

ORDINANCE NO. 29

AN ORDINANCE ADOPTING THE FY75-76 BUDGET.

PUBLIC HEARINGS:

JUNE 13, 1975

ADOPTED:

JUNE 13, 1975

ORDINANCE NO. 29.

An Ordinance adopting the annual budget of the Metropolitan Service District for the fiscal year beginning July 1, 1975, making appropriations from the funds of the District in accordance with said annual budget, authorizing the drawing of warrants, limiting expenditures for salaries and wages to the positions listed in the detailed approved budget, and declaring an emergency so that the budget may be adopted for the fiscal year beginning July 1, 1975, and so that the fiscal obligations of the District may be met.

THE METROPOLITAN SERVICE DISTRICT ORDAINS:

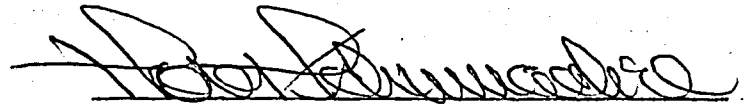

Section 1. The Board of Directors of the Metropolitan Service District finds that the Multnomah County Tax Supervising and Conservation Commission held its public hearing June 3, 1975, on the annual budget of the Metropolitan Service District for the fiscal year beginning July 1, 1975, and ending June 30, 1976 as filed with said Commission on May 12, 1975, that the Metropolitan Service District has been informed by said Commission that it has voted to certify the budget of the Metropolitan Service District with no objections and with no recommendations.

The budget should now be adopted so that there will be no further delay in establishing the budget authority for conducting the business of the District; now, therefore, the 1975-76 budget of the Metropolitan Service District as presented at the hearing of the Multnomah County Tax Supervising and Conservation Commission on June 3, 1975, is hereby adopted.

Section 2. To authorize expenditures in accordance with the annual budget adopted by Section 1 of this ordinance, amounts are hereby appropriated for the fiscal year beginning July 1, 1975 from the funds and for the purposes listed in the attached budget document.

Section 3. The immediate adoption of this ordinance being necessary in order that the attached budget will be in effect by the beginning of the fiscal year of July 1, 1975, an emergency is declared to exist, and this ordinance takes effect upon passage.

BUDGET MESSAGE

METROPOLITAN SERVICE DISTRICT

NEW ADDRESS: 527 SW Hall, Portland, Oregon 97201 222-3671

April 16, 1975

TO: MSD Board of Directors
FROM: Charles C. Kemper, Budget Officer
SUBJECT: BUDGET MESSAGE

Attached hereto is the 1975-76 annual budget for the Metropolitan Service District. The format has not changed significantly from the previous fiscal budget. This budget has been divided into two funds - The General (solid waste operating) Fund and the Drainage Fund.

The General (Solid Waste Operating) Fund revenues are projected to be received from the following sources:

- State grant - DEQ
- State loan - DEQ
- Non-processible program fee
- Scrap tire program fee
- Disposal fee

It should be noted that the largest revenue source, the disposal fee, will depend upon a policy decision to implement a landfill disposal fee for the next fiscal year. This decision can not be reached until agreements are solidified with Clackamas, Multnomah, and Washington Counties and the City of Portland.

The General (Solid Waste Operating) Fund budget has been developed based on the construction and operation in the next four years of four transfer/processing facilities. If the MSD Board decides to modify the schedule or the system, budget resources and requirements would be reduced.

The General (Solid Waste Operating) Fund will be utilized to perform the following tasks:

- Transfer/processing system contract preparation
- Right-of-way

Budget Message
April 16, 1975

- Site acquisition
- Solid waste rate ordinance development and approval
- Market analysis and development
- Solid waste regulations
- Recycling management
- Program management
- Public information
- Debt principal and interest payment
- Engineering utility & substructure design
- Construction management
- Inspection
- Processible landfill improvements

Staff requirements will change if the maximum budget resources are forthcoming. The addition of a financial administrator, construction engineer, solid waste engineer, marketing specialist, construction inspector, special project coordinator, and a draftsman are dependent upon the construction schedule and certain policy decisions of the MSD Board in the implementation of the landfill disposal fee.

The present staff of four fulltime and two parttime will change, in that the two parttime people will fill fulltime positions and the other six new positions will be added as the State and the MSD Board concur in the proposed development of these MSD programs.

The Johnson Creek Drainage Fund was established for fiscal year 1974-75 and is carried forward as a result of the MSD Drainage Program for Johnson Creek. On March 1, 1974, Multnomah County transferred \$8,518.31 to MSD for the purpose of flood control improvements on Johnson Creek. These monies had been collected from the Johnson Creek Water Control District which was dissolved in September, 1973. Additional fund resources last year were in the form of grant/loans from local jurisdictions for the purpose of preparing a Drainage Management System for the Johnson Creek Drainage Basin and the construction of flood control improvements

Budget Message
April 16, 1975

to the creek. This year the State is considering a grant for the continuation of this program.

The Metropolitan Service District was formed to provide public services which were not adequately available by existing governmental structure. For the past two years, MSD has been in the process of developing a Regional Solid Waste Management Program and anticipates plan implementation over the next four years. In addition, local governments and concerned citizens are looking toward MSD to provide the leadership for the improvements of the flooding conditions on Johnson Creek which has plagued the area for many years. As a result, this budget has been prepared to provide a reasonable level of service for those programs the MSD Board has chosen to undertake.

Therefore, I recommend that this 1975-76 Budget be approved by the Metropolitan Service District Board of Directors.

BUDGET MESSAGE SUPPLEMENT
May 9, 1975

The approved budget has significantly changed from the proposed budget. The MSD had planned that the Solid Waste Comprehensive Plan would be funded and that construction would begin during the next fiscal year. However, the State Legislature has reserved 12.5 million dollars for solid waste construction funds for the next biennium to be released by the State Emergency Board after detailed financial information has been prepared.

This budget reflects the staff funding for the Solid Waste Program in addition to capital outlay for weighing scales to be installed at the two existing putrescible landfills.

BUDGET DETAIL

GENERAL (Solid Waste Operating) FUND

OBJECTIVES

1. One objective of the Solid Waste Operating Fund is to provide management, marketing, legal, and other support services necessary to implement the processible Solid Waste Program. Further, acquisition of all processing/transfer station sites will be accomplished. Specific work tasks include:

Transfer/processing system contract preparation
Transfer/processing system contract negotiation
Right-of-way
Site Acquisition
 Purchase
 Lease
Landfill contracts
Solid Waste Rate Ordinance development
and approval
Value engineering

Market analysis and development
Flow control regulations
Landfill operational regulations
Transfer/processing center disposal
regulations
Recycling management
Financial administration
Program management
Billing service
Public information
Debt principal and interest payment

2. In addition, this fund will provide for the development and implementation of the non-processible solid waste program along with the administration of the scrap tire processing and disposal program.
3. Another objective of the Solid Waste Operating Fund is to provide the design and construction of one processing/transfer station, improvement of the existing landfills or new landfill development, acquisition of scales for the non-processible landfills and the necessary construction management.

Objectives, cont.

Specific work tasks include:

- Design review and approval
- Engineering utility design
- Utility construction
- Engineering sub-structure design
- Facility construction
- Landscaping
- Construction management
- Inspection
- Landfill improvements
- Contract modification negotiation

May 9, 1975

GENERAL (Solid Waste Operating) FUND

OBJECTIVES SUPPLEMENT

Since construction of the Solid Waste Facilities has been delayed, the objectives of this fund have changed significantly. The following reflect the modified fund objectives:

1. To develop agreements between MSD and local governments defining the areas of responsibility for the disposal of solid waste;
2. To assist in the modification and standardization of existing local government's franchise ordinances as they are affected by proposed MSD transfer and disposal rates.
3. To develop an ordinance that would control mass flow of mixed solid wastes to the MSD transfer and disposal facility.
- 12a- 4. To develop a user charge ordinance that would finance all operations and management costs in addition to repayment of Oregon State Pollution Control Bond loans.
5. To develop landfill and transfer/processing facility regulations.
6. To achieve identification of reliable, stable recovered materials markets.
7. To maximize sale price of the light fuel fraction (LFF), ferrous materials, glass and non-ferrous materials.
8. To identify potential customer costs for transportation and energy recovery boiler conversion.
9. To initiate potential customer testing and evaluation of LFF for maximum energy recovery.
10. To maintain a balanced demand versus supplying market for LFF.
11. To establish long-term contracts with one or more firms in the Portland, Oregon area for the light fuel fraction and ferrous materials.

OBJECTIVES

DRAINAGE FUND - JOHNSON CREEK

1. Work with MSD legal consultants to establish the detailed legal requirements for establishing a drainage management organization.
2. Work with MSD financial consultants and fiscal administrator to determine the requirements for establishment of a drainage management rate structure. This includes exploration of future revenue bond financing.
3. Review MSD organizational structure to include record keeping, review and permit procedures, billing and accounting procedures, and administration and staffing.
4. Determine the cost of current (past 3-5 years) levels of operation and maintenance related to drainage in the Johnson Creek Basin. Project immediate needs for operation and maintenance and estimate costs (next 3 years). Include administrative requirements in cost estimate.
5. Establish planning needs and costs, both in house and consultants, to complete a Comprehensive Drainage Plan and Financial Implementation Plan.
6. Based on the above, prepare a plan of action for the MSD Board to establish the legal framework of a drainage management division.
7. Recommend a drainage management organizational structure and administrative procedures. Suggest revisions to be incorporated into present local jurisdictional ordinances and guidelines on drainage and development. Recommend delineation of responsibilities re-

Johnson Creek Fund, Cont.

lated to drainage and development between local jurisdictions and the MSD.

8. Recommend initial (first 3 years) budgets for the drainage management division and the rate structure necessary to fund the budget.
9. Coordinate with local jurisdictions staffs and a citizens advisory committee. Carry out an extensive public involvement program.
10. The final report will be in the form of separate memoranda to the MSD Board covering the recommendations of tasks 6,7, and 8.

LEGAL NOTICE

NOTICE OF BUDGET MEETING

NOTICE is hereby given that the governing body of the Metropolitan Service District will meet on Friday, April 25, 1975, at 2:00 p.m., in the auditorium of the City of Portland Water Bureau, 1800 S.W. 6th Avenue, to receive and consider the budget message and budget document for the fiscal year beginning July 1, 1975 and ending June 30, 1976. This will be a public meeting where deliberations of the governing body will take place and any person may appear to discuss proposed programs with the governing body. Interested individuals may examine or obtain a copy of the budget document at the meeting, or, thereafter, at the district's office.

April 14, 1975

Charles C. Kemper

BUDGET OFFICER

NOTICE OF BUDGET HEARING

The budget for _____ for the fiscal year 19__-19__. Beginning July 1, 19__ as detailed and
 _____ was not
 summarized in the accompanying schedules was prepared on an accounting basis consistent with that used in prior
 years. Major changes, if any, and their effects on this budget are set forth in an accompanying statement. A copy of the
 budget document may be inspected or obtained between the hours of _____ and _____ at
 _____. A meeting of the _____ will be held _____, 19__. At
 _____ (Governing Body)
 _____ a.m. p.m. at _____ for the purpose of holding a public hearing on this budget. Any
 person may appear to discuss the budget, or any part of it.
 This budget has been completed under the accrual method of accounting.

 (Chairman of Governing Body).

TAX SUPERVISING & CONSERVATION COMMISSION
MULTNOMAH COUNTY

908 Executive Building 811 S.W. 6th Avenue Portland, Oregon 97205 (503) 248-3054

July 23, 1975

Mr. Charles C. Kemper
Metropolitan Service District
527 S. W. Hall
Portland, Oregon 97201

Dear Chuck:

I want to note a rather restrictive feature in the ordinance making appropriations for 1975-76 and offer an alternative for future reference.

Section 2 of Ordinance 29 appropriates expenditure amounts for each line item in the budget document. There is nothing improper about this process but it is very restrictive in that the Board must give prior and formal approval, by amending the budget by ordinance, before expenditures can be authorized. Minimum legal requirements are that appropriations be made by fund, organizational unit or activity and by object of expense. This gives the chief administrative officer a measure of flexibility in that he may adjust accounts within object categories without prior board approval.

MSD is the only unit under our jurisdiction which appropriates in such a detailed manner and that fact should make you feel somewhat exclusive, if not secure.

Sincerely yours,

TAX SUPERVISING & CONSERVATION COMMISSION

Gil
G. J. Gutjahr
Administrative Officer

Portland, Oregon 97204

Dear Mr. Hart:

On June 13, 1975, we sent you copies of certified MSD Ordinances numbers 28 and 29. Attached hereto is a copy of the adopted MSD budget for FY 75-76. It should be included with your files as part of Ordinance 29.

Thank you.

Very truly yours,

Connie Eliason
Special Projects Secretary

225 County Courthouse
Portland, Oregon 97204

Dear Mr. Hart:

Enclosed are signed certified copies of MSD Ordinances No. 28 and No. 29. These ordinances were adopted by the MSD Board of Directors on June 13, 1975. Please include them in the MSD Ordinance File.

Very truly yours,

Jean M. Woodman
Administrative Secretary

April 15, 1975

TO: MSD Board

FROM: Charles C. Kemper

SUBJECT: FISCAL 75-76 BUDGET

The attached contains the MSD Fiscal 75-76 Budget for your review. Unless the MSD Board holds a Special Meeting, an approved MSD Budget must be transmitted to the Multnomah County Tax Supervising and Conservation Commission (TSCC) by the first meeting in May 1975. For this reason, the attached budget is based on the present Board policies and assumed resources from State Pollution Control Bonds.

Your review and constructive suggestions would be greatly appreciated. Please feel free to call the staff if you have questions or if you would like one of us to come to your office and go over it in detail with you.

CCK/jw
