

Trail Subcmte

12-3-02

Consensus pts

- W side of SJLF w/ ~~FOSS.~~ loop NW corner
 - minimize hab frag
 - avoid sensitive hab
 - view from LF
 - good exp.
 - connectivity to St. Johns & trail there

Questions

- Is trail necessary thru S side Smith? experience (pro) goes along slough rest of route (pro+con) hab frag imptc. rip hab (con)
- Is S side slough from LF to Pen Xing viable?
 - many prop owners
 - needs more investigation

Δ map shows trail around W side of LF
w/ zone outlined where trail could go -

- spur
 - onto LF
 - around W side
- } 3 ways

LF to Pen Xing:

Options -

- No trail connectⁿ
- mode split & ped on S side Smith L.
- mode split & ped on S side Col. Sl.
- no mode split & on S side Col. Sl.

Issues -

- Grade Change LF to S side Smith L.
- N Ptld Rd bridge problematic - need to know more abt bridge

S side slough questions:

- Bridge @ N Ptld Rd.
- prop owners
- is there a way to locate the trail?
- bikes OK on S side

N side slough

- prop owners
- wetland fill
- surface, width (stds?)
- ADA reqmts?
- dif alignment than vehicle access?
- make it a seasonal trail?

Recommend add'l work - evaluate:

- no connectⁿ LF / Ptld Rd
- S side Smith L.
- S side Col. Sl.
- Col. Blvd.
