Dear Jean:

The appointment of Clarice White representing Friends of Cathedral Park Neighborhood Association on the Metro Central Enhancement Committee expired July, 1997. This position now needs to be filled for another two year term.

The Metro Council on February 27, 1992 adopted Resolution No. 92-1560 for the purpose of appointing members to the Metro Central Enhancement Committee. Members are nominated from their respective neighborhood association: Forest Park; Friends of Cathedral Park; Linnton; Northwest District Neighborhood Association and Northwest Industrial Neighborhood Association. One member represents environmental groups that have or will have interest in the enhancement area. The committee is chaired by Metro Councilor Ed Washington, District #5. Following the initial terms of service for committee memberships, terms for all non-Council members are for two years only with no reappointment.

Your neighborhood organization may submit up to three candidates, from which I will appoint one individual to serve for the next two-year term. Committee appointments are confirmed by the Metro Council. Please submit your association's nomination(s) by October 16, 1997 with each nominee completing the enclosed form. Nominations submitted should be consistent with the provisions of your association's bylaws. We would like to proceed with appointment and Council confirmation in November, 1997. If you have any questions, please contact Katie Dowdall, Metro's Community Enhancement Coordinator and staff to this committee at 797-1648.

The Metro Central Enhancement Committee has completed its fifth cycle, having awarded seventy-two grants for a total of \$994,091 in enhancement funds. The committee's goal is to fund projects to help meet the needs of the community, create real changes in the community and add to its enrichment and enhancement. With approximately \$200,000 to award each year, the decisions from this committee will make a great impact for the future livability of the area.

Thank you for your assistance in this endeavor.

Sincerely,

Mike Burton,
Executive Officer
