COUNTY AND ODOT (MA21-10-MAY))	

WHEREAS, the Metropolitan Transportation Improvement Program (MTIP) prioritizes projects from the Regional Transportation Plan (RTP) to receive transportation related funding; and

WHEREAS, the Joint Policy Advisory Committee on Transportation (JPACT) and the Metro Council approved the 2021-24 MTIP via Resolution 20-5110 on July 23, 2020; and

WHEREAS, JPACT and the Metro Council must approve any subsequent amendments to add new projects or substantially modify existing projects in the MTIP; and

WHEREAS, the U.S. Department of Transportation (USDOT) has issued clarified MTIP amendment submission rules and definitions for MTIP formal amendments and administrative modifications that both ODOT and all Oregon MPOs must adhere to which includes that all new projects added to the MTIP must complete the formal amendment process; and

WHEREAS, MTIP amendments now must also include assessments for required performance measure compliance, expanded RTP consistency, and strive to meet annual Metro and statewide obligation targets resulting in additional MTIP amendment processing practices and procedures; and

WHEREAS, Metro is now under formal annual obligation targets resulting in additional accountability for Metro to commit, program, obligate, and expend allocated federal formula funds; and

WHEREAS, thirteen of the fifteen May 2021 Formal MTIP Amendment Bundle are future year Unified Planning Work Programming (UPWP) project grouping buckets (PGB) being reprogrammed out to federal fiscal year (FFY) 2025) to ensure the funds do not create conflicts with the annual Obligation Targets program; and

WHEREAS, the UPWP PGBs being reprogrammed consist of Metro Regional Flexible Fund Allocation Step One allocations in support of future UPWP Next Corridor Planning, Freight and Economic Development Planning, Regional MPO Planning, and Regional Travel Options (RTO) planning requirements; and

WHEREAS, each year when the annual UPWP is completed and the actual program funding requirements are identified and approved, the required Surface Transportation Block Grant (STBG) funding will be advanced into current UPWP program year to be obligated and expended appropriately without conflicting with the Obligation Targets program requirements; and

WHEREAS, an updated project delivery review for Multnomah County's Starke Street Multimodal Connections project revealed a significant cost increase to the project that was not anticipated resulting in the decision to cancel the project currently and request funding repurposing from ODOT to another eligible project; and

WHEREAS, ODOT approved the Multnomah County funding repurposing request, authorized funding reprogramming, and will commit additional ODOT funds to the new Cornelius Pass Hwy, US 26 to US30 Intelligent Transportation System (ITS) project which will complete various safety and ITS improvements such as upgrade and install signing, striping, and signal equipment as well as install new ITS devices such as cameras and variable message signs for improved traveler safety; and

WHEREAS, the a review of the proposed project changes has been completed against the current approved Regional Transportation Plan (RTP) to ensure the projects remain consistent with the goals and strategies identified in the RTP with the results confirming that no RTP inconsistencies exist as a result of the project changes from the May 2021 MTIP Formal Amendment; and

WHEREAS, RTP consistency check areas included financial/fiscal constraint verification, eligibility and proper use of committed funds, an assessment of possible air quality impacts, a deviation assessment from approved regional RTP goals and strategies, a validation that the required changes have little or no impact upon regionally significant projects, and a reconfirmation that the MTIP's financial constraint finding is maintained a result of the May 2021 Formal Amendment; and

WHEREAS, Metro's Transportation Policy and Alternatives Committee (TPAC) received their notification plus amendment summary overview, and recommended approval to Metro's Joint Policy Advisory Committee on Transportation (JPACT) on May 7, 2021; and

WHEREAS, JPACT approved Resolution 21-5177 consisting of the May 2021 Formal MTIP Amendment bundle on May 20, 2021 and provided their approval recommendation to Metro Council; now therefore

BE IT RESOLVED that the Metro Council hereby adopts the recommendation of JPACT on June 10, 2021 to formally amend the 2021-24 MTIP to include the required changes identified in the May 2021 Formal MTIP Amendment Bundle and Resolution 21-5177.

ADOPTED by the Metro Council this 10th day of June 2021.

Lynn Peterson, Council President

- > Project reprogramming to void obligation target issues.

Amendment Summary:

The formal amendment reprograms the UPWP Corridor and Systems Planning funds out to FY 2025. By doing this, the funds will be outside of the MTIP's constrained years and will not impact the annual Obligation Targets. Once development of the next UPWP is completed and the actual funding needs are approved, the required funding will be advanced forward to FY 2022 either into a stand-alone project or into the UPWP Master Agreement list of approved project. Until then, Key 20889 will retain the estimated committed UPWP funding from the allocated FY 2021 funding year for future uses.

Notes and Summary of Changes:

- > Red font = prior amended funding or project details. Blue font = amended changes to funding or project details. Black font indicates no change has occurred.
- > Project reprogramming to void obligation target issues.

Amendment Summary:

The formal amendment reprograms the UPWP Freight and Economic Development planning and funds out to FY 2025. By doing this, the funds will be outside of the MTIP's constrained years and will not impact the annual Obligation Targets. Once development of the applicable UPWP is completed and the actual funding needs for the approved Corridor and Systems Planning projects, the required funding will be advanced forward either into a stand-alone project or into the UPWP Master Agreement list of approved project. Until then, Key 22145 will retain the estimated committed UPWP funding from the allocated FY 2022 funding year for future uses.

Amendment Summary:

The formal amendment reprograms the UPWP Regional Planning funds and funds out to FY 2025. By doing this, the funds will be outside of the MTIP's constrained years and will not impact the annual Obligation Targets. Once development of the applicable UPWP is completed and the actual funding needs for the approved, the required funding will be advanced forward into the UPWP Master Agreement list of approved projects. Until then, Key 22157 will retain the estimated committed UPWP funding from the allocated FY 2022 funding year for future uses.

CANCEL PROJECT FROM THE MTIP
 Unobligated funds are being transferred to Key 22421

Notes and Summary of Changes:

> Red font = prior amended funding or project details. Blue font = amended changes to funding or project details. Black font indicates no change has occurred.

Amendment Summary:

The formal amendment cancels the project and transfers the unobligated funds to Multnomah County's new project in Key 22421 - Also part of this Formal Amendment bundle. Obligated PE were deobligated with the exception of \$36k already expended to the project. Multnomah County has determined that the proposed Stark Street Multimodal Improvements project is significantly underfunded. They have determined the project is not worth delivering based on the revised project cost. The project was awarded State STBG federal funds from ODOT. ODOT has agreed to a substitute project which is being programmed in Key 22421.

FORMAL AMENDMENT STAFF REPORT

FOR THE PURPOSE OF AMENDING THE 2021-24 METROPOLITAN TRANSPORTATION IMPROVEMENT PROGRAM (MTIP) TO REPROGRAM UNIFIED PLANNING WORK PROGRAM (UPWP) ANNUAL PROGRAM ESTIMATES OUTSIDE THE CONSTRAINED MTIP TO AVOID OBLIGATION TARGET CONFLICTS IMPACTING METRO, PLUS ADD ONE AND CANCEL ONE PROJECT IMPACTING MULTNOMAH COUNTY AND ODOT (MA21-10-MAY)

BACKGROUND

What This Is:

The May 2021 Formal Metropolitan Transportation Improvement Program (MTIP) Formal/Full Amendment bundle which is contained in Resolution 21-5177 and being processed under MTIP Amendment MA21-10-MAY. The bundle contains a total of 15 projects.

What is the requested action?

JPACT approved Resolution 21-5177 on May 10, 2021 consisting of thirteen projects which include required updates to the UPWP impacting Metro, and two additional projects impacting Multnomah County and ODOT and is now providing their approval recommendation to Metro Council to approve Resolution 21-5177 and the May 2021 Formal MTIP Amendment bundle.

MAY 2021 FORMAL MTIP AMENDMENT

FROM: KEN LOBECK

DATE: MAY 20, 2021

AMENDMENT BUNDLE SUMMARY AND THE UPWP:

The May 2021 MTIP Formal Amendment bundle consists of required updates and changes to two groups of projects. The first group involves reprogramming several UPWP project grouping buckets out to FY 2025. The UPWP projects are being pushed-out to the MTIP non-constrained year in FY 2025 to avoid possible conflicts with the annual Obligation Targets. The key conflict involves how much Metro allocated Surface Transportation Block Grant (STBG) funds will be needed to support the annual UPWP.

The annual Obligation Targets program is designed on the capital project delivery process which includes multiple project phases, defined scopes, and defined approval steps. This allows the project managers, ODOT Local Agency Liaisons (LAL), and Metro oversight staff the ability to project phase obligation timing and delivery of scope activities six months or more with an 80% or higher confidence level. This is not the case for UPWP planning projects that utilize federal funds.

UPWP planning projects are less structured in scope and delivery requirements. They do not fit well into the capital project highway delivery process. Due to these differences, UPWP planning projects are more difficult to estimate their obligation month with 90% or higher certainty factor. As a result, estimating the correct obligation timing for UPWP planning projects is about 50%-50% guess. Unfortunately, with a minimum obligation target of 80%, there is an insufficient error margin for the Metro Annual Obligation Targets project list to absorb the failure of UPWP planning projects to obligate during their identified fiscal year and still meet the 80% minimum obligation requirement.

The solution now being initiated is to reprogram the UPWP pre-positioned project grouping buckets out to the MTIP's non-constrained fiscal year of FY 2025. Once the annual UPWP is developed with the approved list of project, the STBG funds will be advanced through a formal/full amendment to the required obligation year in the MTIP. This action will help avoid identifying UPWP projects prematurely for the annual Obligation Targets program that end not being part of the final UPWP or, due to a need to further scope the project, will not obligate in the current federal fiscal year.

The UPWP reprogramming action occurring through this formal/full MTIP will take two formal amendments to complete. Thirteen projects are identified as part of the May 2021 Formal MTIP. The remaining UPWP reprogramming actions will be completed through the June 2021 MTIP Formal Amendment.

The second group of projects included in the May 221 Formal MTIP Amendment consist of the regular projects that require changes which are significant to trigger the formal amendment. These projects are listed at the end of the bundle.

SUPPLEMENTAL TPAC DISCUSSION CONCERNING THE STARK ST PROJECT CANCELATION:

During their May 7, 2021 meeting, TPAC members raised several questions about how ODOT determined the new Cornelius Pass Hwy ITS project (also part of this amendment bundle) was an acceptable replacement project. As requested by TPAC members, the following provides additional details about the Stark Street cancellation and decision to commit the funding to the Cornelius Pass Hwy ITS project.

1. The Multnomah County Starke Street Multimodal Connections project received a discretionary funding award from ODOT. The discretionary ward originates from ODOT's Enhance program. The programmed federal funds are not from Metro or the Regional

Flexible Fund Allocation (RFFA) program. The project is programmed in the MTIP and STIP in Key 20330.

2. The project's scope and purpose was to close the existing east-west gap in bicycle and pedestrian travel by constructing sidewalks and bike lanes on the north side and part of the south side of SE Stark Street between SW 257th Ave and S Troutdale Rd.
3. As with other discretionary funded projects, the MTIP and STIP programming is based on early cost estimates before the Preliminary Engineering (PE) began. Subsequent reviews and updates to the project indicated the project cost would be significantly higher than the current budget and STIP and MTIP programming showed. The County's ability to cover the additional costs was not guaranteed.
4. Follow-on discussion between Multnomah County and ODOT resulted in Multnomah County requesting that the Stark Street Multimodal Connections project be canceled. The project had not progressed far through the federal transportation delivery process and expenditures against the project were low.
5. Normally, when the lead agency requests cancelation of a transportation grant award, the funds are relinquished back to the grantor. In this case, the grantor is ODOT. Once the funds are relinquished, the grantor can re-purpose the funds contingent upon need, eligibility of the funds, geographic balancing, or other factors which are under the control of the grantor. For ODOT, their options basically ranged from re-purposing the funds to another project across the state, allocating the funds to a project within Region 1, or plan on committing the funds to a future STIP project.
6. Because federal transportation funds possess various eligibility requirements (e.g. shelf-life obligation requirements, and/or other restrictions or use parameters), the grantor has to address the eligibility and restrictions for the funds when considering their repurposing. No black-and-white standardized repurposing process usually exists for the grantor to follow when funds are relinquished. The grantor will weigh fund use eligibility, shelf-life obligations, ease of reimbursement, location, and other factors when determining their repurposing options.
7. For the Stark Street Multimodal Connections project, once ODOT approved the funds to be relinquished, their re-purposing process considered of the following:
 - a. The ODOT Region 1 Manager in conjunction with the Area Manager West, based on recommendations from Traffic and Operations team, decided this was best use of funds to keep money in the county and improve the safety and operational issues that need to be addressed on the acquired highway.
 - b. Specifically, the ODOT Region 1 Traffic section looked at this stretch of highway and determined several safety and operational improvements (ITS, signing, striping) that could be made for the benefit of the traveling public. These could be designed and installed relatively quickly so travelers will see the safety benefits soon. This has the added benefit of building upon the current ITS project immediately already under design in this corridor (K21500).
 - c. Region 1 did not get additional resources to manage this new state highway in the near term, so this is an opportunity to invest in safety there before more funds become available in the 24-27 STIP cycle.

8. In this specific case, ODOT determine the best repurposing use for the funds was to keep them in Region 1 within Multnomah County, but re-allocate them to support a more direct safety improvement project on Cornelius Pass Hwy.

What is changing?	<u>AMENDMENT ACTION: REPROGRAM FUNDS</u> The formal amendment reprograms the three constrained UPWP Freight and Economic Development planning projects from their allocation year to the MTIP’s unconstrained year of FY 2025. The reprogramming purpose to avoid possible conflicts with the annual Obligation Targets program requirements.					
Additional Details:	A formal MTIP amendment will be required to advance the approved funds to their specific year of obligation once they are identified in the applicable annual UPWP.					
Why a Formal amendment is required?	Per the FHWA/FTA/ODOT/MPO approved Amendment Matrix, moving funds from a fiscally constrained year to unconstrained year requires a formal amendment.

Specifically, the ODOT Region 1 Traffic section looked at this stretch of highway and determined several safety and operational improvements (ITS, signing, striping) that could be made for the benefit of the traveling public. These could be designed and installed relatively quickly so travelers will see the safety benefits soon. This has the added benefit of building upon the current ITS project immediately already under design in this corridor (K21500). Region 1 did not get additional resources to manage this new state highway in the near term, so this is an opportunity to invest in safety there before more funds become available in the 24-27 STIP cycle.

Background:

Stark Street multimodal connections

The Stark Street multimodal connections project was originally awarded \$3,154,377 Federal Enhance funds as part of the 2018-2021 STIP. Per the terms of the award, Multnomah County committed \$960,000 in addition to the match required for the Federal funds.

The intent of the project was to close the existing east-west gap in bicycle and pedestrian travel and improve safety by constructing sidewalks and bike lanes on the north side and part of the south side of SE Stark Street between SW 257th Ave and S Troutdale Rd.

On October 12, 2020, ODOT received an official request from Multnomah County for the immediate termination of the local agency supplemental project agreement No. 33003 for the Stark street multimodal connections STIP project.

Multnomah County's reason for cancellation was due to a reduction in gas tax revenues that has resulted in a \$5.4M shortfall in their County Road fund that was triggered by the COVID-19 pandemic. The County is scaling back capital projects to ensure their County Road fund does not run out of money, and is re-focusing their efforts on maintaining existing infrastructure, rather than funding expansions. Multnomah County has declared they do not have budget to perform all planned capital projects and the Stark Street multimodal connections STIP project so the associated agreement needs to be cancelled as a result.

Some funds have been expended on the design phase. Per the agreement, the local agency will provide \$36,376 to close out the project.

Project Timeline

- October 2017 - Project approved in 18-21 STIP
- April 2019 - Preliminary Engineering funds authorized
- January 2019 - Right-of-Way phase slips to 2021
- August 2020 - Right-of-Way phase slips to 2022
- October 2020 - Multnomah County requests to cancel project
- January 2021 - Preliminary Engineering funds returned to program

MAY 2021 FORMAL MTIP AMENDMENT

FROM: KEN LOBECK

DATE: MAY 20, 2021

Cornelius Pass Hwy: US26 to US30 ITS Improvements

Jurisdictional Transfer Agreements 844 and 845 approved by the OTC January 21, 2021 transferred ownership and responsibility for Cornelius Pass Highway between US26 - Sunset Highway (US26) and US30 - Lower Columbia River Highway from Washington County and Multnomah county to ODOT. The newly acquired Cornelius Pass Highway is in need of operational and safety improvements as soon as eligible funding is identified. The cancellation of the Stark Street Multimodal Connections project will free up \$3,143,965 in federal funds that could be applied to ITS improvements on Cornelius Pass Highway. In addition, Region 1 requests to add \$1,518,623 from R1 Fix-It Financial Plan savings to fully fund recommended improvements to be delivered within the 2021-2024 STIP cycle.

The new project will upgrade and install signing, striping, and signal equipment as well as install new ITS devices such as cameras and variable message signs. The benefit of adding this project will be improved safety, traveler information, and overall corridor operations and management.

Project Timeline

- January 2021 - OTC Approves Cornelius Pass Highway jurisdictional transfer from Washington County and Multnomah County to ODOT
- February 2021 - Region Manager approves use of Stark Street funds and additional region funds for Corn Pass Highway improvements
- March 2021 - Transfer to ODOT recorded
- March 2021 - Region 1 tech center provides estimates for priority operations improvements

Options:

With approval, the agreement will be terminated and the project will be cancelled from the STIP. The County will be paying the amount required to close the project. Federal funds will be re-allocated to the Cornelius Pass Hwy: US26 to US30 ITS Improvements project.

Without approval, Multnomah County will not be able to meet the terms of the agreement.

METRO REQUIRED PROJECT AMENDMENT REVIEWS

In accordance with 23 CFR 450.316-328, Metro is responsible for reviewing and ensuring MTIP amendments comply with all federal programming requirements. Each project and their requested changes are evaluated against multiple MTIP programming review factors that originate from 23 CFR 450.316-328. The programming factors include:

- Verification as required to programmed in the MTIP:
 - Awarded federal funds and is considered a transportation project
 - Identified as a regionally significant project.
 - Identified on and impacts Metro transportation modeling networks.
 - Requires any sort of federal approvals which the MTIP is involved.
- Passes fiscal constraint verification:
 - Project eligibility for the use of the funds
 - Proof and verification of funding commitment
 - Requires the MPO to establish a documented process proving MTIP programming does not exceed the allocated funding for each year of the four year MTIP and for all funds identified in the MTIP.
 - Passes the RTP consistency review: Identified in the current approved constrained RTP either as a stand- alone project or in an approved project grouping bucket
 - RTP project cost consistent with requested programming amount in the MTIP

MAY 2021 FORMAL MTIP AMENDMENT

FROM: KEN LOBECK

DATE: MAY 20, 2021

- If a capacity enhancing project – is identified in the approved Metro modeling network
- Satisfies RTP goals and strategies consistency: Meets one or more goals or strategies identified in the current RTP.
- If not directly identified in the RTP's constrained project list, the project is verified to be part of the MPO's annual Unified Planning Work Program (UPWP) if federally funded and a regionally significant planning study that addresses RTP goals and strategies and/or will contribute or impact RTP performance measure targets.
- Determined the project is eligible to be added to the MTIP, or can be legally amended as required without violating provisions of 23 CFR450.300-338 either as a formal Amendment or administrative modification:
 - Does not violate supplemental directive guidance from FHWA/FTA's approved Amendment Matrix.
 - Adheres to conditions and limitation for completing technical corrections, administrative modifications, or formal amendments in the MTIP.
 - Is eligible for special programming exceptions periodically negotiated with USDOT.
 - Programming determined to be reasonable of phase obligation timing and is consistent with project delivery schedule timing.
- Reviewed and initially assessed for Performance Measurement impacts.
- MPO responsibilities completion:
 - Completion of the required 30 day Public Notification period:
 - Project monitoring, fund obligations, and expenditure of allocated funds in a timely fashion.
 - Acting on behalf of USDOT to provide the required forum and complete necessary discussions of proposed transportation improvements/strategies throughout the MPO.

ODOT-FTA-FHWA Amendment Matrix	
Type of Change	
FULL AMENDMENTS	
1. Adding or cancelling a federally funded, and regionally significant project to the STIP and state funded projects which will potentially be federalized	
2. Major change in project scope. Major scope change includes:	
• Change in project termini - greater than .25 mile in any direction	
• Changes to the approved environmental footprint	
• Impacts to AQ conformity	
• Adding capacity per FHWA Standards	
• Adding or deleting worktype	
3. Changes in Fiscal Constraint by the following criteria:	
• FHWA project cost increase/decrease:	
• Projects under \$500K – increase/decrease over 50%	
• Projects \$500K to \$1M – increase/decrease over 30%	
• Projects \$1M and over – increase/decrease over 20%	
• All FTA project changes – increase/decrease over 30%	
4. Adding an emergency relief permanent repair project that involves substantial change in function and location.	
ADMINISTRATIVE/TECHNICAL ADJUSTMENTS	
1. Advancing or Slipping an approved project/phase within the current STIP (If slipping outside current STIP, see Full Amendments #2)	
2. Adding or deleting any phase (except CN) of an approved project below Full Amendment #3	
3. Combining two or more approved projects into one or splitting an approved project into two or more, or splitting part of an approved project to a new one.	
4. Splitting a new project out of an approved program-specific pool of funds (but not reserves for future projects) or adding funds to an existing project from a bucket or reserve if the project was selected through a specific process (i.e. ARTS, Local Bridge...)	
5. Minor technical corrections to make the printed STIP consistent with prior approvals, such as typos or missing data.	
6. Changing name of project due to change in scope, combining or splitting of projects, or to better conform to naming convention. (For major change in scope, see Full Amendments #2)	
7. Adding a temporary emergency repair and relief project that does not involve substantial change in function and location.	

APPROVAL STEPS AND TIMING

ANALYSIS/INFORMATION

1. **Known Opposition:** None known at this time.
2. **Legal Antecedents:**
 - a. Amends the 2021-24 Metropolitan Transportation Improvement Program adopted by Metro Council Resolution 20-5110 on July 23, 2020 (FOR THE PURPOSE OF ADOPTING THE 2021-2024 METROPOLITAN TRANSPORTATION IMPROVEMENT PROGRAM FOR THE PORTLAND METROPOLITAN AREA).
 - b. Oregon Governor approval of the 2021-24 MTIP: July 23, 2020
 - c. 2021-2024 Statewide Transportation Improvement Program (STIP) Approval and 2021 Federal Planning Finding: September 30, 2020
3. **Anticipated Effects:** Enables the projects to obligate and expend awarded federal funds, or obtain the next required federal approval step as part of the federal transportation delivery process.
4. **Metro Budget Impacts:** None to Metro

RECOMMENDED ACTION:

JPACT approved Resolution 21-5177 on May 10, 2021 consisting of thirteen projects which include required updates to the UPWP impacting Metro, and two additional projects impacting Multnomah County and ODOT and is now providing their approval recommendation to Metro Council to approve Resolution 21-5177 and the May 2021 Formal MTIP Amendment bundle.
