DATE: August 5, 1991
TO: Bob Peak, Army Corps of Engineers
FROM: Jim Morgan, METRO Planning & Development *JJM*
SUBJECT: Procurement of Aerial Photographs

Thanks again for the opportunity to research the aerial photography files. The files contained photographs that will be useful in gaining a historical perspective for management of Smith and Bybee Lakes in North Portland.

It is my understanding that to obtain contact prints of images from your files, we make a request to you, you block out the negatives, the negatives are sent to a Bergman where prints are made, and the prints and the bill are sent to the METRO. The \$5/yr handling fee, totaling \$100 for the 20 individual years being requested, is payable to FAO by check.

The following are the negatives for which we are requesting a contact print made:

1 (36-5854 / -5855) 1 (39-4839 / -4853 / -4854) 1 (39-4657 / -4658) 1 (39-4668 / -4669)
