BEFORE THE METRO COUNCIL

AMENDING THE FY 2013-14 BUDGET AND) ORDINANCE NO. 13-1322	
APPROPRIATIONS SCHEDULE AND THE FY		
2013-14 THROUGH 2017-18 CAPITAL) Introduced by Martha Bennett, Chief	
IMPROVEMENT PLAN) Operating Officer, with the concurrence	of
) Council President Tom Hughes	

WHEREAS, the Metro Council has reviewed and considered the need to increase appropriations within the FY 2013-14 Budget; and

WHEREAS, Metro Code chapter 2.02.040 requires Metro Council approval to add any new position to the budget; and

WHEREAS, the need for the increase of appropriation has been justified; and

WHEREAS, adequate funds exist for other identified needs; and

WHEREAS, ORS 294.463(1) provides for transfers of appropriations within a fund, including transfers from contingency that do not exceed 15 percent of a fund's appropriations, if such transfers are authorized by official resolution or ordinance of the governing body for the local jurisdiction, and

WHEREAS, ORS 294.463(3) provides for transfers of appropriations or of appropriations and a like amount of budget resources between funds of the municipal corporation when authorized by an official resolution or ordinance of the governing body stating the need for the transfer, now, therefore,

THE METRO COUNCIL ORDAINS AS FOLLOWS:

- 1. That the FY 2013-14 Budget and Schedule of Appropriations are hereby amended as shown in the column entitled "Revision" of Exhibits A and B to this Ordinance for the purpose of recognizing new grants, contributions and donations, and transferring appropriations to provide for a change in operations.
- 2. That the FY 2013-14 through FY 2017-18 Capital Improvement Plan is hereby amended accordingly.
- 3. This Ordinance being necessary for the immediate preservation of the public health, safety or welfare of the Metro area in order to meet obligations and comply with Oregon Budget Law, an emergency is declared to exist, and this Ordinance takes effect upon passage.

ADOPTED by the Metro Council this	day of <u>December</u> 2013.
	Jones Washing
	Tom Hughes, Coungil President
Attest:	Approved as to Form:

STAFF REPORT

FOR THE PURPOSE OF AMENDING THE FY 2013-14 BUDGET AND APPROPRIATIONS SCHEDULE AND THE FY 2013-14 THROUGH 2017-18 CAPITAL IMPROVEMENT PLAN

Date: October 16, 2013 Prepared by: Kathy Rutkowski 503-797-1630

BACKGROUND

Since the adoption of the budget several items have been identified that necessitate amendment to the budget. Of the eleven requests, seven are related to capital projects, two are for staffing requests and two for other miscellaneous projects. Each action is discussed separately below.

Gender-neutral restroom at the Metro Regional Center

The Adopted budget included \$60,000 in funding set aside in the General Fund's reserve for future one time expenditures pending approval of a project to construct a gender neutral restroom at the Metro Regional Center. A gender neutral restroom will make the MRC accessible to those that are uncomfortable in men's or women's rooms for any reason (for example, people who are gender nonconforming or people with caregivers or personal attendants who are a different gender from them). Other people may also benefit specifically from single-occupancy bathrooms, such as people with medical issues, who are breastfeeding or have other needs for privacy. This action transfers \$60,000 from the Reserve for Future One-Time Expenditures contingency in the General Fund to the Parks New Capital Account of the General Asset Management Fund.

Capital projects at Glendoveer Golf Course

During the budget process, \$75,000 was allocated to master planning for the clubhouse entrance and patio area and for design of an irrigation system upgrade to replace the leaking water tower with a pond and more efficient pump system. To avoid exceeding the limitations set in Oregon Budget Law regarding the increase in expenditures after approval of the budget this amount was placed in contingency rather than spendable appropriation. This action transfers the funding from contingency in the General Asset Management Fund to the Parks New Capital Account in the General Asset Management Fund.

MERC Upgrade of Standard Operating System and Office Suite

In 2013-14, the Information Service Department will commence a major upgrade to all Metro computers to move to the new standard of Windows 8.x and Office 2013. While it will take multiple months, this will be the standard work environment for ALL areas of the Agency from DRC to the Zoo to OCC to PCPA to Exec offices. This will for the first time, have a target reference user computing environment for the WHOLE Agency. To accomplish this move, we will need to purchase new software licenses for OCC, Expo and PCPA. (The Zoo and the rest of Metro has already prepaid for these advance licenses). As a budget estimate, we believe there are 300 computers that are actively in use at OCC, Expo and PCPA. \$200,000 was included in the adopted budget in an appropriated reserve for an Information Technology project to be determined. The cost and the scope of work are now finalized and a budget amendment to establish the specific project as well as a Capital Improvement Plan amendment is required. This proposed amendment requests the transfer of \$200,000 currently in a renewal and replacement contingency to Capital Equipment, It also amends the FY 2013-14 through 2017-18 five-year capital improvement plan.

Food and Beverage Capital Investments

Capital investments in the Food & Beverage program are funded from two major sources - (1) the Capital investment contribution received at contract signing and (2) a 5 percent reserve established each year based on actual sales. Food and beverage sales were strong in FY 2012-13 allowing the 5 percent reserve to pay a larger portion of the Kitchen Cooler Project. This change in project funding increased the balance available in the Aramark Capital Investment Account by \$193,274. This action amends both the MERC Five Year Plan and the Metro FY 2013-14 through FY 2017-18 5 year Capital Improvement Plan.

Green Storm Water Wall at Expo Center

The City of Portland, Bureau of Environmental Services (BES) is awarding to the Expo Center a grant for \$100,000 to build a Green Storm Water Wall at the Expo Center. This is an EPA Grant through the City of Portland, Innovative Wet Weather Program (IWWP)

Green walls are an emerging approach to integrate vegetation into urban areas. Green walls provide many benefits such as: improving environmental and human health, managing stormwater, providing space for food production, providing habitat for insects, and providing aesthetic feature especially in dense urban environments.

The City of Portland, Bureau of Environmental Services (BES) is especially interested in the stormwater management aspects of green walls. Very little data exists that shows how well green walls manage stormwater, and there is no Portland-specific data on this subject. BES will monitor the Expo green wall to determine how well it manages stormwater. The Expo green wall will be one of the only green walls world-wide that is monitored for stormwater management. The site location is adjacent to the West Delta Bar and Grill and will enhance an indoor/outdoor "food court" atmosphere for the area known as the "Connector" between Expo Halls D and E.

Green walls can be found in many different settings and with widely varying designs. Examples of numerous construction approaches and structures are available including "shelves" of soil and vegetation, vegetation planted in pockets of felt-type fabric, pre-planted trays, and vegetation growing up from the ground. Some green walls are attached to a building and others are free standing. Green wall maintenance may be similar to ecoroof maintenance.

This proposed amendment recognizes the Innovative Wet Weather Program (IWWP) Grant and an additional contribution from the City of Portland paid directly to GreenWorks for design of the green stormwater wall. It also provides additional appropriation authority for the expenditure of the project. Finally, it amends the FY 2013-14 through 2017-18 capital improvement plan. The grant requires a minimum cash or in-kind contribution of 10 percent of the total project cost (design and construction) which equals \$13,000. The in kind contribution will be provided from existing appropriations for project management services.

Completion of Metro Central Data Center

Metro has commenced the consolidation of three technology data centers into a single enterprise class center at the Oregon Convention Center (OCC). In FY 2012-13, \$286,000 was budgeted, primarily using existing renewal and replacement funds and cost savings from the IT department. The final cost to put in a dedicated, energy efficient cooling system at Oregon Convention Center's data center location exceeds the original budget. Original estimates were based on the "physical square foot size" of the data center but failed to account for the intricacies of co-existing in the complex OCC building. Even with the additional cost, the project will have long term strategic benefits for Metro. When complete, the Data Center will

provide a more robust, reliable, modern central technology data center. This action transfers \$100,000 from the General Fund's reserve for future one time expenditures to the General Asset Management fund to complete this project. This action will also amend the FY 2013-14 through FY 2017-18 capital improvement plan.

Oregon Zoo Staffing Needs

An on-going analysis of temporary and seasonal staff usage at the Oregon Zoo has identified work that should be shifted to regular staffing in two areas. The Living Collections division has a need of an additional 0.2 FTE Program Assistant I and the Guest Services division has a need of an additional 0.5 FTE Safety and Security Officer.

Shift in Personal Services budget to expand Program Assistant I: Farm position to 0.80 FTE: The Oregon Zoo is proposing to increase the current 0.6 FTE Farm Mentor (Program Assistant I) position by 0.2 FTE in the 2013-14 fiscal year. The dollar cost to make this position 0.8 FTE is \$13,197. This will be funded through an equal reduction of temporary staff budget currently in the Living Collections budget. After submitting the original budget request, it was determined that Family Farm daily operations need to be covered by regular (permanent) staffing to ensure the highest consistency and quality in animal care. This position needs to expand in order to cover the daily husbandry requirements of the collection.

Shift in Personal Services budget to expand Safety and Security Officer to 1.0 FTE: The Oregon Zoo is proposing to increase a current 0.5 FTE Safety and Security Officer position by 0.5 FTE in the 2013-14 fiscal year. The estimated cost of this addition is \$33,366. This will be funded through an equal reduction of temporary staff budget currently in the Safety and Security budget. Analysis shows that the zoo has been supporting growing annual attendance and associated security needs through the use of temporary staff. This modifies the staffing approach by creating a full-time FTE from a part-time FTE and temporary staffing.

MERC Venues Policy Coordinator

The MERC Commission established a new three year limited duration position, venues policy coordinator, reporting to the Visitor Venues General Manager. The first project for this position is to work on an Expo Center project to address financial sustainability, including funding issues, business model, capital investments (Halls A,B,C, and Master Plan), storm water and levee fee impacts, and the Columbia River Crossing Project. The second major project will be a similar body of work with PCPA to analyze long term funding issues related to the resident company subsidy model, Schnitz / Main Street project, and how all those conversations tie together for political and stakeholder audiences. Additional projects will be determined following an evaluation of project priorities. This is a three year limited duration position. This proposal requests \$83,962 for year one of the three years funded from the MERC Operating Contingency. Future year funding will be identified through the budget development process and be included in the MERC Administration cost. The MERC Fund Operating Contingency will be replenished from the Renewal & Replacement Reserve the following year.

Lone Fir Cremation Garden Project

The project budget for the Lone Fir Cremation Garden was increased at the end of FY 2012-13. The change occurred after the final date for budget amendments. This amendment is necessary to reimburse the Parks Capital Account for the increased expense. Reimbursement is coming from the Cemetery Program operating budget. This action transfers \$13,165 from the Cemetery program in the General Fund to the Parks Capital Account in the General Asset Management Fund

Review of First Opportunity Target Area

Metro is embarking on a project to review and update the current First Opportunity Target Area (FOTA) program. This review will include an opportunity to engage the historic community within the FOTA, younger generations of FOTA families, and other community stakeholders. The outcome of this project will be a set of key recommendations for the MERC Commission to consider in their deliberations on how to be most effective with the FOTA 23 years after its creation. This proposal is requesting \$100,000 for contracted professional services funded from the MERC Fund Operating Contingency. The Operating contingency will be replenished from the Renewal & Replacement Reserve the following year.

Budget Software Maintenance Costs

Metro implemented budget management software in FY 2012-13. The FY 2013-14 budget did not include the first year of required funding for maintenance of the new software. This action adds the funding transferring \$50,000 from the General Fund contingency to the Information Services budget.

ANALYSIS/INFORMATION

- 1. Known Opposition: None known.
- 2. **Legal Antecedents:** ORS 294.463(1) provides for transfers of appropriations within a fund, including transfers from contingency that do not exceed 15 percent of a fund's appropriation, if such transfers are authorized by official resolution or ordinance of the governing body for the local jurisdiction. ORS 294.463(3) provides for transfers of appropriations or of appropriations and a like amount of budget resources between funds of the municipal corporation when authorized by an official resolution or ordinance of the governing body stating the need for the transfer. Metro code chapter 2.02.040 requires the Metro Council to approve the addition of any position to the budget. Metro's adopted financial policies require any project exceeding \$100,000 or an existing CIP project increasing greater than 20 percent to receive Council approval.
- 3. **Anticipated Effects:** This action provides for changes in operations as described above; increases FTE to two part-time positions at the Oregon Zoo; recognizes an additional FTE in the MERC fund and provides appropriate funding; transfers approximately \$528,000 set aside in various contingencies for a variety of capital improvement projects; provide funding to review the First Opportunity Target Area; recognizes new grant revenues and associated appropriation; and amends the capital improvement plan as needed.
- 4. **Budget Impacts:** This action has the following impact on the FY 2013-14 budget:
 - Transfers \$60,000 set aside in the General Fund Reserve for Future One-Time Expenditures contingency to the General Asset Management Fund to build a gender neutral restroom at Metro Regional Center
 - Transfers \$75,000, placed in contingency at the time the budget was adopted, to the Regional Parks New Capital Account of the General Asset Management Fund to provide for master planning and design work of projects at Glendoveer Golf Course.
 - Increases FTE in two part-time positions at the Oregon Zoo by reducing the reliance on temporary staff.

- Provides funding for a new three year limited duration MERC Venues Policy Coordinator
 position established by the MERC Commission transferring \$83,962 from the MERC Fund
 contingency for the first year of the position.
- Provides funding for a project to review and update the current First Opportunity Target Area program by transferring \$100,000 for the MERC Fund contingency.
- Transfers \$200,000 set aside in the MERC Fund contingency to provide funding for MERC's portion of an agency project to upgrade to a standard Windows operating system and Office suite.
- Allocates additional food and beverage capital investment reserves earned due to strong food and beverage sales at the Oregon Convention Center during FY 2012-13 and provide an additional \$193,274 to the Kitchen Cooler project.
- Recognizes \$130,000 in grant funds and related appropriations to build a Green Storm Water Wall at the Expo Center.
- Transfers \$100,000 set aside in the General Fund Reserve for Future One-Time Expenditures contingency to the General Asset Management Fund to complete the central data center project.
- Provides for annual maintenance of the new budget management software transferring \$50,000 from the General Fund contingency.
- Amends the FY 2013-14 through FY 2017-18 Capital Improvement Plan to recognize the changes in the project mentioned above.

RECOMMENDED ACTION

The Chief Operating Office recommends adoption of this Ordinance.
