MERC STAFF REPORT

**Agenda Item: One-Year Contract Extension of Light Industrial
Temporary Labor Contracts**

Resolution No: 95-34

Date: June 14, 1995

Presented by: Jim Waki

Background and Analysis:

In August of 1994, the Metropolitan Exposition-Recreation Commission passed Resolution #94-45 authorizing the General Manager to enter into temporary personnel service agreements with Employers Overload, Beginright, Inc., and St. Vincent DePaul Rehabilitation Services. Two were selected as a result of the IFB process which included 24 prospective bidders. St. Vincent DePaul is exempted from Public Bid Process per House Bill #3075 and had to be included. These agreements provide for 2 one-year renewal options with rates to be adjusted to reflect changes in the Consumer Price Index for Portland, Oregon. Staff have utilized personnel from all three services and are satisfied with their performance in providing light industrial temporary personnel.

Fiscal Impact:

1995-96 proposed budget amount for temporary personnel at MERC facilities is \$159,000.

Recommendation:

Staff recommends that the Metropolitan Exposition-Recreation Commission approve a one year extension to Employers Overload, Beginright, Inc., and St. Vincent DePaul Rehabilitation Services, Inc., for a period to commence July 1, 1995 and end June 30, 1996, with rates adjusted no more than 2.9% to reflect changes in the Consumer Price Index for Portland, Oregon as updated through December 1994 and published February 1995.
