Dear Dwight:

Please issue the certificate for storing surface water at Smith and Bybee Lakes Wildlife Area. Proof was made in August 1993 and a draft certificate has been prepared. The corresponding applications and permit numbers are:

Application R-62601, Permit R8298 to construct a reservoir
Application 62602, Permit 45974 to appropriate surface water

A request for assignment is enclosed. Please assign the Oregon Department of Fish and Wildlife's interest in the permit to Metro.

The certificate is needed because Metro is preparing to replace the water control structure at Smith and Bybee lakes. As we prepare for this project, we are ensuring that everything is in order. The certificate for storing surface water is an issue that we need to resolve.

Thank you for your assistance with this process. If you need further information, please call me at 503.797.1515.

Sincerely,

A handwritten signature in cursive script that reads "Elaine Stewart". The ink is dark and the signature is fluid and legible.
