Jennifer Budhabhatti and Mel Huie will walk through all of the changes identified in the local workshops and meetings Metro staff has been having on the Regional Greenspaces System and Regional Trails Plan update. There will be time to review the changes on revised maps at the meeting.

Val Lantz of Troutdale is currently working on drafting a greenway management plan for Beaver Creek. She is looking for advice and help from others who may already have one in place or know of good ones. This is potentially a practical example for the GTAC discussion about "what does it mean to be in the regional system?"

Next GTAC meeting: December 13, 1 to 3 p.m.
