METROPOLITAN EXPOSITION RECREATION COMMISSION

Resolution No. 09-01

For the purpose of approving and transmitting the budget for the MERC Fund for Fiscal Year 2009-2010.

WHEREAS, Metro Code, 6.01.050(b) (c) & (d) provide that the Commission shall annually prepare and approve an annual budget which shall, to the maximum extent permitted by law, consist of one Commission-wide series of appropriations; and

WHEREAS, the MERC Operating Fund and the MERC Pooled Capital Funds are now consolidated into one MERC Fund; and

WHEREAS, the MERC Budget Committee has reviewed the proposed budget for the MERC Fund and recommends approval of the proposed budget,

BE IT THEREFORE RESOLVED that the Metropolitan Exposition Recreation Commission approves and transmits to the Metro Chief Operating Officer, for submission to the Metro Council, the following budget attached as Exhibit A, for the fiscal year beginning July 1, 2009 and ending June 30, 2010 for inclusion as part of the total Metro budget for this period.

Passed by the Commission on February 25, 2009

Approved as 10 Form:

Metro Attorney

Nathan A. Schwartz Sykes

Senior Attorney

Pan Trothe

MERC Staff Report

Agenda Item/Issue: For the purpose of approving and transmitting the budget for the MERC Fund for Fiscal Year 2009-2019.

Resolution No.: 09-01 Presented By: Gary Reynolds

Kathy Taylor Cynthia Hill

Date: February 25, 2009

<u>Background and Analysis</u>: Resolution 09-01 would approve the attached proposed budget for submission to the Metro Council by a duly adopted resolution at a regular public meeting of the MERC Commission.

Operationally, MERC is organized into several departments, the Oregon Convention Center, Portland Exposition Center, Portland Center for the Performing Arts, the MERC Business Office and the MERC Executive Office. The MERC Fund is the official accounting entity containing the operating and capital resources and requirements of the departments managed by MERC.

The Budget Committee, consisting of MERC Commissioners Reynolds (Chair), Dozono and McClain, reviewed the budget in detail.

"Exhibit A" includes a letter from Gary Reynolds, MERC Commissioner and David Woolson, MERC CEO describing the challenges and the many conflicting factors we faced in the development of the 2009-10 Proposed Budget.

Fiscal Impact: This budget proposes a net decrease of \$300,190 as a result of operations and plans to spend \$870,000 of existing fund balance designated for Capital only expenditures. The total net decrease to fund balance is \$1,170,190.

<u>Recommendation</u>: The MERC Commission Budget Committee recommends adoption of Resolution 09-01, for the purpose of approving and transmitting the budget for the MERC Fund for Fiscal Year 2009-2010.

METROPOLITAN EXPOSITION RECREATION COMMISSION

Exhibit A Resolution 09-01

2009-10 FY Proposed Budget

MERC Commission Meeting

February 25, 2009

To: MERC Commission

From: Gary Reynolds, Budget Committee Chair, and David Woolson, MERC CEO

Date: February 20, 2009

Re: 2009-10 Budget Status

This was a very challenging budget to create because of many conflicting factors. While the difficulties were many, we believe that we have developed a solid preliminary budget that will meet our client and customer demands and maintain the viability of our venues. Due to the current significant economic downturn, we will re-evaluate the budget after reviewing May lodging tax revenues and current market conditions. Additionally, we will be carefully monitoring the budget after its adoption to make sure it reflects revenue realities. Some of the major complexities we addressed during our budget preparations include:

- The major influence of the worsening national, state and local economic situation.
- A strong book of events is scheduled for the next year. FY10 was projected to be
 perhaps the most profitable year in our history due to a large number of conventions
 coupled with a strong year for Broadway shows.
- Concerns about lower than anticipated convention attendance caused us to reduce our Food & Beverage revenue and margins.
- Conversely, Portland is in a unique position compared to other convention centers. Our lack of corporate business, usually a negative factor, is an advantage in an economic downturn. During a recession our reliance on association meetings is a benefit because associations must hold their conventions in order to generate their operating revenue.
 In fact, it is their primary source of revenue.
- Decline in hospitality occupancy will result in lodging tax decreases for OCC and PCPA.
- However, a compensating factor on hospitality is our higher than average number of conventions which could positively impact occupancy rates, especially during the autumn of 2009.
- As part of the budget development process over the last few months all directors have gone through a series of thorough reviews and with iterative cost cutting measures and expenditure postponements.

Goal for Net Operating Budget — Annually, our goal is to present a 'breakeven' operating budget where operating expenditures is covered by anticipated revenue. After accounting for the anticipated reduction of revenue and lodging tax and recording expense decreases, the FY 10 budget has an operating deficit of \$302 thousand. Fortunately, several years of strong lodging tax revenues helped us build a substantial fund balance for just such times. As the situation evolves we will continue to closely monitor expenses. Our foremost goal is to maintain our solid business operations and safeguard our financial position.

- To date there have been several rounds of expense reductions. After presentation of the
 preliminary budget in January, the facilities directors have adjusted the budget down by
 \$423 thousand:
 - o \$1.3 Million reduction of expenses
 - \$562 thousand for OCC F&B, Goods & Service, Marketing
 - \$650 thousand for BrewPub
 - \$72 thousand PCPA Goods & Service
 - \$77 thousand Fringe Benefits
 - o \$942 thousand reduction in revenue
 - \$542 thousand Lodging Tax
 - \$400 thousand OCC F&B
 - o New Green Event: Net revenue of \$8,000
 - OCC Revenue \$333 thousand and Expense \$325 thousand
- Revenue, excluding F&B, is up 1.25%
- Operating Expense, excluding F&B, is up 2%
 - o Personal Services 2%
 - o Goods & Services 3%
 - o Marketing 0%
- Many line items are based on booked events and direct costs for those events.
- Every line item was evaluated to determine the appropriate budget amount. In EBMS managers entered detailed notes to describe and support anticipated transactions.
- An inflation factor is applied to goods and services only if no better information is available.
- Cost of Living Adjustments apply to labor union contracts.

<u>Personal Service</u> – In recognition of the seriousness of the economic situation, proposed salary increases of about 4% will be budgeted for the year, but a final decision will be made as to what, if any, increases are awarded when revenue from FY09 lodging tax is actually received in May and again in August. Our primary goal is to maintain our staffing level and retain our workforce. All decisions relative to compensation will be carefully weighed over the next few months. Further, if we determined it is in the best interest of our business, hiring freezes will be considered on a position by position basis, as will other cost containment actions.

- Labor contracts cost of living increases are budgeted between 2 and 4%. Each of the six contracts relies on a different CPI measured at different dates. Contracts stipulate that employees are to be paid COLA regardless of the budgeted increase.
- Compensation increases for non-represented employees (about 100 FTE) is proposed as:
 - o Annual non-contract salary increases ~\$275 thousand/year 4% pool
 - o Bonus and TAP ~\$145 thousand/year 2% pool

Experience in weathering times of recession – It is important to remember that MERC has successfully maneuvered through serious financial and economic crisis in the past. As with previous recessions, our directors will watch the economic climate and make reductions and cutbacks as needed. All of our executives weathered the 9/11 recession and gained valuable experience. They have demonstrated a keen ability for determining what steps to take while keeping the venues financially sound and meeting customers' expectations. The MERC Commission will be given regular updates at Commission meetings each month.

Resources for Capital – First and foremost, our facilities are well maintained and there is no deferred maintenance. In addition, funds have been set aside to maintain and upgrade all our venues. Our budgeted projects are funded from operation or from designated or restricted reserves, in all, totaling \$4.3 Million. These reserves can only be used for Capital and cannot be used for Operations. The reserves include:

- Renewal and Replacement Reserves designated by Commission
- Restricted Lodging Tax receipts excess of 7% for OCC
- Expo Phase 3 Expansion Reserves from user fees designated by Commission

Rainy Day Fund —MERC has been prudent and saved substantial resources over the last few years. The Fund Balance is \$26 million dollars, which exceeds our Strategic Fund Balance Goal by \$5 million. Over the last 4 years, lodging tax revenues considerably exceeded our expectations. Rather than increase spending to match increased revenues, excess funds were saved in dedicated reserve accounts and earmarked for the Strategic Fund or Renewal and Replacement Reserves. One of the purposes of the Strategic Fund Balance is to provide the resources necessary to maintain our business and staffing during a downturn.

<u>Budget Law Constraints</u> – In the private sector, budgets are based on expected Net Results. The primary control in public budget law is an Expenditure Appropriation. It is intentionally designed to make it difficult to spend more than the appropriation, regardless of fluctuations in our business. Revenue increases force us to amend the budget to cover associated direct costs (food, labor), but amendments are limited by law to budgeted contingencies. As an enterprise fund, this is a challenge for us every year. Unfortunately, budget law wasn't designed with enterprises in mind.

Our budget was created assuming that booked business will occur. In order to pay for
the related costs, we also budgeted expenses consistent with these revenue projections.
 If the business does not materialize, these expenses will not be incurred.

<u>Alternatives</u> – At our monthly Executive Management Team meeting, we review our financial situation and our updated forecasts. Based on conditions and projections, we can informally adjust our budget. With EBMS, we can maintain both a formal adopted budget and a revised budget that reflects changing conditions. Any significant impacts will be brought to Commission.

Directors have prepared a contingency plan to guide MERC in the event our operations deteriorate. The plan outlines options for various deteriorating economic scenarios. The plan will be refined over the next several months so that we can react swiftly and decisively to any and all situations. This has worked effectively in the past. The following will be monitored:

- Each director has already compiled expenditures to be cut, reduced or postponed. Some
 of these have been included in the budget. Others will be applied as the situation
 unfolds in accordance with our contingency plan.
 - Our most discretionary spending is for selected Goods & Services such as travel, training, meetings, and consultants. ~\$800 thousand/year MERC wide.
- Capital projects (funded from operating resources) can be postponed to conserve fund balance, if needed.

<u>Transient Lodging Tax</u> – A critical factor in our future decisions over the next year will be lodging tax – which represents 25% of our revenue.

- Lodging tax was \$9.7M last year, so a 1% decrease is approximately \$100 thousand.
- A likely scenario is a 0% to 5% decline this year, followed by a 10% decline next year.
 - o The FY10 budget has been adjusted to reflect a decline in TLT.
 - The adopted budget for FY09 has not been adjusted. A decline of 5% for FY09 will result in TLT being <u>over</u> budget \$215 thousand due to conservative budgeting last year.
- Milestone months for lodging tax are February, May, August and November.
- VDI has adequate fund balance to fill the buckets for FY10.

In conclusion, MERC's FY10 operating budget is based on booked events and revenues, estimated direct costs and line-by-line analysis. We have trimmed \$1.3 million expenses from the preliminary budget and revenues were reduced by almost \$1 million. The big unknown is lodging tax — as circumstances change, management will modify operating and capital expenditures. Management can determine the best action on Personal Service increases after lodging tax for FY09 is known. In these uncertain times, MERC will balance cutting budgeted expenses with the necessity to maintain adequate appropriation and expenditure authority to carry out the business that is booked for the year. Our promise is to be vigilant to the changing situation and to modify our operations accordingly.

2009-10 Preliminary Budget Overviews February 25, 2009

Budget Meeting Schedule

\triangleright	October 29, 2008	Distribute and review budget schedule and assumptions
\triangleright	January 23, 2009	Review Preliminary Budget and Five Year Capital Plan
\triangleright	February 17, 2009	Review changes since January 23 rd and approve a budget
\triangleright	February 25, 2009	Proposed Budget recommendation to the MERC Commission

Significant Issues

- > The uncertainty of the economy and potential impact
 - o Cancellation of events
 - o Reduction of revenue even without cancellations
 - Facility rental decrease if fewer exhibitors participate
 - Food and beverage revenue is lower due to fewer attendees
 - Parking revenue reduced due to fewer exhibitors and attendees
 - Use of other services may decline to reduce the cost of event promotion
- > Transient Lodging Tax receipts are expected to be flat or decline
- > Visitor Development Agreement
 - Assumes the 2008-09 Adopted Budget with zero increase for 2009-10. The Visitor Development Trust account has a \$3.1 million fund balance which funds the bucket accounts if Tax collections decline. Projections suggest MERC would not be negatively impacted during the current year or the 2009-10 FY.
- > Headquarters Hotel
 - Contingency Resources for Headquarters Hotel Project \$5,186,398
 - PERS Reserves (excluding PCPA)
 From Oregon Convention Center fund balance
 \$3,700,000
 - o Expenditures to be reimbursed if the bonds are issued
- > Third year contribution to Renewal & Replacement for a total accumulated of \$2,965,310
 - o 2009-10 Renewal & Replacement contribution \$970,000

EXPO	\$ 20,000	Total	\$	60,000
OCC	\$250,000	Total	\$	725,000
■ PCPA	\$700,000	Total	\$1	,000,000

- 2009-10 accumulated balance in Contingency for Capital TLT (Transient Lodging Tax) \$1,180,310
 - 2005-06 \$ 82,369
 2006-07 \$616,516
 2007-08 \$481.426
 - 2009-10 Oregon Convention Center proposes to use \$540,000 for capital projects. (See Five Year Capital Plan)

Operating Revenue, excluding Food & Beverage, is \$18,229,961 a 1% increase from 2008-09

- > EXPO \$3.7 million operating revenue is 3% less that current year budget
 - o Includes a 3% increase in building rental rates
 - o Anticipates a 10% reduction in facility rental
 - o Parking includes general public, exhibitor parking and the Tri-Met parking lot lease.
- > OCC \$8 million operating revenue is 9% greater than current year budget
 - o The number of conventions increase from 34 for this year to 41
 - o Two major events have cancelled (Urban Land Institute and Intel DTTC)
 - o Anticipate fewer local events
 - o AV equipment purchases will decrease rental expense and increase service revenue
 - o Parking revenue increase due to a greater emphasis on selling exhibitor parking
 - o Second year of the self promoted "Achieve Green Event"
- > PCPA \$6.5 million operating revenue is 4% less than FY 2008-09 budget
 - o Assumes 9 weeks of Broadway compared to 14.5 weeks for the current year

- o Commercial concerts budgeted at 2007-08 level
- o Resident companies' usage is flat
- o Ticket sales commission assumes an 11% increase due to \$.05 ticket fee increase, \$50,000 volume rebate and early sales for Lion King in January 2010.
- o Resident Companies' user fee will increase by \$.025.

Food & Beverage Revenues is flat at \$12.5 million same as the current budget

- > Food & Beverage Margin for Consolidated MERC is 21% which equals \$2.5 million net revenue. This is slightly less than the current year budget.
 - o EXPO revenues \$2.1 million with a 26.4% margin
 - 2009-10 revenue is projected to be 1% less than current year with about the same margin.
 - o OCC revenue \$8.6 million with a 21.1% margin
 - Revenue is projected to be 4% less than the current year budget with a comparable margin.
 - o PCPA revenue \$1.4 million with 12.3% margin
 - Revenue is anticipated to be down 6% from the current year budget with fewer weeks of Broadway. Margin is projected to decline.

Non - Operating Revenues

- > Transient Lodging Tax \$11,002,301
 - o OCC is budgeted at 5% less than 2007-08 actual
 - o PCPA is budgeted at 5% less than 2007-08 actual
- > VDI Enhanced Support
 - OCC \$660,000 request from the Visitor Development Fund.
 - PCPA \$592,996 same as 2008-09 Budget
- ➤ Enhanced Marketing \$412,681 same as 2008-09 Budget
- > City of Portland PCPA
 - Contractual support is \$760,926 inflated each year by the annual Portland Salem CPI change
 - 50% dedicated to the upkeep of City owned facilities.
 - 50% dedicated to operations to off-set resident companies fee schedule
- > Investment Earnings estimated at 2.5%

Personal Services

- > Full time employee 195 FTE
- > Part time employees 317 direct labor that varies based on event requirements
- > 3.00 FTE new positions are requested in the 2009-10 budget
 - o Add 2.00 FTE new positions at OCC
 - Security Agent for the Graveyard Shift
 - Public Relations Manager
 - Convert .75 FTE part time Marketing Promotions Coordinator to full time Public Relations Manager.
 - o Add 1.00 FTE new position at PCPA
 - Video System Coordinator agent dependent on receiving a Grant
 - Convert .75 FTE part time Marketing Promotion Coordinator to full time Video System Coordinator
- > FTE changes during the 2008-09 fiscal year
 - o Two .50 FTE IT positions were combined into 1.00 FTE Business System Analyst
 - Reclassify 1.00 FTE Public Relation Manager (vacant) to Director of Business and Community Development in Executive Office
- Salary and wage adjustments full-time non-represented
 - Merit Matrix pay increases and other adjustments
 Target Achievement Pay (TAP)
 1.7%
- > Represented Labor Groups
 - o 4% inflation factor

Materials and Services

- Utility increases expected to be greater than CPI
- Aramark food & beverage expenses \$9,579,028 for Consolidated MERC
- National Marketing Contract \$3,032,042 is budgeted at 2008-09 level with no increase for 2009-10.

	· · · ·		
0	Base contract	\$2	2,066,103

Continues the \$100,000 VDI request

■ An additional \$100,000 VDI request

■ OCC \$50,000 contribution

o OCC Sales & Marketing for advertising \$ 20,000 \$ Destination marketing requested by VDI \$ 160,000 \$ VDI Enhanced Marketing \$ 412,681

- ➤ Metro Indirect Cost/Support Services transfer has increased \$184,852 or 10% over the 2008-09 Adopted Budget.
- ➤ Metro Risk Management Services are \$94,190 less than 2008-09 Adopted Budget or 16% decrease.
 - o Property Insurance based on property values
 - o Liability allocated based on three year average losses
 - o Workers' Compensation based on three year average losses

Transfers

- > Interfund Transfers In
 - \$692,490 incoming transfer from Metro Tourism Opportunity and Competitiveness Account (MTOCA). Three proposed Capital projects included on the OCC Five Year Capital Plan are intended to be funded by this source.
- Debt Service
 - o EXPO bond payment for Hall D Replacement \$1,188,631
 - o OCC LID payment for the Steel Bridge \$ 17,258

Capital Projects

> Projects over \$100,000

OCC Moveable Air Wall Repair	\$ 340,000
OCC Upgrade Kitchen Capacity (new F & B contract)	\$1,000,000
OCC VAV Controllers & CO2 Sensors	\$ 100,000
OCC Lighting Fixture Replacement & Upgrade	\$ 200,000
OCC Add Automatic Hand Dryers to all Restrooms	\$ 150,000
OCC Kinko's Remodel	\$ 150,000
PCPA Hatfield Cultural Video Project	\$ 522,188
PCPA Food & Beverage Capital Investment (new contract)	\$ 175,000
EXPO Food & Beverage Capital Investment (new contract)	\$ 187,500
	OCC Upgrade Kitchen Capacity (new F & B contract) OCC VAV Controllers & CO2 Sensors OCC Lighting Fixture Replacement & Upgrade OCC Add Automatic Hand Dryers to all Restrooms OCC Kinko's Remodel PCPA Hatfield Cultural Video Project PCPA Food & Beverage Capital Investment (new contract)

Five Year Capital Plan

> The five year Capital plan includes all projects and capital purchased over \$10,000 requested by venues. See attached Five Year Capital Plan.

Results and Fund Balance

- > Net decrease to fund balance is \$1,170,190
- > Fund Balance is proposed to be \$24,532,071 which is \$1.2 million less than the current year budget Fund Balance.
 - o \$9,066,861 of the Fund Balance is designated or restricted for a specific purpose.
 - o Leaving \$15,465,210 million available for strategic fund balance
- > Restricted and Designated
 - o PERS Reserves, current and prior
 - PERS Reserves as established by Metro are \$375,932
 - PERS Reserve \$1.49 million and OCC fund balance of \$3.7 million dedicated to the headquarters hotel project for a total of \$5,186,398
 - Prior PERS Reserves of \$709,380 for PCPA are available for future projects.
 - Restricted fund balance for Capital from excess TLT is \$1,180,310 less \$540,000 for 2009-10 capital projects.
 - Designated User Fees for Expo Phase 3 construction estimated to be \$1,339,841(includes fees collected through 6/30/10)

Actual as of 6-30-2008 \$944,841
 Estimate 2008-09 \$200,000
 Estimate 2009-10 \$195,000

- Use of Funds
 - Columbia River Crossing/Expo Master Plan Update in FY 2008-09 & 2009-10 FY is \$150,000

Strategic Goal is \$15,168,391

> The Strategic Goal is \$15.1 million.

o OCC 3 months operating expense o EXPO 6 months operating expense

Annual debt service payment for Hall D replacement

o PCPA 6 months operating expense
o MERC 6 months operating expense

- > Fund balance available to meet the goal is \$15.5 million.
 - Available funds include unrestricted fund balance and current year contingencies (except HQH contingency)
- > The excess gap is \$385,348.

Personnel Request

Fiscal Year 2009-10

ACTION REQUESTED:

Adding new full time Security Agent to the Graveyard shift at the Oregon Convention Center

POSITION # AND INCUMBENT:

This would be a new position

DUTIES AND RESPONSIBILITIES:

Graveyard shift's main responsibilities are to monitor the cameras throughout the building, make sure the facility is secure at night inside and outside. Monitor the fire life safety system in case of emergencies and be the point of contact for police and fire. Monitor overhead doors and let show management into the facility after hours. Make rounds outside the building and contact individuals who are not suppose to be on premises at that time and take appropriate action when needed to protect the facility and grounds of the OCC.

JUSTIFICATION:

We currently are not fully staffed on graveyard and this position is being staffed by part-time staff on occasion. For safety issues and proper security procedures and needs of the Facility this position needs to be added. Part-time labor will be reduced to staff this position and will make sure we have two people on each shift as well as provide consistent security service to our clients and building staff working graveyard as well.

BUDGET IMPACT (for FTE increases or reclasses include only the new or additional cost):

	<u>Rate</u>	<u># of hours worked</u>	<u>Amount</u>	<u>Total</u>
Salary	\$15.41	2088	\$32,176	
Fringe:				
Variable-base fringe	17.88%		\$5753	
Variable-bond recovery	3.20%		\$1030	
Fixed	\$11,238		\$11,238	
Additional Costs:				•
Computer			\$	
Office set-up			\$	
Other (specify) Uniforms,	•		\$1000	
training and license				
TOTAL NEW COSTS				\$51,197

Anticipated Starting Date of Position: July 1,

Funding Source(s): OCC Operating Fund

Personnel Request

Fiscal Year 2009-10

ACTION REQUESTED:

Change part-time Marketing Promotions coordinator position to full time Public Relations Manager

POSITION # AND INCUMBENT:

Current Budget includes a vacancy for a .60 part time FTE, position 794. Part time position is currently budgeted at \$25,318.

DUTIES AND RESPONSIBILITIES:

This position will assist the MERC's Director of communication and Strategic Development with public relations, communications, press activities and messaging for both MERC and OCC. Will work closely with the OCC staff on development of story lines, magazine advertising, and trade publications to help tell the OCC and convention business story both locally and to the industry. Will coordinate work through the Director's office and through the OCC Executive Director's office as well.

JUSTIFICATION:

This position is an implementation of the strategic plan goals as well as making an emphasis on telling the MERC Facilities story of our importance to the community. Emphasis will on so be on supporting the marketing and sales efforts of the OCC through placement of stories about how OCC is impacting the industry and why it is important to bring your event to the convention Center.

BUDGET IMPACT (for FTE increases or reclasses include only the new or additional cost):

	<u>Rate</u>	# of hours worked	<u>Amount</u>	<u>Total</u>
Salary	\$11.03	2088	\$23,031	
Fringe:				
Variable-base fringe	17.88%	,	\$4118	
Variable-bond recovery	3.20%		\$737	
Fixed	\$11,238		\$11,238	
Additional Costs:				
Computer			\$1500	
Office set-up			\$0	
Other (specify)			\$	
TOTAL NEW COSTS				\$40,624

Anticipated Starting Date of Position: July 1, 2009

Funding Source(s): OCC Operating Fund

Personnel Request

Fiscal Year 2009-10

ACTION REQUESTED:

Taking a part-time position budgeted at .75 to full time.

POSITION # AND INCUMBENT:

Position 1012 Marketing & Promotions Coordinator

DUTIES AND RESPONSIBILITIES:

.75 of duties remain unchanged. New .25 duties will be to act as a video system coordinator for new Cultural Video Project at Hatfield Hall. Duties will consist of coordination and scheduling of arts education video.

JUSTIFICATION:

Cultural Video Project requires someone to coordinate and schedule arts education video content. Increasing this existing position by .25 is more cost effective than creating another part-time position-especially as the current employee has the skill set and desirability to take on this additional work.

BUDGET IMPACT (for FTE increases or reclasses include only the new or additional cost):

	Rate	# of hours worked	<u>Amount</u>	<u>Total</u>
Salary	\$17.75/hr	2088	\$ 37,062	
Fringe:				
Variable-base fringe	17.88%		\$ 7,221	
Variable-bond recovery	3.20%		\$ 1,292	
Fixed	\$ 11,238		\$ 11,238	
Additional Costs:				
Computer				
Office set-up			n/a	
Other (specify)				
TOTAL NEW COSTS				\$ 61,349
				Note: Only \$27, 812
				In "new" costs

Anticipated Starting Date of Position:

<u>Funding Source(s)</u>: Provide explanation of funding source(s) (e.g., excise tax, new grants, existing grants, other identified sources, etc.).

\$27,812 will be funded by Cultural Video Grants in FY 10 and 11. Increase contingent upon grant funding.

MAJOR ACCOMPLISHMENTS IN FY 2008-09

Administration

- Continue process improvement project for MERC Event Business Management System (EBMS).
- Complete external audit of MERC's second year of accounting activity on EBMS with no material weaknesses or significant deficiencies noted, contributing to Metro's unqualified opinion.
- Implementation of the MERC Strategic Business Plan for 2008-2012.

Oregon Convention Center

- Completed LEED-EB recertification in March/April 2008 and achieved a Silver rating.
- Secured Metro Council approval to move forward with executing the headquarters hotel development agreement and phase 1 of the design for this project.
- Hired a sustainability coordinator to help manage all of the sustainability programs for OCC as well as educate our clients, exhibitors and contractors on being green and to set long terms goals for managing our sustainable programs in the future.
- Completed annual economic impact study for OCC

Portland Center for the Performing Arts

- Led project development and funding for a cultural video project at Hatfield Hall
- Initiated first economic impact study for PCPA
- Took part in IAAM performing arts center operations benchmark study
- Obtained funding and launched design development options for Schnitzer Concert Hall
- Implemented first "Spotlight Tour" program to better inform the community about PCPA
- Developed intern program for minority, disadvantaged and disabled college students
- Purchased new scheduling software for admissions scheduling
- Obtained title sponsor for Music on Main concert series
- Conducted LEEDS/Sustainability study for all PCPA venues

Portland Expo Center

- Conducted vulnerability site assessment with the Department of Homeland Security.
- Executed revenue generating site lease agreement with Clearwire for transmission of its communication services.
- Finalized the Columbia River Crossing Project consensus recommendation relative to the Marine Drive / I-5 interchange.
- Completed facility assessment and established next step action items associated with the American Red Cross / MERC SOU.
- Initiated first economic impact study for Expo

SERVICE LEVEL CHANGES FROM FY 2008-09

Administration

- During the 2008-09 FY MERC has reclassified the vacant Public Relation Manager position to a director of Business and Community Development. This position will manage business and community development and including creation and execution of short and long term strategic business plans.
- The Information Technology Department converted two part time positions into 1.00 FTE Business Systems Analyst dedicated to training and customer support.
- There are no significant changes proposed in the 2009-10 Budget

Oregon Convention Center

- Safety issues and proper security procedures and needs of the facility, OCC increased 1.00 FTE Facility Security Agent to the graveyard shift.
- Increase existing vacant .60 FTE Marketing and Promotions Coordinator at the Oregon Convention Center to 1.00 FTE
 Public Relations Manager. This position will assist the MERC Director of Communications and Strategic Development with
 public relations, communications, press activities and messaging for both MERC and OCC.
- There are 41 national/regional conventions booked for 2009-10, an increase of seven from the current year.
- MERC has dedicated \$5,186,398 in General Contingency for next phase of Headquarters Hotel Project if approved by Metro Council

- o PERS Reserve Contingency \$1,486,398
- Headquarters Hotel Contingency funded from the Oregon Convention Center fund balance \$3,700,000

Portland Center for the Performing Arts

- 2009-10 FY will have nine weeks of Broadway, down from the 14 weeks booked for the 2008-09 FY.
- PCPA is seeking grant funding for the Cultural Video project. The Cultural Video Center will provide a series of large
 retractable video screens in the lobby of Antoinette Hatfield Hall that will be programmed with educational video content
 about and by Oregon's artists and art organizations. If grant funding is secured PCPA will increase the current .75 FTE
 Marketing Promotions Coordinator to 1.0 FTE to act as the Video System Coordinator.

Portland Expo Center

- There is no expected change in service levels for the Portland Expo Center.
- The Expo Center budget includes \$50,000 to complete an update of the Master Plan funded from admission fees previously
 collected and designated for phase 3.

MAJOR OBJECTIVES FOR FY 2009-10

Administration

- Continue development and implementation of critical financial management policies, procedures and processes.
- Emphasis on training and business process improvement especially for users of EBMS
- Develop performance standards based on industry benchmarks.
- Partner with OCC and Metro to develop a financing plan and secure funding for construction of a publicly owned convention headquarters hotel. This project requires re-examining Transient Lodging Tax and Visitor Development Initiative.

Oregon Convention Center

- Increase customer service levels throughout the OCC organization for our clients and our internal customers by establishing service standards and employee expectations.
- Capital projects to include revenue generation operations with new kitchen improvements and creation of new seated food operation. Major re-lamping project to decrease our electrical consumption by 15% and moving forward with a solar panel project on the southern roof to increase our renewal energy usage by an additional 10-12%.

Portland Center for the Performing Arts

- Launch cultural video project.
- Repair peripet wall at Arlene Schnitzer Concert Hall
- Focus will be primarily on seeking opportunities to increase revenues in a down economy and identifying operational efficiencies while maintaining a high level of customer service and satisfaction.

Portland Expo Center

- Execute action items identified in the American Red Cross / MERC SOU.
- Determine and begin initial steps in updating the Conditional Use Master Plan

Metropolitan Exposition-Recreation Commission

MERC Capital Project Detail

2009-10 Proposed Budget

Project	Description	Justification	Source	Impact	Risk
		Oregon Conve	ention Center		
Moveable Air Wall Repair and Retrofit	The original facility is now approaching 20 years in operation and these Air Walls are in need of major maintenance to extend their life, work properly for event needs, to keep them in working order. Many of the covering are in need of repair or replacement and we utilize these divider walls everyday for events. Many of the wall foot closures do not work properly and sound bleeds through the rooms for different events and they are hard to maneuver being 18-30 feet tall.	request to keep the Facility in first class condition and meets the definition.	This is part of a two year project and can be broken into two pieces to help spread the costs as the estimated costs for this project is \$560,000 and should secure operational status for these walls for 10-12 years with proper annual maintenance as we have performed in the past.	move walls, sound bleeding into events separated by the walls,	Repair all rollers, track mechanisms, bearings, foot closures and wall coverings to make sure all walls operate properly and efficiently as designed. We are targeting the original side of the facility Air Wall systems that include Exhibit Halls A and A1, Oregon Ballroom, A,B,C Meeting Rooms
Replace Exhibit Hall WiFi and Show Network	This would allow for the matching of the new system installed in all of the lobby, meeting rooms and Ballrooms and provides for higher bandwidth capabilities for our customers. We charge a fee for this installation and is a significant revenue source for the OCC. We currently have a contract for sales and marketing of this system to customers through Smart City Networks affiliate CCPI which ends in 2009. This would allow us to manage the whole system ourselves as well if we decide to not renew the agreement. Current revenues are split evenly and the return on investment would be less than two years.	operating funds for this project	We currently jointly manage the telecommunications options with CCPI and split the revenue with them for marketing and sales services. This purchase allows for the entire system to be managed by OCC if we do not extend this agreement or decide to go out and select a different vendor to provide these services in the future. This enhances our capabilities and we are looking at increasing our revenue this year by 30% and we could cover the entire cost if we self operate the system.	There is no real risk here for not doing this project	This would replace the current WiFi antenna with a higher coverage capability/management system and provide for a Show upgrade for exhibit type events utilizing the Exhibit Halls.
Upgrade Kitchen Capacity and Storage	Increased building space and an additional Ballroom have increased our food only event schedule as well as the need to due multiple events with different menu selections by clients. We feel this increase in capacity will allow for better quality product, timely delivery, capability to better serve the customers menu choices and increase the capacity of our dish washing and reduce the labor necessary to provide all of the services listed. this should increase our margins on an annual basis, with payback probably around 7 years.	MERC Capital Fund Account.	Impact will be having the kitchen down over a three-four month period as the event schedule permits, but should all be accomplished in a year once construction commences. Again impact is increase of capacity, flexibility of menu choices and services provided, increase in quality and a savings in labor.	up the service levels without spending more money on labor with the potential of reduced quality of the	This project would increase the cooking capacity in the kitchen by re-configuring the layout, adding 2 fryers, 1 convection steamer, 1 tilting skillet/braising pan, 2 convection ovens stacked, 1 charbroiller, 1 griddle and 2 heavy duty ranges. All of this equipment would fit under a new venting hood and fire suppression system. This almost doubles our capacity without increasing the footprint of the kitchen. We would purchase 2 new dishwashers as well as a soiled tray handling system for dirty dish cleaning, a new walk-in cooler and refrigeration with this increased cooking capacity, renovated lockers and dressing area for the increased staff and new storage construction for item currently stored in the kitchen. This is a significant project with more than \$500,000 in equipment purchases.

MERC Capital Project Detail

2009-10 Proposed Budget

Project	<u>Description</u>	2009-10 Prop Justification	Source	<u>Impact</u>	Risk
	This project would give our staff the flexibility to clean		There is a labor savings and helps keep	There is no risk or	Erect lockable gates at all 10 of the Exhibit Hall
all Exhibit Hall Restrooms	,	Account	the client happy with clean restrooms for their event. The price includes 10 gates, hardware and the labor to install them, about \$2500 per gate	consequence for not doing this project	Restrooms so Bathrooms can be locked off after cleaning. There are no doors on these restrooms and they cannot be blocked off for any reason. all of the other restrooms in the building have lockable doors.
Replacement of Overhead Door for Dry Waste Compactor	This is a maintenance/operations issue	OCC Operating Fund	This replacement is necessary to effectively secure the building around this compactor unit and really is a maintenance replacement need for a worn out piece of equipment.	The risk is minimal for this project if it is delayed	OCC is in need of replacing the Overhead Door for the Dry Waste compactor on the main loading dock
Replace Riding Vacuum	We are replacing some of the original riding vacuum equipment that no longer can be repaired adequately to stay operational functional. This is an equipment replacement item	OCC Operating fund	Helps the cleaning crew be more efficient and effective to clean large areas of the facility with minimum amount of labor. We also utilize this equipment to clean/sweep aisle carpet that we generate around \$100,000 annually	Risk is not great if this project is delayed, but a little more serious if not purchased in terms of doing the job needed in the time frames we have to clean the facility of sweep the show.	This is to replace one of the riding vacuum cleaners we use to sweep the building carpeted areas as well as generate revenue for booth and aisle cleaning for shows.
Replace Way Digital Equipment	Current equipment is over 6 years old and does not provide the service level or the technology needed to be able to service our show managers and attendees. We get complaints on our surveys that the way finding system is in adequate for show management needs and helping folks to locate their meeting room or event space. We would be able to provide faster information, more client information as well as information about what's going on in OCC and around the world with news and weather. This upgrade will allow for the replacement of 8 screens and maps in the facility. We would also be able to replace some of the Clarity screen system on the overhead signage for messaging as well.		This will improve customer service with quicker access to event information and a means to find that location in the facility. We can also message/market other services and events in the facility to those attending events at OCC.	There is not a risk or consequence for not doing this project or postponing it.	This request will allow for the replacement of old technology currently in use in the OCC Information Kiosk system to up grade the capabilities of information distribution and touch screen for visitors to help them be able to locate their meeting space in the center. this will also provide OCC with a better way to communicate other information about what's going on in the center, market our food options and other events as well as provide for faster communication with our guests.
3-Wheeled Security Vehicle	We currently spend about \$3000 annually to lease a car which has very little use for the security staff here at OCC. this vehicle would better suite our needs to make rounds in the facility, check out situations outside the facility and respond in a timely manner when needed.	OCC Operating funds would be the source for this project	This would have a return on investment of a little over 4 years.	There is no risk if this project is delayed	OCC is requesting to purchase a 3 wheeled vehicle that can be utilized inside and outside the building to have security respond quickly and make their rounds of the building much faster.

Project	Description	Justification	Source	Impact	Risk		
Renovate Pre-A and Pre-C Phone Banks	This takes a non productive area and sets up the ability for attendees to access our WiFi network and do work while they are here attending events at OCC. We do charge for access to our system and this would be a potential revenue item all be it somewhat small.	Funding would be through the OCC Operating fund	This is really a customer service item and makes better use of space that was originally dedicated to pay phone usage and there is small revenue attached to this project, but not enough to warrant a payback period for this project.	doing this project	This would be the second phase of a three phase project to renovate the old phone bank areas into laptop work stations for guests attending OCC events. Pay phones are no longer feasible and are not used by most people entering the facility for events, but many people need to be able to access the internet and work on their laptops.		
Kinko's Remodel to food Outlet	Cost estimate per the schematic design is \$250,000 for all construction, remodel and FF & E for this location. We fell that the ROI for this project will be in 2.5 years and generate significant revenue on an ongoing basis for OCC. It will be managed by Food and Beverage contractor and opened on an event driven basis to achieve effectiveness	Funds will come from the OCC Food and Beverage 5% Reserve Account from this year and \$125,000 from fiscal year 2009-2010 to accomplish this project	OCC food and beverage concessions operations suffers from lack of seating in the main areas where attendees are located and this project will help to alleviate this problem as well as creating an unique space to serve out attendees a different food and beverage menu and atmosphere. We feel this will increase our concession food spending for every show.	increase our per cap spending in the building through our	This project is in current design and would remodel the old Kinko's Business Office into a first class food outlet with seating for about 75 people, bar and food preparation and food service to OCC attendees. Located in the central part of the facility would be the meeting place for folks attending events, serve a different food option and provide for much needed seating in the public spaces of the facility OCC currently does not have. The space is currently under-utilized and this provide a huge opportunity to increase our per capita food spending as well.

EXPO Hall "C" Heating System		Capital Fund Balance	There has been no ROI done for this project. By replacing the current heating system, Hall "C" will have a functioning heating system and will be able to be maintained properly. The end result should also yield energy cost savings and use efficiency. There will be no negative impact on facility operations.	heat source in Hall "C").	Replace heating system in Hall "C". Current heating system in Hall "C" is obsolete and system parts can no longer be replaced and/or maintained. System is currently failing.

Project	Description	Justification	Source	Impact	Risk		
EXPO Halls D& E Emergency Lighting		Capital Fund Balance	Safety - There has been no ROI done for this project. There will be no negative impact on facility operations.	Replacement MUST be done for building safety compliance and public safety.	Replace lighting battery back-up for Halls "D" & "E".		
EXPO Halls "A" - "B" Relamp		Capital Fund Balance	There has been no ROI done for this project. The project end result will yield energy cost savings and use efficiency. There will be no negative impact on facility operations.	higher project costs and energy costs.	Change out lighting in Halls "A" and "B" from T-12's to T8's for energy cost and efficiency benefits.		
EXPO Parking Lot R&R		Capital Fund Balance	There has been no ROI done for this project. There will be no negative impact on facility operations.	higher project costs and further deterioration which could lead to unsafe conditions.	Parking lot asphalt to be removed and replaced at Halls A, B and C. General Maintenance can not be done due to the deteriorations of asphalt. (Original Request 1/16/2009)		
Information Technology (MERC)							
SharePoint EXTRANet	The ultimate objective of this project is to provide web based collaboration tools with MERC external partners, stakeholders, and citizens using a standard, scalable, and technically friendly platform that can be deployed without the expense of external consultants. Potential examples include collaboration web sites for major MERC projects like HQH, CRC, capital improvements. Automated web data collection of vendor demographics and surveys are more examples.	capital	No ROI has been calculated for this project	to custom build web	Access to the existing SharePoint product is restricted to internal users authenticated to our network. The existing SharePoint product will not allow deployment of internet facing collaboration web sites. This project purchases the SharePoint product licenses needed to deploy internet facing web site.		
Kronos Advanced Scheduling	Elimination of manual side systems moving to agency wide standard scheduling platform. Fewer errors and more efficient for scheduler` and employees.	capital	No ROI has been calculated for this project.	Continuation of manual scheduling for event staff.	Implement Kronos advanced scheduling for MERC event staff employees scheduled by the PCPA events department and PCPA volunteers. PCPA schedules front of house event staff for all PCPA venues, OCC, and EXPO front of house event staff. Demonstrate applicability of scheduling functionality to other MERC/METRO departments that may benefit from automated employee scheduling; MERC security, medical technicians, operations; METRO parts, zoo, solid waste.		
EBMS License Bump	We have become aware from advances in the EBMS product that we are regularly exceeding the concurrent license count specified in our software license agreement with USI.	capital	No ROI has been calculated for this project.		Increase EBMS concurrent license count from 64 to 80.		
Server Virtualization	Consolidation of several old servers into a single new server will reduce electrical expense and reduce the equipment footprint in the data center.	capital	No ROI was calculated for this project.	The older servers are obsolete and the probability of failure is higher. Our potential risk for business disruption is higher if we do not keep our data center equipment current.	Server virtualization allows IT to consolidate the functionality of several older servers into a single new server. Several servers in our data center a older than five years and need to be replaced.
