

Metro | *Memo*

Date: Friday, June 29, 2012
To: Metro
From: Pam Welch, Records and Information Analyst
Subject: Potential Missing Record –Greenspaces Technical Advisory Committee (TAC)
January 1991 through October 1998 Agenda and Minutes

An attempt was made to confirm the existence of this body of records, but copies of the agendas and minutes could not be found. Staff interviewed was unaware of the existence of these meeting records and could not confirm if agendas and minutes were created for this phase of the meeting. However, one agenda was found for June 1998, so it is suspected that meeting records, even if only informally, were created.

The Greenspaces Technical Advisory Committee (TAC) was created under Metro Council Resolution 90-1344 on December 27, 1990. On November 5, 1998, TAC was reinstated as GTAC under Resolution 98-2698.
