BACKGROUND

Following the most recent meeting of the MCCI nominating committee and following the recent elections, we are able to send two new nominees to you for your review and approval.

Lynn Partin had been running for office, but was not elected and has agreed to serve on MCCI. Stanley Lewis had applied some time ago when there was no opening. Both are excited to serve and we feel that they will both be excellent candidates to become part of MCCI. We are inviting them to attend our June 17, 1998 meeting as guests so they do not miss our initial meeting with department liaisons under our new structure.

MCCI thanks you for your support and asks that you approve these nominees to be placed before the full Metro Council for approval.

Metro Committee for Citizen Involvement.

Judging by the recent low turnout at the primary election, people
feel less compelled than ever to be involved in local government
issues. I feel this is appalling but can be addressed through
more creative and compelling citizen involvement programs. Metro
is the one government agency that deals with a host of quality of
life issues such as planning and urban services, in which every
citizen ought to be made to feel they have a stake in.

My feeling is that an involved citizenry is a committed citizenry
and I would feel much better on election day if my fellow citizens
cast their votes based on well-informed opinions rather than
misinformation or ignorance. As a member of the committee I would
seek to help the staff and directors find more effective and
engaging means of increasing citizen involvement in Metro
issues, programs, and funding.

COMMUNITY INQUIRY

List any relevant experiences, skills or interests that have helped to prepare you for a position on this committee \_\_\_\_\_

Ten years of experience as a journalist, covering government agencies and issues, among my assigned responsibilities, helped me to understand somewhat better the issues, workings, and problems of government agencies and officials.

My more recent work on boards of non-profit agencies concerned with social issues has heightened my interest and made me want to be more involved with public agencies, thereby having an opportunity to have an impact on quality of life in our communities.

I would like to try serving on a public agency's advisory committee to see if this is an area I would like to be even more involved in.
