- . TDP UPDATE - Tri-Met is in the process of a major five-year Transit Development Program update that very likely will be a downscoping of service and capital programs described in the previous plan. This is in part due to the significant effect of lower employment due to the recession, resulting in lower ridership and lower payroll tax receipts.

Paul Bay will introduce the issues associated with the TDP update and Jack Mason will provide an overview of past and projected costs and revenues.

- . NOTE: Different meeting place and time as specified above.
- . Rudy Luepke from Tri-Met will give a tour of the facility after the meeting.
