REASON FOR APPLYING:

Quite frankly, my reason for applying is largely a desire to remain informed of efforts to address metropolitan-wide issues. For whatever reasons, there seems to be a paucity of public information on Metro processes and issues, and I perceive participation in such a Committee as a method of keeping on top of developments. Beyond this, my interest in making metropolitan government workable and my commitment to citizen participation in public decision-making motivate me to participate, even though, with current demands upon my time, I do not know the extent of time commitment I can make to such a committee. But then, I have no idea of how much time I'm being asked to commit, as providing this information has been overlooked.

Thank you for your interest. I look forward to hearing from you in the near future.

PLEASE NOTE: It should be Mr. Wellington rather than Ms., although I'd just as soon you'd drop the honorifics and use Kelly.

- B. POLICY IMPACT: These people form a majority of a committee which will advise the Council concerning solid waste policies during the 1982-84 period.

C. BUDGET IMPACT: None.

II. ANALYSIS:

- A. BACKGROUND: Section 2(a) of the SWPAC By-Laws provides that all SWPAC committee members except government representatives shall be appointed for two-year terms by the Council's Presiding Officer in accordance with the procedures of the Council. The above listed persons would be appointed for the period of February 1982 to February 1984. The present members have satisfactory attendance records and have participated in Committee deliberations. Among the new members, Gary Newbore and Edward Sparks were recommended by Solid Waste staff. Mr. Newbore operates a limited use landfill which was formerly known as the Nash Pit. Mr. Sparks is responsible for obtaining recycled paper for Publishers. Mr. Paul Johnson was recommended by Associated General Contractors of America, Inc.

The member representing the public in Multnomah County has declined to serve another term. In search of a replacement, staff asked Councilors if they had recommendations and are also contacted persons who had applied two years ago to determine continued interest. The names of the resulting applicants are listed below beginning with the top priority candidate. Criteria used to rank candidates were: little or no identification with an interest group already represented on SWPAC; some indication that the person is articulate and exposed to broad policy issues including financial issues; and interest in solid waste issues. At the February 9 Regional Services Committee meeting, opinion was divided between Kelly Wellington and John Gray. The majority vote was for Kelly Wellington.

- B. ALTERNATIVES CONSIDERED: Candidates for public representative from Multnomah County:

Kelly Wellington
John Gray
Erik Funke
Brad Bulloch
Larry Dalrymple
David McMahon
Roger Van Gelder

- C. CONCLUSION: Approve the recommended list of persons as members of SWPAC for the 1982-84 term.
