		Committee

WHEREAS, The Metropolitan Service District (Metro) is a municipal corporation established under ORS chapter 268, and is authorized by chapter 268 to dispose of and provide facilities for disposal of solid waste; and

WHEREAS, The St. Johns Landfill in North Portland and the Rossman's Landfill in Oregon City are the only two sites within Metro generally accepting all types of residential, commercial and industrial waste; and

WHEREAS, The St. Johns Landfill, if expanded, will reach capacity in 1985 and the Rossman's Landfill, with expansion, will reach capacity in 1982; and

WHEREAS, Sanitary landfills are a necessary part of any solid waste disposal or processing plan; and

WHEREAS, The site known as Portland Sand & Gravel, located in Multnomah County has been identified as a potential site for a sanitary landfill; now, therefore,

BE IT RESOLVED,

That the Council of the Metropolitan Service District instructs the Executive Officer to officially contact the Board of County Commissioners of Multnomah County, informing them of Metro's interest in the Portland Sand & Gravel site and requesting that

Multnomah County appoint an advisory committee to work with Metro staff in identifying areas of concern to be further addressed in a feasibility study report and final design.

ADOPTED by the Council of the Metropolitan Service District this 11th day of October, 1979.
