

METRO

SOLID WASTE FACILITY LICENSE
No. L-164-15A

LICENSEE: Northwest Shingle Recyclers, LLC. 7626 NE Killingsworth Street Portland, OR 97218 Tel: 503-544-2696 Fax: 503-761-2499	FACILITY NAME AND LOCATION: NSR – NE Site 7626 NE Killingsworth Street Portland, OR 97218 Tel: 503-544-2696 Fax: 503-761-2499
OPERATOR: Northwest Shingle Recyclers, LLC. 7626 NE Killingsworth Street Portland, OR 97218 Tel: 503-544-2696 Fax: 503-761-2499	PROPERTY OWNER: Farouk H. Al-Hadi 155 B Avenue Suite 222 Lake Oswego, OR 97034 Tel: 503-348-3543

This license replaces and supersedes the provisions of Metro Solid Waste Facility License No. L-164-15. Metro grants this license to the Licensee named above. The Licensee is authorized to operate and maintain a solid waste facility and to accept the solid waste and perform the activities authorized by and subject to the conditions stated in this license.

ISSUED BY METRO:

Roy W. Brower,
Solid Waste Information, Compliance and Cleanup Director

1.0	ISSUANCE	
1.1	Licensee	Northwest Shingle Recyclers, LLC. 7626 NE Killingsworth Street Portland, OR 97218 Tel: 503-544-2696 Fax: 503-761-2499
1.2	Contact	Greg Bolt Tel: 503-544-2696 Fax: 503-761-2499 E-mail: gb@nwshinglerecyclers.com
1.3	License number	When referring to this license please cite Metro Solid Waste Facility License No. L-164-15A.
1.4	Term	The term of this license will commence on October 27, 2015 and expire at midnight on June 30, 2020, unless terminated sooner under Section 12.0 of this license.
1.5	Renewal	The Licensee may apply for a license renewal as provided in Metro Code Section 5.01.055.
1.6	Facility name and mailing address	NSR – NE Site 7626 NE Killingsworth Street Portland, OR 97218 Tel: 503-544-2696 Fax: 503-761-2499
1.7	Operator	Northwest Shingle Recyclers, LLC. 7626 NE Killingsworth Street Portland, OR 97218 Contact: Ron Roth Tel: 503-793-2894 E-mail: raroeth62@hotmail.com
1.8	Facility legal description	Tax Lot Identification No.: 1N2E20AB-00100, Township: 1N, Range: 12E20, Section: AB
1.9	Property owner	Farouk H. Al-Hadi 155 B Avenue Suite 222 Lake Oswego, OR 97034
1.10	Permission to operate	Licensee warrants that it has obtained the property owner's consent to operate the facility as specified in this license.

2.0 CONDITIONS AND DISCLAIMERS		
2.1	Guarantees	This license must not vest any right or privilege in the Licensee to receive specific quantities of solid waste at the direction of Metro during the term of the license.
2.2	Non-exclusive license	This license must not in any way limit Metro from granting other solid waste licenses within Metro's boundaries.
2.3	Property rights	This license does not convey any property rights in either real or personal property.
2.4	No recourse	The Licensee must have no recourse whatsoever against Metro or its officials, agents or employees for any loss, costs, expense or damage arising out of any provision or requirement of this license or because of the enforcement of the license or in the event Metro determines that the license or any part thereof is invalid.
2.5	Indemnity	The Licensee must indemnify Metro, the Council, the Chief Operating Officer (the "COO"), and any of their employees or agents and save them harmless from any and all loss, damage, claim, expense including attorney's fees, or liability related to or arising out of the granting of this license or the Licensee's performance of or failure to perform any of its obligations under the License or Metro Code Chapter 5.01, including without limitation patent infringement and any claims or disputes involving subcontractors.
2.6	Binding nature	This license is binding on the Licensee. The Licensee is liable for all acts and omissions of the Licensee's contractors and agents.
2.7	Waivers	To be effective, a waiver of any terms or conditions of this license must be in writing and signed by the COO.
2.8	Effect of waiver	Waiver of a term or condition of this license must not waive nor prejudice Metro's right otherwise to require subsequent performance of the same term or condition or any other term or condition.
2.9	Choice of law	The license must be construed, applied, and enforced in accordance with the laws of the State of Oregon.
2.10	Enforceability	If a court of competent jurisdiction determines that any provision of this license is invalid, illegal or unenforceable in any respect, the validity of the remaining provisions

		contained in this license must not be affected.
2.11	License not a waiver	This license does not relieve any owner, operator, or the Licensee from the obligation to obtain all required permits, licenses, or other clearances and to comply with all orders, laws, regulations, reports or other requirements of other regulatory agencies.
2.12	License not limiting	This license does not limit the power of a federal, state, or local agency to enforce any provision of law relating to the facility.
2.13	Definitions	1. Unless otherwise specified, all other terms are as defined in Metro Code Chapter 5.01. 2. "Mixed Roofing Waste" means a mixture of more than one type of non-putrescible waste resulting from the installation or tear-off of a residential and commercial roof, including composition asphalt roofing shingles, tar paper, felt paper, and associated tear-off debris and non-asbestos containing built-up roofing.

3.0	AUTHORIZATIONS	
3.1	Purpose	This section of the license describes the wastes that the Licensee is authorized to accept at the facility, and the waste-related activities the Licensee is authorized to perform at the facility.
3.2	General conditions on solid waste	The Licensee is authorized to accept at the facility only the solid wastes described in Section 3.0 of this license. The Licensee is prohibited from knowingly receiving any solid waste not authorized in this section.
3.3	General conditions on activities	The Licensee is authorized to perform at the facility only those waste-related activities that are described in Section 3.0 of this license.
3.4	Acceptance and Management of composition mixed roofing waste	1. The Licensee is authorized to accept mixed roofing waste consisting of composition asphalt roof shingles and associated roof tear-off debris for the purpose of conducting material recovery. 2. The Licensee must receive, store, process, and reload all mixed roofing waste on an impervious surface, for example asphalt or concrete, inside a roofed building that is enclosed on at least three sides.

		3. The Licensee must keep all mixed roofing waste physically separated from and not mixed or commingled with source-separated recyclable materials, including wood waste and other recyclables. 4. Licensee must keep and maintain accurate records of all solid wastes that are accumulated on site as authorized by this section. Records of such information must be maintained on the facility premises on a daily basis and made available to Metro representatives upon request.
3.5	Acceptance and management of built-up roofing and roof tear off debris	1. The Licensee is authorized to accept built-up roofing waste and associated roof tear-off debris that is free of asbestos-containing material, as defined in OAR 340-248-0010(8). 2. The licensee will accept only built-up roofing waste that has been tested and determined to be free of asbestos containing material prior to receipt at the facility. 3. The licensee will accept built-up roofing waste, as provided in this section, only for the purpose of reloading to an authorized disposal site.
3.6	Material recovery	The Licensee is authorized to recover asphalt composition roof shingles for delivery to hot asphalt mix production facilities or other useful purposes as described in an operating plan and approved in writing by the COO.
3.7	Management of processing residual from material recovery	1. The Licensee must store all mixed non-putrescible waste on an impervious surface within a covered building or, alternatively, inside watertight covered or tarped containers or within covered or tarped transport trailers. 2. The Licensee must keep all mixed non-putrescible waste-processing residual physically separated from and not mixed or commingled with source-separated recyclable materials. 3. The Licensee must reload and transfer all mixed non-putrescible waste processing residual to a facility authorized by Metro to perform material recovery.

4.0	LIMITATIONS AND PROHIBITIONS	
4.1	Purpose	This section of the license describes limitations and

		prohibitions on the wastes handled at the facility and activities performed at the facility.
4.2	Prohibited waste	The Licensee must not knowingly receive, process, reload or dispose of any solid waste not authorized in this license. The Licensee must not knowingly accept or retain any material amounts of the following types of wastes: non-putrescible waste other than that specifically allowed in Section 4.0 of this license, putrescible waste, special wastes as defined in Chapter 5.01 of the Metro Code, materials contaminated with or containing asbestos; lead acid batteries; liquid waste for disposal; vehicles; infectious, biological or pathological waste; radioactive waste; hazardous waste; any waste prohibited by the DEQ.
4.3	Prohibition on built-up roofing waste	The Licensee must not accept any type of built-up roofing waste from residential, commercial, or industrial tear-offs, including but not limited to base sheets, coatings, felt, fabric, metal flashing, tar, mastics, or roof insulation, without proof that the built-up roofing does not contain more than one percent asbestos by weight prior to acceptance at the site.
4.4	Prohibition on mixing	The Licensee must not mix any source-separated recyclable materials brought to the facility with any other solid wastes.
4.5	Prohibition of size reduction on non-putrescible waste	The Licensee must not crush, grind or otherwise reduce the size of non-putrescible waste except when such size reduction constitutes a specific step in the facility's material recovery operations, reload operations, or processing residual consolidation or loading operations, and such size reduction is described in an operating plan and approved in writing by the COO.
4.6	Prohibition on the use of composition roofing debris in landscaping products	Composition roofing debris and all other materials containing or derived from mixed roofing debris must not be incorporated into mulch, animal bedding, compost feedstock, or other landscaping products.
4.7	Accumulation limited for composition roofing debris and feedstock	1. This license limits the quantity of composition roofing debris that may be accumulated at the facility at any one time to the lesser of the amount specified by a DEQ permit or any lesser amount that may be specified by the city of Portland. In no case shall the Licensee

	reporting	accumulate more than 100 total tons on-site at any time pursuant to the facility closure plan and associated financial assurance provided to Metro. 2. The Licensee must keep and maintain accurate records of the amount of roofing debris accumulated on-site authorized under Section 4.0, the amount of materials received, the amount of outgoing materials and the ultimate disposition of all outgoing materials (whether recovered or disposed) in accordance with Section 9.0.
4.8	No disposal of recyclable materials	The Licensee must not transport source-separated recyclable materials to a disposal site, including without limitation landfills and incineration facilities.
4.9	Limits not exclusive	This License must not be construed to limit, restrict, curtail, or abrogate any limitation or prohibition contained elsewhere in this license document, in Metro Code, or in any federal, state, regional or local government law, rule, regulation, ordinance, order or permit.

5.0	OPERATING CONDITIONS	
5.1	General performance goals	The licensee must operate in a manner that meets the following general performance goals: a) Environment. The Licensee must design and operate the facility to preclude the creation of undue threats to the environment including, but not limited to, storm water or groundwater contamination, air pollution, and improper acceptance and management of hazardous waste asbestos and other prohibited wastes. b) Health and safety. The Licensee must design and operate the facility to preclude the creation of conditions that may degrade public health and safety including, but not limited to, fires, vectors, pathogens and airborne debris. c) Nuisances. The Licensee must design and operate the facility to preclude the creation of nuisance conditions including, but not limited to, litter, dust, odors, and noise.
5.2	Qualified operator	1. The Licensee must, during all hours of operation, provide an operating staff employed by the facility, and qualified and competent to carry out the functions

		required by this license and to otherwise ensure compliance with Metro Code Chapter 5.01. 2. Facility personnel, as relevant to their job duties and responsibilities, must be familiar with the relevant provisions of this license and the relevant procedures contained within the facility's operating plan. 3. A qualified operator must be an employee of the facility with training and authority to reject prohibited waste that is discovered during load checks and to properly manage prohibited waste that is unknowingly received.
5.3	Fire prevention	The Licensee must provide fire prevention, protection, and control measures, including but not limited to, adequate water supply for fire suppression, and the isolation of potential heat sources and/or flammables from the processing area.
5.4	Adequate vehicle accommodation	The Licensee must: 1. Provide access roads of sufficient capacity to adequately accommodate all on-site vehicular traffic. Access roads shall be maintained to allow the orderly egress and ingress of vehicular traffic when the facility is in operation, including during inclement weather. 2. Take reasonable steps to notify and remind persons delivering solid waste to the facility that all inbound and outbound vehicles must not: a. Park or queue on public streets, roads, or easement areas except under emergency conditions or as provided by local traffic ordinances; and b. Obstruct access to adjacent properties and businesses. 3. Post signs to inform customers not to queue on public roadways. 4. Provide adequate off-street parking and queuing for vehicles, including adequate space for on-site tarping and untarpping of loads that does not obstruct access to adjacent properties and businesses.
5.5	Managing prohibited wastes	1. The Licensee must reject prohibited waste upon discovery and must properly manage and dispose of prohibited waste when inadvertently received. 2. The Licensee must maintain a load-checking program to prevent the acceptance of waste that is prohibited by the license. This program must include at a minimum:

		a) Visual inspection. As each load is tipped, a qualified operator shall visibly inspect the load to prevent the acceptance of waste that is prohibited by the license. b) Containment area. A secured or isolated containment area for the storage of prohibited wastes that are unknowingly received. Containment areas shall be covered and enclosed to prevent leaking and contamination. c) Record maintenance. Records of the training of personnel in the recognition, proper handling, and disposition of prohibited waste shall be maintained in the operating record and be available for review by Metro. 3. Upon discovery, the Licensee must remove all prohibited or unauthorized wastes or manage the waste in accordance with DEQ requirements and procedures established in the operating plan. All such wastes the Licensee inadvertently receives shall be removed from the site and transported to an appropriate destination within 90 days of receipt, unless required to be removed earlier by the DEQ or local government. Putrescible waste that is inadvertently received shall be suitably contained and removed from the site and transported to an appropriate destination within 24-hours of receipt.
5.6	Storage and exterior stockpiles	The Licensee must: 1. Manage, contain, and remove at sufficient frequency stored materials and solid wastes to avoid creating nuisance conditions, vector or bird attraction or harborage, or safety hazards; 2. Maintain storage areas in an orderly manner and keep the areas free of litter; 3. Position exterior stockpiles within footprints identified on the facility site plan or operating plan; and, 4. Not stockpile recovered materials for longer than specified in the facility operating plan.
5.7	Dust, airborne debris and litter	The Licensee must operate the facility in a manner that minimizes and mitigates the generation of dust, airborne debris and litter, and shall prevent its migration beyond property boundaries. The Licensee must: a) Take reasonable steps, including signage, to notify and remind persons delivering solid waste to the

		facility that all loads must be suitably secured to prevent any material from blowing off the load during transit; b) Maintain and operate all vehicles and devices transferring or transporting solid waste from the facility to prevent leaking, spilling or blowing of solid waste on-site or while in transit; c) Maintain and operate all access roads and receiving, processing, storage, and reload areas in such a manner as to minimize dust and debris generated on-site and prevent such dust and debris from blowing or settling off-site; d) Keep all areas within the site and all vehicle access roads within ¼ mile of the site free of litter and debris generated directly or indirectly as a result of the facility's operation; e) Maintain on-site facility access roads to prevent or control dust and to prevent or control the tracking of mud off-site; and f) Provide access to the facility for the purpose of uncovered load enforcement. During all times that solid waste or recyclable materials are being accepted, authorized representatives of Metro, including law enforcement personnel on contract to Metro, shall be permitted access to the premises of the facility for the purpose of making contact with individuals they have observed transporting uncovered loads of solid waste or recyclable materials on a public road right-of-way in violation of Metro Code Section 5.09.
5.8	Odor	1. The Licensee must operate the facility in a manner that prevents the generation of odors that are detectable off-site. 2. The Licensee must establish and follow procedures in the operating plan for minimizing odor at the facility.
5.9	Vectors (e.g. birds, rodents, insects)	1. The Licensee must operate the facility in a manner that is not conducive to the harborage of rodents, birds, insects, or other vectors capable of transmitting, directly or indirectly, infectious diseases to humans or from one person or animal to another. 2. If vectors are present or detected at the facility, the Licensee must implement vector control measures.

5.10	Noise	The Licensee must operate the facility in a manner that prevents the creation of noise sufficient to cause adverse off-site impacts and to the extent necessary to meet applicable regulatory standards and land-use regulations.
5.11	Water quality	The Licensee must operate the facility consistent with an approved DEQ storm water management plan, or equivalent, and must: a) Operate and maintain the facility to prevent contact of solid wastes with storm water runoff and precipitation; and b) Dispose of or treat water contaminated by solid waste generated onsite in a manner complying with local, state, and federal laws and regulations.
5.12	Access control	1. The Licensee must control access to the facility as necessary to prevent unauthorized entry and dumping. 2. The Licensee must maintain a gate or other suitable barrier at potential vehicular access points to prevent unauthorized access to the site when an attendant is not on duty.
5.13	Signage	The Licensee must post signs at all public entrances to the facility, and in conformity with local government signage regulations. These signs shall be easily and readily visible, and legible from off-site during all hours and must contain at least the following information: a) Name of the facility; b) Address of the facility; c) Emergency telephone number for the facility; d) Operating hours during which the facility is open for the receipt of authorized waste; e) Fees and charges; f) Metro's name and telephone number 503-234-3000; g) A list of authorized and prohibited wastes; h) Vehicle / traffic flow information or diagram; i) Covered load requirements; and j) Directions not to queue on public roadways.
5.14	Nuisance complaints	1. The Licensee must respond to all nuisance complaints in timely manner (including, but not limited to, blowing

		debris, fugitive dust or odors, noise, traffic, and vectors), and must keep a record of such complaints and any action taken to respond to the complaints, including actions to remedy the conditions that caused the complaint. 2. If the facility receives a complaint, the Licensee must: a) Attempt to respond to that complaint within one business day, or sooner as circumstances may require, and retain documentation of its attempts (whether successful or unsuccessful); and b) Log all such complaints as provided by the operating plan. Each log entry shall be retained for one year and shall be available for inspection by Metro.
5.15	Access to license document	The Licensee must maintain a copy of this license on the facility's premises, and in a location where facility personnel and Metro representatives have ready access to it.

6.0	OPERATING PLAN	
6.1	Purpose	This section lists the requirements associated with preparing and implementing a facility operating plan, and lists the procedures that must be included in the required facility operating plan.
6.2	Plan compliance	The Licensee must operate the facility in accordance with an operating plan approved by the COO. The operating plan must include sufficient detail to demonstrate that the facility will be operated in compliance with this license. The operating plan may be amended from time to time, subject to written approval by the COO.
6.3	Plan maintenance	The Licensee must revise the operating plan as necessary to keep it current with facility conditions, procedures, and requirements. The Licensee must submit amendments and revisions of the operating plan to the COO for written approval prior to implementation.
6.4	Access to operating plan	The Licensee must maintain a copy of the operating plan on the facility premises and in a location where facility personnel and Metro representatives have ready access to it.
6.5	Procedures for	The operating plan must establish:

	inspecting loads	a) Procedures for inspecting incoming loads for the presence of prohibited or unauthorized wastes; b) A set of objective criteria for accepting and rejecting loads; and c) An asbestos testing protocol for all material that appears to contain friable asbestos.
6.6	Procedures for processing and storage of loads	The operating plan must establish procedures for: a) Processing authorized solid wastes; b) Reloading and transfer of authorized solid wastes; c) Managing stockpiles to ensure that they remain within the authorized limits d) Storing authorized solid wastes; and e) Minimizing storage times and avoiding delay in processing of authorized solid wastes.
6.7	Procedures for managing prohibited wastes	The operating plan must establish procedures for managing, reloading, and transporting to appropriate facilities or disposal sites each of the prohibited or unauthorized wastes if they are discovered at the facility. In addition, the operating plan must establish procedures and methods for notifying generators not to place hazardous wastes or other prohibited wastes in drop boxes or other collection containers destined for the facility.
6.8	Procedures for odor prevention	The operating plan must establish procedures for preventing objectionable odors generated at the facility from being detected off the premises of the facility. The plan must include: a) A management plan that will be used to monitor and manage all odors of any derivation including malodorous loads delivered to the facility; and b) Procedures for receiving and recording odor complaints, immediately investigating any odor complaints to determine the cause of odor emissions, and remedying promptly any odor problem at the facility.
6.9	Procedures for dust prevention	The operating plan must establish procedures for preventing dust from blowing off the premises of the facility. The plan must include: a) A management plan that will be used to monitor and manage dust of any derivation; and

		b) Procedures for receiving and recording dust complaints, immediately investigating any dust complaints to determine the cause of dust emissions, and remedying promptly any dust problem at the facility.
6.10	Procedures for emergencies	The operating plan must establish procedures to be followed in case of fire or other emergency.
6.11	Procedures for nuisance complaints	1. For every nuisance complaint (for example odor, dust, vibrations, litter) received, the Licensee shall record: a) The nature of the complaint; b) The date the complaint was received; c) The name, address and telephone number of the person or persons making the complaint; and d) Any actions taken by the operator in response to the complaint (whether successful or unsuccessful). 2. The Licensee must make records of such information available to Metro upon request. The Licensee must retain each complaint record for a period of not less than one year.
6.12	Closure protocol	The Licensee must establish protocol for closure and restoration of the site in the event of a cessation of operations as provided in Metro Code Section 5.01.052 (c)(3). The plan must establish procedures for: a) Short term closure (duration of time that is more than seven consecutive days but less than 30 consecutive days in length); and b) Long term closure (duration of time that is 30 consecutive days or more in length).
6.13	Financial assurance	The Licensee has certified that the cost to implement a closure plan will be less than \$10,000, therefore the financial assurance requirement is waived as provided in Metro Code Section 5.01.052(c)(4).

7.0	FEES AND RATE SETTING	
7.1	Purpose	This section of the license specifies fees payable by the Licensee, and describes rate regulation by Metro.
7.2	Annual fee	The Licensee must pay an annual license fee, as

		established in Metro Code Chapter 5.01. Metro reserves the right to change the license fee at any time by action of the Metro Council.
7.3	Rates not regulated	The tipping fees and other rates charged at the facility are exempt from rate regulation by Metro.
7.4	Metro fee and tax imposed on disposal	The Licensee is liable for payment of the Metro Regional System Fee, as provided in Metro Code Title V, and the Metro Excise Tax, as provided in Metro Code Title VII, on all solid wastes delivered to a disposal site.

8.0	RECORD KEEPING AND REPORTING	
8.1	Purpose	This section of the license describes record keeping and reporting requirements. The Licensee must effectively monitor facility operation and maintain accurate records of the information described in this section.
8.2	Record keeping requirements	For all solid waste and materials the Licensee is authorized to receive under Section 3.0 of this license, the Licensee must keep and maintain accurate records of the amount of such materials the Licensee receives, recovers, recycles, reloads and disposes. These records include the information specified in <u>Reporting Requirements and Data Standards for Metro Solid Waste Licensees, Franchisees, and Parties to Designated Facility Agreements</u> .
8.3	Reporting requirements	Licensee must transmit to Metro records required under Section 9.2 no later than fifteen days following the end of each month in electronic format prescribed by Metro.
8.4	Hauler account number listing	Within five business days of Metro's request, Licensee must provide Metro with a listing that cross-references the account numbers used in the transaction database with the company's name and address.
8.5	Transactions based on scale weights	Except for minimum fee transactions for small, lightweight loads, the Licensee must record each transaction electronically based on actual and accurate scale weights using the Licensee's on-site scales.
8.6	DEQ submittals	The Licensee must provide Metro with copies of all correspondence, exhibits, or documents submitted to the DEQ relating to the terms or conditions of the DEQ solid waste permit or this license within two business days of

		providing such information to DEQ.
8.7	Copies of enforcement actions provided to Metro	The Licensee must send to Metro, upon receipt, copies of any notice of violation or noncompliance, citation, or any other similar enforcement actions issued to the Licensee by any federal, state, or local government other than Metro, and related to the operation of the facility.
8.8	Unusual occurrences	1. The Licensee must keep and maintain accurate records of any unusual occurrences (such as fires or any other significant disruption) encountered during operation, and methods used to resolve problems arising from these events, including details of all incidents that required implementing emergency procedures. 2. If a breakdown of the Licensee's equipment occurs that will substantially impact the ability of the facility to remain in compliance, or create off-site impacts, the Licensee must notify Metro within 24 hours. 3. The Licensee must report any facility fires, accidents, emergencies, and other significant incidents to Metro at (503) 234-3000 within 12 hours of the discovery of their occurrence.
8.9	Changes in ownership	The Licensee must, in accordance with Metro Code Section 5.01.090, submit a new license application to Metro if the Licensee proposes to transfer ownership or control of (1) the license, (2) the facility property, or (3) change the name and address of the operator.

9.0	INSURANCE REQUIREMENTS	
9.1	Purpose	This section describes the types of insurance that the Licensee must purchase and maintain at the Licensee's expense, covering the Licensee, its employees, and agents. Licensee must provide Metro with certification of all insurance coverage required in Section 10.0.
9.2	General liability	The Licensee must carry the most recently approved ISO (Insurance Services Office) Commercial General Liability policy, or its equivalent, written on an occurrence basis, with limits not less than \$1,000,000 per occurrence and \$1,000,000 aggregate. The policy will include coverage for bodily injury, property damage, personal injury, death, contractual liability, premises and products/completed operations. Contractor's coverage will be primary as

		respects Metro.
9.3	Automobile	The Licensee must carry automobile bodily injury and property damage liability insurance.
9.4	Coverage	Insurance coverage must be a minimum of \$1,000,000 per occurrence and \$1,000,000 aggregate.
9.5	Additional insureds	Metro, its elected officials, departments, employees, and agents shall be named as ADDITIONAL INSURED.
9.6	Worker's Compensation Insurance	The Licensee, its subcontractors, if any, and all employers working under this license, are subject employers under the Oregon Workers' Compensation Law and shall comply with ORS 656.017, which requires them to provide Workers' Compensation coverage for all their subject workers. The Licensee must provide Metro with certification of Workers' Compensation insurance including employer's liability. If the Licensee has no employees and will perform the work without the assistance of others, a certificate to that effect may be attached in lieu of the certificate showing current Workers' Compensation.
9.7	Notification	The Licensee must give at least 30 days written notice to the COO of any lapse or proposed cancellation of insurance coverage.

10.0	ENFORCEMENT	
10.1	Generally	Enforcement of this license must be as specified in Metro Code Chapter 5.01.
10.2	Authority vested in Metro	The power and right to regulate, in the public interest, the exercise of the privileges granted by this license must at all times be vested in Metro. Metro reserves the right to establish or amend rules, regulations or standards regarding matters within Metro's authority, and to enforce all such requirements against Licensee.
10.3	No Enforcement Limitations	This license must not be construed to limit, restrict, curtail, or abrogate any enforcement provision contained in Metro Code or administrative procedures adopted pursuant to Metro Code Chapter 5.01, nor must this license be construed or interpreted so as to limit or preclude Metro from adopting ordinances that regulate the health, safety, or welfare of any person or persons within the District, notwithstanding any incidental impact that such ordinances may have upon the terms of this license or the Licensee's operation of the facility.
10.4	Penalties	Each violation of a license condition must be punishable

		by penalties as established in Metro Code Chapter 5.01. Each day a violation continues constitutes a separate violation.
--	--	--

11.0 AMENDMENT, SUSPENSION, AND REVOCATION		
11.1	Amendment	At any time during the term of the license, either the COO or the Licensee may propose amendments to this license. The COO has the authority to approve or deny any such amendments provided that the activities authorized in the amended license do not require a Metro Solid Waste Facility Franchise under Metro Code Chapter 5.01. When applicable, the Licensee must comply with Metro Code Section 5.01.057. No amendment pursuant to this section must be effective unless in writing and executed by the COO.
11.2	Modification, suspension or revocation by Metro	The COO may, at any time before the expiration date, modify, suspend, or revoke this license in whole or in part, in accordance with Metro Code Chapter 5.01, for reasons including but not limited to: a) Violation of the terms or conditions of this license, Metro Code, or any applicable statute, rule, or standard; b) Changes in local, regional, state, or federal laws or regulations that should be specifically incorporated into this license; c) Failure to disclose fully all relevant facts; d) A significant release into the environment from the facility; e) Significant change in the character of solid waste received or in the operation of the facility; f) Any change in ownership or control, excluding transfers among subsidiaries of the Licensee or Licensee's parent corporation; g) A request from the local government stemming from impacts resulting from facility operations; and h) Compliance history of the Licensee.
11.3	Termination	The COO may, at any time before the expiration date, terminate this license upon request of the Licensee or in the event of a long term closure of the facility as described in Section 7.12(b) of this license.

12.0	GENERAL OBLIGATIONS	
12.1	Compliance with law	The Licensee must fully comply with all applicable local, regional, state and federal laws, rules, regulations, ordinances, orders and permits pertaining in any manner to this license, including all applicable Metro Code provisions and administrative procedures adopted pursuant to Chapter 5.01 whether or not those provisions have been specifically mentioned or cited herein. All conditions imposed on the operation of the facility by federal, state, regional or local governments or agencies having jurisdiction over the facility must be deemed part of this license as if specifically set forth herein. Such conditions and permits include those cited within or attached as exhibits to the license document, as well as any existing at the time of the issuance of the license but not cited or attached, and permits or conditions issued or modified during the term of the license.
12.2	Deliver waste to appropriate destinations	The Licensee must ensure that solid waste transferred from the facility goes to the appropriate destinations under Metro Code Chapters 5.01 and 5.05, and under applicable local, state and federal laws, rules, regulations, ordinances, orders and permits.
12.3	Right of inspection and audit	1. Authorized representatives of Metro may take photographs, collect samples of materials, and perform such inspection or audit as the COO deems appropriate, and must be permitted access to the premises of the facility at all reasonable times during business hours with or without notice or at such other times upon giving reasonable advance notice (not less than 24 hours). 2. Metro inspection reports, including site photographs, are public records subject to disclosure under Oregon Public Records Law. 3. Subject to the confidentiality provisions in Section 13.4 of this license, Metro's right to inspect must include the right to review all information from which all required reports are derived including all books, maps, plans, income tax returns, financial statements, contracts, and other similar written materials of Licensee that are directly related to the operation of the Facility.
12.4	Confidential information	The Licensee may identify as confidential any reports, books, records, maps, plans, income tax returns, financial statements, contracts and other similar written materials of

		the Licensee that are directly related to the operation of the facility and that are submitted to or reviewed by Metro. The Licensee must prominently mark any information that it claims confidential with the mark "CONFIDENTIAL" prior to submittal to or review by Metro. Metro must treat as confidential any information so marked and will make a good faith effort not to disclose such information unless Metro's refusal to disclose such information would be contrary to applicable Oregon law, including, without limitation, ORS Chapter 192. Within five (5) days of Metro's receipt of a request for disclosure of information identified by Licensee as confidential, Metro must provide Licensee written notice of the request. The Licensee must have three (3) days within which time to respond in writing to the request before Metro determines, at its sole discretion, whether to disclose any requested information. The Licensee must pay any costs incurred by Metro as a result of Metro's efforts to remove or redact any such confidential information from documents that Metro produces in response to a public records request. This Section 13.0 must not limit the use of any information submitted to or reviewed by Metro for regulatory purposes or in any enforcement proceeding. In addition, Metro may share any confidential information with representatives of other governmental agencies provided that, consistent with Oregon law, such representatives agree to continue to treat such information as confidential and make good faith efforts not to disclose such information.
12.5	Compliance by agents	The Licensee must be responsible for ensuring that its agents and contractors operate in compliance with this license.
