#### REVISED STAFF REPORT

IN CONSIDERATION OF ORDINANCE NO. 95-616 AMENDING THE FY 1995-96 BUDGET AND APPROPRIATIONS SCHEDULE FOR THE PURPOSE OF REORGANIZING THE STAFF OF THE COUNCIL OFFICE, CREATING NEW POSITIONS, REDUCING STAFFING LEVELS FOR THE OFFICE OF CITIZEN INVOLVEMENT, AND DECLARING AN EMERGENCY

Date: November 2, 1995 Presented by: Councilor McLain

#### FACTUAL BACKGROUND AND ANALYSIS

This ordinance provides the necessary changes in the FY 95-96 budget and appropriations schedule to refllect a new organizational structure and staffing pattern in the Council Office. Two new job classifications would be created (Office Manager and Council Assistant) and an existing vacant secretary position would be reclassified as a receptionist. In addition, the .45 FTE of support for the Office of Citizen Involvement provided from two existing Council staff positions would be eliminated. Two of the three budgeted council analyst positions and all of the budgeted administrative secretary positions would be eliminated.

The new Office Manager position would be responsible for general office administration, coordination of office work flow, monitoring of the office budget and supervision of committee support services provided by the Council Assistants. In addition, the Office Manager would serve as a backup to the Council Analyst during periods of increased Council activity, such as consideration of the budget. The position will be filled within an annual pay range of \$38,000 to \$42,000.

The ordinance would provide for a reduction in the compensation of the assistant to the Presiding Officer and for the hiring of council assistants by the council. The council assistants will provide various support services to the council which will include correspondence, constituent and general public relations, scheduling and policy analysis. The council assistants also will provide committee and committee chair assistance including agenda preparation, taping of committee meetings and preparation of minutes and committee staff reports. It is intended that the council assistants will be hired within non-represented salary range 8 within the adopted Metro Pay Plan. This salary range is \$23,296 to \$33,946 annually. The average starting salary for those initially hired to fill these positions will not exceed \$30,000. The salary of the Assistant to the Presiding Officer will be reduced to be within salary range 8, effective January 1, 1996. Each of these positions will be exempt from the payment of overtime.

The ordinance also addresses the issue of the nature and level of support services for the MCCI. The .45 FTE council support staff for the MCCI would be eliminated and the funds for these positions would be divided between the Support Services Fund Contingency (\$10,227) and temporary help services (\$2,000) in materials and services for the MCCI. Councilor

McLain has held one meeting with the full MCCI (October 18) and one meeting with the MCCI Steering Committee (November 1) to discuss ways in which more effective, consistent and stable support services can be provided to the committee.

Exhibit A outlines the specific revisions in the budget schedule to accomplish the changes noted above. The totals shown in the revision and proposed columns for the General Fund are based on the following assumptions:

- 1) For new positions it is assumed that the Office Manager position will be filled by November 1, 1995, the council assistants will have an average starting date of October 15, 1995 and the receptionist position will have a starting date of October 15, 1995.
- 2) For eliminated positions, the totals in the proposed column represent the amount of FTE actually funded for the current fiscal year prior to the elimination of the positions.
- 3) The overtime line item is reduced to reflect actual expenditures to date and the assumption that no further overtime will be paid.
- 4) A "temporary help services" line item is created in materials and services to properly account for payments being made for the temporary employee currently providing receptionist and general office assistance services.
- 5) It is assumed that the proposed changes will have an expenditure-neutral affect on fringe benefits.

The changes in the Support Services Fund related to the Office of Citizen Involvement are based on the following assumptions:

- 1) Support services currently funded as a portion of two positions from the Council office will be eliminated. These positions are being eliminated from the Council budget.
- 2) A total of \$2,000 will be budgeted for "temporary help services" in materials and services to assist the office in addressing any unmet support service needs.
- 3) Savings from the net reduction in personal services expenditures will be transferred to the Support Service Fund Contingency (Exhibit B).

#### TESTIMONY BEFORE THE METRO COUNCIL NOVEMBER 2, 1995 BY RIC BUHLER

#### **REGARDING ORDINANCE NO. 95-616-A**

An Ordinance Amending the FY 1995-96 Budget and Appropriations Schedule for the Purpose of Reorganizing the Staff of the Council Office, Creating New Positions, Reducing Staffing Levels for the Office of Citizen Involvement and Declaring an Emergency.

#### Madam Presiding Officer and Members of the Metro Council:

I am before you today to relay the kernel of the discussion and the recommendations from the Steering Committee meeting of the Metro Committee for Citizen Involvement last night. We had a lengthy discussion about this Ordinance and its impact on the work of the committee. Councilor McLain attended the first portion of the meeting and offered her personal assurances that her intent is to assure the provision of: 1) stable and 2) full services for the support services to the committee.

We recognize your need to fill openings and to take action on the important issues that are before you, issues that are vital to our region. We also recognize that .45 of our staffing is tied directly to at least two positions to be replaced by staff identified in this Ordinance. Although the money for the .45 does come out of a separate fund, the other half of this "person" is paid for out of the Council Office budget.

What we are asking for today is only that you add in a formal acknowledgment of what staffing you intend for us to have and indicate that you really don't intend, as your summary statement in the Ordinance says, to reduce "Staffing Levels for the Office of Citizen Involvement".

We respectfully request that as you consider this Ordinance, you also consider the needs for assistance for the Office of Citizen Involvement. We are asking that you restore the funding for the .45 FTE support staff. Rather than moving the \$10,227 funding to Support Services Fund contingency, leave it in the line item for personal services. This will not impact the funding for your reorganization of staff by a penny. A potential benefit to you would be that we would not have to impose on staff, who presumably will have many other responsibilities within the Council Office. Even if we did rely on our Council Liaison's staff person, our liaison would come up with less, and how fair is that? And would this continue should a new assignment be made?

If, for whatever reason you may have, you choose not to keep this funding in this line item, we respectfully ask that you move the funding into the temporary help services line. Again, this will not effect the budgeting balance that has been achieved in the proposal.

Just as I am sure the Metro Council desires to be accountable for the wise use of public funds, we are in the process of developing our work plan for the coming year, as well as our goals and budget request for the next fiscal year. We plan to have our work plan completed and ready for approval by the MCCI at our next full committee meeting. Immediately after the meeting of the 15th, we will forward copies to each of you and your Council Analyst for your consideration.

Re: Proposed Ordinance 95-616, including "Reducing Staffing Levels for the Office of Citizen Involvement"

After discussion of the above issue at our October meeting, the Washington County Committee for Citizen Involvement wishes to express concern over any reduction in staffing level for Metro CCI.

We rely on our Metro partners to keep us informed of issues of region-wide concern and, with your new goals for early implementation of the 2040 Growth Concept, we must be able to depend on Metro CCI to assure that an appropriate citizen involvement plan is in place and that Metro CCI continues its networking responsibilities with your regional partners. Our Citizen Participation Organization (CPO) leaders shared that they often use the Metro CCI newsletter as the best source of information to re-publish in their individual newsletters.

Metro CCI's role is defined in Metro's Charter and by Bylaws approved by you. That role needs an adequate level of staffing to help your citizen volunteers fulfill their responsibilities.

Recently, the Washington County Board of Commissioners agreed to enhance its citizen involvement program staffing levels as an outcome of a Citizen Involvement Task Force recommendation—with stated goals including enhanced levels of citizen outreach and involvement. We are disappointed that Metro Council is considering a reduction in staffing at a time when involving citizens in Metro decisions will either make or break those decisions at the local level. Your help is greatly needed to reach all Metro citizens.

We encourage your reconsideration of the above Ordinance as it relates to staffing levels for Metro CCI.
