCTION PROGRAM AND THE REGIONAL SOLID
WASTE MANAGEMENT PLAN**

Date: March 15, 1989

Presented By: Councilor Gary
Hansen, Chair, Solid Waste
Committee

COMMITTEE RECOMMENDATION

The Solid Waste Committee recommends Council adoption of Ordinance No. 89-290. The Committee further recommends that Council take no action to secure a stipulated order with the Environmental Quality Commission (EQC) regarding the Waste Reduction Program.

COMMITTEE DISCUSSION/ISSUES

The Council Solid Waste Committee and the Council Finance Committee have recognized the importance of the regional waste reduction efforts by recommending allocation of additional resources to implement an aggressive waste reduction program. Adoption of Ordinance No. 89-290 would amend the 1986 Waste Reduction Program, as shown in Exhibit A of the Ordinance. It also amends the Waste Reduction Chapter of the 1988 Solid Waste Management Plan.

The Solid Waste Committee conducted a public hearing on Ordinance No. 89-290 on March 14, 1989. Testimony was received from Jeanne Roy, representing Recycling Advocates, who stated that they prefer the 1986 plan over the proposed new plan, and that they support the Council's action to increase the staffing to implement the Waste Reduction Program.

Written testimony was received from the Tri-County Council indicating support for the adoption of the amended Waste Reduction Program and the Solid Waste Management Plan.

The Solid Waste Committee supports the Waste Reduction Program included in Ordinance No. 89-290 and as contained in the proposed EQC stipulated order, and a possible "unilateral order" recently considered by the EQC. It is an aggressive program and would continue to make the region a national leader in waste reduction efforts. Committee concern has not been with the activities and timelines of the proposed waste reduction program, but with the language of the proposed EQC stipulated order.

Several months have been spent by the Solid Waste Department staff and Department of Environmental Quality (DEQ) staff

negotiating the language in the stipulated order. The Solid Waste Committee is still concerned and unclear about the standards by which Metro will be judged by the DEQ; the judgments and actions regarding Metro's progress before the various completion dates have occurred; the meaning of the term "concurrence" throughout the document; the process to be used if Metro and the DEQ are in dispute; and other questions.

Before the Solid Waste Committee would recommend approval of the stipulated order, further negotiations with DEQ and changes to the order would be necessary. The Committee is opposed to further negotiations and delays, and wishes to see Metro "get on" with the Waste Reduction Program.

If Metro does not sign the stipulated order, the DEQ will issue a unilateral order. The Committee asked legal counsel to explain the difference between the stipulated order and the unilateral order. Legal counsel stated that the unilateral order cannot be modified; "concurrence language" is not included in the unilateral order; and penalties are slightly greater under the unilateral order. There are no substantial legal advantages to one order over the other.

The Solid Waste staff stated if Metro did not execute the stipulated order by March 24, 1989, the unilateral order would be issued to Metro by the EQC. The Committee prefers the unilateral order, and wishes to have Council discussion on the order and the stipulated order.

The Solid Waste Committee, on a vote of 5 to 0 recommends that the Council take no action to secure a stipulated order with the EQC regarding the Waste Reduction Program.

VOTE ON ORDINANCE

The Solid Waste Committee voted 5 to 0 to recommend Council adoption of Ordinance No. 89-290. Voting: Councilors Hansen, Kelley, Buchanan, Ragsdale and Wyers. This action taken March 14, 1989.

STAFF REPORT

CONSIDERATION OF ORDINANCE NO. 89-290
FOR THE PURPOSE OF AMENDING THE 1986
WASTE REDUCTION PROGRAM (WRP) AND THE
REGIONAL SOLID WASTE MANAGEMENT PLAN (SWMP)

Date: March 6, 1989

Presented by: Bob Martin
Richard Carson

The Metro Council adopted a Waste Reduction Program (WRP) in April, 1986. Many aspects of this 1986 WRP have been implemented while other parts have not. Lack of implementation of some programs in the 1986 WRP have been due to changing priorities, and resources, changing solid waste management techniques and facility concepts.

The Council Solid Waste Committee (CSWC) and the Council Finance Committee have recognized the importance of regional waste reduction efforts by recommending allocation of additional resources to implement an aggressive waste reduction program for the region. The attached amendment to the 1986 WRP identifies an aggressive series of programs to increase recycling in the region. This amendment is based on the goals and objectives of the 1986 WRP and primarily amends parts of that program where better implementation strategies exist to achieve the goals and objectives. The amendment updates the work element time frames of the 1986 WRP.

METRO

Memorandum

2000 S.W. First Avenue
Portland, OR 97201-5398
503/221-1646

Date: March 27, 1989
To: Rena Cusma, Executive Officer
From: Marie Nelson, Clerk of the Council *amn*
Regarding: TRANSMITTAL OF ORDINANCE NOS. 89-271 AND 89-290 FOR
CONSIDERATION OF VETO

Attached for your consideration are true copies of Ordinance Nos. 89-271 and 89-290 adopted by the Council on March 23, 1989.

If you wish to veto these ordinances, I must receive a signed and dated written veto message from you no later than 5:00 p.m., Friday, March 31, 1989. The veto message, if submitted, will become part of the permanent record. If no veto message is received by the time stated above, this ordinance will be considered finally adopted.

I, Unette Harley, received this memo and a true copy of Ordinance Nos. 88-271 and 89-290 from the Council Clerk on March 27, 1989.
