

Killin Wetlands neighbors

Please enjoy this edition of Metro's quarterly magazine, which features a place close to your backyard in the Killin Wetlands Field Guide on page 11.

Want to explore the region's newest nature park with guided trail walks and other activities? Turn to pages 12 and 13 to learn more about the Sept. 22 grand opening and other nature classes and events.

Thanks to voter investments, Metro works to protect clean water, restore fish and wildlife habitat and provide opportunities for people to connect with nature close to home.

I want to keep up with Metro's nature news by:

- ☐ receiving a monthly e-news digest that includes updates about Metro parks and nature

Name: _____

Email address: _____

- ☐ receiving Our Big Backyard in the mail four times a year

Name: _____

Address: _____
