

why bring animals inside

main label area

May 16, 1994

RESOURCE - self guided walks

THE "BEST OF THE BAY AREA INTERPRETIVE CENTERS" VAMOUNT
YAMASHITA. PORTLAND PARKS

5.16.94

(tower)

Phone → FAX? call Kelly?
 Alene's exhibits?

BUDGET

\$70-\$120/sq. ft for school construction (bldg only)

Flat panel exhibiting \$125/sq ft
 no AV, no spec. effects for room only

in 4500sq hall 1 3-D exhibit (columbian) diagrams → \$160-\$200/sq ft
 \$200-\$240/sq ft

conclusion 1/3 each in 3000 foot hall, \$180/sq ft

EST COST

15,000 sq ft at \$120	1.8m
site	.5m
exhibits	.5m
? — FREE	.1m
(2090) Soft costs	2.9m
	-6m
	3.5m

remove from area so

feeding would occur (bird predators)

Sim, where are they here??

OSU plant center has studied how Carex germinates

[Oak Bottoms has Carex]

Tree agenda flood plain + outdoor site

Fit into larger context of community

resting platforms or canoe trail markings

(helicopter application of glyphosate to cut paths in the polygonum for 2 years)

Outdoor Exhibit ideas -

1 sealed pond (tiered?)

sealed bottom bentonite + control water levels w/ plumbing + Smith Lake water?

use columbian compost - sand + sludge

2

sewage/sludge exhibit??

3

mimic an ephemeral pond

4

marsh (Carex)

why can they persist?? How can they resist flood canopy grass??

5

Herptile Habitat

6

Stormwater runoff treatment

7

culture of wapato + cultural interp.

8

Native plants + exhibits
