

## Notice of Periodic Review Work Task Adoption

Metro made final decisions to provide capacity for housing and employment to the year 2030 on December 16, 2010 and January 13, 2011. Metro submitted its decisions to the Department of Land Conservation and Development on January 26, 2011. The adopted ordinances identify actions that address at least half of the housing needs identified in the 2009 Urban Growth Report, state an intent to add large-lot industrial capacity in 2011, amend the Regional Framework Plan which states Metro Council policies, and amend Metro Code (Urban Growth Management Functional Plan) to implement regional policies.

Several weeks after submitting the ordinances to the department, Metro learned that section 16 of the submitted version of Ordinance No. 10-1244B was different from the version adopted by the Metro Council on December 16, 2010. With this Notice, Metro sends the version of the ordinance adopted by the Council to replace the version submitted on January 26, 2011. But for this single change, all of the other parts of the package of ordinances and exhibits submitted on January 26 remain unchanged. Nonetheless, the effect of this re-submission is to re-start the periodic review process by the department.
