Date: June 11, 2024 Prepared by:

Joshua Burns, Interim Budget Coordinator

Department: Finance and Regulatory Services Presented by:

Robin Briggs, Central Services Finance Manager

Meeting date: June 20, 2024 Length: 20 minutes

### **ISSUE STATEMENT**

Resolution 24-5407 will authorize changes in appropriations for FY 2023-24 and approve changes to the FY 2023-24 through FY 2027-28 Capital Improvement Plan.

### **ACTION REQUESTED**

### **POLICY QUESTION**

Council should consider whether the changes in appropriations have been justified, that adequate funds exist for identified needs, and that proposed changes to the Capital Improvement Plan appear appropriate.

### POLICY OPTIONS FOR COUNCIL TO CONSIDER

Adoption of Resolution 24-5407 will provide sufficient appropriations to accommodate the changes in operations outlined by departments. Adoption will allow for changes to capital projects due to operational factors.

Disapproval of Resolution 24-5407 will require departments to reevaluate their proposed changes to operations and capital plans.

### **STAFF RECOMMENDATIONS**

The Chief Operating Officer and Chief Financial Officer recommend adoption of Resolution 24-5407.

#### STRATEGIC CONTEXT & FRAMING COUNCIL DISCUSSION

### Relationship to Metro's Strategic Plan, racial equity, and climate action goals

By funding additional expenditures for operations, the Agency will more efficiently be able to focus on programming related to our guiding principles of racial justice, climate justice and resiliency, and shared prosperity.

**Known Opposition:** None known.

**Legal Antecedents:** ORS 294.463(1) provides for transfers of appropriations within a fund, including transfers from contingency that do not exceed 15 percent of a fund's appropriation if such transfers are authorized by official resolution or ordinance of the governing body. ORS 294.463(3) provides for transfers of appropriations or of appropriations and a like amount of budget resources between funds of the municipal corporation when authorized by an official resolution or ordinance of the governing body stating the need for the transfer. ORS 294.338(2) allows an increase in appropriations due to specific purpose grants or gifts when authorized by an official resolution or ordinance of the governing body stating the need for the recognition. ORS 294.338(3) allows an increase in appropriations when a request for services, the cost of which is supplied by another entity, necessitates a greater expenditure of public money for any specific purpose in order to provide the services when authorized by an official resolution or ordinance of the governing body stating the need for the recognition. ORS294.463 (4) provides that public testimony be allowed if any funds are changing by more than 10 percent of a fund's expenditures. Metro code chapter 2.02.040 requires the Metro Council to approve the addition of any position to the budget. Metro's adopted financial policies require any project exceeding \$100,000 or an existing CIP project increasing greater than 20 percent to receive Council approval. ORS 294.471 allows for pressing and necessary changes, by supplemental budget, that could not be reasonably foreseen during budget development.

### **Central Services**

Capital Asset	\$800,000 increase to project budget for MRC Plaza and Parking
Management - CIP	Areas
Update	
	Requesting to increase the project budget for the MRC Plaza and Parking Areas by \$800,000. The funding is to come from a \$755,000 reduction of General Asset Management Contingency, and a \$45,000 reduction to other projects.
	This increases the total project budget from \$2,800,000 to \$3,600,000 due to additional waterproofing deficiencies that need correction to correct leaks and future maintenance.

## Housing

Increase to County	Move \$111,318,656 from Contingency to increase budget for
partner SHS	county partner Supportive Housing Services spending
spending due to	
increased revenue	Metro's adopted budget for county partner SHS spending in FY24 is
forecast	\$212.1 million, which was based on the estimated distribution amount
	of the original tax forecast of \$234.1 million. This year the revenue
	forecast was increased to \$356.7 million.
	This amendment will increase the budget for county partner SHS
	spending to \$323.5 million. This amount is estimated based on county
	spending as reported through quarter 3, with an estimate for spending
	in quarter 4.

# **Oregon Convention Center**

Technical	Shift \$990,000 to support 3 Projects
Correction -	
Capital	This is a technical correction to the March Budget Amendment Cycle.
Improvement Plan	Funds were shifted incorrectly from project 8R223C Waterproofing:
	Rain Garden & Parking Garage to reprioritize other CIP projects.
	These funds should have been instead shifted from these projects:  • Waterproofing: P1 Parking Level Traffic Coating (\$975k)  • Portland Ballroom Service Corridor Programming (\$15k)
	No appropriation changes are needed.

# Portland'5

Capital	Shift \$420,000 to support 2 projects:
Improvement Plan	
Update	P5 had two projects from the FY22-23 CIP plan have delayed starts that continued into FY23-24 years. These projects are not over their total budget, but they are over their FY23-24 budget.
	The two projects increasing in this amendment are:  1) Keller Auditorium light board  2) Antoinette Hatfield Hall front of house elevators
	No appropriation changes are needed. Funding to come from shifting one other project to FY2025-26, and a second project that is below budget.

### **Parks and Nature**

Parks & Nature Operating Fund	
Increase Grant	Increase revenues and corresponding expenditures due to receiving
Revenue	Oregon Watershed Enhancement Board (OWEB) grant
	Parks and Nature has received a \$200,000 grant from the Oregon Watershed Enhancement Board, to be used in FY2023-24.
	This amendment request would increase appropriations by \$200,000.
Glendoveer Golf Course Sub-Fund	
<b>Increase Revenues</b>	Increase Contracted Professional Services by \$350,000
and Expenditures	
	Parks and Nature is anticipating higher than estimated revenues and expenses due to favorable weather conditions at Glendoveer Golf Course. When golf course revenues increase, there are corresponding increases to operating costs.
	Parks and Nature is requesting a \$350,000 increase to revenues and expenditures related to operations at Glendoveer Golf Course. This amendment would increase appropriations by \$350,000.

# **Waste Prevention and Environmental Services**

Capital	Adjust and reprioritize 11 projects in the CIP to address health,
Improvement Plan	safety, and deferred maintenance needs (one-time)
Updates	
	No operating, appropriation, or FTE impact.
