**RE:** TPAC Citizen Members Term Appointments

---

The enclosed resolution identifies your recent appointments of citizen members to the Transportation Policy Alternatives Committee. What the committee still needs to consider is the term limits for each appointment. Earlier, the committee decided that three of the appointments needed to be for a three-year term so that the terms can be staggered with only three appointments to be made each year, rather than six every two years.

The division you see in the resolution and staff report reflect the suggestion of the Chair, Councilor Devlin. He asked me to inform you that he considers this to still be a committee decision, to be decided at the April 1 meeting.

FACTUAL BACKGROUND AND ANALYSIS

During December, 1991 and January, 1992, notice of six TPAC citizen  
positions was circulated by press release to area newspapers and  
through mailings to Councilors, JPACT, TPAC, local governments, CPO  
groups, neighborhood organizations, Chambers of Commerce, corridor  
associations, and the League of Women Voters. The Council  
Transportation and Planning Committee reviewed the list of  
applicants, attached, and a subcommittee was appointed to narrow  
the list to finalists. The subcommittee members were:

Councilor Richard Devlin, Chair  
Council Roger Buchanan  
Andy Cotugno, Transportation Director

The subcommittee was asked by Councilor Devlin to review the  
applications prior to the subcommittee meeting and select twelve to  
fifteen applicants based on the following criteria: 1) Handicapped; 2) Environmental Interests; 3) Transit/Rail Interests; 4) Bicycle/Pedestrian Interests; 5) Trucking Interest; and 6) Industry Interest. He also asked that the subcommittee attempt to select applicants on a balanced geographic distribution. The subcommittee met March 13, 1992, reviewed the 58 applications, and selected 17 applicants as finalists.

After reviewing the selection criteria, the subcommittee recommended the Transportation and Planning Committee give special consideration to applicants interested in accessible transportation and/or trucking issues and to add a "general citizen" category to the remaining criteria. They also recommended that the full committee interview the seventeen finalists. The following applicants were offered interviews:

1. Libbi Albright
2. Richard P. Buono
3. Rex Burkholder
4. Ronald J. Correnti
5. Jim Howell
6. Gordon Hunter
7. Karen Krone
8. Michael A. Meredith
9. Bill Miller
10. Gary Miner
11. Molly O'Reilly
12. Gregory S. Oldham
13. Michael Robinson
14. Dapo Sabomehin
15. Ellen Vanderslice
16. Frank Ward
17. Sterling Williams

On March 24, 1992, fourteen of the finalists were interviewed by the Transportation and Planning Committee. Libbi Albright, Michael Meredith, and Gary Miner failed to attend the meeting. The interviews were conducted in groups of no more than six, with a question and answer period following each group. Each applicant was offered three minutes for a presentation. Councilor Buchanan asked each applicant to summarize their current and past usage of public transportation. There were no other questions.

The committee, marked ballots with their preferences, with the understanding that any applicant receiving three votes would receive recommendation to the Council for appointment. The abovementioned six applicants were selected on the first ballot. Individual Councilor votes were recorded in the committee minutes.

TRANSPORTATION AND PLANNING COMMITTEE REPORT

CONSIDERATION OF RESOLUTION NO. 92-1602, FOR THE PURPOSE OF  
MAKING CITIZEN APPOINTMENTS TO THE TRANSPORTATION POLICY  
ALTERNATIVES COMMITTEE (TPAC)

-----  
Date: April 2, 1992

Presented by: Councilor Devlin

Committee Recommendation: At the April 1 meeting, the  
Transportation and Planning Committee voted 3-0 to recommend  
Council adoption of Resolution No. 92-1602. Voting in favor:  
Councilors McLain, Bauer, and Washington. Excused were: Councilors  
Devlin and Buchanan.

Committee Issues/Discussion: Councilor McLain presented the staff  
report explaining, for Councilor Devlin, that three of the  
appointees selected at the last Transportation and Planning meeting  
have been suggested for three-year terms, the remainder for two-  
year terms. The reason for the one-time appointment of three  
members to three-year terms is for better continuity, and so that  
only three citizen members will need to be appointed each year,  
rather than the current six members.

Two of the three applicants suggested for three-year terms  
represent accessible transit and trucking interests, areas that are  
generally more difficult to fill on the TPAC.
