 - Does the committee support the proposed approach to encouraging inclusion of in-unit A/C, as an immediate response to this summer's heatwave and the recognition of the disproportionate impacts of extreme heat events to community members served by affordable housing?
 - Does the committee support proposed next steps to allocate Affordable Housing Bond interest earnings to fill financial gaps necessary to support inclusion of A/C in existing pipeline projects that did not initially plan or budget for A/C—after first evaluating other funding options to meet this need?
 - Does the committee support the proposal to allocate \$23 million in Affordable Housing Bond interest earnings to support capital investments in permanent supportive housing to serve up to 175 households experiencing chronic homelessness—in conjunction with Supportive Housing Services funding?
 - Does the committee agree with proposed next steps to support local implementation partner jurisdictions in expanding their capacity for equitable contracting and workforce tracking and outcomes?
