

METROPOLITAN EXPOSITION-RECREATION COMMISSION

RESOLUTION NO. 28

Approving a Request for Proposals for a computer system for the Oregon Convention Center and consolidated facilities.

The Metropolitan Exposition-Recreation Commission finds:

1. That the construction of the Oregon Convention Center is well underway.
2. That the Metro ERC wishes to acquire an integrated convention center facility management/event management computer software package and a computer system on which to operate the software proposed.
3. That the Commission desires to request proposals for a computer system for the Oregon Convention Center.

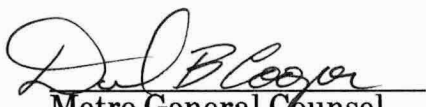

BE IT THEREFORE RESOLVED that the Commission approves the Request for Proposals for a computer system for the Oregon Convention Center and consolidated facilities.

Passed by the Commission on June 13, 1989.
