What's New

BIG CHANGES FOR A BETTER ZOO

Thanks to the support of the community, we're improving animal habitats, making the zoo more sustainable and building new educational facilities. Visit the zoo website for progress updates.

Animal Activities

Animals enjoy treats, toys and interesting activities every day at the zoo as part of our enrichment program. Enrichment keeps animals healthy by encouraging them to think, exercise and play.

Look for enrichment during your visit:

- Water toys
- Plastic containers filled with food
- Plant clippings
- Ice treats
- Blankets and fabric
- Boxes and piñatas
- Exhibit design that encourages exploration

How does enrichment work? It introduces change, choices and challenges into an animal's environment.
