Office of the Auditor
Annual Report

FY 2022-2023

Brian Evans
Metro Auditor
September 2023

Message from the Metro Auditor

Residents of the Metro region:

The Metro Auditor's Office continues to provide objective and independent analysis to keep you informed about your regional government. Continuous improvement is a common theme in the recommendations we make in audit reports. The annual report is a chance to apply the same approach to our own efforts. It includes five-year trends for each of the performance measures I use to assess the efficiency and effectiveness of our work. I use the information to manage resources and make adjustments when needed. I hope you find it informative.

Last fiscal year (July 1, 2022 to June 30, 2023) we published four audits. One was a follow-up audit to assess the status of recommendations made in the Code of Ethics audit. The other three audits made new recommendations related to Portland's Centers for the Arts' intergovernmental agreements, surplus property management, and implementation of the 2019 Parks and Nature Bond measure. While our reports don't always generate newspaper headlines or media attention, they are critical sources of information to help the public and Metro Council understand how the agency is managed. If you haven't already, I hope you will read the full reports or the one-page summaries to learn about our conclusions. Those documents and video presentations for each audit are all available on our website.

In May, several members of the office attended the Association of Local Government Auditors annual conference in Baltimore, Maryland. It was nice to be able to complete training and network with the performance auditor community in person again. We welcomed two new auditors and a Hatfield Resident fellow to the office. Our new team members bring experience and education from a variety of fields and they have already brought new insights to our work.

In the coming months, we will publish three audits focused on affordable housing, supportive housing services, and solid waste operations. These are some of the most well-known programs in Metro's portfolio and I'm looking forward to sharing the results. After that, we will start new audits focused more on internal operations. These functions are not always well known to the public, but they can have a significant impact on the effectiveness, efficiency, and equitable provision of services to the region's residents.

Take care,

Brian Evans

About the Auditor's Office

The office is led by the Metro Auditor; an elected position serving the entire Metro region. Performance audits are the primary responsibility of the office and follow Government Auditing Standards. Performance audits provide independent and objective information to help management and the Metro Council be accountable to the public, improve program performance, reduce costs, and assist decision-making. The office also oversees the contract for the annual audit of Metro's financial statements and administers the Accountability Hotline where employees and the public can report concerns about Metro's programs and services.

Brian Evans is the third elected auditor since the position was created by the Metro Charter in 1995. Prior to being elected, Brian worked in the Auditor's Office and as an economist with Oregon's economic and community development department. The Auditor's Office welcomed two new auditors last year and recently welcomed a Hatfield Resident fellow (Tram Anh Hoang a recent graduate of the University of Oregon). The office includes the elected auditor, five management auditors, and an administrative assistant:

- Brian Evans, CIA, CGAP, *Metro Auditor*
- Mason Atkin, *Senior Management Auditor*
- David Beller, *Senior Management Auditor*
- Maggie Muldrew, *Senior Management Auditor*
- Angela Owens, CIA, CFE, CAPM, *Principal Management Auditor*
- Paoa Wandke, *Senior Management Auditor*
- Tracy Evans, *Auditor's Administrative Assistant*

To meet audit standards, auditors are required to complete 80 hours of continuing professional education every two years. Auditors attend, and lead, training on performance auditing topics. They also participate in an annual retreat to plan audit work and enhance communication and teamwork.

Mission and Values

Our mission is to:

- Ensure that Metro is accountable to the public,
- Ensure that Metro's activities are transparent, and
- Improve the efficiency and effectiveness of Metro programs and services.

It is our vision to be relevant and efficient, choosing the right areas to audit and completing audits quickly so Metro can continually improve its services and be accountable to the public. Audit findings and recommendations are presented publicly before the Council and are intended to assist the Council and Chief Operating Officer in making improvements to better serve the public. Reports are published on the Metro Auditor's web page (<https://www.oregonmetro.gov/regional-leadership/metro-auditor/audits>).

Our values are:

- | | | |
|---------------------------------------|--------------------|---------------------|
| • Professionalism | • Ethical behavior | • Public service |
| • Wise and equitable use of resources | • Open mindedness | • Respecting others |
| • Supporting findings with fact | • Fairness | • Teamwork |

Performance measures

The performance of the Auditor's Office is measured by reviewing results in the following areas:

- Average hours to complete an audit and number of audits completed;
- Number of audits completed per full time equivalent (FTE) employee;
- Audit hours per department;
- Auditee feedback;
- Recommendation implementation rate; and
- Average days to close cases reported to the Accountability Hotline.

Average audit hours and number of audits

Average audit hours and the number of audits completed measure the office's efficiency. In FY 2022-23, four audits were completed. The hours required to complete each audit ranged from 1,025 to 3,300. The average was 1,974 hours.

Audits vary in length, depending on their scope and complexity. Average audit hours in FY 2022-23 were higher than last year due to one audit with a broad scope of work and two others that required more than the typical number of hours (1,200).

The four audit reports published in FY 2022-23 included three full audits and one follow-up audit. A total of 26 recommendations were made. The audit reports released were:

- Surplus Property (July 2022)
- Portland's Intergovernmental Agreements (August 2022)
- Code of Ethics Follow-up (February 2023)
- Parks and Nature 2019 Bond Measure Implementation (June 2023)

Audits per FTE

Another way to measure efficiency is by looking at the number of audits completed per full-time equivalent (FTE) employee. In FY 2022-23, 0.8 audits per FTE were completed, which was the same as the previous year. Available staff hours and the scope of the audit determine the number of audits that can be completed each year. The length is affected by the complexity of the subject and size of the program.

Generally, the office tries to complete one and a half audits per FTE each year. We did not meet our performance target last year. Staff turnover and the timing of audits were two contributing causes. Stable staffing should help improve our efficiency in the coming year.

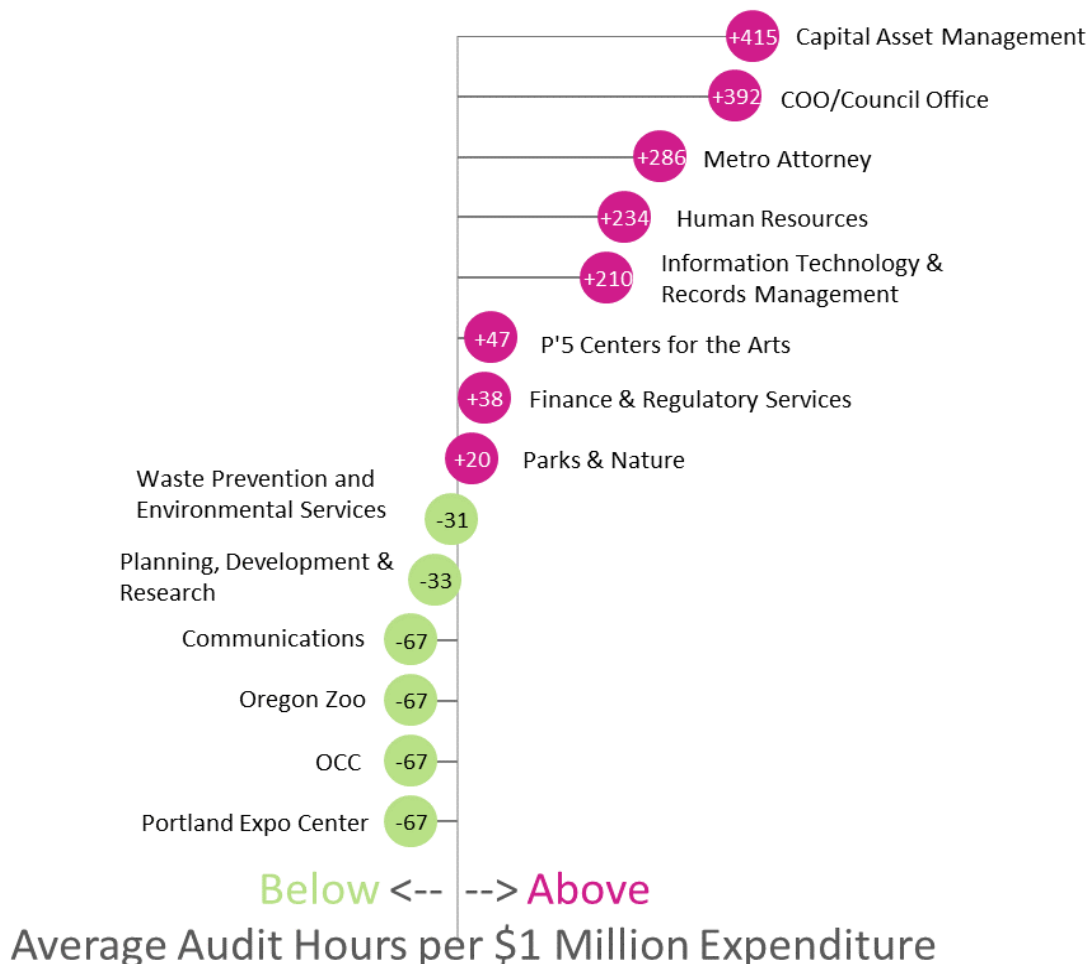

Audit hours by department

This measure is used to evaluate the office's effectiveness by showing how audit hours were distributed among Metro departments. It is calculated by dividing the total audit hours spent in each department by the department's annual expenditures. This analysis is considered when developing the audit schedule.

In the last five years, about 67 audit hours were used for each \$1 million spent annually. If our office was able to provide equal coverage, each department would be stacked along the average line. In reality, more time is spent in some departments than others for a variety of reasons including audit timing and greater risks in some programs and services.

Over the last five years, audit hours have been somewhat unevenly distributed between departments when considering their expenditures. More time was spent in Capital Asset Management; COO/Council Office; Metro Attorney; Human Resources; Information Technology and Records Management; P'5 Centers for the Arts; Finance and Regulatory Services; and Parks and Nature relative to their level of expenditure. In contrast, relatively less time was spent in other parts of the organization such as Waste Prevention and Environmental Services; Communications; Planning, Development and Research; Oregon Zoo; Oregon Convention Center; and Expo Center. The audits in process and the other audits on this year's schedule will help rebalance audit coverage.

Auditee feedback

Surveys are a way to get input on the quality of our work. After an audit is published, we ask those involved to provide feedback through an anonymous survey. Survey questions are designed to get information about the audit process, staff, report, and overall satisfaction.

In FY 2022-23, the average level of agreement about the value of our work was 4.6 out of 5. This indicated satisfaction with our reports, staff, and overall process and exceeded our performance target. The response rate for all post-audit surveys was 37%. That was about the same as last year, but below the average over the last five years (42%). Ensuring it is as easy as possible to provide feedback will be an area of focus this year.

Recommendation implementation rate

The percentage of recommendations implemented shows how much impact audits have on the organization. Each January, the office asks audited programs to report on the status of recommendations made in the last five years. That information, combined with the conclusions from any follow-up audits we completed, is used to track the percent of recommendations implemented after an audit is released.

The performance target is for 75% of recommendations to be implemented within five years. The most recent information showed 100% of our recommendations from five years ago were implemented. This was a great outcome. Additional work may be needed to continue the trend since only 11% of the recommendations made four years ago have been implemented. This is driven by low implementation rates of the recommendations made in our emergency management and information security and technology audits in FY 2018-19.

Audit schedule

The following audits are in process or scheduled to start in FY 2022-23. Audit topics are selected based on input from Metro Council, department management, audit staff, and the public. We also conduct a risk assessment to identify timely topics.

Audit Title	Start	Expected Completion
Solid Waste Transfer Station Operating Controls	October 2022	September 2023
Affordable Housing Bond	November 2022	October 2023
Supportive Housing Services	November 2022	October 2023
Financial Condition of Metro FY2013-14 to FY2022-23	January 2024	TBD
Span of Control	TBD	TBD
Renewal and Replacement	TBD	TBD
Budget Process and Performance Measures	TBD	TBD
Capital Project Management	TBD	TBD

Expenditures

Expenditures in FY2022-23 rose by about 12% compared to the previous year. This was the result of a 11% increase in personnel costs related to a new position approved by Metro Council. Our ability to attend in-person trainings resulted in higher materials and services (M&S) expenditures last year, too.

Staffing available

This graph represents actual staff hours available. In FY 2022-23, there were 10,065 audit hours available, or 4.8 full-time equivalent employees (FTE). Last year was the first time the office was fully staffed after several years of disruptions during the global pandemic.

Accountability Hotline summary

The Accountability Hotline gives employees and the public a way to report waste, inefficiency, or abuse of resources. The Metro Auditor administers the Accountability Hotline through a third-party vendor. All reports are reviewed first by the Metro Auditor to determine the accuracy and significance of the information reported. After the initial review, the Metro Auditor consults with senior management, the Metro Attorney, or the Human Resources Director to determine the appropriate investigation method and priority. Cases may be handled by Human Resources personnel if disciplinary action could result. In some cases, upper management will assign an investigation to a department director if the report involves a service or program in their department. The Auditor reserves the right to conduct an audit on any report received.

Reports received

In FY 2022-23, a total of 25 reports were received. That was lower than the average number of reports (27) that have been received over the last five-years, and lower than the previous two years.

The reports received varied widely in terms of specificity and issues identified. As a result, they cannot be categorized or summarized easily. Reports related to the entire agency were the most frequent, accounting for 44% of the total. Concerns about the Oregon Zoo were the next highest at 20%. The remaining 36% were evenly distributed between the Metropolitan Recreation and Exposition Commission (MERC), solid waste, and Metro's headquarter building.

Fifteen reports were successfully investigated. Ten reports were not investigated because they were out of Metro's jurisdiction, did not provide enough information to investigate, or the reporter withdrew their concern.

Of the 15 reports that were successfully investigated, one was substantiated and 14 were unfounded or inaccurate. The most frequent action taken in response to a report was to relay information to the person reporting the concern to provide context or additional information about what occurred. Corrective actions were made in response to one report.

Average days to close a case

To be responsive to the person reporting, the Metro Auditor uses the average days to close a case to assess performance. According to the latest benchmark data from the hotline provider, cases are resolved in about 40 days on average, which is target used to evaluate performance. The performance target was achieved in four of the last five years. Longer close times in FY 2020-21 were caused by several factors. There were several reports made about similar issues and the investigations took more time due to their complexity. Closure times have improved in the last two years, which appears to be the result of Human Resources hiring a dedicated investigator to address personnel concerns.

- (b) If the Chief Operating Officer finds that a licensee or franchisee is in violation of this chapter, the Code, the license or franchise, or the administrative rules or performance standards adopted pursuant to ~~Section 5.01.280~~ Chapter 5.08, the Chief Operating Officer will provide written notice to the violator describing the violation and requiring the violator to correct the violation within the time specified in the notice.
- (c) If a licensee or franchisee fails to correct the violation within the specified time period, the Chief Operating Officer will issue a Notice of Violation, indicating the continuing violation, the date of re-inspection and the fine imposed as specified in subsection (a).
- (d) If after re-inspection, the Chief Operating Officer finds the licensee or franchisee has failed to correct the violation, the violation is punishable by a fine as specified in subsection (a). Metro will give notice of a final deadline for correcting the violation at the time of re-inspection.
- (e) If the licensee or franchisee fails to correct the violation after the final deadline, the licensee or franchisee must cease the activity resulting in the violation.
- (f) Metro will conduct further inspections to ensure that the licensee or franchisee suspends the offending activity. If the licensee or franchisee fails to suspend the offending activity, the Chief Operating Officer may:
 - (1) Impose a remedy suitable to Metro to be implemented by and at the expense of the licensee or franchisee;
 - (2) Suspend all solid waste activities on site;

- (3) Impose a lien on the property for the amount of the fines; or

MISCELLANEOUS PROVISIONS

5.01.350 Miscellaneous Provisions

- (a) The Chief Operating Officer is responsible for the administration and enforcement of this chapter.
- (b) Metro's granting of a license or franchise does not vest any right or privilege in the licensee or franchisee to receive specific quantities of solid waste during the license or franchise term.
- (c) Metro has the power to regulate, in the public interest, the exercise of the privileges it grants by a license or franchise. Metro may establish or amend rules, regulations or standards regarding matters within Metro's authority and enforce those requirements against licensees or franchisees.

- (d) No waiver of any license or franchise condition is effective unless it is in writing and signed by the Chief Operating Officer. If Metro waives a license or franchise condition, that waiver does not waive or prejudice Metro's right to require performance of the same condition or any other condition.
- (e) Metro will construe, apply and enforce a license or franchise in accordance with the laws of the State of Oregon.
- (f) If a court of competent jurisdiction determines that any license or franchise provision is invalid, illegal or unenforceable in any respect, that determination does not affect the validity of the remaining provisions in the license or franchise.
- (g) Nothing in this chapter limits the power of a federal, state, or local agency to enforce any provision of law relating to any solid waste facility or disposal site that it is authorized or required to enforce or administer.
- (h) Nothing in this chapter should be construed as relieving any owner, operator, or designee from the obligation of obtaining all required permits, licenses, or other clearances and complying with all orders, laws, regulations, reports or other requirements of other regulatory agencies, including but not limited to, local health departments, regional water quality control boards, local land use authorities, and fire authorities. 5.05.010 Purpose

- (a) This chapter governs the regulation of solid waste transported, managed and disposed at locations outside the Metro ~~regional jurisdictional~~ boundary. The purposes of this chapter are to:
- (1) Protect and preserve the health, safety and welfare of Metro's residents;
 - (2) Implement the Regional Waste Plan cooperatively with federal, state and local agencies;
 - (3) Provide a coordinated regional disposal and resource recovery program and a solid waste management plan to benefit all ~~citizens~~ residents of Metro;
 - (4) Reduce the volume of solid waste disposal through source reduction, recycling, reuse and resource recovery; and
 - (5) Protect the ~~citizens~~ residents of the region from liability arising from the use of a disposal site subject to federal law.
- (b) The provisions of this chapter ~~shall will~~ be liberally construed to accomplish these purposes. [Ord. 16-1389; Ord. 19-1432.]

5.05.020 Special Findings for Solid Waste Flow Control

The Council makes the following findings:

- (a) Metro has limited land and resources for the disposal, transfer and recovery of resources from solid and liquid waste, and it is the Council's responsibility to protect and judiciously utilize Metro's limited land and resources.
- (b) Metro has developed ~~the system as~~ a regional waste disposal and recovery system within the framework of a Regional Waste Plan, and it has done so in cooperation with federal, state and local agencies for the benefit of all Metro ~~citizens~~ residents.
- (c) Pursuant to the authority granted to Metro under ORS ~~Chapter~~ 268, Metro may require any person or class of persons who generate solid or liquid waste to make use of a designated facility of the system.
- ~~(1) The system's disposal sites or solid waste facilities, or~~
- ~~(2) Metro's designated disposal sites or solid waste facilities.~~
- (d) ORS 268.317 ~~, and~~ ORS 268.360 and the Regional Waste Plan authorize Metro to require any person or class of persons who pickup, collect, or transport solid or liquid waste to make use of a designated facility of the system.
- ~~(1) The system's disposal sites or solid waste facilities, or~~
- ~~(2) Metro's designated disposal sites or solid waste facilities.~~

~~(e) Under the authority granted in ORS 268.317, ORS 268.360 and the Regional Waste Plan, this chapter's provisions authorize Metro to require persons who generate, pickup, collect or transport solid or liquid waste to make use of:~~

~~(1) The system's disposal sites or solid waste facilities, or~~

~~(2)(1) Metro's designated disposal sites or solid waste facilities.~~ [Ord. 89-319; Ord. 01-917, Sec. 2; Ord. 02-974; Ord. 16-1389; Ord. 19-1432.]

5.05.030 Authority, Jurisdiction, and Application

- (a) Metro's solid waste flow control authority is derived from ORS Chapter 268 for solid waste and the Metro Charter. It includes the authority to regulate solid waste generated within the Metro jurisdictional boundary.
- (b) This chapter governs:
 - (1) The transportation, transfer, disposal and other processing of all solid waste generated within the Metro jurisdictional boundary as authorized by state law; and
 - (2) Any person who generates solid waste within the Metro jurisdictional boundary; and
 - (3) Any person who transports, transfers, disposes or otherwise deals with or processes solid waste generated within the Metro jurisdictional boundary.
- (c) All solid waste regulation is subject to the authority of all other applicable laws, regulations or requirements in addition to those ~~contained~~ in this chapter. Nothing in this chapter abridges or alters the rights of action by the State or by a person that exist in equity, common law, or other statutes to abate pollution or to abate a nuisance. The provisions of this chapter should be liberally construed to accomplish these purposes. [Ord. 89-319; Ord. 01-917, Sec. 3; Ord. 02-974; Ord. 03-1019, Sec. 2; Ord. 16-1389.]

5.05.040 Prohibited Activities

- (a) ~~Unless a person has a valid, Metro-issued non-system license, No~~ person may transport, or cause to be transported, solid waste generated within the Metro jurisdictional boundary to ~~any non-system solid waste facility or disposal site without a valid, Metro-issued non-system license.~~
- (b) No person may falsely state to a system facility operator that solid waste delivered to that facility for disposal was generated outside of the Metro jurisdictional boundary if the waste was actually generated inside of the Metro jurisdictional boundary.
- (c) No person may direct another person to falsely state to a solid waste system facility operator that solid waste delivered to that facility for disposal was generated

outside of ~~the~~ Metro jurisdictional boundary if the waste was actually generated inside of ~~Metro~~the boundary. A person is deemed to have directed another person to make false statements under this subsection if the person doing the directing knew or reasonably should have known that the person transporting the solid waste to the system facility would falsely state the origin of the solid waste being delivered. [Ord. 01-917, Secs. 4-5; Ord. 02-974; Ord. 06-1104; Ord. 16-1389.]

5.05.050 Exemptions to Prohibited Activities

- (b) If a designated facility is in compliance with all local, state, federal and Metro regulations, including any agreement entered into between Metro and the system facility, then a non-system license is not required of any person to:
 - (1) Transport solid waste generated within the Metro jurisdictional boundary to that designated facility, or
 - (2) Utilize the designated facility for disposing or processing solid waste that was generated within the Metro jurisdictional boundary.
- (c) A non-system license is not required for a government agency to transport solid waste to the Covanta Waste-to-Energy facility located in Brooks, Oregon, for the primary purpose of destroying the waste in order to assure public safety or for the public good. Solid waste exempt under this subsection includes, but is not limited to, contraband, postage stamps, expired pharmaceuticals, and lottery tickets. [Ord. 01-917, Secs. 6-7; Ord. 02-974; Ord. 06-1106; Ord. 16-1389.]

5.05.055 Limited Capacity Landfills and New Landfills

- (a) No person may dispose of solid waste generated within the Metro jurisdictional boundary at a limited capacity landfill or new landfill.
- (b) Metro will not accept any application for a designated facility or non-system license that seeks to dispose of solid waste generated within the Metro jurisdictional boundary at a limited capacity landfill or new landfill.
- (c) If a solid waste system facility becomes a limited capacity landfill, then within 30 days of becoming a limited capacity landfill Metro will terminate any existing designated facility agreement and non-system license in effect for that facility.
- (d) This section does not apply to a disposal site that holds an applicable permit issued by the appropriate state or federal authority to:

- (1) Accept hazardous waste for disposal under Subtitle C of the Resource Conservation and Recovery Act; or
- (2) Accept only cleanup material such as contaminated soil and sediment. [Ord. 17-1401; Ord. 22-1478.]

5.05.140 Factors to Consider Regarding Non-System License Issuance

The Chief Operating Officer or Council, as applicable, will consider the following factors to the extent relevant to determine whether to issue a non-system license:

- (1) The degree to which prior users of the non-system facility and waste types accepted at the non-system facility are known and the degree to which those wastes pose a future risk of environmental contamination;
- (2) The non-system facility owner's and operator's regulatory compliance record with federal, state and local requirements, including but not limited to public health, safety and environmental regulations;
- (3) The adequacy of the non-system facility's operational practices and management controls;
- (4) The expected impact on the region's recycling and waste reduction efforts;
- (5) The proposed non-system license's effect with Metro's existing contractual arrangements;
- (6) The applicant's record regarding compliance with Metro ordinances and agreements or assistance to Metro in Metro ordinance enforcement and with federal, state and local requirements, including but not limited to public health, safety and environmental regulations; and

- (7) Any other factor the Chief Operating Officer considers appropriate. [Ord. 14-1337; Ord. 16-1389.]

5.05.150 Non-System License Issuance Timetable for Non-Putrescible Waste

- (a) The Chief Operating Officer will issue a non-system license for non-putrescible waste, special waste, cleanup material, yard debris mixed with residential food waste, residential food waste or any other solid waste other than putrescible waste according to the following timelines and circumstances:
- (1) New non-system licenses. Within 60 days after the Chief Operating Officer receives a completed application along with any additional information the Chief Operating Officer may require, the Chief Operating Officer will determine whether to issue the non-system license and will inform the applicant in writing of that determination.
 - (2) Non-system license renewals.
 - (A) A non-system license renewal application must be substantially similar to the existing non-system license with regard to waste type, quantity and destination.
 - (B) A non-system licensee must submit a completed non-system license renewal application at least 60 days before the existing non-system license expires, along with any additional information the Chief Operating Officer may require.
 - (C) The Chief Operating Officer will determine whether to renew the non-system license and will inform the applicant in writing of that determination before the existing non-system license expires.

If the Chief Operating Officer recommends that Council issue or renew the non-system license for putrescible waste, the Chief Operating Officer will recommend to the Council specific conditions of the non-system license.

- (b) New non-system licenses. The Council will determine whether to issue the non-system license and will direct the Chief Operating Officer to inform the applicant in writing of that determination within 120 days after Metro receives a completed application for a non-system license for putrescible waste, including receipt of any additional information the Chief Operating Officer may require.
- (c) Non-system license renewals.
 - (1) An application for renewal of an existing non-system license must be substantially similar to the existing non-system license with regard to waste type, quantity and destination.
 - (2) A non-system licensee must submit a completed application to renew the non-system license at least 120 days before the existing non-system license expires, along with any additional information the Chief Operating Officer requires.
 - (3) The Council will determine whether to renew the non-system license. The Council will inform the applicant in writing of that determination before the existing non-system license expires.
 - (4) The Council is not obligated to make a determination earlier than the expiration date of the existing non-system license, even if the licensee files its renewal request more than 120 days before the existing non-system license expires.
- (d) The Chief Operating Officer or Council, as applicable, may impose conditions on the issuance of a new or renewed non-system license for putrescible waste as they consider necessary under the circumstances. [Ord. 14-1337; Ord. 16-1389.]

5.05.170 Issuance of Non-System License; Contents

Each non-system license must be in writing and must set forth the following:

- (1) The name and address of the waste hauler or other person to whom Metro issues the non-system license;
- (2) The nature of the solid waste allowed by the non-system license;
- (3) The maximum total, weekly, monthly or annual quantity of solid waste allowed by the non-system license;
- (4) The non-system facility where the licensee will transport the solid waste allowed by the non-system license, or the facilities at which the licensee will otherwise process the solid waste;
- (5) The expiration date of the non-system license. The expiration date may not be more than:
 - (A) 120 days from the issue date for a limited-duration non-system license;

- (B) Three years from the issue date for a new full-term non-system license; and
 - (C) Two years from the issue date of a renewed full-term non-system license.
 - (D) Notwithstanding the provisions of this subsection, the Chief Operating Officer may extend the term of any non-system license for up to an additional six months beyond the original expiration date.
- (6) Any conditions the Chief Operating Officer imposes as provided above and which the licensee must comply with during the non-system license term, including but not limited to conditions that address the factors in Section 5.05.140. [Ord. 14-1337; Ord. 16-1389.]

5.05.180 Non-System Licensee Requirements

Each non-system licensee is required to:

- (1) Maintain complete and accurate records of, including but not limited to, the information required by the Chief Operating Officer regarding all solid waste transported, disposed or otherwise processed pursuant to the non-system license, and make those records available to Metro or its duly designated agents for inspection, auditing and copying upon not less than three days written notice from Metro;
- (2) Report to Metro the number of tons of solid waste transported, disposed or otherwise processed each month pursuant to the non-system license by no later than the 15th day following the end of each month;
- (3) Pay to Metro a fee equal to the ~~r~~Regional ~~s~~System ~~f~~Fee and ~~e~~Excise ~~t~~Tax multiplied by the number of tons (or fractions thereof) of solid waste transported, disposed or otherwise processed each month in accordance with the non-system license and Chapters 5.02 and 7.01;
- (4) When solid waste generated from within the Metro jurisdictional boundary is mixed in the same vehicle or container with solid waste generated outside the ~~Metro~~ boundary, the licensee must report to Metro that the load in its entirety was generated within the ~~Metro~~-boundary. The licensee must pay the ~~r~~Regional ~~s~~System ~~f~~Fee and ~~e~~Excise ~~t~~Tax on the entire load unless the non-system licensee provides Metro with records demonstrating the total weight of the solid waste in the vehicle or container that was generated within the Metro jurisdictional boundary; and
- (5) Comply with all conditions and requirements found in the non-system license. [Ord. 14-1337; Ord. 16-1389; Ord. 22-1478.]

5.05.190 Failure to Comply with Non-System License

- (a) If a non-system licensee fails to comply with the requirements set forth in Section 5.05.180 or with any non-system license condition imposed pursuant to Section 5.05.170, the Chief Operating Officer may:
 - (1) Impose penalties, or
 - (2) Modify, suspend, or terminate the non-system license pursuant to Section 5.05.250.
- (b) If the Chief Operating Officer finds a violation, the Chief Operating Officer will provide written notice to the licensee describing the violation and requiring the licensee to correct the violation within the time specified in the notice. [Ord. 89-319; Ord. 91-388; Ord. 01-917, Sec. 9; Ord. 02-979; Ord. 02-974; Ord. 03-992B, Sec. 1; Ord. 03-1019, Sec. 4; Ord. 06-1098B, Sec. 3; Ord. 06-1105; Ord. 07-1138, Sec. 5; Ord. 07-1139, Sec. 3; Ord. 07-1161, Sec. 2; Ord. 07-1147B, Sec. 11; Ord. 14-1337; Ord. 16-1389.]

5.05.195 Putrescible Waste Tonnage Allocation Framework

- (a) The Chief Operating Officer will allocate putrescible waste tonnage amounts to a transfer station in accordance with the allocation methodology under applicable administrative rule and this chapter's requirements.
- (b) The Chief Operating Officer may allocate tonnage to either a transfer station that is designated under this chapter or franchised under Chapter 5.01.
- (c) In addition to the allocation methodology factors adopted by administrative rule, the Chief Operating Officer may also consider the following factors when allocating tonnage amounts annually to a transfer station located outside the ~~regional-Metro~~ jurisdictional boundary:
 - (1) The public benefits to the regional solid waste system;
 - (2) How the allocation will affect regional solid waste system;
 - (3) How the allocation will affect the proportional amount of regional tonnage reserved for Metro's transfer stations (a minimum of 40 percent of the regional tonnage is to be reserved for Metro transfer stations);
 - (4) The proportional amount of regional tonnage allocated to companies;
 - (5) The rate that the transfer station charges for accepting putrescible waste from the Metro ~~region~~jurisdictional boundary; and
 - (6) Any other factor the Chief Operating Officer considers relevant to achieve the purposes and intent of this section.
- (d) The Chief Operating Officer may further adjust a transfer station's tonnage allocation at other times if it is in the public interest and necessary to address a significant disruption as defined in Chapter 5.00. An adjustment under this subsection does not require Council approval.

- (e) The Chief Operating Officer may not allocate more than 40 percent of the available regional tonnage to any combination of transfer stations owned by the same company. [Ord. 18-1426.]

5.05.196 Obligations and Limits for Selected Types of Activities

- (a) To be eligible to receive a tonnage allocation from Metro when a transfer station is located outside the Metro ~~regional-jurisdictional~~ boundary, the transfer station must:
 - (1) Be a designated facility in accordance with 5.05.070; and
 - (2) Enter into an agreement with Metro in accordance with 5.05.100.
- (b) A designated transfer station that ~~received~~ receives putrescible waste from the Metro ~~region-jurisdictional boundary~~ must:
 - (1) Demonstrate it has the authorization from the applicable local or state solid waste authority to accept solid waste from the Metro ~~region-jurisdictional boundary~~;
 - (2) Allow Metro to inspect, monitor, review and audit as if it were a facility located inside the ~~Metro jurisdictional-regional~~ boundary in accordance with Chapter 5.01;
 - (3) Report information monthly to Metro on all solid waste accepted or rejected that was generated from within the Metro ~~jurisdictional-regional~~ boundary;
 - (4) Collect and remit regional system fees to Metro monthly in accordance with Chapter 5.02 on all solid waste accepted from the Metro ~~jurisdictional-regional~~ boundary; and
 - (5) Collect and remit excise taxes to Metro monthly in accordance with Chapter 7.01 on all solid waste accepted from the Metro ~~jurisdictional-regional~~ boundary.

Any person may request or the Chief Operating Officer may initiate an investigation of a designated facility to ensure that it complies with this section. [Ord. 18-1426; Ord. 22-1478.]

5.05.200 Issuance of Required Use Orders

- (a) The Chief Operating Officer may issue a “required use order” to any person within ~~the~~ Metro ~~jurisdictional boundary~~. This order requires the recipient to deliver waste to a specific designated facility. The Chief Operating Officer must comply with the provisions of this section and Section 5.05.210 if the Chief Operating Officer issues a required use order.
- (b) The following priorities apply when determining whether to issue a required use order:

- (1) Metro will allow persons to use the designated facility of their choice to the extent doing so is consistent with state, Metro and local regulations, facility obligations and facility limitations; and
- (2) It may be necessary for the Chief Operating Officer to override the facility choice of a person if the Chief Operating Officer finds that allowing specific persons to exercise their choice appears likely to:
 - (A) Overload or underutilize a specific designated facility or facilities; or
 - (B) Create system inefficiencies or negative impacts on the public health, safety or welfare as specified by the Chief Operating Officer.
- (c) When determining whether it is necessary to issue or amend a required use order, the Chief Operating Officer will consider the following factors:
 - (1) The location of the person's route and/or facilities in relation to designated facilities, in terms of travel time and/or distance;
 - (2) The equipment being utilized by the person at the time of the order's issuance in relation to the equipment handling capabilities of designated facilities;
 - (3) The types of waste being disposed of by the person, in relation to the capabilities of designated facilities to most appropriately process those wastes; and
 - (4) Other considerations that the Chief Operating Officer finds relevant, including but not limited to other health, safety and welfare considerations. [Ord. 89-319; Ord. 91-388, Sec. 3; Ord. 01-917, Sec. 11; Ord. 02-974; Ord. 14-1337; Ord. 16-1389.]

5.05.210 Content of Required Use Orders; Notice

- (a) Required use orders will contain the following:
 - (1) The names of the persons subject to the required use order, together with the person's address or place of business and telephone number;
 - (2) The type and quantity of solid waste subject to the required use order;
 - (3) The name and location of the designated facility that the recipient is required to use;
 - (4) The effective date of the required use order. Absent an emergency, the effective date may not be less than 10 days from the date of the order;
 - (5) A brief description of the procedure for how a recipient may request that the Chief Operating Officer reconsider either issuance or specific details of the order; and
 - (6) Any other information the Chief Operating Officer considers necessary.

- (b) Within two days after the date of any required use order, the Chief Operating Officer will give notice of the required use order as follows:
 - (1) By United States mail, postage prepaid, to each person subject to the required use order at the person's last known address; and
 - (2) By any other method that the Chief Operating Officer considers necessary, and most likely, to ensure actual notice to the person subject to the order.
- (c) The failure of any person subject to a required use order to receive notice of the order does not affect the order's validity and it does not excuse any person from complying with the order's terms. [Ord. 89-319; Ord. 91-388, Sec. 4; Ord. 14-1337; Ord. 16-1389.]

5.05.220 Requests for Reconsideration of Required Use Order

- (a) Any person receiving a required use order may request that the Chief Operating Officer reconsider issuance of the order or specific details of the order. The requesting person may premise the request on any matter that was relevant to the order's issuance, as specified in Metro Code Section 5.05.200.
- (b) A request for reconsideration must be in writing and on a form provided by Metro. To be timely, the Chief Operating Officer must receive a request for reconsideration within 30 days of the required use order's issuance date, as specified in the order.
- (c) The Chief Operating Officer will review a request for reconsideration and, within 15 days of receipt, either affirm or modify the order.
 - (1) The affirmance or modification will be considered timely if Metro deposits it in the mail within the 15-day period, with regular ~~first-class~~first-class postage and addressed to the person requesting review.
 - (2) The affirmance or modification must include a brief statement of the decision's basis, and a brief statement on how the requesting party may request that the Chief Operating Officer review the decision.
- (d) The reconsideration process is intended to be informal. It may include personal, written, or telephone contact between the requesting party and the Chief Operating Officer or Finance and Regulatory Services staff.
- (e) If the Chief Operating Officer fails to issue a timely decision, the person receiving the order may appeal the decision to a hearings officer as specified in Metro Code Section 5.05.230.
- (f) A request for reconsideration does not stay the order issued. A required use order is effective on the date issued, and will remain in effect until Metro modifies or revokes the order. [Ord. 91-388, Sec. 5; Ord. 02-974; Ord. 14-1337; Ord. 16-1389.]

5.05.230 Appeals to the Hearings Officer

- (a) Any person receiving a required use order may appeal the order to a hearings officer. The hearings officer may review any matter that was relevant to the order's issuance, as set forth in Metro Code Section 5.05.200.
- (b) An appeal to the hearings officer must be in writing and on a form provided by Metro. The hearings officer must receive the appeal within 30 days of the order's issuance date or affirmance date.
- (c) Within 15 days of receiving the appeal, the hearings officer must issue a written order either affirming or modifying the Chief Operating Officer's decision.
 - (1) The hearings officer's order is timely if it is deposited in the mail within the 15-day period, with regular ~~first-class~~first-class postage and addressed to the appellant.
 - (2) The hearings officer's order must include a brief statement of the basis for the decision, and a brief statement of the process for contested case review of the decision by the Council.
- (d) If the appellant is not satisfied with the hearings officer's order, or if the hearings officer fails to issue a timely order, the person receiving the Order may appeal the order to the Council as a contested case proceeding. The contested case hearing will be limited to the following whether:
 - (1) Exceptional circumstances of the person justify Council to revoke or modify the order; or
 - (2) The order is likely to cause extreme financial hardship to the person subject to the order.
- (e) An appeal does not stay the order issued. A required use order is effective on the date issued and remains in effect until modified or revoked. [Ord. 91-388, Sec. 5; Ord. 02-974; Ord. 14-1337; Ord. 16-1389.]

5.05.240 Solid Waste Tracking System

The Chief Operating Officer will maintain a system for tracking solid waste that is generated, collected, transported or disposed within or outside the Metro jurisdictional boundary for the purpose of ensuring compliance with the requirements of this chapter. [Ord. 89-319; Ord. 02-974; Ord. 14-1337; Ord. 16-1389.]

5.05.250 Solid Waste Flow Control Enforcement; Fines, Penalties and Damages for Violations

- (a) Any person who violates any provision of this chapter, any non-system license condition, or a required use order is subject to the fines and penalties set forth in this section.

- (b) The Chief Operating Officer may assess the following fines and penalties:
- (1) A fine not to exceed \$500 for each violation; and
 - (2) A revocation of credit by Metro for the use of any system facility until the violator pays in full all fines owing under this chapter as a result of any violation.
- (c) In addition to the fines and penalties in subsection (b):
- (1) Any person who fails to comply with any non-system license condition must pay to Metro a fine in an amount equal to (i) the regional system fee multiplied by (ii) the number of tons (or fractions thereof) of solid waste generated within the Metro jurisdictional boundary transported, disposed of or otherwise processed in violation of the non-system license conditions;
 - (2) Any person who, without having a non-system license then in effect, transports solid waste generated within the Metro jurisdictional boundary to, or utilizes or causes to be utilized for the processing or disposal of any solid waste generated within ~~Metro~~the boundary, any non-system facility must pay to Metro a fine in an amount equal to the non-system license application fee that would have otherwise been required to authorize the waste disposed, plus an amount equal to the regional system fee and excise tax multiplied by the number of tons (or fractions thereof) of solid waste generated within the Metro jurisdictional boundary transported, recycled, disposed of or otherwise processed to or at any non-system facility; and
 - (3) Any person who violates Metro Code Section 5.05.040(b) by falsely stating the origin of waste transported to a system facility must pay to Metro a fine in an amount equal to the regional system fee and excise tax multiplied by the number of tons (or fractions thereof) of solid waste generated within the Metro ~~jurisdictional~~regional boundary transported to the system facility.
- (d) Metro may commence an appropriate legal action to collect the fines and penalties provided for above. Metro may also seek to enjoin any violation of this chapter or any failure to comply with any condition of a non-system license or required use order.
- (e) An authorized gatehouse employee may enforce a required use order at any Metro-owned facility by denying facility access to any person if the person is:
- (1) Subject to a required use order, and
 - (2) Attempting to deliver waste to a facility not specified in the required use order.

This enforcement is in addition to the fines and penalties that Metro may levy pursuant to this section. [Ord. 89-319; Ord. 91-388, Sec. 6; Ord. 01-917, Sec. 12; Ord. 02-974; Ord. 03-992B, Sec. 2; Ord. 06-1104; Ord. 14-1337; Ord. 16-1389.]

5.05.260 [Repealed Ord. 19-1441; Effective February 19, 2020]

5.05.270 Contested Case Proceedings

Any person wishing to contest any decision made by the Chief Operating Officer under this chapter may commence a contested case proceeding pursuant to Chapter 2.05 of the Metro Code. [Ord. 89-319; Ord. 02-974; Ord. 14-1337; Ord. 16-1389.]

IN CONSIDERATION OF ORDINANCE NO. 23-1498, FOR THE PURPOSE OF
AMENDING CERTAIN METRO CODE CHAPTERS IN TITLE V (SOLID WASTE) FOR
HOUSEKEEPING UPDATES AND TO INCORPORATE PLAIN LANGUAGE BEST
PRACTICES

Date: September 22, 2023
Department: Office of Metro Attorney
Meeting Date: October 5, 2023

Prepared by: Shane Abma
Presented by: Shane Abma
Length: 10 minutes

ISSUE STATEMENT

In December 2022, Metro Council adopted Resolution No. 22-5293, which requires staff to use inclusive and plain language best practices when drafting Metro Code language. The Resolution further recognizes that certain regulatory code chapters—primarily solid waste and income taxes—require “frequent housekeeping updates to reflect changes in state law and ongoing regulatory clarity,” with annual updates. Staff seeks to update two solid waste chapters (Flow Control and Facility Regulation) to incorporate plain language and correct errors in the code.

ACTION REQUESTED

The Office of Metro Attorney requests that Metro Council adopt Ordinance No. 23-1498.

IDENTIFIED POLICY OUTCOMES

- 1) Update Metro Code Chapters 5.01 (Facility Regulation) and 5.05 (Flow Control) to incorporate plain and inclusive language best practices;
- 2) Remove redundant and unnecessary words that do not otherwise change the meaning of the sentence or code section;
- 3) Correct code errors related to incorrect cross-references;
- 4) Update terms to be more precise regarding Metro’s jurisdictional boundary.

POLICY OPTIONS FOR COUNCIL TO CONSIDER

This ordinance does not affect current Council policies. This ordinance merely updates two solid waste code chapters to incorporate plain and inclusive language best practices as required by Council and corrects certain code errors.

STAFF RECOMMENDATIONS

OMA recommend that Metro Council adopt Ordinance No. 23-1498 to amend Metro Code Chapters 5.01 (Facility Regulation) and 5.05 (Flow Control) in Title V.

STRATEGIC CONTEXT & FRAMING COUNCIL DISCUSSION

This housekeeping code update has no applicable strategic context other than ensuring that Metro’s regulatory code chapters are “clear, accessible, and inclusive” for all

communities, businesses, and local government partners within the region as required by Metro Council Resolution No. 22-5293.

BACKGROUND

In December 2022 Metro Council adopted Resolution No. 22-5293, the “Plain Language” resolution. This required, among other things, that staff draft Metro Code language using plain and inclusive language best practices. Second, it required a scheduled review of Metro Code chapters over time. Finally, it recognized that the solid waste regulatory code chapters in Title V “require frequent housekeeping updates to reflect changes in state law and ongoing regulatory clarity.”

For the past several months, solid waste staff have compiled a list of future necessary code changes when they discovered errors in the code or examples of language that did not comply with Metro’s plain and inclusive language standards. This code housekeeping update corrects those errors, while also slightly modifying some sections to incorporate plain and inclusive language best practices. It does not change current policy, practice, or intent.

Attachment 1 summarizes the updates to both chapters.

Attachment 1
Staff Report for Ordinance No. 23-1498
Summary of Chapter Updates

I. Chapter 5.01 (Solid Waste Facility Regulation)

- Corrected certain cross-reference errors;
- Changed the term “citizens” to “residents;”
- Changed plural terms to singular to improve regulatory clarity;
- Removed the final zeros on dollar amounts for easier reading (e.g. \$300.00 to \$300);
- Changed the term “planning director” to “planning department” when local land use compatibility statements are required for new Metro-authorized facilities. (This codifies current practice in which Metro receives notification from cities and counties rather than individual planning directors);
- Removed redundant or unnecessary words without changing the underlying meaning.

II. Chapter 5.05 (Solid Waste Flow Control)

- Changed the term “citizens” to “residents;”
- Changed “regional” boundary to “jurisdictional” boundary to be more precise;
- Removed redundant or unnecessary words without changing the underlying meaning;
- Changed the phrase “generated within Metro” to “generated within the Metro jurisdictional boundary” to be more precise;
- Capitalized the terms “Regional System Fee” and “Excise Tax;”
- Changed the term “Administrative Procedure” to “Administrative Rule.”

(Procedure for Contested Cases) and Replacing it with a New, Updated
Metro Code Chapter 2.05 (Contested Cases Procedures)**
Ordinances (First Reading and Public Hearing)

Metro Council Meeting

BEFORE THE METRO COUNCIL

FOR THE PURPOSE OF REPEALING METRO)	ORDINANCE NO. 23-1499
CODE CHAPTER 2.05 (PROCEDURE FOR)	
CONTESTED CASES) AND REPLACING IT)	Introduced by Chief Operating Officer
WITH A NEW, UPDATED METRO CODE)	Marissa Madrigal in concurrence with
CHAPTER 2.05 (CONTESTED CASES)	Council President Lynn Peterson
PROCEDURES))	

WHEREAS, Metro Code Chapter 2.05 (Procedure for Contested Cases) prescribes the procedures and requirements for the notice and hearings when a party seeks a contested case hearing; and

WHEREAS, a contested case hearing opportunity exists when Metro makes a decision that affects individual legal rights, duties, or privileges of specific parties. This includes Metro decisions regarding licenses, franchises, permits, or the imposition of civil penalties; and

WHEREAS, several Metro code chapters authorize a person or entity to seek a “contested case” hearing based on a Metro decision that affects that person or entity’s rights; and

WHEREAS, although the availability to contest a Metro decision applies to a broad range of Metro decisions, it is rarely exercised and has primarily been used with respect to solid waste license and franchise decisions and enforcement of solid waste authorizations; and

WHEREAS, current Metro Code Chapter 2.05 (Contested Cases) was originally adopted in 1979 by the former Metropolitan Service District Board, with only limited change or updating since that original adoption nearly 45 years ago; and

WHEREAS, some Metro Code chapters and sections that were established in the 1970s and 1980s—before Metro had an independent charter and home rule authority—were modeled after existing state statutes involving similar circumstances; and

WHEREAS, Metro’s Procedures for Contested Cases Chapter 2.05 was modeled almost exclusively on the state of Oregon’s contested case procedures found in ORS Chapter 183; and

WHEREAS, procedures established for use by Oregon state government do not often easily transfer to local government practices, which can create a local government procedure that is unclear, cumbersome, or, in the worst instances, nearly impractical to implement; and

WHEREAS, as but one example of this disconnect between state and local governments, Metro’s Contested Case chapter code language generally substitutes the term “Metro Council” for state “agency” (which is defined as a state board, commission, department or division thereof), even though “state agencies” and “Metro Council” serve different roles, with different responsibilities and considerations; and

WHEREAS, many of the procedures established in Metro Code Chapter 2.05 (Contested Case Procedures) are unclear, cumbersome, and difficult to implement. This makes it burdensome for Metro staff and hearings officers to effectuate, while also creating barriers and confusion for individuals and entities seeking a contested case hearing based on a Metro decision or imposition of civil penalty; and

WHEREAS, in December 2022 Metro Council adopted Resolution No. 22-5293, which among other things requires that Metro Code be written using plain and inclusive language best practices; and

WHEREAS, the newly proposed Chapter 2.05 incorporates plain and inclusive language best practices as required; and

WHEREAS, Metro Code Chapter 2.05 (Procedures for Contested Cases) should be repealed and replaced with a new Contested Case Procedures chapter that more closely aligns Metro's contested case hearing and appeal procedures with local government practices, and which also incorporates plain and inclusive language best practices; now therefore,

THE METRO COUNCIL ORDAINS AS FOLLOWS:

1. Metro Code Chapter 2.05 (Procedures for Contested Cases) is repealed in its entirety.
2. A new Metro Code Chapter 2.05 (Contested Cases Procedures) is established as set forth in the attached Exhibit A.
3. The Metro Attorney is authorized to take any action reasonably necessary to correct and update any code chapter or code section reference to implement this ordinance.
4. Any contested case hearing that is requested before the effective date of this ordinance will continue to be governed by the contested case procedures established at the party request a contested case, including any appeals related to that contested case hearing.

ADOPTED by the Metro Council this 19th day of October 2023.

2.05.010 Purpose

The purposes of this chapter are to give clear guidelines to persons involved in a contested case, to provide an understanding of what participants can expect, and to provide for thorough, fair, and timely hearings.

2.05.020 Definitions

Ex Parte Communication means a direct or indirect communication about a contested case pending before the hearings officer, which is between the hearings officer and a party to the contested case or the party's representative, and which occurs outside of a public hearing.

Hearings Officer means a person appointed by the Chief Operating Officer to hear and determine a contested case.

In Camera Review means a review by the hearings officer of a document or exhibit that is not available for public review.

Party means:

- (a) Metro.
- (b) Any person requesting and entitled to a contested case hearing under Metro Code.
- (c) Any person requesting to participate at the hearing as a party or a limited party which the hearings officer determines (i) has an interest in the result of the proceeding or represents a public interest in the result, and (ii) that the identified interest is not already adequately represented by one of the current parties.

Received means the date and time Metro or the hearings officer records a document as received by the hearings officer or Metro, as applicable. A document delivered to the hearings officer or Metro after regularly scheduled business hours or on a Saturday, Sunday, or official Metro holiday or closure is deemed received on the next business day at the start of business hours.

2.05.030 Jurisdiction for Contested Cases

- (a) Whenever a person has the right to a contested case hearing from any Metro decision or determination as provided in Metro Code generally or Section 2.05.040(a) specifically, the contested case hearing will follow the procedures set forth in this chapter.
- (b) No person has the right to a contested case hearing unless that right is expressly provided for in Metro Code. If Metro Code does not expressly provide for a contested case hearing, then the appropriate review is a writ of review in Multnomah County Circuit Court as set forth in ORS Chapter 34.

2.05.040 Contested Case Applicability

- (a) A contested case is a quasi-judicial administrative action that exists when:

- (1) Individual legal rights or duties of specific parties are required by Metro Code, Oregon statute, the Oregon Constitution, or the United States Constitution to be determined only after a hearing at which specific parties are entitled to appear and be heard;
 - (2) Metro has discretion to suspend or revoke a right or duty of a person;
 - (3) Metro refuses to issue, renew, modify, or amend any license, franchise, or permit required to pursue any activity governed or regulated by Metro;
 - (4) There is a proceeding in which Metro has directed by ordinance, rule, or otherwise that the proceeding be conducted in accordance with contested case procedures;
 - (5) Metro imposes a civil penalty; or
 - (6) Metro issues an Illegal Disposal citation pursuant to Metro Code Chapter 5.09.
- (b) A contested case does not exist when:
- (1) Metro approves or denies a grant application or Metro amends or revokes a grant;
 - (2) Metro finds a breach of contract, including a designated facility agreement authorized under Metro Code Title V;
 - (3) Metro imposes a condition, law, rule, or requirement of general applicability on a class of facilities, licensees, franchisees, or permittees; or
 - (4) Metro Code specifically authorizes a department director or other Metro staff member to hear appeals regarding decisions affecting the rights or duties of a person or entity.

2.05.050 Notice of Opportunity for Hearing; Service of Notice

- (a) Metro must give notice to a party when that party has the right to seek a contested case hearing. The notice must include:
- (1) A statement of the party's right to request a hearing, or a statement of the time and place of the hearing;
 - (2) A statement of the authority under which Metro will hold the hearing;
 - (3) A reference to the applicable Metro Code sections, ordinances, or rules involved;
 - (4) A short and plain statement of the matters asserted, charged, or proposed;
 - (5) A statement that an attorney may represent the party at the hearing; and

- (6) When applicable, a statement that if the party desires a hearing, the party must notify Metro in writing within 30 calendar days of receiving Metro's notice of right to a contested case hearing.
- (b) Metro may give the notice required under subsection (a) by any method or combination of methods which, under the circumstances, is reasonably likely to apprise the party of the hearing. When Metro provides notice by United States Postal Service mail, then three days are added to the 30-day deadline set forth in subsection (a). The following notice methods satisfy the notice requirements of this section:
 - (1) Personal delivery;
 - (2) Mailing the notice by United States Postal Service mail, postage prepaid, and addressed to the residence or business address of the party or parties;
 - (3) Any method authorized by the Oregon Rules of Civil Procedure for the service of summons; or
 - (4) Electronic mail to the last known electronic mail address on file if Metro is giving notice to a person or entity currently regulated, licensed, franchised, or otherwise permitted by Metro.

2.05.060 Hearings Officer Appointment; Qualifications

- (a) The Chief Operating Officer appoints the hearings officer from a list of at least three prospective, qualified hearings officers recommended by the Metro Attorney. The Chief Operating Officer may appoint more than one hearings officer at any given time depending on the circumstances and frequency of contested case hearings. The Chief Operating Officer may appoint a hearings officer for a specific hearing (or hearings), or for a specific duration of time.
- (b) The hearings officer must be a member in good standing of the Oregon State Bar.
- (c) The hearings officer must be independent of all Metro departments. However, for administrative purposes, the officer may be established as part of the Finance and Regulatory Services Department or Office of the Metro Attorney.

2.05.070 Hearings Officer Duties

- (a) The hearings officer conducts impartial administrative hearings and renders decisions when a person or entity contests Metro's decision to:
 - (1) Suspend, fail to renew, or revoke a right or duty previously conferred by Metro as authorized under Metro Code, or
 - (2) Refuse to grant a franchise, license, or other regulatory instrument pursuant to Metro Code Title V.

- (b) The hearings officer will coordinate with applicable Metro staff on scheduling and other administrative matters related to the hearing.

2.05.080 Initiation of Hearing Request

- (a) Unless otherwise specified in Metro Code, a party must file a request for a contested case hearing within 30 days after the date of the Metro decision or determination. The party must direct the request to the Metro staff position identified on the relevant Metro determination or citation. If no staff position is identified, the party should direct the request to the Metro Attorney's Office.
- (b) The request must be in writing and contain a statement of grounds upon which the party contends that the decision or determination is invalid, unauthorized, or otherwise improper.
- (c) The request must include a current address and contact information for the requesting party, including a phone number and, if applicable, an electronic email address for future correspondence.

2.05.090 Scheduling a Hearing; Notice

- (a) Upon Metro's receipt of a request for a contested case hearing, Metro will notify the hearings officer of the request to assist in scheduling the hearing.
- (b) The hearings officer, in coordination with applicable Metro staff, will specify a time, date, and place for a public hearing on the matters alleged in the request.
- (c) The date set for hearing may not be less than 30 days nor more than 180 days after the date that Metro receives the hearing request. However, the hearings officer may specify a date for hearing less than 30 days after the request is received if it appears there may exist an immediate and serious hazard to the public health, safety, or welfare or to the life, health, safety, welfare, or property of any person.
- (d) The hearings officer will give each party notice of the time, date, and location of the hearing in the same manner authorized for notice under 2.05.050(b).
- (e) The hearings officer may postpone, continue, set over, or reschedule any hearing with the consent of all parties; or, upon the hearings officer's discretion, on the motion of any party for good cause shown.
- (f) Notwithstanding an earlier request for an in-person hearing, the hearings officer may determine the matter without an in-person hearing upon consent of all parties and a review of written materials, if any, submitted by the parties. Any party seeking a determination without an in-person hearing must request this option at least five business days before the scheduled hearing.

2.05.100 Rights of Parties in Contested Cases

- (a) After the request for a hearing but at least 15 business days before the contested case hearing begins, Metro must provide the following information in writing to all parties:
 - (1) A general description of the hearing procedure, including the order of presentation of evidence and what kinds of evidence are admissible. Before the hearing begins, the hearings officer may provide further information regarding the officer's preferred hearing procedures, including the order of presentation of evidence.
 - (2) Whether Metro will record the proceeding, the manner of recording, and its availability to the parties.
 - (3) That an attorney may represent any party, including Metro.
 - (4) A description of the appeal process from the final order.
- (b) A failure to give notice of any item specified in subsection (a) does not invalidate any order unless upon an appeal from or review of the order a court finds that the failure affects the substantial rights of the complaining party. In the event of such a finding, the court will remand the matter to Metro for a reopening of the hearing and may direct Metro as to what steps Metro must take to remedy the prejudice to the rights of the complaining party.

2.05.110 Hearings Procedures

- (a) The hearings officer will conduct and control the hearing.
- (b) The hearings officer has authority to administer oaths and take testimony of witnesses.
- (c) By agreement of all parties, the hearing may be conducted using technology such as telephone or video conferencing equipment. If setting a hearing by telephone or video conference, the hearings officer will set the date and time by which the parties must exchange documents, exhibits, and witness lists.
- (d) Unless precluded by law, informal disposition of any proceeding may be made, with or without a hearing, by stipulation, consent order, agreed settlement, or default.
- (e) As set forth in subsection 2.05.090(f) and with the consent of all parties, the hearings officer may determine the matter without a hearing upon a review of written materials, if any, submitted by the parties.
- (f) Parties may elect to be represented by legal counsel and to respond to and present evidence and argument on all issues involved.
- (g) At the discretion of the hearings officer, the hearing will proceed as follows:
 - (1) Metro staff or case file report, if any.

- (2) Statement and evidence by Metro staff in support of Metro's action.
- (3) Statement and evidence of affected persons disputing Metro's action.
- (4) Rebuttal testimony.
- (h) The hearings officer, Metro's attorney of record or Metro staff as applicable, and the affected parties (or their attorneys if represented) have the right of direct examination of any witness. The hearings officer may ask follow-up questions of any witness as appropriate.
- (i) Each party may seek to cross-examine a witness by directing proposed cross-examination questions to the hearings officer. The hearings officer has discretion whether to allow any or all cross-examination questions.
- (j) Each party has the right to submit rebuttal evidence.
- (k) The hearings officer may continue the hearing for a reasonable period at the hearing officer's discretion.
- (l) The hearings officer may set reasonable time limits for oral presentation and may exclude or limit cumulative, repetitious, or immaterial testimony.
- (m) Parties must mark exhibits and the markings must identify the person offering the exhibits. Metro will preserve the exhibits as part of the record of the proceedings for a period of not less than five years.
- (n) A verbatim oral, written, or mechanical record must be made of all the proceedings. The verbatim record need not be transcribed unless necessary for judicial review.
- (o) After the hearing concludes, the hearings officer will close the record, and new evidence is not admissible thereafter.
- (p) Notwithstanding subsection (o), upon proper showing, the hearings officer may reopen the hearing to receive new evidence that a party could not have introduced earlier, and which is otherwise admissible under Section 2.05.160.

2.05.115 Subpoenas

- (a) In response to a request by a party, or upon the hearings officer's own motion, the hearings officer may issue subpoenas in accordance with the following provisions of this section, or if not addressed in this section, with the Oregon Rules of Civil Procedure.
- (b) A party requesting a subpoena must demonstrate to the hearings officer that the potential witness has evidence of general relevance and probative value, that the evidence sought is reasonable in scope, and that it would otherwise be difficult or impossible to obtain the evidence sought by means other than a subpoena. The hearings officer may make available a form with the information required to make this showing.
- (c) Witnesses appearing pursuant to a subpoena, other than the parties or officers or employees of Metro, are eligible to receive fees and mileage as prescribed by law for

witnesses in civil actions. Unless a witness expressly declines payment for fees and mileage, the witness' obligation to appear is contingent on the payment of fees and mileage.

- (d) If a person fails to comply with an issued subpoena, or if any party or witness refuses to testify on any matters on which the party or witness may be lawfully interrogated, then the hearings officer or the party requesting the subpoena may apply to a Multnomah County Circuit Court judge to compel obedience by proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from the circuit court or a refusal to testify.

2.05.120 Burden of Proof

Metro has the burden of proving the alleged violation by a preponderance of the evidence.

2.05.130 Record of Hearing

The contested case hearing record consists of:

- (a) All pleadings, motions, and intermediate rulings;
- (b) Evidence received or considered;
- (c) Stipulations;
- (d) A statement of matters officially noticed;
- (e) Questions and offers of proof, objections, and rulings thereon;
- (f) A statement of any ex parte communication on a fact in issue made to the hearings officer during the pendency of the proceedings;
- (g) Any proposed, intermediate, or final order prepared by the hearings officer.

2.05.140 Service of Documents on All Parties

- (a) A party must serve on all other parties all documents, written correspondence, or other material filed with or submitted to the hearings officer. Service is required within five days of when the materials are filed or submitted to the hearings officer, but not less than three days before a scheduled hearing.
- (b) Any document filed with or submitted to the hearings officer must contain a statement of proof of service on all parties.

2.05.150 Discovery

- (a) On petition of any party and a showing of the general relevance of the documents or things sought, the hearings officer has discretion to enter an order directing any party to produce and make available to the petitioning party to inspect and copy any document or to inspect and copy any things that are in the possession of a party.

- (b) The hearings officer may not enter an order requiring a party to produce any document or thing that is privileged under the rules of privilege recognized by law or which is exempt from disclosure under the Oregon Public Records Law. However, the hearings officer may request an in-camera review of the document.
- (c) The hearings officer may allow a party to take a deposition, but only upon a showing that relevant information cannot be obtained otherwise and that the requesting party would suffer extreme prejudice if not allowed to take a deposition before the hearing. If the hearings officer allows a deposition, the deposition must be in the manner prescribed by Oregon law for depositions in civil actions.

2.05.160 Evidentiary Rules During a Contested Case Hearing

- (a) The hearings officer may admit evidence of a type commonly relied upon by a reasonably prudent person in the conduct of that person's serious affairs.
- (b) Irrelevant, immaterial, or unduly repetitious evidence is not allowed.
- (c) The hearings officer will receive all offered evidence not objected to, subject to the hearing officer's power to exclude irrelevant, immaterial, or unduly repetitious matter.
- (d) The hearings officer may receive evidence objected to and then rule on its admissibility or exclusion at the time the hearings officer issues a final order.
- (e) The burden of presenting evidence to support a fact or position rests on the proponent of the fact or position.
- (f) The hearings officer may not consider information or evidence not offered and made a part of the record. However, the hearings officer may take notice of judicially cognizable facts and may take official notice of general, technical, or scientific facts within the specialized knowledge of the hearings officer or Metro employees. The hearings officer must notify parties of officially noticed material and must afford the parties an opportunity to contest the officially noticed facts.

2.05.170 Ex Parte Communications to the Hearings Officer

The hearings officer must place on the record a statement of the substance of any written or oral ex parte communication on a fact in issue made to the officer during the pendency of the proceeding. Upon request, a party must be given a reasonable opportunity to rebut any ex parte communications.

2.05.180 Orders When No Hearing Requested or For Failure to Appear

- (a) When a party has been given an opportunity to request a hearing and fails to do so within the specified time, no further action is required of Metro and Metro's action is upheld.

- (b) If a party that requested a hearing fails to appear at the specified time and place of the hearing, then the hearings officer may enter an order that upholds or denies Metro's action based on any written materials submitted at the time of the scheduled hearing. The hearings officer may allow Metro to submit further additional evidence at the scheduled hearing time to support a prima facie case.
- (c) The order supporting Metro action must set forth the material on which the hearings officer based the officer's action.

2.05.190 Final Order; Notification; Review

- (a) After due consideration of the evidence and arguments, the hearings officer will determine whether Metro has proven the violation alleged and enter an order as follows:
 - (1) If the hearings officer determines that Metro has not proven the violation, the hearings officer will enter a final order dismissing the action.
 - (2) If the hearings officer determines that Metro has proven the violation, the hearings officer will enter an appropriate final order.
- (b) A final order must be in writing.
- (c) A final order must include the following:
 - (1) Rulings on admissibility of offered evidence.
 - (2) Findings of fact. The findings of fact must consist of a concise statement of the underlying facts supporting the findings as to each contested issue of fact, each stipulated fact, and as to each ultimate fact required to support the hearings officer's order.
 - (3) Conclusions of law. The conclusions of law will apply the controlling law to the facts found and legal results arising from those facts.
 - (4) Civil Penalties. If applicable, the amount of any civil penalties and costs owed, and instructions regarding payment.
- (d) Within 30 calendar days of the hearing, the hearings officer must serve a copy of the final order on all parties to a contested case and their attorneys of record if any. The hearings officer may serve a copy by electronic mail, regular mail, or personal delivery.
- (e) The hearings officer must notify all parties of their right to judicial review of the final order as set forth in ORS Chapter 34 (Writ of Review).
- (f) Upon a showing of due diligence, the hearings officer may at any time set aside, modify, vacate, or stay any final order, or re-open any proceeding for additional hearing when necessary to prevent a clear and manifest injustice to a party or other person adversely affected by the order.

2.05.200 Nature of Determination; Judicial Review

- (a) The hearings officer's determination is a quasi-judicial decision and is not appealable to the Metro Council or any other Metro staff person.
- (b) Appeals from any hearings officer determination under this chapter is by writ of review to the Circuit Court of Multnomah County, Oregon, as provided in ORS 34.010—34.100.

2.05.210 Authority to Adopt Administrative Rules

- (a) The Chief Operating Officer may adopt or amend administrative rules to implement any provision of this chapter, including adopting procedures and forms. Any rule adopted or amended under this subsection has the same legal force and effect as any other chapter provision.
- (b) In adopting administrative rules, the Chief Operating Officer will follow the administrative rule adoption procedures set forth in Metro Code Chapter 5.08, unless Metro Council adopts an agency-wide administrative rulemaking process, in which case the agency-wide process applies.

IN CONSIDERATION OF

- ORDINANCE NO. 23-1499, FOR THE PURPOSE OF REPEALING METRO CODE CHAPTER 2.05 (PROCEDURE FOR CONTESTED CASES) AND REPLACING IT WITH A NEW, UPDATED METRO CODE CHAPTER 2.05 (CONTESTED CASES PROCEDURES)
- ORDINANCE NO. 23-1500, FOR THE PURPOSE OF REPEALING METRO CODE CHAPTER 2.03 (CIVIL PENALTIES) AND REPLACING IT WITH A NEW METRO CODE CHAPTER 2.03 (CIVIL PENALTIES), AND AMENDING CERTAIN METRO CODE CHAPTERS TO ALIGN WITH THE NEW CHAPTER 2.03
- ORDINANCE NO. 23-1501, FOR THE PURPOSE OF AMENDING METRO CODE CHAPTER 5.09 (ILLEGAL DISPOSAL) TO ALIGN IT WITH THE NEW METRO CODE CHAPTER 2.05 (CONTESTED CASES PROCEDURES) AND INCORPORATE PLAIN LANGUAGE BEST PRACTICES

[NOTE: Ordinance Nos. 23-1499, 23-1500 and 23-1501 are companion ordinances governing code chapters that impose civil penalties, as well as the hearing procedures and requirements to appeal those penalties or illegal disposal citations in a contested case hearing. These ordinances will, collectively, align these code chapters so that they are consistent with one another. The staff reports for all three are identical.]

ISSUE STATEMENT

Certain Metro Code chapters established by the former Metropolitan Service District Board of Directors were modeled on existing state laws and procedures. In many cases, these chapters include processes and procedures that either are not applicable at the local government level, are ambiguous, are difficult to follow and understand, or—at worst—are nearly impossible to implement. This includes Metro’s *Procedures for Contested Cases* and *Civil Penalties* chapters (Chapters 2.05 and 2.03 respectively), which were originally adopted in 1977 and 1979 respectively and which have had minimal revisions in the last 45 years.

Metro should repeal these code chapters and replace them with new, updated code chapters that govern the same areas of law, but which:

- Better reflect best practices for local government processes;
- Reduce confusion for staff and those upon whom Metro has imposed civil penalties;

- Create a more streamlined, understandable, and workable hearing procedure for those seeking a contested case hearing or wishing to challenge an illegal disposal citation;
- Improve readability and implementation;
- Incorporate plain and inclusive language best practices.

In addition, Metro's "Illegal Disposal" chapter (5.09) should be updated to align with the new Civil Penalties and Contested Case Procedures chapters. Currently there is a separate hearings procedure for Illegal Disposal citations as opposed to any other kind of contested case hearing, which is confusing. Moreover, the Illegal Disposal hearing procedures reference certain state law criminal procedures that are not applicable to a local government administrative hearing.

ACTION REQUESTED

OMA requests that Metro Council adopt:

- Ordinance No. 23-1499 (establishing a new Contested Case Procedures chapter);
- Ordinance No. 23-1500 (establishing a new Civil Penalties chapter); and
- Ordinance No. 23-1501 (related to Illegal Disposal citations and appeals).

IDENTIFIED POLICY OUTCOMES

- 1) Apply best practices for imposing civil penalties related to violations of Metro Code, franchises, licenses, permits, orders, and other Metro regulations.
- 2) Remove procedures that are impractical and difficult to implement.
- 3) Ensure consistency and coordination among the various Metro code chapters that impose civil penalties and authorize appeals of those penalties.
- 4) Streamline and simplify the process for appealing civil penalties or other enforcement measures in contested case proceedings.
- 5) Improve the readability of these code chapters by applying plain language and inclusive language best practices as required by Resolution No. 22-5293.

POLICY OPTIONS FOR COUNCIL TO CONSIDER

Metro Council has several policy options to consider.

- Adopt this ordinance and its companion ordinances. This will remove impractical modeling of state law procedures, improve these code chapters for ease of readability, align these code chapters for consistency, and improve Metro's hearing processes and procedures.
- Do not adopt these ordinances. A failure to adopt these ordinances will continue to create uncertainty and a lack of clarity for Metro staff, as well as individuals and entities that seek to challenge Metro decisions that affect rights or impose civil penalties.
- Direct OMA to update only those sections of current code that are incorrect or impossible to implement, without repealing and replacing these code chapters in their entirety.
- Adopt only some of the ordinances to update certain code chapters but not all of them.

STAFF RECOMMENDATIONS

OMA recommends that Metro Council adopt Ordinance Nos. 23-1499, 23-1500, and 23-1501 to establish new Metro Code chapters relating to Contested Case Procedures and Civil Penalties and update the Illegal Disposal chapter to ensure consistency and coordination among the various Metro code chapters that both impose civil penalties and authorize appeals of those penalties.

STRATEGIC CONTEXT & FRAMING COUNCIL DISCUSSION

The Office of Metro Attorney seeks a Metro Code that is easy to read and understand and does not contain language that harms, excludes, or discriminates people. Moreover, regular code updates help ensure the Metro Code remains current with clear and concise language, that Metro's many code chapters are consistent and coordinated, and that Metro is employing best practices with respect to regulations, how to enforce them, and how best to provide due process to contest enforcement.

OMA recognizes that reviewing and updating the Metro Code is not an easy task. It can be cumbersome. It requires a great deal of staff time to draft new code language, ordinances, and staff reports, while also ensuring that proposed code changes are coordinated with other chapters and do not have unintended consequences. However, a failure to regularly update and review Metro Code carries several risks, including:

- Creating barriers to information people need.
 - Reducing the number of people that can understand the Code, and therefore follow it correctly.
 - Reducing Metro's efforts to be transparent.
 - Having code chapters that are inconsistent with one another.
 - Having code chapters that contain cross-reference errors, citation errors, outdated definitions, and sections that are no longer operative.
-
- *Known Opposition/Support/Community Feedback*
There is no known opposition. However, because of the administrative nature of these code chapters and because changes were not made to the right to contest violations related to solid waste franchises and licenses, OMA did not perform external outreach related to these changes.
 - *Legal Antecedents*
There are no specific legal antecedents other than current Metro Code language.
 - *Anticipated Effects*
The Metro Code will be easier to read and understand. These code chapters will allow for more streamlined, workable hearings and procedures, and these code chapters will be consistent with one another.
 - *Financial Implications (current year and ongoing)*
There are no *direct* financial implications, but code language that is easy to understand reduces the likelihood that individuals may need to consult Metro staff or third-party professionals (such as lawyers and accountants) to understand Metro Code, and that Metro staff may need to answer calls or correspond to further explain Metro Code. This *indirectly* reduces financial costs.

BACKGROUND

Metro Code Chapter 2.03 (Civil Penalties) authorizes Metro to impose civil penalties for violations of Metro Code, regulations, orders, or rules. This includes violations related to the Zoo, Parks and Nature, Ethics, Taxes, and Solid Waste. Metro Code Chapter 2.05 (Procedures for Contested Cases) establishes a hearings procedure (a “contested case”) for those that wish to challenge Metro’s imposition of civil penalties. Metro’s Contested Case code chapter also allows individuals and entities to challenge a Metro decision that affects the individual legal rights, duties, or privileges of specific parties, including a challenge to a Metro decision regarding a solid waste license or franchise.

These two chapters were originally adopted in the late 1970s by the former Metropolitan Service District Board, with only limited change or updating since those original adoptions nearly 45 years ago. Because Metro was at that time a somewhat new government entity unlike any other in the state, it was not uncommon for Metro staff to model new code language on analogous state statutory schemes. This had the advantage of having ready-made code language, and Metro could, if needed, rely on case law interpreting that state statutory language if there were questions regarding Metro’s similar code language. Such was the case with Metro’s Civil Penalties and Contested Case chapters, both of which were modeled after state statutory schemes (primarily ORS Chapter 183).

Unfortunately, procedures established for use by Oregon state government do not often easily transfer to local government practices. This can create a local government procedure that is unclear, cumbersome, or, in the worst instances, nearly impractical to implement. This is the case with Metro’s Civil Penalties and Contested Case Procedures chapters. For example, in ORS Chapter 183, “agency” is defined as a state board, commission, department or division thereof. In certain instances, Metro’s code language simply substitutes the words “state agency” for “Metro Council,” even though state “agencies” and “Metro Council” serve different purposes with different responsibilities and considerations.

While it may make sense to have a hearings officer serve a “proposed order” on a “state agency” for review given the state agency’s expertise, this would, for example, make no sense in the context of a hearings officer serving a proposed order for a Parks violation on the Metro Council for review. This example highlights the unworkable nature of simply substituting state law terms into Metro Code chapters because they are not always analogous to local government practices.

A similar issue exists with Metro’s Illegal Disposal code chapter 5.09. That chapter sets forth the process to issue citations for illegal disposal (sometimes called “illegal dumping”) and the hearings procedures that follow when individuals challenge those citations. Two problems arise with the Illegal Disposal chapter. First, it contains different evidentiary, discovery, and notice rules than those found in Metro’s Contested Case chapter, as well as a different hearings procedure generally. This creates confusion.

Second, it refers to certain state criminal statutes that are not applicable to a local government administrative hearing and which are, at times, nearly impractical to

implement. For example, current Metro Code Chapter 5.09 language for “prehearing discovery” disclosures references state criminal arraignment statutes, and it simply replaces the term “district attorney” with “Metro Attorney” and criminal “defendant” with “cited person.” This is impractical and, at times, impossible to implement.

Metro’s Civil Penalties and Contested Case Procedures chapters are rarely used by Metro staff (other than an occasional solid waste regulatory violation challenge). This has artificially suppressed the problems associated with these code chapters because they are infrequently on display. However, some Metro departments are considering increased enforcement of their regulations, which could lead to an increased use of these chapters.

In addition, Metro has observed a significant increase in illegal disposal activities within the region. This rise in illegal disposal incidents has resulted in an increasing number of illegal disposal citations and, not surprisingly, a subsequent increase in requests for hearings to contest these citations. The proliferation of illegal disposal practices underscores the need for a comprehensive update to Metro’s regulatory illegal disposal code chapter.

For these reasons—and because Metro Council requires that Metro Code be written in plain language and reviewed periodically for updates—it is both timely and necessary for Metro to update these three code chapters and ensure consistency among them.

[NOTE: Metro’s Supportive Housing Services Income Taxes are not governed by Metro’s civil penalties or contested case chapters. Assessed penalties and any appeals related to income taxes are administered by the City of Portland’s tax appeals board as Metro’s contracted income tax administrator.]

Summary of Changes to Code Chapters at Issue

A. Contested Case Procedures (Chapter 2.05)

Metro's Contested Case Procedures Chapter was originally adopted in 1977 and has changed little since that time. It is modeled on the State of Oregon's Contested Case Procedures (ORS 183), but several procedures are not best practices (or even practical) for a local government. Following is a summary of the proposed changes to current code language.

- General plain language review to remove "shalls," passive voice, nominalizations, lengthy sentences and paragraphs, etc.
- Removes Metro Council as a hearings body generally, and specifically as a review body from a hearings officer's determination. There are several reasons for this change.
 - The current Contested Case Procedures chapter was modeled after the state of Oregon's procedures found in ORS Chapter 183. In the case of the state's proceedings, an "agency" can review a proposed order. An "agency" is defined as a Commission, Board, or Department of the state. When drafting Metro's original procedures in 1977, the term "agency" was just replaced with "Metro Council." However, "state agencies" and "Metro Council" serve different roles, with different responsibilities and considerations, so simply substituting those terms does not make practical sense.
 - Current code language states that either Council *or* a hearings officer will conduct hearings, but it does not say who determines *which* entity should apply. The language is ambiguous and confusing.
 - Current code language states that a hearings officer will send a "Proposed Order" to the Council and authorizes the Council to consider this at its next meeting and to possibly allow new evidence. This practice places an unnecessary time burden on the Council, and it does not align with local government administrative hearing best practices. Other than land use decisions, elected local government bodies generally do not act as appeals bodies for code enforcement decisions. It is better practice to have an independent hearings officer review code enforcement decisions.
 - It is not practical to have Council adopt findings of fact and conclusions of law if Council is not the body that received evidence in the underling case.
- The proposed code update also removes the Chief Operating Officer from decision-making for contested cases and rests those decisions squarely with an independent hearings officer (for many of the same reasons as removing Council).

- Clarifies when a contested case exists. A broad reading of current code arguably allows for a contested case in decisions that do not necessarily affect a person's rights or privileges. The update makes clear that contested case opportunities do not exist for:
 - Breaches of contract
 - Denial of grant requests
 - Imposition of a condition, rule, law, or requirement of *general applicability* (as opposed to a decision affecting a single individual or business)
- Standardizes the number of days in which to request a contested case hearing (current Metro code has different timelines for different kinds of hearings).
- Streamlines, simplifies, and clarifies the procedures that a hearings officer will follow during the contested case hearing. This includes the order of testimony, evidentiary rules, discovery requests, etc.
- Removes repeated opportunities to request a reconsideration of a hearings officer's order. These are rarely requested and even more rarely granted. Current code language was also not clear regarding whom at Metro could grant a reconsideration petition. (There were a few instances in current code in which it is not clear who is responsible for making a particular decision.)
- Removes "proposed orders" being submitted to Metro Council prior to a "Final Order" adoption by the hearings officer. This process was modeled after state contested case hearings in which a proposed order is sent to a commission or board for review. However, as noted above, the Metro Council does act in the same manner as does a state commission or board, so this process has less value than at the state level and adds an unnecessary step.
- Removes *personnel discharges* from possible contested case hearings. Metro does not currently perform these by contested case hearings, and it is unclear why these were referenced in this chapter.
- Updates evidentiary rules to better reflect best practices, clarify what is allowed, and better align with generally followed local government administrative hearings.
- Updates notice requirements to better reflect modern practices (for example including email as an option if an email address is known).
- Changes the appointment of the hearings officer from a list of prospective hearings officers provided by Council to one provided by the Metro Attorney's Office. (OMA is unaware of the Metro Council having provided a list of prospective hearings officers in the past). Retains the authority of the COO to *appoint* the hearings officer from the prospective list of qualified officers.
- Creates a new section of "Hearings Officer Duties" to clarify and codify the hearings officer's role.

- Breaks lengthy code sections into shorter sections with better headings to improve ease of reading.
- Clarifies what kind of pre-hearing discovery is allowed.

B. Civil Penalties (Chapter 2.03)

Metro's Civil Penalties Chapter was originally adopted in 1977 and has changed little since that time. It is modeled on the State of Oregon's Civil Penalties chapter. Following are the proposed changes to current code practice.

- General plain language review to remove "shalls," passive voice, nominalizations, lengthy sentences and paragraphs, etc.
- Updated definitions section to reflect current meanings.
- Removed the specific references to penalty amounts for violations of Zoo, Solid Waste, and Parks and Nature regulations, and instead added them to the appropriate sections in those department code chapters.
- Updated the notice requirements when Metro assesses a civil penalty (included email for example, if applicable).

C. Illegal Disposal (Chapter 5.09)

- General plain language review to remove "shalls," passive voice, nominalizations, lengthy sentences and paragraphs, etc.
- Breaks lengthy code sections into smaller sections with more precise headings for ease of readability.
- Rearranges the order of some code sections to better reflect how the process works chronologically.
- Updates the procedures regarding "service of citation" to align with new Contested Case and Civil Penalty code chapters sections on service of notice.
 - For example, personal delivery, US Mail, electronic mail, etc.
- Updates terms to align with other Metro Code chapters.
- Removes cumbersome, unworkable hearings procedures. Instead, refers to Metro's new, updated Contested Case Chapter 2.05 for a more stream-lined, workable hearings procedure to contest illegal disposal citations.
- Updates the term "conditionally exempt generator" to "very small quantity generator" to reflect changes to that term in state and federal law with respect to hazardous waste.
- Moves one specific prohibition on delivering unsorted material from this code chapter to Metro's solid waste flow control chapter (5.05) where it better aligns.

- Changes the term civil “fines” to civil “penalties” throughout to better align with Metro’s Civil Penalties code chapter terminology and to avoid confusion as to these terms. (A “fine” is just one subset of a possible “penalty.”)
- Removes unnecessary up-front cost burdens on cited individuals pending resolution of their appeal.
- Slightly alters certain items required in the citation form to improve notice and reduce the burden on the cited individual.
- Removes the prohibition on Metro being represented by an attorney simply because the cited person chooses not to be represented by an attorney.
- Aligns the requirements necessary to request an illegal disposal citation hearing with those for contested case and civil penalties. (i.e. a written statement explaining why the citation is improper and on what grounds.)
- Removes references to state criminal law for prehearing discovery (which is impractical for a local government civil hearing), and instead creates an explicit list of prehearing discovery material that Metro will provide to the cited person.
- Aligns the evidentiary rules with those for Metro’s Contested Case Procedures chapter.
- Removes option to seek a reconsideration by the hearings officer of the officer’s determination after a final order. This was removed because it is rarely requested and even more rarely granted. It tends to simply slow down a final order from being issued. Absent new evidence, it has little value.

Ordinance No. 23-1500, For the Purpose of Repealing Metro Code Chapter 2.03 (Civil Penalties) and Replacing it with a new Metro Code Chapter 2.03 (Civil Penalties), and Amending Certain Metro Code Chapters to Align with the new Chapter 2.03

CODE CHAPTER 2.03 (CIVIL PENALTIES),)	Marissa Madrigal in concurrence with
AND AMENDING CERTAIN METRO CODE)	Council President Lynn Peterson
CHAPTERS TO ALIGN WITH THE NEW)	
CHAPTER 2.03)	

WHEREAS, Metro Code Chapter 2.03 prescribes “the procedures and requirements for the notice, assessment, collection and enforcement of civil penalties” by Metro; and

WHEREAS, several Metro code chapters authorize the imposition of civil penalties for violating Metro code, regulations, orders, or rules, including violations related to the Zoo, Parks and Nature, Ethics, Taxes, and Solid Waste; and

WHEREAS, although Metro is authorized to impose civil penalties for violations of many code chapters, Metro primarily imposes civil penalties for illegal solid waste disposal violations and violations related to solid waste franchises and licenses; and

WHEREAS, current Metro Code Chapter 2.03 (Civil Penalties) was originally adopted in 1977 by the former Metropolitan Service District Board, with little change or updating since that original adoption nearly 50 years ago; and

WHEREAS, some Metro Code chapters and sections established in the 1970s and 1980s—before Metro had an independent charter and home rule authority—were modeled after existing state statutes involving similar circumstances and procedures. This includes, for example, the *Civil Penalties* Code Chapter 2.03 and the *Procedure for Contested Cases* Code Chapter 2.05; and

WHEREAS, procedures established for use by Oregon state government do not often easily transfer to local government practices, which can create a local government procedure that is unclear, cumbersome, or, in the worst instances, nearly impractical to implement; and

WHEREAS, many of the procedures established in Metro Code Chapters 2.03 (Civil Penalties) are unclear, cumbersome, and difficult to implement. This makes it burdensome for Metro staff and hearings officers to effectuate, while also creating barriers and confusion for individuals and entities facing a violation or civil penalty; and

WHEREAS, in December 2022 the Metro Council adopted Resolution No. 22-5293, which among other things requires that Metro Code be written using plain and inclusive language best practices; and

WHEREAS, the proposed updated Chapter 2.03 incorporates plain language best practices as required; and

WHEREAS, Metro Code Chapter 2.03 (Civil Penalties) should be repealed and replaced with a new civil penalties chapter setting forth procedures that align more closely with local government procedures and which also incorporates plain and inclusive language best practices; and

WHEREAS, two sections of the current Chapter 2.03 establishing penalty amounts for violations related to the Zoo and Parks and Nature should be moved to the code chapters that establish those rules and regulations (Chapter 4.01 for the Zoo and Chapter 10.02 for Metro Parks and Natural Areas) rather than being embedded in the civil penalties code chapter; now therefore,

THE METRO COUNCIL ORDAINS AS FOLLOWS:

1. Metro Code Chapter 2.03 (Civil Penalties) is repealed in its entirety.
2. A new Metro Code Chapter 2.03 (Civil Penalties) is established as set forth in the attached Exhibit A.
3. Metro Code Chapter 4.01 (Oregon Zoo Regulations) is amended as set forth in attached Exhibit B.
4. Metro Code Chapter 10.02 (Permits, Enforcement and Appeals) is amended as set forth in attached Exhibit C.
5. The Metro Attorney is authorized to take any action reasonably necessary to correct and update any code chapter or code section reference to implement this ordinance.
6. Any civil penalty imposed before the effective date of this ordinance will continue to be governed by the procedures established at the time Metro imposed the civil penalty, including any appeals or contested case hearings related to that civil penalty imposition.

2.03.010 Purpose

The purpose of this chapter is to proscribe the procedures and requirements to notice, assess, collect, and enforce civil penalties.

2.03.020 Definitions

Unless otherwise required by context, as used in this chapter:

Civil Penalty means a non-criminal remedy for any violation of a Metro regulation, order, code section, law, administrative rule, permit, franchise, license or any other similar regulatory requirement.

Director means “Department Director” as defined in Metro Code Chapter 2.17.

Hearings Officer means a person appointed by the Chief Operating Officer to hear and determine a contested case.

Respondent means the person against whom Metro has assessed a civil penalty.

2.03.030 Each Violation Separate and Distinct

Each violation is a separate and distinct offense. In cases of continuing violation, each days' continuance is a separate and distinct violation.

2.03.040 Consolidation of Proceedings

Notwithstanding subsection 2.03.030, proceedings to assess multiple civil penalties for multiple violations may be consolidated into a single proceeding.

2.03.050 Notice of Civil Penalty Assessment; Service of Notice

- (a) Metro must give notice in writing to a respondent when Metro assesses a civil penalty. The notice must include:
 - (1) A reference to the particular Metro Code section, ordinance, order, permit, regulation, or rule involved;
 - (2) A short and plain statement of the matters asserted or charged;
 - (3) A statement of the amount of the penalty or penalties imposed; and
 - (4) A statement of the respondent's right to request a contested case hearing.
- (b) Metro may give the notice required under subsection (a) by any method or combination of methods which, under the circumstances, is reasonably likely to apprise the respondent of the civil penalty assessment. When Metro provides notice by United States Postal Service mail, then three days are added to the 30-day deadline set forth in subsection (a). The following notice methods satisfy the notice requirements of this section:
 - (1) Personal delivery;

- (2) Mailing the notice by United States Postal Service mail, postage prepaid, and addressed to the residence or business address of the party or parties;
- (3) Any method authorized by the Oregon Rules of Civil Procedure for the service of summons; or
- (4) Electronic mail to the last known electronic mail address on file if Metro is giving notice to a person or entity currently regulated, licensed, franchised, or otherwise permitted by Metro.

2.03.060 Mitigating and Aggravating Factors for Civil Penalties

- (a) In establishing the amount of a civil penalty to be assessed, Metro may consider the following factors:
 - (1) Whether the respondent has committed any prior violation, regardless of whether any administrative, civil, or criminal proceeding was commenced as a result;
 - (2) The history of the respondent in taking all feasible actions necessary or appropriate to correct any violation; or
 - (3) The respondent's economic and financial condition.
- (b) In establishing whether Metro should mitigate a civil penalty, Metro may consider the following factors:
 - (1) The gravity and magnitude of the violation;
 - (2) Whether the violation was repeated or continuous;
 - (3) Whether a cause of the violation was a negligent or an intentional act of the respondent;
 - (4) The opportunity and degree of difficulty to correct the violation;
 - (5) The respondent's cooperativeness and efforts to correct the violation for which Metro may assess the penalty;
 - (6) The cost to Metro to investigate or correct the cited violation; or
 - (7) Any other relevant factor.

2.03.070 Amount of Financial Civil Penalties

Unless specified otherwise in Metro Code, no financial civil penalty may exceed \$500 per day per violation.

2.03.080 When Civil Penalty is Due

Unless otherwise stated in the written notice of civil penalty assessment, a civil penalty is due and payable when Metro serves the respondent with the written notice of civil penalty assessment.

2.03.090 Appeals

- (a) The respondent has 30 calendar days from Metro's notice of civil penalty assessment to request a contested case hearing regarding the validity or amount of the civil penalty.
- (b) All hearings will be conducted as set forth in Metro Code Chapter 2.05 ("Contested Case Procedures").

2.03.100 Compromise or Settlement of Civil Penalty

At any time after Metro serves the written notice of assessment of civil penalty, the appropriate Director is authorized to compromise or settle any unpaid civil penalty that the Director deems appropriate.

2.03.110 Judgment

Unless the respondent pays the amount of the penalty within 10 days after a contested case order becomes final, the order constitutes a judgment and Metro may file it in accordance with the provisions of Oregon Law. Metro may execute upon the order in the same manner as execution upon a judgment of a court of record.

2.03.120 Authority to Adopt Administrative Rules

- (a) The Chief Operating Officer may adopt or amend administrative rules to implement any provision of this chapter, including adopting procedures and forms. Any rule adopted or amended under this subsection has the same legal force and effect as any other chapter provision.
- (b) In adopting administrative rules, the Chief Operating Officer will follow the administrative rule adoption procedures set forth in Metro Code Chapter 5.08, unless Metro Council adopts an agency-wide administrative rulemaking process, in which case the agency-wide process applies.

[NOTE: Ordinance Nos. 23-1499, 23-1500 and 23-1501 are companion ordinances governing code chapters that impose civil penalties, as well as the hearing procedures and requirements to appeal those penalties or illegal disposal citations in a contested case hearing. These ordinances will, collectively, align these code chapters so that they are consistent with one another. The staff reports for all three are identical.]

ISSUE STATEMENT

Certain Metro Code chapters established by the former Metropolitan Service District Board of Directors were modeled on existing state laws and procedures. In many cases, these chapters include processes and procedures that either are not applicable at the local government level, are ambiguous, are difficult to follow and understand, or—at worst—are nearly impossible to implement. This includes Metro’s *Procedures for Contested Cases* and *Civil Penalties* chapters (Chapters 2.05 and 2.03 respectively), which were originally adopted in 1977 and 1979 respectively and which have had minimal revisions in the last 45 years.

Metro should repeal these code chapters and replace them with new, updated code chapters that govern the same areas of law, but which:

- Better reflect best practices for local government processes;
- Reduce confusion for staff and those upon whom Metro has imposed civil penalties;

- Create a more streamlined, understandable, and workable hearing procedure for those seeking a contested case hearing or wishing to challenge an illegal disposal citation;
- Improve readability and implementation;
- Incorporate plain and inclusive language best practices.

In addition, Metro's "Illegal Disposal" chapter (5.09) should be updated to align with the new Civil Penalties and Contested Case Procedures chapters. Currently there is a separate hearings procedure for Illegal Disposal citations as opposed to any other kind of contested case hearing, which is confusing. Moreover, the Illegal Disposal hearing procedures reference certain state law criminal procedures that are not applicable to a local government administrative hearing.

ACTION REQUESTED

OMA requests that Metro Council adopt:

- Ordinance No. 23-1499 (establishing a new Contested Case Procedures chapter);
- Ordinance No. 23-1500 (establishing a new Civil Penalties chapter); and
- Ordinance No. 23-1501 (related to Illegal Disposal citations and appeals).

IDENTIFIED POLICY OUTCOMES

- 1) Apply best practices for imposing civil penalties related to violations of Metro Code, franchises, licenses, permits, orders, and other Metro regulations.
- 2) Remove procedures that are impractical and difficult to implement.
- 3) Ensure consistency and coordination among the various Metro code chapters that impose civil penalties and authorize appeals of those penalties.
- 4) Streamline and simplify the process for appealing civil penalties or other enforcement measures in contested case proceedings.
- 5) Improve the readability of these code chapters by applying plain language and inclusive language best practices as required by Resolution No. 22-5293.

POLICY OPTIONS FOR COUNCIL TO CONSIDER

Metro Council has several policy options to consider.

- Adopt this ordinance and its companion ordinances. This will remove impractical modeling of state law procedures, improve these code chapters for ease of readability, align these code chapters for consistency, and improve Metro's hearing processes and procedures.
- Do not adopt these ordinances. A failure to adopt these ordinances will continue to create uncertainty and a lack of clarity for Metro staff, as well as individuals and entities that seek to challenge Metro decisions that affect rights or impose civil penalties.
- Direct OMA to update only those sections of current code that are incorrect or impossible to implement, without repealing and replacing these code chapters in their entirety.
- Adopt only some of the ordinances to update certain code chapters but not all of them.

STAFF RECOMMENDATIONS

OMA recommends that Metro Council adopt Ordinance Nos. 23-1499, 23-1500, and 23-1501 to establish new Metro Code chapters relating to Contested Case Procedures and Civil Penalties and update the Illegal Disposal chapter to ensure consistency and coordination among the various Metro code chapters that both impose civil penalties and authorize appeals of those penalties.

STRATEGIC CONTEXT & FRAMING COUNCIL DISCUSSION

The Office of Metro Attorney seeks a Metro Code that is easy to read and understand and does not contain language that harms, excludes, or discriminates people. Moreover, regular code updates help ensure the Metro Code remains current with clear and concise language, that Metro's many code chapters are consistent and coordinated, and that Metro is employing best practices with respect to regulations, how to enforce them, and how best to provide due process to contest enforcement.

OMA recognizes that reviewing and updating the Metro Code is not an easy task. It can be cumbersome. It requires a great deal of staff time to draft new code language, ordinances, and staff reports, while also ensuring that proposed code changes are coordinated with other chapters and do not have unintended consequences. However, a failure to regularly update and review Metro Code carries several risks, including:

- Creating barriers to information people need.
- Reducing the number of people that can understand the Code, and therefore follow it correctly.
- Reducing Metro's efforts to be transparent.
- Having code chapters that are inconsistent with one another.
- Having code chapters that contain cross-reference errors, citation errors, outdated definitions, and sections that are no longer operative.

- *Known Opposition/Support/Community Feedback*

There is no known opposition. However, because of the administrative nature of these code chapters and because changes were not made to the right to contest violations related to solid waste franchises and licenses, OMA did not perform external outreach related to these changes.

- *Legal Antecedents*

There are no specific legal antecedents other than current Metro Code language.

- *Anticipated Effects*

The Metro Code will be easier to read and understand. These code chapters will allow for more streamlined, workable hearings and procedures, and these code chapters will be consistent with one another.

- *Financial Implications (current year and ongoing)*

There are no *direct* financial implications, but code language that is easy to understand reduces the likelihood that individuals may need to consult Metro staff or third-party professionals (such as lawyers and accountants) to understand Metro Code, and that Metro staff may need to answer calls or correspond to further explain Metro Code. This *indirectly* reduces financial costs.

BACKGROUND

Metro Code Chapter 2.03 (Civil Penalties) authorizes Metro to impose civil penalties for violations of Metro Code, regulations, orders, or rules. This includes violations related to the Zoo, Parks and Nature, Ethics, Taxes, and Solid Waste. Metro Code Chapter 2.05 (Procedures for Contested Cases) establishes a hearings procedure (a “contested case”) for those that wish to challenge Metro’s imposition of civil penalties. Metro’s Contested Case code chapter also allows individuals and entities to challenge a Metro decision that affects the individual legal rights, duties, or privileges of specific parties, including a challenge to a Metro decision regarding a solid waste license or franchise.

These two chapters were originally adopted in the late 1970s by the former Metropolitan Service District Board, with only limited change or updating since those original adoptions nearly 45 years ago. Because Metro was at that time a somewhat new government entity unlike any other in the state, it was not uncommon for Metro staff to model new code language on analogous state statutory schemes. This had the advantage of having ready-made code language, and Metro could, if needed, rely on case law interpreting that state statutory language if there were questions regarding Metro’s similar code language. Such was the case with Metro’s Civil Penalties and Contested Case chapters, both of which were modeled after state statutory schemes (primarily ORS Chapter 183).

Unfortunately, procedures established for use by Oregon state government do not often easily transfer to local government practices. This can create a local government procedure that is unclear, cumbersome, or, in the worst instances, nearly impractical to implement. This is the case with Metro’s Civil Penalties and Contested Case Procedures chapters. For example, in ORS Chapter 183, “agency” is defined as a state board, commission, department or division thereof. In certain instances, Metro’s code language simply substitutes the words “state agency” for “Metro Council,” even though state “agencies” and “Metro Council” serve different purposes with different responsibilities and considerations.

While it may make sense to have a hearings officer serve a “proposed order” on a “state agency” for review given the state agency’s expertise, this would, for example, make no sense in the context of a hearings officer serving a proposed order for a Parks violation on the Metro Council for review. This example highlights the unworkable nature of simply substituting state law terms into Metro Code chapters because they are not always analogous to local government practices.

A similar issue exists with Metro’s Illegal Disposal code chapter 5.09. That chapter sets forth the process to issue citations for illegal disposal (sometimes called “illegal dumping”) and the hearings procedures that follow when individuals challenge those citations. Two problems arise with the Illegal Disposal chapter. First, it contains different evidentiary, discovery, and notice rules than those found in Metro’s Contested Case chapter, as well as a different hearings procedure generally. This creates confusion.

Second, it refers to certain state criminal statutes that are not applicable to a local government administrative hearing and which are, at times, nearly impractical to

implement. For example, current Metro Code Chapter 5.09 language for “prehearing discovery” disclosures references state criminal arraignment statutes, and it simply replaces the term “district attorney” with “Metro Attorney” and criminal “defendant” with “cited person.” This is impractical and, at times, impossible to implement.

Metro’s Civil Penalties and Contested Case Procedures chapters are rarely used by Metro staff (other than an occasional solid waste regulatory violation challenge). This has artificially suppressed the problems associated with these code chapters because they are infrequently on display. However, some Metro departments are considering increased enforcement of their regulations, which could lead to an increased use of these chapters.

In addition, Metro has observed a significant increase in illegal disposal activities within the region. This rise in illegal disposal incidents has resulted in an increasing number of illegal disposal citations and, not surprisingly, a subsequent increase in requests for hearings to contest these citations. The proliferation of illegal disposal practices underscores the need for a comprehensive update to Metro’s regulatory illegal disposal code chapter.

For these reasons—and because Metro Council requires that Metro Code be written in plain language and reviewed periodically for updates—it is both timely and necessary for Metro to update these three code chapters and ensure consistency among them.

[NOTE: Metro’s Supportive Housing Services Income Taxes are not governed by Metro’s civil penalties or contested case chapters. Assessed penalties and any appeals related to income taxes are administered by the City of Portland’s tax appeals board as Metro’s contracted income tax administrator.]

Summary of Changes to Code Chapters at Issue

A. Contested Case Procedures (Chapter 2.05)

Metro's Contested Case Procedures Chapter was originally adopted in 1977 and has changed little since that time. It is modeled on the State of Oregon's Contested Case Procedures (ORS 183), but several procedures are not best practices (or even practical) for a local government. Following is a summary of the proposed changes to current code language.

- General plain language review to remove "shalls," passive voice, nominalizations, lengthy sentences and paragraphs, etc.
- Removes Metro Council as a hearings body generally, and specifically as a review body from a hearings officer's determination. There are several reasons for this change.
 - The current Contested Case Procedures chapter was modeled after the state of Oregon's procedures found in ORS Chapter 183. In the case of the state's proceedings, an "agency" can review a proposed order. An "agency" is defined as a Commission, Board, or Department of the state. When drafting Metro's original procedures in 1977, the term "agency" was just replaced with "Metro Council." However, "state agencies" and "Metro Council" serve different roles, with different responsibilities and considerations, so simply substituting those terms does not make practical sense.
 - Current code language states that either Council *or* a hearings officer will conduct hearings, but it does not say who determines *which* entity should apply. The language is ambiguous and confusing.
 - Current code language states that a hearings officer will send a "Proposed Order" to the Council and authorizes the Council to consider this at its next meeting and to possibly allow new evidence. This practice places an unnecessary time burden on the Council, and it does not align with local government administrative hearing best practices. Other than land use decisions, elected local government bodies generally do not act as appeals bodies for code enforcement decisions. It is better practice to have an independent hearings officer review code enforcement decisions.
 - It is not practical to have Council adopt findings of fact and conclusions of law if Council is not the body that received evidence in the underling case.
- The proposed code update also removes the Chief Operating Officer from decision-making for contested cases and rests those decisions squarely with an independent hearings officer (for many of the same reasons as removing Council).

- Clarifies when a contested case exists. A broad reading of current code arguably allows for a contested case in decisions that do not necessarily affect a person's rights or privileges. The update makes clear that contested case opportunities do not exist for:
 - Breaches of contract
 - Denial of grant requests
 - Imposition of a condition, rule, law, or requirement of *general applicability* (as opposed to a decision affecting a single individual or business)
- Standardizes the number of days in which to request a contested case hearing (current Metro code has different timelines for different kinds of hearings).
- Streamlines, simplifies, and clarifies the procedures that a hearings officer will follow during the contested case hearing. This includes the order of testimony, evidentiary rules, discovery requests, etc.
- Removes repeated opportunities to request a reconsideration of a hearings officer's order. These are rarely requested and even more rarely granted. Current code language was also not clear regarding whom at Metro could grant a reconsideration petition. (There were a few instances in current code in which it is not clear who is responsible for making a particular decision.)
- Removes "proposed orders" being submitted to Metro Council prior to a "Final Order" adoption by the hearings officer. This process was modeled after state contested case hearings in which a proposed order is sent to a commission or board for review. However, as noted above, the Metro Council does act in the same manner as does a state commission or board, so this process has less value than at the state level and adds an unnecessary step.
- Removes *personnel discharges* from possible contested case hearings. Metro does not currently perform these by contested case hearings, and it is unclear why these were referenced in this chapter.
- Updates evidentiary rules to better reflect best practices, clarify what is allowed, and better align with generally followed local government administrative hearings.
- Updates notice requirements to better reflect modern practices (for example including email as an option if an email address is known).
- Changes the appointment of the hearings officer from a list of prospective hearings officers provided by Council to one provided by the Metro Attorney's Office. (OMA is unaware of the Metro Council having provided a list of prospective hearings officers in the past). Retains the authority of the COO to *appoint* the hearings officer from the prospective list of qualified officers.
- Creates a new section of "Hearings Officer Duties" to clarify and codify the hearings officer's role.

- Breaks lengthy code sections into shorter sections with better headings to improve ease of reading.
- Clarifies what kind of pre-hearing discovery is allowed.

B. Civil Penalties (Chapter 2.03)

Metro's Civil Penalties Chapter was originally adopted in 1977 and has changed little since that time. It is modeled on the State of Oregon's Civil Penalties chapter. Following are the proposed changes to current code practice.

- General plain language review to remove "shalls," passive voice, nominalizations, lengthy sentences and paragraphs, etc.
- Updated definitions section to reflect current meanings.
- Removed the specific references to penalty amounts for violations of Zoo, Solid Waste, and Parks and Nature regulations, and instead added them to the appropriate sections in those department code chapters.
- Updated the notice requirements when Metro assesses a civil penalty (included email for example, if applicable).

C. Illegal Disposal (Chapter 5.09)

- General plain language review to remove "shalls," passive voice, nominalizations, lengthy sentences and paragraphs, etc.
- Breaks lengthy code sections into smaller sections with more precise headings for ease of readability.
- Rearranges the order of some code sections to better reflect how the process works chronologically.
- Updates the procedures regarding "service of citation" to align with new Contested Case and Civil Penalty code chapters sections on service of notice.
 - For example, personal delivery, US Mail, electronic mail, etc.
- Updates terms to align with other Metro Code chapters.
- Removes cumbersome, unworkable hearings procedures. Instead, refers to Metro's new, updated Contested Case Chapter 2.05 for a more stream-lined, workable hearings procedure to contest illegal disposal citations.
- Updates the term "conditionally exempt generator" to "very small quantity generator" to reflect changes to that term in state and federal law with respect to hazardous waste.
- Moves one specific prohibition on delivering unsorted material from this code chapter to Metro's solid waste flow control chapter (5.05) where it better aligns.

- Changes the term civil “fines” to civil “penalties” throughout to better align with Metro’s Civil Penalties code chapter terminology and to avoid confusion as to these terms. (A “fine” is just one subset of a possible “penalty.”)
- Removes unnecessary up-front cost burdens on cited individuals pending resolution of their appeal.
- Slightly alters certain items required in the citation form to improve notice and reduce the burden on the cited individual.
- Removes the prohibition on Metro being represented by an attorney simply because the cited person chooses not to be represented by an attorney.
- Aligns the requirements necessary to request an illegal disposal citation hearing with those for contested case and civil penalties. (i.e. a written statement explaining why the citation is improper and on what grounds.)
- Removes references to state criminal law for prehearing discovery (which is impractical for a local government civil hearing), and instead creates an explicit list of prehearing discovery material that Metro will provide to the cited person.
- Aligns the evidentiary rules with those for Metro’s Contested Case Procedures chapter.
- Removes option to seek a reconsideration by the hearings officer of the officer’s determination after a final order. This was removed because it is rarely requested and even more rarely granted. It tends to simply slow down a final order from being issued. Absent new evidence, it has little value.

Ordinance No. 23-1501, For the Purpose of Amending Metro Code Chapter 5.09 (Illegal Disposal) to Align it with the new Metro Code Chapter 2.05 (Contested Cases) and Incorporate Plain Language Best Practices
Ordinances (First Reading and Public Hearing)

BEFORE THE METRO COUNCIL

FOR THE PURPOSE OF AMENDING METRO)	ORDINANCE NO. 23-1501
CODE CHAPTER 5.09 (ILLEGAL DISPOSAL))	
TO ALIGN IT WITH THE NEW METRO CODE)	Introduced by Chief Operating Officer
CHAPTER 2.05 (CONTESTED CASES) AND)	Marissa Madrigal in concurrence with

PRACTICES)	

WHEREAS, Metro Code Chapter 5.09 (Illegal Disposal) governs illegal disposal prohibitions in the Metro Area, sometimes colloquially referred to as “illegal dumping”; and

WHEREAS, Chapter 5.09 includes sections regarding enforcement of illegal disposal prohibitions, issuance of civil penalties for illegal disposal, and hearings procedures for individuals and entities that wish to contest illegal disposal citations; and

WHEREAS, Metro has observed a significant increase in illegal disposal activities within the region. This has led to heightened environmental concerns, public safety issues, and increased workload for Metro staff; and

WHEREAS, the rise in illegal disposal incidents has resulted in an increasing number of citations issued by Metro, along with a subsequent increase in requests for hearings to contest these citations, which strains the resources and efficiency of the citation enforcement process; and

WHEREAS, the proliferation of illegal disposal practices underscores the need for a comprehensive update to Metro's regulatory illegal disposal code chapter and the process for parties to challenge Metro's enforcement actions; and

WHEREAS, current Chapter 5.09 language has references to certain criminal state statutes regarding discovery and proceedings for illegal disposal hearings that are not applicable to a local government civil administrative hearing, and, at worst, practically impossible to implement; and

WHEREAS, although staff and hearings officers have worked diligently to apply current code procedures whenever possible, these procedures are confusing and proving unworkable and, with an increase in citations, will only cause further administrative difficulties if current code language is not updated; and

WHEREAS, staff anticipates that Metro Council will, in companion with this Ordinance, adopt ordinances that likewise update Metro's Contested Case Procedures and Civil Penalties code chapters to address similar state-law modeled shortcomings; and

WHEREAS, the proposed updates to Chapter 5.09 Illegal Disposal will now align with the expected updates to the Contested Case Procedures and Civil Penalties chapters, which includes incorporating the hearings procedures and civil penalty issuance procedures in those newly updated code chapters; and

WHEREAS, in December 2022 Council adopted Resolution No. 22-5293, which, among other things, required that Metro code chapters use plain and inclusive language best practices to improve readability, transparency, and understanding of Metro's requirements and procedures; and

WHEREAS, Resolution No. 22-5293 also recognized that Metro's regulatory code chapters demand a more frequent housekeeping update schedule to keep abreast of changes in state and federal law and to more quickly address Metro Code sections that are unclear or confusing to regulated individuals and entities; and

WHEREAS, in addition to removing unworkable references to state law and procedures and better aligning with Metro's new Contested Case Procedures and Civil Penalties code chapters, the updated Chapter 5.09 also incorporates plain and inclusive language best practices as required; and

WHEREAS, section 5.09.040(g) from the current Chapter 5.09 (regarding material sorting) should be moved to Chapter 5.05 (Solid Waste Flow Control) in a new section 5.05.040(d); and

WHEREAS, Metro is dedicated to upholding its role as a responsible and accountable local government agency by updating its code for increased clarity and alignment; now therefore,

THE METRO COUNCIL ORDAINS AS FOLLOWS:

1. Metro Code Chapter 5.09 (Illegal Disposal) is amended as set forth in Exhibit A, with inserted text underlined and deleted text in strikethrough.
2. Chapter 5.05 (Solid Waste Flow Control) is amended to add a new section 5.05.040(d) as set forth in Exhibit B.
3. Any illegal disposal citation issued before this ordinance takes effect will be governed by the code language in Chapter 5.09 that existed at the time Metro issued the citation.

ADOPTED by the Metro Council this 19th day of October 2023.

- ~~(g) — The parties shall have the right to cross-examine witnesses who testify and shall have the right to submit evidence.~~
- ~~(h) — The cited person may not be required to be a witness in the hearing of any violation under this chapter.~~

~~(2) — If the hearings officer determines that the violation has been proven, the hearings officer shall enter an appropriate final order that sets forth both findings of fact and conclusions of law, the amount of the civil fine and costs imposed, instructions regarding payment, and the appeal rights of the cited person.~~

~~(3) — A copy of the final order shall be served on the cited person, or on the cited person's attorney(s) of record, by regular mail with certificate of service from the hearings officer.~~

The hearings officer will determine at the hearing whether the evidence in question is sufficient to give rise to a rebuttable presumption of responsibility against the cited person, and will so notify the cited person following presentation of Metro's case.

5.09.170 Representation at Hearing

[NOTE: Ordinance Nos. 23-1499, 23-1500 and 23-1501 are companion ordinances governing code chapters that impose civil penalties, as well as the hearing procedures and requirements to appeal those penalties or illegal disposal citations in a contested case hearing. These ordinances will, collectively, align these code chapters so that they are consistent with one another. The staff reports for all three are identical.]

ISSUE STATEMENT

Certain Metro Code chapters established by the former Metropolitan Service District Board of Directors were modeled on existing state laws and procedures. In many cases, these chapters include processes and procedures that either are not applicable at the local government level, are ambiguous, are difficult to follow and understand, or—at worst—are nearly impossible to implement. This includes Metro’s *Procedures for Contested Cases* and *Civil Penalties* chapters (Chapters 2.05 and 2.03 respectively), which were originally adopted in 1977 and 1979 respectively and which have had minimal revisions in the last 45 years.

Metro should repeal these code chapters and replace them with new, updated code chapters that govern the same areas of law, but which:

- Better reflect best practices for local government processes;
- Reduce confusion for staff and those upon whom Metro has imposed civil penalties;

- Create a more streamlined, understandable, and workable hearing procedure for those seeking a contested case hearing or wishing to challenge an illegal disposal citation;
- Improve readability and implementation;
- Incorporate plain and inclusive language best practices.

In addition, Metro's "Illegal Disposal" chapter (5.09) should be updated to align with the new Civil Penalties and Contested Case Procedures chapters. Currently there is a separate hearings procedure for Illegal Disposal citations as opposed to any other kind of contested case hearing, which is confusing. Moreover, the Illegal Disposal hearing procedures reference certain state law criminal procedures that are not applicable to a local government administrative hearing.

ACTION REQUESTED

OMA requests that Metro Council adopt:

- Ordinance No. 23-1499 (establishing a new Contested Case Procedures chapter);
- Ordinance No. 23-1500 (establishing a new Civil Penalties chapter); and
- Ordinance No. 23-1501 (related to Illegal Disposal citations and appeals).

IDENTIFIED POLICY OUTCOMES

- 1) Apply best practices for imposing civil penalties related to violations of Metro Code, franchises, licenses, permits, orders, and other Metro regulations.
- 2) Remove procedures that are impractical and difficult to implement.
- 3) Ensure consistency and coordination among the various Metro code chapters that impose civil penalties and authorize appeals of those penalties.
- 4) Streamline and simplify the process for appealing civil penalties or other enforcement measures in contested case proceedings.
- 5) Improve the readability of these code chapters by applying plain language and inclusive language best practices as required by Resolution No. 22-5293.

POLICY OPTIONS FOR COUNCIL TO CONSIDER

Metro Council has several policy options to consider.

- Adopt this ordinance and its companion ordinances. This will remove impractical modeling of state law procedures, improve these code chapters for ease of readability, align these code chapters for consistency, and improve Metro's hearing processes and procedures.
- Do not adopt these ordinances. A failure to adopt these ordinances will continue to create uncertainty and a lack of clarity for Metro staff, as well as individuals and entities that seek to challenge Metro decisions that affect rights or impose civil penalties.
- Direct OMA to update only those sections of current code that are incorrect or impossible to implement, without repealing and replacing these code chapters in their entirety.
- Adopt only some of the ordinances to update certain code chapters but not all of them.

STAFF RECOMMENDATIONS

OMA recommends that Metro Council adopt Ordinance Nos. 23-1499, 23-1500, and 23-1501 to establish new Metro Code chapters relating to Contested Case Procedures and Civil Penalties and update the Illegal Disposal chapter to ensure consistency and coordination among the various Metro code chapters that both impose civil penalties and authorize appeals of those penalties.

STRATEGIC CONTEXT & FRAMING COUNCIL DISCUSSION

The Office of Metro Attorney seeks a Metro Code that is easy to read and understand and does not contain language that harms, excludes, or discriminates people. Moreover, regular code updates help ensure the Metro Code remains current with clear and concise language, that Metro's many code chapters are consistent and coordinated, and that Metro is employing best practices with respect to regulations, how to enforce them, and how best to provide due process to contest enforcement.

OMA recognizes that reviewing and updating the Metro Code is not an easy task. It can be cumbersome. It requires a great deal of staff time to draft new code language, ordinances, and staff reports, while also ensuring that proposed code changes are coordinated with other chapters and do not have unintended consequences. However, a failure to regularly update and review Metro Code carries several risks, including:

- Creating barriers to information people need.
 - Reducing the number of people that can understand the Code, and therefore follow it correctly.
 - Reducing Metro's efforts to be transparent.
 - Having code chapters that are inconsistent with one another.
 - Having code chapters that contain cross-reference errors, citation errors, outdated definitions, and sections that are no longer operative.
-
- *Known Opposition/Support/Community Feedback*
There is no known opposition. However, because of the administrative nature of these code chapters and because changes were not made to the right to contest violations related to solid waste franchises and licenses, OMA did not perform external outreach related to these changes.
 - *Legal Antecedents*
There are no specific legal antecedents other than current Metro Code language.
 - *Anticipated Effects*
The Metro Code will be easier to read and understand. These code chapters will allow for more streamlined, workable hearings and procedures, and these code chapters will be consistent with one another.
 - *Financial Implications (current year and ongoing)*
There are no *direct* financial implications, but code language that is easy to understand reduces the likelihood that individuals may need to consult Metro staff or third-party professionals (such as lawyers and accountants) to understand Metro Code, and that Metro staff may need to answer calls or correspond to further explain Metro Code. This *indirectly* reduces financial costs.

BACKGROUND

Metro Code Chapter 2.03 (Civil Penalties) authorizes Metro to impose civil penalties for violations of Metro Code, regulations, orders, or rules. This includes violations related to the Zoo, Parks and Nature, Ethics, Taxes, and Solid Waste. Metro Code Chapter 2.05 (Procedures for Contested Cases) establishes a hearings procedure (a “contested case”) for those that wish to challenge Metro’s imposition of civil penalties. Metro’s Contested Case code chapter also allows individuals and entities to challenge a Metro decision that affects the individual legal rights, duties, or privileges of specific parties, including a challenge to a Metro decision regarding a solid waste license or franchise.

These two chapters were originally adopted in the late 1970s by the former Metropolitan Service District Board, with only limited change or updating since those original adoptions nearly 45 years ago. Because Metro was at that time a somewhat new government entity unlike any other in the state, it was not uncommon for Metro staff to model new code language on analogous state statutory schemes. This had the advantage of having ready-made code language, and Metro could, if needed, rely on case law interpreting that state statutory language if there were questions regarding Metro’s similar code language. Such was the case with Metro’s Civil Penalties and Contested Case chapters, both of which were modeled after state statutory schemes (primarily ORS Chapter 183).

Unfortunately, procedures established for use by Oregon state government do not often easily transfer to local government practices. This can create a local government procedure that is unclear, cumbersome, or, in the worst instances, nearly impractical to implement. This is the case with Metro’s Civil Penalties and Contested Case Procedures chapters. For example, in ORS Chapter 183, “agency” is defined as a state board, commission, department or division thereof. In certain instances, Metro’s code language simply substitutes the words “state agency” for “Metro Council,” even though state “agencies” and “Metro Council” serve different purposes with different responsibilities and considerations.

While it may make sense to have a hearings officer serve a “proposed order” on a “state agency” for review given the state agency’s expertise, this would, for example, make no sense in the context of a hearings officer serving a proposed order for a Parks violation on the Metro Council for review. This example highlights the unworkable nature of simply substituting state law terms into Metro Code chapters because they are not always analogous to local government practices.

A similar issue exists with Metro’s Illegal Disposal code chapter 5.09. That chapter sets forth the process to issue citations for illegal disposal (sometimes called “illegal dumping”) and the hearings procedures that follow when individuals challenge those citations. Two problems arise with the Illegal Disposal chapter. First, it contains different evidentiary, discovery, and notice rules than those found in Metro’s Contested Case chapter, as well as a different hearings procedure generally. This creates confusion.

Second, it refers to certain state criminal statutes that are not applicable to a local government administrative hearing and which are, at times, nearly impractical to

implement. For example, current Metro Code Chapter 5.09 language for “prehearing discovery” disclosures references state criminal arraignment statutes, and it simply replaces the term “district attorney” with “Metro Attorney” and criminal “defendant” with “cited person.” This is impractical and, at times, impossible to implement.

Metro’s Civil Penalties and Contested Case Procedures chapters are rarely used by Metro staff (other than an occasional solid waste regulatory violation challenge). This has artificially suppressed the problems associated with these code chapters because they are infrequently on display. However, some Metro departments are considering increased enforcement of their regulations, which could lead to an increased use of these chapters.

In addition, Metro has observed a significant increase in illegal disposal activities within the region. This rise in illegal disposal incidents has resulted in an increasing number of illegal disposal citations and, not surprisingly, a subsequent increase in requests for hearings to contest these citations. The proliferation of illegal disposal practices underscores the need for a comprehensive update to Metro’s regulatory illegal disposal code chapter.

For these reasons—and because Metro Council requires that Metro Code be written in plain language and reviewed periodically for updates—it is both timely and necessary for Metro to update these three code chapters and ensure consistency among them.

[NOTE: Metro’s Supportive Housing Services Income Taxes are not governed by Metro’s civil penalties or contested case chapters. Assessed penalties and any appeals related to income taxes are administered by the City of Portland’s tax appeals board as Metro’s contracted income tax administrator.]

Summary of Changes to Code Chapters at Issue

A. Contested Case Procedures (Chapter 2.05)

Metro's Contested Case Procedures Chapter was originally adopted in 1977 and has changed little since that time. It is modeled on the State of Oregon's Contested Case Procedures (ORS 183), but several procedures are not best practices (or even practical) for a local government. Following is a summary of the proposed changes to current code language.

- General plain language review to remove "shalls," passive voice, nominalizations, lengthy sentences and paragraphs, etc.
- Removes Metro Council as a hearings body generally, and specifically as a review body from a hearings officer's determination. There are several reasons for this change.
 - The current Contested Case Procedures chapter was modeled after the state of Oregon's procedures found in ORS Chapter 183. In the case of the state's proceedings, an "agency" can review a proposed order. An "agency" is defined as a Commission, Board, or Department of the state. When drafting Metro's original procedures in 1977, the term "agency" was just replaced with "Metro Council." However, "state agencies" and "Metro Council" serve different roles, with different responsibilities and considerations, so simply substituting those terms does not make practical sense.
 - Current code language states that either Council *or* a hearings officer will conduct hearings, but it does not say who determines *which* entity should apply. The language is ambiguous and confusing.
 - Current code language states that a hearings officer will send a "Proposed Order" to the Council and authorizes the Council to consider this at its next meeting and to possibly allow new evidence. This practice places an unnecessary time burden on the Council, and it does not align with local government administrative hearing best practices. Other than land use decisions, elected local government bodies generally do not act as appeals bodies for code enforcement decisions. It is better practice to have an independent hearings officer review code enforcement decisions.
 - It is not practical to have Council adopt findings of fact and conclusions of law if Council is not the body that received evidence in the underling case.
- The proposed code update also removes the Chief Operating Officer from decision-making for contested cases and rests those decisions squarely with an independent hearings officer (for many of the same reasons as removing Council).

- Clarifies when a contested case exists. A broad reading of current code arguably allows for a contested case in decisions that do not necessarily affect a person's rights or privileges. The update makes clear that contested case opportunities do not exist for:
 - Breaches of contract
 - Denial of grant requests
 - Imposition of a condition, rule, law, or requirement of *general applicability* (as opposed to a decision affecting a single individual or business)
- Standardizes the number of days in which to request a contested case hearing (current Metro code has different timelines for different kinds of hearings).
- Streamlines, simplifies, and clarifies the procedures that a hearings officer will follow during the contested case hearing. This includes the order of testimony, evidentiary rules, discovery requests, etc.
- Removes repeated opportunities to request a reconsideration of a hearings officer's order. These are rarely requested and even more rarely granted. Current code language was also not clear regarding whom at Metro could grant a reconsideration petition. (There were a few instances in current code in which it is not clear who is responsible for making a particular decision.)
- Removes "proposed orders" being submitted to Metro Council prior to a "Final Order" adoption by the hearings officer. This process was modeled after state contested case hearings in which a proposed order is sent to a commission or board for review. However, as noted above, the Metro Council does act in the same manner as does a state commission or board, so this process has less value than at the state level and adds an unnecessary step.
- Removes *personnel discharges* from possible contested case hearings. Metro does not currently perform these by contested case hearings, and it is unclear why these were referenced in this chapter.
- Updates evidentiary rules to better reflect best practices, clarify what is allowed, and better align with generally followed local government administrative hearings.
- Updates notice requirements to better reflect modern practices (for example including email as an option if an email address is known).
- Changes the appointment of the hearings officer from a list of prospective hearings officers provided by Council to one provided by the Metro Attorney's Office. (OMA is unaware of the Metro Council having provided a list of prospective hearings officers in the past). Retains the authority of the COO to *appoint* the hearings officer from the prospective list of qualified officers.
- Creates a new section of "Hearings Officer Duties" to clarify and codify the hearings officer's role.

- Breaks lengthy code sections into shorter sections with better headings to improve ease of reading.
- Clarifies what kind of pre-hearing discovery is allowed.

B. Civil Penalties (Chapter 2.03)

Metro's Civil Penalties Chapter was originally adopted in 1977 and has changed little since that time. It is modeled on the State of Oregon's Civil Penalties chapter. Following are the proposed changes to current code practice.

- General plain language review to remove "shalls," passive voice, nominalizations, lengthy sentences and paragraphs, etc.
- Updated definitions section to reflect current meanings.
- Removed the specific references to penalty amounts for violations of Zoo, Solid Waste, and Parks and Nature regulations, and instead added them to the appropriate sections in those department code chapters.
- Updated the notice requirements when Metro assesses a civil penalty (included email for example, if applicable).

C. Illegal Disposal (Chapter 5.09)

- General plain language review to remove "shalls," passive voice, nominalizations, lengthy sentences and paragraphs, etc.
- Breaks lengthy code sections into smaller sections with more precise headings for ease of readability.
- Rearranges the order of some code sections to better reflect how the process works chronologically.
- Updates the procedures regarding "service of citation" to align with new Contested Case and Civil Penalty code chapters sections on service of notice.
 - For example, personal delivery, US Mail, electronic mail, etc.
- Updates terms to align with other Metro Code chapters.
- Removes cumbersome, unworkable hearings procedures. Instead, refers to Metro's new, updated Contested Case Chapter 2.05 for a more stream-lined, workable hearings procedure to contest illegal disposal citations.
- Updates the term "conditionally exempt generator" to "very small quantity generator" to reflect changes to that term in state and federal law with respect to hazardous waste.
- Moves one specific prohibition on delivering unsorted material from this code chapter to Metro's solid waste flow control chapter (5.05) where it better aligns.

- Changes the term civil “fines” to civil “penalties” throughout to better align with Metro’s Civil Penalties code chapter terminology and to avoid confusion as to these terms. (A “fine” is just one subset of a possible “penalty.”)
- Removes unnecessary up-front cost burdens on cited individuals pending resolution of their appeal.
- Slightly alters certain items required in the citation form to improve notice and reduce the burden on the cited individual.
- Removes the prohibition on Metro being represented by an attorney simply because the cited person chooses not to be represented by an attorney.
- Aligns the requirements necessary to request an illegal disposal citation hearing with those for contested case and civil penalties. (i.e. a written statement explaining why the citation is improper and on what grounds.)
- Removes references to state criminal law for prehearing discovery (which is impractical for a local government civil hearing), and instead creates an explicit list of prehearing discovery material that Metro will provide to the cited person.
- Aligns the evidentiary rules with those for Metro’s Contested Case Procedures chapter.
- Removes option to seek a reconsideration by the hearings officer of the officer’s determination after a final order. This was removed because it is rarely requested and even more rarely granted. It tends to simply slow down a final order from being issued. Absent new evidence, it has little value.

Contested Case, Civil Penalties & Illegal Disposal Code Chapter Updates

Metro Council Presentation

Ordinance Nos. 23-1499, 23-1500, 23-1501

October 5, 2023

Updating Three Metro Code Chapters

These ordinances will repeal and replace two code chapters and update a third chapter.

Civil Penalties

(Chapter 2.03, repeal and replace)

Contested Case Procedures

(Chapter 2.05, repeal and replace)

Illegal Disposal

(Chapter 5.09, update and streamline)

What do these chapters govern?

Civil Penalties

(Chapter 2.03)

- Prescribes “the procedures and requirements for the notice, assessment, collection and enforcement of civil penalties.”
- Metro can impose civil penalties for violations related to the Zoo, Parks and Nature, Ethics, Taxes, and Solid Waste.
- Primarily used to impose civil penalties for illegal solid waste disposal violations and violations related to solid waste franchises and licenses.

What do these chapters govern?

Contested Cases

(Chapter 2.05)

- Prescribes the procedures and requirements for notice and hearings when a party seeks a contested case hearing.
- A “contested case” exists when a Metro decision affects individual legal rights, duties, or privileges of specific parties.
- Examples include Metro decisions regarding licenses, franchises, permits, or the imposition of civil penalties.
- Rarely exercised (primarily with solid waste decisions).

What do these chapters govern?

Illegal Disposal

(Chapter 5.09)

- Governs illegal disposal prohibitions in the Metro Area (colloquially referred to as “illegal dumping”).
- Prescribes Metro’s Illegal Disposal citation requirements.
- Authorizes civil penalties and recovery of Metro’s administrative costs.
- Hearings procedures for contesting illegal disposal citations.

Why should Council update these chapters?

Civil Penalties and Contested Case Chapters

- Established in late 1970s with virtually no updating since then.
- Modeled on state law, which doesn't work for local government.
- Should remove procedures that are impractical and difficult to implement.
- Ensure consistency and coordination among the various Metro code chapters that impose civil penalties and authorize appeals of those penalties.
- Streamline and simplify the process for appealing civil penalties or other enforcement measures in contested case proceedings.

Why should Council update these chapters?

Illegal Disposal Chapter

- There has been a significant increase in illegal disposal within the Metro region.
- Increased number of citations and requests for hearings to contest them.
- Current code language references certain criminal state statutes not applicable to a local government civil administrative hearing.
- Current hearings procedures are confusing and proving unworkable.
- Should align Illegal Disposal chapter with the Contested Case and Civil Penalties chapters.

Why should Council update these chapters?

Incorporate Plain Language Best Practices

- In December 2022, Metro Council adopted Resolution No. 22-5293.
- Requires plain and inclusive language best practices in Metro Code.
- Requires a scheduled review of Metro Code chapters for opportunities to update.
- Updating Metro Code ensures that it:
 - remains consistent internally
 - reflects changes in law, circumstances, or best practices
 - is clear, concise, inclusive, and easy to understand

Ordinance 23-1498 will update two code chapters with housekeeping changes.

Solid Waste Facility Regulation

Chapter 5.01

Solid Waste Flow Control

Chapter 5.05

Resolution No. 22-5293 Requires Code Review

- In December 2022, Metro Council adopted Resolution No. 22-5293.
- Requires plain and inclusive language best practices for the Metro Code.
- Requires a scheduled review of Metro Code chapters for opportunities to update.

Brief Summary of Updates

Solid Waste Facility Regulation

Chapter 5.01

- ✓ Corrected certain cross-reference errors.
- ✓ Changed the term “citizens” to “residents.”
- ✓ Changed plural terms to singular to improve regulatory clarity.
- ✓ Removed the final zeros on dollar amounts for easier reading (e.g. \$300.00 to \$300).
- ✓ Changed the term “planning director” to “planning department” when local land use compatibility statements are required for new Metro-authorized facilities. (This codifies current practice in which Metro receives notification from cities and counties rather than individual planning directors).
- ✓ Removed redundant and unnecessary words without changing the underlying meaning.

September 28th Meeting of the Multnomah County Commission

Testimony from Erik Cole, Revitalize Portland Coalition

Topic: Item R1

Chairperson Vega Pedersen and Commissioners,

Thank you for the opportunity to address you once again. Our members are Portlanders committed to a Portland where everyone can thrive. We are working hard to see downtown Portland turnaround the trend of vacant offices and empty storefronts. Thank you, Madam Chair, for your engagement and leadership on the Governor's Task Force Homelessness committee. We look forward to what you will produce.

The City of Portland is taking a series of steps toward this end and we have supported efforts such as the Downtown Business Incentive Credit Program, the emergency ordinance banning of the use of hard drugs such as fentanyl, heroin and methamphetamine on public property, and the collaborative Advance Portland Plan.

But we all know the City cannot turn things around alone. Your decisions today have a broad impact on Multnomah County's economic trajectory as well.

While we were heartened by the recent joint meeting between city councilmembers and county commissioners and by the county's recent action to support the critical facility at Bybee Lakes, we are frustrated at the lack of overall progress to address this issue strategically.

Metro's corrective action plan has highlighted the severity of the lack of strategic direction, as have several audit and consultant's reports. They report that the County and JOHS have a lack of clear "strategies, vision and measurable outcomes." Local news radio, OPB, in describing findings of the Multnomah County Auditor, stated that the Joint Office's "clunky contract management, poor communication, insufficient data collection, and lack of vision have undermined the program's effectiveness at solving one of the region's most entrenched challenges." Your own County Auditor Jennifer McGuirk has lamented the lack of good program-level data on inflow and outflow and client case disposition. Results delivered by these programs are unclear, hard to find, and frankly anecdotal.

The public and our members are losing faith and confidence in government's ability to lead this effort.

That is why we are calling on you to take the steps:

- Commission an independent government compliance audit of Multnomah County's expenditures on homelessness – focused on performance and outcomes for all programs by all funded agencies.
- **Adopt and rapidly** employ a by-name list to target services and interventions and require coordination of data across agencies and organizations.

RPC believes that accountability and confidence can only be restored with a full review and analysis of what's not working.

Yet, once again, you have a weighty decision before you, involving a large sum of money, and little data and virtually no strategy or plan to base your decisions upon. Further compounded by the lack of a strategy or plan for equitable access to mental health & drug

treatment services.

You all must be asking yourselves if you have adequate information, analysis, or guidance to even make these decisions today.

Yet, urgency requires action, so we encourage you to treat this public health emergency with urgency and common sense.

We respectfully encourage you to dedicate these funds to critical gaps in our system:

- Funding for facility development and rapid deployment of a 24-hour drop-off sobering center is a necessity.
- Funding for temporary housing for the medically fragile, those in recovery, and those exiting institutions.
- **Funding for greater capacity for the** necessary and vital services provided by **Bybee Lakes/Helping Hands**, shelter programs, and day programs.

We urge you to take advantage of this moment where the Governor, local leaders, business, and health care are all “leaning in”....and develop a real measurable Behavioral Health plan. We have expertise in Dr. Meieran, Dr. George Keepers and others with subject-matter expertise and real clinical experience.

To help those who need it most, to curb this terrible fentanyl epidemic, and to make our city streets clean and safe once again, we need to think big and act swiftly.

Thank you for this opportunity and your continued public service to our community.
