Memo

Date: February 1, 2021

To: Adriana Antelo

ODOT Region 1 Interim STIP Coordinator

123 NW Flanders St Portland, OR 97201

From: Ken Lobeck, Funding Programs Lead, 971-985-6156 (cell)

Subject: January FY 2021 Administrative Modification Bundle #3, AB21-08-JAN3 Approval

Request to the 2021-24 MTIP

Dear Adriana:

In accordance with 23 CFR 450.328, Metro is submitting a Metro approved administrative modification bundle for ODOT review and approval for STIP inclusion. The January FY 2021 Administrative Modification, Bundle #3 to the 2021-24 MTIP is under Metro amendment number AB21-08-JAN3. Four projects comprise the bundle. They include:

- Key 20374 Beaverton's West Systemic Signals and illumination (Beaverton).
- Key 20451 ODOT's OR8 at River Rd
- Key 20435 ODOT's OR99W: I-5 McDonald St
- Key 21496 Portland's NE Airport Way Arterial Corridor Management

I certify Metro has completed all required review and approval steps as the MPO and IAW with 23 CFR 450.328 for the 2021-24 MTIP for this administrative modification bundle. Please direct any comments or questions concerning this amendment to Ken Lobeck, Funding Programs Lead at ken.lobeck@oregonmetro.gov.

Thank you for your time to review Metro's January#3, 2021 TIP Administrative Modification.

Kenneth 7 Lobeck

Kenneth F. Lobeck Funding Programs Lead Metro 600 NE Grand Avenue Portland, OR 97232

2021-24 Metropolitan Transportation Improvement Program (MTIP) Metro January 2021Administrative Modification Bundle #3

Modification Number: **AB21-08-JAN3**, Resolution: N/A Number of projects within this amendment: **4 total**Project Narratives

Proposed January 2021 Administrative Modification Bundle #3 Modification Number: AB21-08-JAN3 Total Number of Projects: 4

ODOT Key	Lead Agency	Project Name	Description	Required Changes
Project #1 Key 20374	Beaverton	West Systemic Signals and illumination (Beaverton)	Improvements at various intersections in the City of Beaverton including signals, lighting, signing and curb ramp upgrades to improve safety.	FUND PHASE SHIFT: Shift a portion of Construction phase funding to ROW. Project name clarification included as well.
Project #2 Key 20451	ODOT	OR8 at River Rd	On OR8 at River Rd from MP 11.17 to MP 11.75, Construct full signal upgrade with illumination and ADA improvements at the SW and SE corner & signal modification at the NW and NE corner at the intersection of OR8 and River Rd in the City of Hillsboro.	SCOPE ADJUSTMENT: The admin mod cancels the Other phase due to an adjustment in the project scope. This results in a \$314k cost reduction to the project. The scope adjustment is considered minor.
Project #3 Key 20435	ODOT	OR99W: I-5 - McDonald St	Repave roadway; upgrade ADA ramps to current standards; improve access management; include pedestrian improvements, and address drainage as needed. Includes full signal upgrade at Johnson/Main.	FUND PHASE SHIFT: \$1,338,964 of Construction phase funding is shifted to PE to address a PE phase funding need. An updated Construction phase cost estimate indicates backfill is not required.
Project #4 Key 21496	Portland	NE Airport Way Arterial Corridor Management	ATCMTD child project to deploy ITS infrastructure along Airport Way from 82nd Ave to Riverside Parkway including Install message signs, updating signal collectors, CCTV cameras, fiber communication, etc.	SCOPE ADJUSTMENT: Reduce scope by dropping the "Install Change Message Signs" from the project scope. No change in project cost.

Metro January 2021Administrative Modification Bundle #3

Modification Number: **AB21-08-JAN3**, Resolution: N/A Number of projects within this amendment: **4 total**Project Narratives

Project Summa	ary (#1)									
ODOT Key:	20374 MTIP ID: 70956									
Project Type:	Existing Completion Date: 12/31/2022									
Name:	West Systemic Signals and illumination (Beaverton)									
Lead Agency:	Beaverton									
Description:	Improvements at various intersections in the City of Beaverton including signals, lighting, signing and curb ramp upgrades to improve safety.									
Amending:	PHASE FUND SHIFT:									
	A portion of Construction phase funding is being	ng shifted to ROW to address a ROW								
	phase funding shortfall									

Project Details

 MODIFY MTIP PROJECT NAME: Add "West" to the beginning of the project name. Revised project name is now:

"West Systemic Signals and illumination (Beaverton)"

• Note: Modified name is for clarity. There is no scope or limits change as a result

Project Funding

Preliminary Engineering (PE) Phase:

- DELETE federal ADVCON fund type code (ACP0) FY 2019 PE phase cost of \$626,865
- ADD federal HSIP fund type code (ZS30) FY 2019 PE phase cost of \$626,865
- There is no change to local match. ADVCON conversion code of HSIP replaces ADVCON through this action.
- Total PE phase programming amount remains unchanged at \$679,750

Right of Way (ROW) Phase:

- INCREASE federal HSIP fund cod (ZS30) FY 2021 ROW phase cost from \$32,277 to \$87,027
- INCREASE Local fund type code (match to HSIP) FY 2021 ROW phase cost from \$2,723 to \$7,342
- Total ROW phase programming increases from \$35,000 to \$94,369

Other Phase:

- No changes
- Total Other phase programming remains unchanged at \$245,000

Construction Phase:

- DECREASE federal HSIP fund type code (ZS30) FY 2021Construction phase cost from \$1,025,349 to \$970.599

Administrative Amendment Justification

The fund swap between phases does not result in a scope or cost change allowing the change to occur administratively.

Funding Change Details

Amendment submission items:

- ✓ Email request for amendment
- ✓ Completed STIP Summary Sheet
- ✓ Completed STIP Impacts Worksheet
- ✓ Construction phase Cost Update
- MTIP Worksheet

The admin mod adds the ADVCON conversion code to the project and transfers Construction phase funding to address a ROW phase funding shortfall. ROW increases to \$94,369. The ROW estimate at DAP was estimated for the amount of \$94,369 which is higher than the available ROW fund (\$35,000) by the amount of (\$59,369). The construction cost Estimate at DAP shows the amount of \$1,052,027 (see attachment) which is less than the available fund in the STP (\$1,111,851). The construction decreases and does not require backfilling based on the updated construction phase cost estimate for the project. Finally, the project name adds "West" to the name for geographic clarity. There is no scope or cost change as a result of the admin mod changes.

Metro January 2021Administrative Modification Bundle #3

Modification Number: **AB21-08-JAN3**, Resolution: N/A Number of projects within this amendment: **4 total**Project Narratives

- DECREASE Local fund type code (match to HSIP) FY 2021 Construction phase cost from \$86,502 to \$81,883
- Total Construction phase programming decreases from \$1,111,851 to \$1,052,482
- Total project programming remains unchanged at \$2.071.601

MTIP Review & Certification Details

- Administrative Modification Authorized: Yes. Phase fund swaps where no cost change occurs or scope change are allowable as Administrative Modifications.
- Metro Legislation Required: No
- MTIP Eligibility Verification: Yes
 - o Includes federal transportation funds: Yes
 - Located on the Metro roadway network: Yes
 - o Provides transportation system improvement: Yes
- Considered a Regionally Significant Project: Yes project has federal funds and is located on the Metro Motor Vehicle network
- Fiscal Constraint Review and Verification: Yes.
- RTP Consistency Review: Yes
 - o **In Current RTP: Yes.** Project ID 12095 Safety & Operations Projects
 - o **RTP Description:** Projects to improve safety or operational efficiencies such as pedestrian crossings of arterial roads, railroad crossing repairs, slide and rock fall protections, illumination, signals and signal operations systems that do not add motor vehicle capacity.
 - o RTP and MTIP Costs Consistent: Yes.
- Considered Included in ODOT O&M RTP Project Grouping: Yes
 - o Bridge Rehabilitate & Repair
 - o Culvert Replacement & Repair
 - o Highway Pavement Maintenance
 - Safety and Operations Project
- Project located on the National Highway System (NHS): Yes.
- Capacity Enhancing Project: No: The project is not a capacity enhancing project and is considered exempt under 40 CFR 93.127, Table 2 Safety Highway Safety Improvement Program implementation
- Satisfies 2018 RTP Goals and Strategies: Yes. Goal #5 Safety and Security
 - Objective 5.1 Transportation Safety
 - **Description:** Complete Eliminate fatal and severe injury crashes for all modes of travel.
- **MPO Responsibilities/Public Notification included: No** Administrative Modifications are not subject to the 30 –day Public Notification/Opportunity to comment process.
- OTC action required: No. OTC approval was not required for this Administrative Modification.
- **JPACT & Metro Council action required: No.** JPACT and Metro Council approval were not required for this Administrative Modification

Metro

2021-24 Metropolitan Transportation Improvement Program (MTIP) PROJECT ADMINISTRATIVE MODIFICATION DETAIL WORKSHEET

Administrative Modification PHASE FUND SHIFT Shift a portion of Cons funding to ROW

Lead Agency: Beaverton		Project Type:	Safety		ODOT Key:	20374
Project Name:		ODOT Type	Safety		MTIP ID:	70956
Systemic Signals and Illumination (Beaverton)	1	Capacity Enhancing:	No		Status:	4
West Systemic Signals and illumination (Beaverton)		Conformity Exempt:	Yes		Comp Date	12/31/2022
Project Status: 4 = (PS&E) Planning Specifications, & Estimates (final design 30%,		Performance Meas:	Yes		RTP ID:	12095
60%,90% design activities initiated).		On State Hwy Sys:	No		RFFA ID:	N/A
		Mile Post Begin:	N/A	-	RFFA Cycle:	N/A
		Mile Post End:	N/A	-	UPWP:	No
Short Description: Improvements at various intersections in the City of Beaverton		Length:	0	-	UPWP Cycle:	N/A
including signals, lighting, signing and curb ramp upgrades to improve safety.		1st Year Program'd:	2019		Past Amend:	3
		Years Active:	3		OTC Approval:	No
		STIP Amend#: 21-24-047	75	1	MTIP Amend#: Al	321-08-JAN3

Detailed Description: Remaining Site location is #225H at SW Hall Blvd/SW Nimbus Ave intersection and includes: (1) Request LED upgrades from PGE. (2) Install new mast arm poles with reflective backplates and illumination on NE and SW corners. (3) Install left turn signal heads on new mast poles for both northbound and southbound traffic. (4) Install not-ped overlap feature for left-turn phasing. (5) Upgrade ADA

STIP Description: Improvements at various intersections in the City of Beaverton including signals, lighting, signing and curb ramp upgrades to improve safety.

LAST Amendment or Admin Mod: Administrative - Slip ROW and OTHER phases to 2021. AB20-05-DEC2, December 2019

Notes and Changes

> Exempt Status: Exempt project per 40 CFR 93.126, Table 2 - Safety - Highway Safety Improvement Program implementation.

Reason for Modification and Summary of Changes plus Impacts:

The Administrative Modification shifts HSIP and match from the Construction phase back to ROW to address ROW phase funding needs. The ROW estimate at DAP was estimated for the amount of \$94,369 which is higher than the available ROW fund (\$35,000) by the amount of (\$59,369). The construction cost Estimate at DAP shows the amount of \$1,052,027 (see attachment) which is less than the available fund in the STP (\$1,111,851). The Construction phase can be used to cover the ROW cost increase without needing backfill. A copy of the updated Construction phase cost estimate has been provided. The project name has been updated for clarity and does not represent a scope change

References and Additional Notes:

- > Admin Mod Eligible: The phase fund swap does not result in a cost increase or scope change.
- > 2018 RTP ID: 12095 Safety & Operations Projects
- > RTP Description: .Projects to improve safety or operational efficiencies such as pedestrian crossings of arterial roads, railroad crossing repairs, slide and rock fall protections, illumination, signals and signal operations systems, that do not add motor vehicle capacity.
- > Modeling network: Not a capacity enhancing improvement, but safety improvements are located on various locations with the Metro Motor Vehicle network

Metro January 2021Administrative Modification Bundle #3

Modification Number: **AB21-08-JAN3**, Resolution: N/A Number of projects within this amendment: **4 total**Project Narratives

Project Summa	ary (#2)										
ODOT Key:	20451 MTIP ID: 70996										
Project Type:	Existing Completion Date: 12/31/2022										
Name:	OR8 at River Rd										
Lead Agency:	ODOT										
Description:	illumination and ADA improvements at the SV	On OR8 at River Rd from MP 11.17 to MP 11.75, Construct full signal upgrade with illumination and ADA improvements at the SW and SE corner & signal modification at the NW and NE corner at the intersection of OR8 and River Rd in the City of Hillsboro									
Amending: SCOPE ADJUSTMENT The admin mod cancels the Other phase due to an adjustment in the project scope. This results in a \$314k cost reduction to the project. The scope adjustment is considered minor.											

Project Details

- MODIFY MTIP SHORT DESCRIPTION by updating for scope adjustment.
 - Delete "On OR 8 at River Rd from 11.17 to MP 11.75"
 - Add: at the SW and SE corner & signal modification at the NW and NE corner
 - Revised description is now: Construct full signal upgrade with illumination and ADA improvements at the SW and SE corner & signal modification at the NW and NE corner at the intersection of OR8 and River Rd in the City of Hillsboro.

On OR8 at River Rd from MP 11.17 to MP 11.75, construct full signal upgrade with illumination and ADA improvements at the SW and SE corner & signal modification at the NW and NE corner at the intersection of OR8 and River Rd in the City of Hillsboro.

Administrative Amendment Justification

The admin mod cancels the Other phase due to issues with the Railroad resulting in a scope reduction. The scope reduction is minor. The cost change od \$314k equals an 11.9% change and is less than the 20% threshold. Together, the changes are considered within the parameters of an administrative modification.

Project Funding

Preliminary Engineering (PE) Phase:

- No changes
- Total PE phase programming amount remains unchanged at \$1,155,750

Right of Way (ROW) Phase:

- DELETE federal NHPP fund type code (Z001) FY 2021 ROW phase cost of \$82,146
- ADD federal AC-NHPP (92.22%) fund type code (ACP0) in its place FY 2021 ROW phase cost of \$71,009

Funding Change Details

Amendment submission items:

- ✓ Email request for amendment
- ✓ Completed STIP Summary Sheet
- ✓ Completed STIP Impacts Worksheet
- ✓ MTIP Worksheet

The admin mod updates the project descriptions based on the adjusted scope. The row phase is updated for actual obligations. The Other phase is canceled. As a result, the project cost decreased by

Metro January 2021Administrative Modification Bundle #3

Modification Number: AB21-08-JAN3, Resolution: N/A Number of projects within this amendment: 4 total **Project Narratives**

DECREASE State fund type code (match) FY 2021 ROW phase cost from \$9,402 to \$5,991

Total ROW phase programming decreases from \$91,548 to \$77,000

considered minor and the resulting cost change is less than 20%.

Other Phase:

- DELETE federal Rail Safety fund type code (LS 40/50) FY 2021 Other phase cost of \$270,000
- DELETE State fund type code (match) FY 2021 Other phase cost of \$30,000
- Total Other phase programming decreases from \$300,000 to \$0

Note: Other phase is canceled as a result of the changes

The Rail road restriction and the shortage of the construction budget were the reasons on cutting the scope to keep the project as a maintenance project to avoid triggering upgrading the rail crossing to meet UPRR new standard which will result the need to upgrade the whole intersection and adding the median in River Road which the project didn't scope for it.

\$314k which equals an 11.9% cost

change. The scope adjustment is

Construction Phase:

- No changes
- Total Construction phase programming remains unchanged at \$1,102,167
- Total project programming decreases from \$2,649,465 to \$2,334,917

MTIP Review & Certification Details

- Administrative Modification Authorized: Yes. Minor scope changes are allowable as administrative modifications.
- Metro Legislation Required: No
- MTIP Eligibility Verification: Yes
 - o Includes federal transportation funds: Yes
 - o Located on the Metro roadway network: Yes
 - Provides transportation system improvement: Yes
- Considered a Regionally Significant Project: Yes project has federal funds and is located on the Metro Motor Vehicle network
- Fiscal Constraint Review and Verification: Yes.
- RTP Consistency Review: Yes
 - o In Current RTP: Yes. Project ID 12095 Safety & Operations Projects
 - **RTP Description:** Projects to improve safety or operational efficiencies such as pedestrian crossings of arterial roads, railroad crossing repairs, slide and rock fall protections, illumination, signals and signal operations systems that do not add motor vehicle capacity.
 - RTP and MTIP Costs Consistent: Yes.
- Considered Included in ODOT O&M RTP Project Grouping: Yes
 - o Bridge Rehabilitate & Repair
 - Culvert Replacement & Repair
 - o Highway Pavement Maintenance
 - Safety and Operations Project
- Project located on the National Highway System (NHS): Yes.
- Capacity Enhancing Project: No: The project is not a capacity enhancing project and is considered exempt under 40 CFR 93.127, Table 2 – Safety – Projects that correct, improve, or eliminate a hazardous location or feature

Metro January 2021Administrative Modification Bundle #3

Modification Number: **AB21-08-JAN3**, Resolution: N/A Number of projects within this amendment: **4 total**Project Narratives

- Satisfies 2018 RTP Goals and Strategies: Yes. Goal #5 Safety and Security
 - o Objective 5.1 Transportation Safety
 - o **Description:** Complete Eliminate fatal and severe injury crashes for all modes of travel.
- **MPO Responsibilities/Public Notification included: No** Administrative Modifications are not subject to the 30 –day Public Notification/Opportunity to comment process.
- OTC action required: No. OTC approval was not required for this Administrative Modification.
- **JPACT & Metro Council action required: No.** JPACT and Metro Council approval were not required for this Administrative Modification

Key 20451 Summary of Revised Project Scope:

Scope Changes includes: changing the project description to: Full signal upgrade with illumination at the SW and SE corner & signal modification at the NW and NE corner at the intersection of OR8 at River Road in the City of Hillsboro.

The scope changes will delete the following elements from the scope of work in the charter:

- Deleting Upgrading the NW and NE signal with the illumination and the ADA improvement associated with from the scope of work and replace it with the following scope:
 - o New luminaire pole on the NE corner
 - o New electrical service
 - o New signal cabinet on existing foundation
 - o Remove and replace existing signal wiring in existing conduit
 - o Install new radar detection for all approaches
 - o Replace all signal heads to have reflective back plates on all poles.
- Deleting the ADA improvements that is associated with upgrading the signal at the SE and SW corner from the scope of work.
- Deleting Transit stop improvement (Construct concrete bus pad at bus stop) from the scope of work
- Deleting Rail Road features upgrade which includes:
 - o Relocate the existing Cantilever and crossing gate in SE quadrant, install guard rail.
 - o A dynamic envelope at the crossing (Pavement marking)
 - o Repair of the sidewalk profile up to the tracks in the SE quadrant.

Result: Cancel OT phase \$300K and return to Rail bucket of K20352.

Notes and Changes

- > Exempt Status: Exempt project per 40 CFR 93.126, Table 2 Safety Projects that correct, improve, or eliminate a hazardous location or feature
- > Project adjustments result in a \$314,548 cost change which equals a 11.9% cost change to the project

Reason for Modification and Summary of Changes plus Impacts:

The Administrative Modification deletes the Other phase and returns the funding back to the ODOT Rail program. The ROW phase is updated for actual obligations. The project description is updated to reflect the scope adjustment. The scope adjustment deletes Upgrading the NW and NE signal with the illumination and the ADA improvement associated with from the scope of work. Signal, illumination, and ADA improvements still are occurring. The changes reflect a scope reduction and not a major change. The Rail road restriction and the shortage of the construction budget were the reasons on cutting the scope to keep the project as a maintenance project to avoid triggering upgrading the rail crossing to meet UPRR new standard which will result the need to upgrade the whole intersection and adding the median in River Road which the project didn't scope for it. As a result of the changes, the project cost decreases by \$414,548 which equals a 11.9% cost change to the project and is less than the 20% threshold.

References and Additional Notes:

- > Admin Mod Eligible: The project scope is reduced for budgetary and delivery issues. It does not reflect a major change and the cost change is less that 20%
- > 2018 RTP ID: 12095 Safety & Operations Projects
- > RTP Description: .Projects to improve safety or operational efficiencies such as pedestrian crossings of arterial roads, railroad crossing repairs, slide and rock fall protections, illumination, signals and signal operations systems, that do not add motor vehicle capacity.
- > Modeling network: Non capacity improvement to the Metro Motor Vehicle network
- > Model Type: OR8 is identified as major arterial in the network. River Road is a Minor Arterial in the network
- > NHS: Yes. OR8 is identified a "Other NHS Routes"
- > TCM Project: No
- > On CMP: Yes
- > Performance Measurements Apply: Yes subcategory = Safety
- > RTP Goal(s): Goal 5 Safety and Security
- > RTP Goal Description: Objective 5.1 Transportation Safety Eliminate fatal and severe injury crashes for all modes of travel.

2021-24 Metropolitan Transportation Improvement Program (MTIP) Metro January 2021Administrative Modification Bundle #3

Modification Number: **AB21-08-JAN3**, Resolution: N/A

Modification Number: **AB21-08-JAN3**, Resolution: N/A Number of projects within this amendment: **4 total**Project Narratives

Project Summa	ary (#3)										
ODOT Key:	20435	MTIP ID: 70988									
Project Type:	Existing Completion Date: 12/31/2023										
Name:	ne: OR99W: I-5 - McDonald St										
Lead Agency:	ODOT										
Description:	Repave roadway; upgrade ADA ramps to current standards; improve access management; include pedestrian improvements, and address drainage as needed. Includes full signal upgrade at Johnson/Main.										
Amending: PHASE FUND SHIFT The admin mod shifts construction to PE to address a PE funding need. No construction phase backfill required. There is no change the total project cost or scope.											

Project Details

No changes

Project Funding

Preliminary Engineering (PE) Phase:

- INCREASE federal AC-NHPP (89.73%) fund type code (ACP0) FY 2018 PE phase cost from \$1,390,815 to \$2,592,267
- INCREASE State fund type code (match to AC-NHPP) FY 2018 PE phase cost from \$159,185 to \$296,697 Source of additional funds is from the Construction phase.
- Total PE phase programming amount increases from \$3,472,919 to \$4,811,883

Right of Way (ROW) Phase:

- No changes
- Total ROW phase programming remains at \$4,000,000

Construction Phase:

- DELETE federal NHPP fund type code (Z001) FY 2022 Construction phase cost of \$8,020,044
- DELETE State fund type code (match to NHPP) FY 2022 Construction phase cost of \$917,930
- INCREASE federal AC-NHPP (89.73%) fund type code FY 2022 Construction phase from \$4,172,064 to \$10.990.655
- INCREASE State fund type code (match to AC-NHPP) FY 2022 Construction phase cost from \$477,511 to \$1,257,930
- Total Construction phase programming decreases from \$16,587,549 to \$15,248,585

Administrative Amendment Justification

The fund swap between phases does not result in a scope or cost change allowing the change to occur administratively.

Funding Change Details

Amendment submission items:

- ✓ Email request for amendment
- ✓ Completed STIP Summary Sheet
- ✓ Completed STIP Impacts Worksheet
- ✓ Construction phase Cost Update
- ✓ MTIP Worksheet

The admin mod started based on changes made in a recent admin mod, AB21-07-JAN2 which also occurred in January 2021.

Project reviews indicated PE was short funding while the Construction phase had additional contingency that could be spared without impacting the Construction phase. \$1,338,964 is being shifted from the Construction phase to PE to cover the funding shortfall. An updated Construction phase cost estimate indicates backfill is not required. No scope is occurring. Total project cost remains unchanged at \$24,060,468

Metro January 2021Administrative Modification Bundle #3

Modification Number: **AB21-08-JAN3**, Resolution: N/A Number of projects within this amendment: **4 total**Project Narratives

Project Summary (#4)

ODOT Key: 21496 MTIP ID: 71076

Project Type: Existing Completion Date: 12/31/2022

Name: NE Airport Way Arterial Corridor Management

Lead Agency: Portland

Description: ATCMTD child project to deploy ITS infrastructure along Airport Way from 82nd Ave to Riverside Parkway including Install message signs, updating signal collectors, CCTV cameras, fiber communication, etc.

Amending:

Project Details

MODIFY THE MTIP SHORT DESCRIPTION

- Add "including" after Riverside Parkway
- Delete "Install message signs" from the description
- Revised Short Description is now:

ATCMTD child project to deploy ITS infrastructure along Airport Way from 82nd Ave to Riverside Parkway including updating signal collectors, CCTV cameras, fiber communication, etc.

MODIFY DETAILED DESCRIPTION:

 Strike "Install electronic message signs" from the Detailed Description. The revised Detailed Description is now:

One of 9 child projects from the parent ODOT ATCMTD statewide ITS grant will update traffic signal controllers, CCTV cameras, truck priority, traffic monitoring stations, fiber communication, and integrate these devices with the City's, ODOT's, and TriMet's Transportation Operation Centers. This project is part of the larger City and Regional Advanced Traffic Management System (ATMS) objectives.

Administrative Amendment Justification

The scope adjustment is minor and does not impact the project cost.

Project Funding

Preliminary Engineering (PE) Phase:

- No changes
- Total PE phase programming amount remains unchanged at \$110,000

Other Phase:

- No changes
- Total Other phase programming remains unchanged at \$50,000

Construction Phase:

- No changes
- Total Construction phase programming remains unchanged at \$1,040,000

Funding Change Details

Amendment submission items:

- ✓ Email request for amendment
- ✓ Completed STIP Summary Sheet
- ✓ Completed STIP Impacts Worksheet
- ✓ MTIP Worksheet

The admin mod reduces the scope to eliminate the changeable message signs as part of the scope. The project is 100% federal and the initial cost elements were underestimated resulting in the scope adjustment. There is no change in total project cost..

Metro January 2021Administrative Modification Bundle #3

Modification Number: **AB21-08-JAN3**, Resolution: N/A Number of projects within this amendment: **4 total**Project Narratives

- Total project programming remains unchanged at \$1,200,000

MTIP Review & Certification Details

- Administrative Modification Authorized: Yes. Minor scope changes are authorized to be completed as Administrative Modifications.
- Metro Legislation Required: No
- MTIP Eligibility Verification: Yes
 - o Includes federal transportation funds: Yes
 - o Located on the Metro roadway network: Yes
 - o Provides transportation system improvement: Yes
- Considered a Regionally Significant Project: Yes project has federal funds and is located on the Metro Motor Vehicle network
- Fiscal Constraint Review and Verification: Yes.
- RTP Consistency Review: Yes
 - o **In Current RTP: Yes.** Project ID 11104 Regional TSMO Program Investments for 2018-2027
 - Operations (TSMO) investments used by multiple agencies (e.g., Central Signal System, traffic signal priority, data communications and archiving) and coordinate response to crashes. The regional program also includes strategy planning (e.g., periodic TSMO Strategy updates), coordination of activities for TransPort subcommittee to TPAC, updates to the blueprints for agency software and hardware systems (ITS Architecture), improving traveler information with live-streaming data for connected vehicle and mobile information systems (TripCheck Traveler Information Portal Enhancement), and improving "big data" processing (PSU PORTAL) to support analyzing performance measures...
 - o RTP and MTIP Costs Consistent: Yes.
- Considered Included in ODOT O&M RTP Project Grouping: No
 - o Bridge Rehabilitate & Repair
 - o Culvert Replacement & Repair
 - o Highway Pavement Maintenance
 - Safety and Operations Project
- Project located on the National Highway System (NHS): Yes.
- Capacity Enhancing Project: No: The project is not a capacity enhancing project and is considered exempt under 40 CFR 93.127, Table 2 Safety Traffic control devices and operating assistance other than signalization projects.
- Satisfies 2018 RTP Goals and Strategies: Yes. Goal #4 Reliability and Efficiency
 - Objective 4.3 Travel Information
 - o **Description:** Complete Increase the number of travelers, households and businesses with access to real-time comprehensive, integrated, and universally accessible travel information.
- MPO Responsibilities/Public Notification included: No Administrative Modifications are not subject to the 30 –day Public Notification/Opportunity to comment process.
- OTC action required: No. OTC approval was not required for this Administrative Modification.
- JPACT & Metro Council action required: No. JPACT and Metro Council approval were not required for this Administrative Modification

Notes and Changes

> Exempt Status: Exempt project per 40 CFR 93.126, Table 2 - Safety - Traffic control devices and operating assistance other than signalization projects.

Reason for Modification and Summary of Changes plus Impacts:

The Administrative Modification deletes the "Changeable Message Signs" as part of the scope of work due to revised costs for the project. The project is 100% federally funded and the scope must fit within the allocated budget. Dropping the CMS is a minor adjustment, but keeps the project within budget. The project description is updated to reflect this. There is no cost change as part of the scope adjustment.

References and Additional Notes:

- > Admin Mod Eligible: The scope reduction is minor compared to other over planned improvements. Minor scope changes are allowable as administrative modifications.
- > 2018 RTP ID: 11104 Regional TSMO Program Investments for 2018-2027
- > RTP Description: Implement and maintain Transportations System Management and Operations (TSMO) investments used by multiple agencies (e.g., Central Signal System, traffic signal priority, data communications and archiving) and coordinate response to crashes. The regional program also includes strategy planning (e.g., periodic TSMO Strategy updates), coordination of activities for TransPort subcommittee to TPAC, updates to the blueprints for agency software and hardware systems (ITS Architecture), improving traveler information with live-streaming data for connected vehicle and mobile information systems (TripCheck Traveler Information Portal Enhancement), and improving "big data" processing (PSU PORTAL) to support analyzing performance measures.
- > Modeling network: Motor Vehicle network. The improvements are exempt and fall under safety improvement in 40 CFR 93.126.
- > Model Type: Major Arterial in the Motor Vehicle Network
- > NHS: Yes, designated as a MAP-21 Principal Arterials
- > TCM Project: No
- > On CMP: No
- > Performance Measurements Apply: Yes, possibly safety
- > RTP Goal(s): Goal 4 Reliability and Efficiency
- > RTP Goal Description: Objective 4.3 Travel Information Increase the number of travelers, households and businesses with access to real-time comprehensive, integrated, and universally accessible travel information.
