<b>2:15 p.m.</b>	<b>Letter of Commitment for Carbon Pollution Reduction Grant (Action Item)</b> <p><i>TriMet, in collaboration with Metro, is leading a Carbon Pollution Reduction Grant (CPRG) Implementation Grant application to bring more resources to the deployment of Next Generation Transit Signal Priority (TSP). The Environmental Protection Agency (EPA), which administered the CPRG grant program, required Metro and regional agency partners to develop a Preliminary Climate Action Plan over the last six months to identify good candidates for these Implementation Grants. Through this process, which included input from a Climate Partners' Forum consisting of technical staff and regional technical and policy committees, Metro and partner agencies determined that Next Gen TSP aligns well with the type of projects that EPA is seeking to fund through the CPRG Implementation Grants. This is a unique opportunity to request funds for projects that will improve transit reliability and reduce emissions across the region. TriMet and Metro request a letter of commitment from TransPort (draft</i></p>	A.J. O'Connor (TriMet) / Caleb Winter (Metro) / All
