Subject: Potential Missing Record – June through October, 1995 Regional Parks and Greenspaces Advisory Committee (RPGAC) Agenda and Minutes

An attempt was made to confirm the existence of the record by going through meeting packets and minutes from 1995. However, a copy of the agendas and minutes could not be found. After talking to staff, it is believed that the meetings went into hiatus due to a public involvement project, waiting for funding, and Charles Ciecko to start his job as Regional Parks and Greenspaces Director.
