

TransPort Technical Advisory Committee

Wednesday, April 8, 2009

1:30 – 3:30 p.m.

ODOT Region 1

Meeting Notes

In Attendance

Jen Bachman (DKS), David Daily (C-Tran), Bob Hart (SW RTC), Tu Ho (Beaverton), Dan Kaempff (Metro), Peter Koonce (Kittelson), Joe Marek (Clackamas Co), Jay McCoy (Gresham), Galen McGill (ODOT), Dennis Mitchell (ODOT), Shaun Quayle (Kittelson), Jim Peters (DKS Associates), Deena Platman (Metro), Nathaniel Price (FHWA), Abbas Shafii (Washington Co), Jessica Tump (TriMet), Ron Weinman (Clackamas Co)

Regional TSMO Plan Process Check In

Deena Platman gave a progress update on the TSMO plan. The needs assessment/existing conditions work is wrapping up. The process is transitioning into development of the action plan.

RTP Mobility Corridors Concept

Deena Platman gave a presentation on the mobility corridor concept that is being developed under the 2035 RTP umbrella. The presentation focused on a general explanation of the concept and how it will be used to organize the TSMO action plan strategies. A copy of the presentation is attached.

TSMO Strategy Refinement Exercise

Peter Koonce led the group exercise to refine proposed strategies for the TSMO action plan. The group discussed strategies under each category to identify those that should move into the plan or dropped from the 10-year plan. The group was able to narrow down strategies that have been completed like the ramp meter program or are beyond the planning horizon such as reversible travel lanes.

Other Business

No discussion.
