Memo

Date: June 26, 2024

To: Adriana Antelo

ODOT Region 1 STIP Coordinator

123 NW Flanders St Portland, OR 97201

From: Ken Lobeck, Funding Programs Lead, 971-985-6156 (cell)

Subject: FFY 2024 Administrative Modification – June 2024 Admin Mod #1, AM24-16-JUN1

Dear Adriana:

In accordance with 23 CFR 450.328, Metro is submitting the Metro approved June #1 regular administrative modification for review and inclusion in the STIP. The June #1 Admin Mod is under amendment number AM24-16-JUN1 and contains 6 projects in the bundle:

| Key | Lead Agency | Name | Change |
|-------|---------------------|---|---|
| 23520 | Happey Valley | Clackamas River Trail (Happy Valley) | ADVANCE PHASE: Advance Planning phase from FFY 2027 to FFY 2024 to enable phase obligation to occur before the end of FFY 2024/ |
| 22645 | Multnomah County | Broadway Bridge Deck Replacement | SCOPE CHANGE: Delete Mechanical scope activity from project. Change is considered minor and applies to Prior Obligated section of the MTIP. Historical STIP Correction Confirmation |
| 20472 | ODOT | OR99E: Clackamas River (McLoughlin) Bridge | CANCEL PHASE Cancel the ROW phase for cost savings. Add to next STIP |
| 23585 | Portland | Stark/Washington St Signal ATC Upgrades:76th Ave - 257th Ave | ADD PHASES: Split Other phase by adding PE and Construction phases |
| 23586 | Portland | E Burnside Transit Signal Priority Upgrades: 97th - Powell Blvd | ADD PHASES: Split Other phase by adding PE and Construction phases |
| 19357 | THPRD | Beaverton Creek Trail: Westside Trail - SW Hocken Ave | COST INCREASE: Add \$1.2 million of local overmatch to ROW phase |

I certify Metro has completed all required review and approval steps as the MPO and IAW with 23 CFR 450.328 for the 2024-27 MTIP for this admin mod. Please direct any comments or questions concerning this amendment to Ken Lobeck, at ken.lobeck@oregonmetro.gov. Thank you for your time to review the June #1 Administrative Modification to the 2024-27 MTIP.

Kenneth F. Lobeck Funding Programs Lead Metro 600 NE Grand Avenue Portland, OR 97232

2024-27 Metropolitan Transportation Improvement Program (MTIP) PROJECT AMENDMENT DETAIL WORKSHEET

MTIP Admin Modification **ADVANCE PHASE**

Advance Planning phase from FFY 2027 to FFY 2024

| Project #1 | |
|---------------|--------------------------------------|
| Project Name: | Clackamas River Trail (Happy Valley) |

| | | | Project | Details Summa | ry | | |
|------------|--------------------|----------|---------|----------------------|---------------|----------------------------|------------|
| ODOT Key # | 23520 | RFFA ID: | N/A | RTP ID: | 12195 | 2023 RTP Approval Date: | 11/30/2023 |
| MTIP ID: | TBD | CDS ID: | N/A | Bridge #: | N/A | FTA Flex & Conversion Code | No |
| M | ITIP Amendment ID: | AM24-1 | l6-JUN1 | STIP | Amendment ID: | TBD | |

Summary of Amendment Changes Occurring:

The admin mod advances the project's Planning phase from FFY 2027 forward to FFY 2024. The project had in incorrectly included in the STIP Rebalancing amendment and slipped to fyfi 2027. The IGA has been completed and the planning funds can obligate before the end of FFY 2024. The admin is a corrective action not a change in the project delivery timing.

Why Changes May Proceed Administratively:

Phase slips or advancements within constrained years may occur administratively assuming no major scope, limits, or cost changes are also occurring..

| Lead Agency: | Нарру ' | Valley | Applicant: | Нарру | Valley | Administrator: | OI | DOT |
|-------------------------------|---------|--------|------------------|----------------|--------|----------------|---------------|-----|
| Certified Agency Delivery: No | | No | Non-Certified Ag | ency Delivery: | Yes | Direct Recipi | ent Delivery: | No |

Short Description:

Project refinement for a continuous, off-road regional trail approximately 6,250 feet between the OR 212/224 interchange and Springwater Bridge.

MTIP Detailed Description (Internal Metro use only):

In the city of Happy Valley between OR212/224 IC and then south to the Springwater Bridge, complete project development/refinement activities to construct a later multi-use trail (approximately 6,250 feet long) that will offer pedestrian and bicyclists improved safety with an off-street, multi-use trail with wayfinding signage and will connect with employment, residential, and recreational uses.

STIP Description:

Project refinement for a continuous, off-road regional trail approximately 6,250 feet between the OR 212/224 interchange and Springwater Bridge.

| Notes | | | | | | | | | | | | |

| | Fund Codes References |
|-------|--|
| Local | General Local funds committed by the lead agency that normally cover the minimum match requirement to the federal funds |
| TA | Transportation Alternatives (TA) are a federal funding source (FHWA based). TA funds are set-aside from the Surface Transportation Block Grant (STBG) program. Eligible uses of the set-aside funds include all projects and activities that were previously eligible under the Transportation Alternatives Program under the Moving Ahead for Progress in the 21st Century Act (MAP-21). This encompasses a variety of smaller-scale transportation projects such as pedestrian and bicycle facilities, recreational trails, safe routes to school projects, community improvements such as historic preservation and vegetation management, and environmental mitigation related to stormwater and habitat connectivity. TA funds are apportioned to the State DOT. A portion of the TA funds are then suballocated to the MPOs. |
| TA-S | TA funds that remain under ODOT's allocation and management. |

| | MTIP Amendment Matrix Administrative Modification Guidance and Thresholds for Change |
|------------------------------------|--|
| Number | Change Area |
| General | Any project changes that do not meet the MTIP amendment criteria in the Full Amendments section. To qualify as an administrative modification, the project change(s) must clearly fit into the below categories without exceeding the category threshold. Some exceptions may be possible. These will be treated on an individual case-by-case basis to determine and verify that: - Fiscal constraint is not impacted by the change - Air quality in not impacted as a result of the change - A capacity changes is not occurring which would impact the Metro Motor Vehicle transportation modeling network. - The project change does not involve canceling the project or construction phase from he MTIP. |
| Completing Project Cost Changes | Project Cost changes may occur administratively as follows: - Cost decreases; Any amount as long as it does not include a major scope change, or location plus limits update. - Cost increases for projects up to \$1 million dollars: The administrative threshold is 50% for these projects. - Cost increases for projects between \$1 million and \$5 million: The administrative threshold is 30% for these projects. - Cost increases for projects over \$5 million dollars: The administrative threshold is 20% for these projects. |
| Advancing or Slipping Phases | Advancing or slipping an approved project/phase within the current MTIP constrained years (years 1-4) |
| Adding or Canceling Phases | Adding or canceling any phase of an approved existing project in the active MTIP constrained years except for the Construction phase. Adding or canceling the construction phase for a project usually will trigger the need for a formal/full amendment. |
| Splitting or Combining Projects | Combining two or more approved existing projects into one or splitting an approved project into two or more projects or splitting part of an approved project to a new one. |

| Completing Technical Corrections | Completing Minor technical corrections to make the printed STIP consistent with prior approvals, such as typos or missing data. |
|---|---|
| Completing Minor Scope Changes that do not Impact Scope, Limits, Location, or Costs | Completing Minor Scope Changes: Project adjustments that result from minor scope changes can occur as an administrative modification under the following conditions: -The changes to the project costs remain under the formal amendment cost threshold. -The changes to the project limits and location remain under the formal amendment threshold. -The changes are non-capacity, air quality exempt changes which include examples listed in 40 CFR 93.126, Table 2 and 40 CFR 93.127, Table 3 -The changes result in the project still being consistent with the RTP through fiscal constraint, performance assessment, goals, and strategies verifications. -For Metro RFFA funded projects, the project is still consistent with the original RFFA award in scope, location, and limits |
| Adjusting for Prior Obligation Amounts | Adjusting programing or obligation levels to prior obligated projects without phases in the active years of the current MTIP. The following conditions apply: -The prior obligate phase is being updated for follow-on obligation purposes. -Fund swaps or adjustments are occurring to the prior obligated phase based on obligation updates to the project. -No change in scope, location/limits results from the prior obligated phase adjustment. |
| Completing Name and Description Changes | Completing a project name or description change based on minor scope, location, or limits changes. Assumptions: The name or description change is considered corrective in nature and does not reflect a major change to the project |
| Completing UPWP or SPR Funding or Description Changes | Modifying metropolitan planning projects (UPWP) funded under 23 U.S.C. 104(d) and 49 CFR 5305(d) or State Planning and Research (SPR) projects funded under 23 U.S.C. 505 and 49 U.S.C. 5303(e) funds. |
| Adding a WFL Project | Adding a Western Federal Lands (WFL) project |

June 2024: The project has obligated the construction phase, but needs to complete a construction phase re-bid process based on a modified project scope as noted in the description. Federal HIB funds replace

the State STBG funds. There is no change in the total project cost

Completion Date: By end of 2027.

Current Status:

2024-2027 Metropolitan Transportation Improvement Program PRIOR OBLIGATED PROJECT LIST APPENDIX

Broadway Bridge Lift Deck Replacement

≡ Menu

Project Information

Location: Broadway Bridge lift spans
Schedule: Field work starts in 2024

• Estimated Cost: \$9.3m

• Funding Source: County funds for design; 90% federal and 10% county for

Project Description

The Broadway's lift span deck is currently made of fiber-reinforced polymer (FRP) structural members. The existing FRP decking on the movable spans is retaining water and the structural beams have begun to fail, resulting in the need for extensive temporary repairs by County maintenance. The deck and supporting beams will be replaced with concrete-filled steel. This is the same type of deck that can currently be seen on the Morrison Bridge.

We will also replace the sidewalks on the lift span, existing gears, motor brakes, machinery supports and flooring, and the machinery brakes that help control the movable spans. Just like a car, all our movable bridges need brakes to control the speed at which the bridge closes. We will also be upgrading the electrical system to handle the new machinery.

During construction, the streetcar tracks will be removed and put back in place. There will be no change in streetcar operations once the project is complete.

2024-27 Metropolitan Transportation Improvement Program (MTIP) PROJECT AMENDMENT DETAIL WORKSHEET

MTIP Admin Modification

CANCEL PHASE

Cancel the ROW phase for cost savings. Add to next STIP

| roi | | |
|-----|--|--|
| | | |
| | | |
| | | |

| Project | t Name: | OR99E: Clack | kamas River (I | McLoughlin) | Bridge | | | | | |
|-------------------------|-------------------|--------------|----------------|----------------------------|---------------|-------------------------|------------|--|--|--|
| Project Details Summary | | | | | | | | | | |
| ODOT Key # | 20472 | RFFA ID: | N/A | RTP ID: | 12092 | 2023 RTP Approval Date: | 11/30/2023 | | | |

| M | TIP Amendment ID: | AM24-1 | l6-JUN1 | STIP | Amendment ID: | TBD | | | | |

Summary of Amendment Changes Occurring:

The admin mod cancels the ROW phase from the project as a cost savings action. This effectively shelves further development for now. ROW and Consphase are proposed to be added to the 2027-30 STIP cycle.

Why Changes May Proceed Administratively:

Per the Metro MTIP Amendment Matrix, canceling phases except for construction may occur administratively

| Lead Agency: | OD | ОТ | Applicant: | 00 | OT | Administrator: | OI | DOT |
|-------------------------------|----|----|------------------|-----------------|----|----------------|---------------|-----|

| | Fund Codes References |
|-------|---|
| NHPP | A federal funding source (FHWA based) appropriated to the State DOT. The purposes of this program are: to provide support for the condition and performance of the National Highway System (NHS); to provide support for the construction of new facilities on the NHS; to ensure that investments of Federal-aid funds in highway construction are directed to support progress toward the achievement of performance targets established in a State's asset management plan for the NHS; and [NEW] to provide support for activities to increase the resiliency of the NHS to mitigate the cost of damages from sea level rise, extreme weather events, flooding, wildfires, or other natural disasters. [§ 11105(1); 23 U.S.C. 119(b)] |
| State | General state funds used in support of the required match to the federal funds. |

| | MTIP Amendment Matrix |
|--|--|
| | Administrative Modification Guidance and Thresholds for Change |
| Number | Change Area |
| General | Any project changes that do not meet the MTIP amendment criteria in the Full Amendments section. To qualify as an administrative modification, the project change(s) must clearly fit into the below categories without exceeding the category threshold. Some exceptions may be possible. These will be treated on an individual case-by-case basis to determine and verify that: - Fiscal constraint is not impacted by the change - Air quality in not impacted as a result of the change - A capacity changes is not occurring which would impact the Metro Motor Vehicle transportation modeling network. - The project change does not involve canceling the project or construction phase from he MTIP. |
| Completing Project Cost Changes | Project Cost changes may occur administratively as follows: - Cost decreases; Any amount as long as it does not include a major scope change, or location plus limits update. - Cost increases for projects up to \$1 million dollars: The administrative threshold is 50% for these projects. - Cost increases for projects between \$1 million and \$5 million: The administrative threshold is 30% for these projects. - Cost increases for projects over \$5 million dollars: The administrative threshold is 20% for these projects. |
| Advancing or Slipping Phases | Advancing or slipping an approved project/phase within the current MTIP constrained years (years 1-4) |
| Adding or Canceling Phases | Adding or canceling any phase of an approved existing project in the active MTIP constrained years except for the Construction phase. Adding or canceling the construction phase for a project usually will trigger the need for a formal/full amendment. |
| Splitting or Combining Projects | Combining two or more approved existing projects into one or splitting an approved project into two or more projects or splitting part of an approved project to a new one. |
| Completing Technical Corrections | Completing Minor technical corrections to make the printed STIP consistent with prior approvals, such as typos or missing data. |

| Completing Minor Scope Changes that do not Impact Scope, Limits, Location, or Costs | Completing Minor Scope Changes: Project adjustments that result from minor scope changes can occur as an administrative modification under the following conditions: -The changes to the project costs remain under the formal amendment cost threshold. -The changes to the project limits and location remain under the formal amendment threshold. -The changes are non-capacity, air quality exempt changes which include examples listed in 40 CFR 93.126, Table 2 and 40 CFR 93.127, Table 3 -The changes result in the project still being consistent with the RTP through fiscal constraint, performance assessment, goals, and strategies verifications. -For Metro RFFA funded projects, the project is still consistent with the original RFFA award in scope, location, and limits |
|---|---|
| Adjusting for Prior Obligation Amounts | Adjusting programing or obligation levels to prior obligated projects without phases in the active years of the current MTIP. The following conditions apply: -The prior obligate phase is being updated for follow-on obligation purposes. -Fund swaps or adjustments are occurring to the prior obligated phase based on obligation updates to the project. -No change in scope, location/limits results from the prior obligated phase adjustment. |
| Completing Name and Description Changes | Completing a project name or description change based on minor scope, location, or limits changes. Assumptions: The name or description change is considered corrective in nature and does not reflect a major change to the project |
| Completing UPWP or SPR Funding or Description Changes | Modifying metropolitan planning projects (UPWP) funded under 23 U.S.C. 104(d) and 49 CFR 5305(d) or State Planning and Research (SPR) projects funded under 23 U.S.C. 505 and 49 U.S.C. 5303(e) funds. |
| Adding a WFL Project | Adding a Western Federal Lands (WFL) project |

2024-27 Metropolitan Transportation Improvement Program (MTIP) PROJECT AMENDMENT DETAIL WORKSHEET

MTIP Admin Modification **ADD PHASES**

Split Other phase by adding PE and Construction phases

| Pro | oject #4 | | | | | | | | | | | |
|------------|-------------------------|-------------|---|---------------|------------------------|----------------------------|------------|--|--|--|--|--|
| Proje | ect Name: | Stark/Washi | hington St Signal ATC Upgrades:76th Ave - 257th Ave | | | | | | | | | |
| | Project Details Summary | | | | | | | | | | | |
| ODOT Key # | 23585 | RFFA ID: | N/A | RTP ID: 11104 | | 2023 RTP Approval Date: | 11/30/2023 | | | | | |
| MTIP ID: | TBD | CDS ID: | N/A | Bridge #: N/A | | FTA Flex & Conversion Code | No | | | | | |
| | MTIP Amendment ID: | | AM24-16-JUN1 | | STIP Amendment ID: TBD | | | | | | | |

Summary of Amendment Changes Occurring:

The admin mod splits the existing project funding from the Other by adding a PE and Construction phase for the project per the latest TSS for the project.

Why Changes May Proceed Administratively:

Lateral move within constrained years and no change in project cost or scope.

| Lead Agency: | Portl | and | Applicant: | Port | Portland | | ODOT | |
|----------------------------|-------|-----|------------------|-----------------|----------|---------------|---------------|----|
| Certified Agency Delivery: | | Yes | Non-Certified Ag | gency Delivery: | No | Direct Recipi | ent Delivery: | No |

Short Description:

Design, construct, and complete traffic signal interconnect actions plus upgrade Advance Transportation Controllers (ATC) on SE Stark Street for improved signalized intersection efficiency and added motorist and pedestrian safety.

MTIP Detailed Description (Internal Metro use only):

On SE Stark and Washington Streets from SE 76th Ave east to SW 257th Ave across Portland and Gresham, design, construct, and complete traffic signal interconnect actions plus include ATC upgrade conversions including, wireless radio interconnect, radar detection, and pan-tilt-zoom (PTZ) cameras at approximately 26 intersection locations to provide driving increased safety including speed management and pedestrian head starts

STIP Description:

Design, construct, and complete traffic signal interconnect actions plus upgrade Advance Transportation Controllers (ATC) on SE Stark Street for improved signalized intersection efficiency and added motorist and pedestrian safety.

The Surface Transportation Block Grant Program (STBG) promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs. | | | | | | | | | |
| STBG-U | STBG funds that ODOT suballocates to Metro for use of eligible projects in urban areas | | | | | | | | | |

| | MTIP Amendment Matrix Administrative Modification Guidance and Thresholds for Change |
|--|--|
| Number | Change Area |
| General | Any project changes that do not meet the MTIP amendment criteria in the Full Amendments section. To qualify as an administrative modification, the project change(s) must clearly fit into the below categories without exceeding the category threshold. Some exceptions may be possible. These will be treated on an individual case-by-case basis to determine and verify that: - Fiscal constraint is not impacted by the change - Air quality in not impacted as a result of the change - A capacity changes is not occurring which would impact the Metro Motor Vehicle transportation modeling network. - The project change does not involve canceling the project or construction phase from he MTIP. |
| Completing Project Cost Changes | Project Cost changes may occur administratively as follows: - Cost decreases; Any amount as long as it does not include a major scope change, or location plus limits update. - Cost increases for projects up to \$1 million dollars: The administrative threshold is 50% for these projects. - Cost increases for projects between \$1 million and \$5 million: The administrative threshold is 30% for these projects. - Cost increases for projects over \$5 million dollars: The administrative threshold is 20% for these projects. |
| Advancing or Slipping Phases | Advancing or slipping an approved project/phase within the current MTIP constrained years (years 1-4) |
| Adding or Canceling Phases | Adding or canceling any phase of an approved existing project in the active MTIP constrained years except for the Construction phase. Adding or canceling the construction phase for a project usually will trigger the need for a formal/full amendment. |
| Splitting or Combining Projects | Combining two or more approved existing projects into one or splitting an approved project into two or more projects or splitting part of an approved project to a new one. |
| Completing Technical Corrections | Completing Minor technical corrections to make the printed STIP consistent with prior approvals, such as typos or missing data. |

| Completing Minor Scope Changes that do not Impact Scope, Limits, Location, or Costs | Completing Minor Scope Changes: Project adjustments that result from minor scope changes can occur as an administrative modification under the following conditions: -The changes to the project costs remain under the formal amendment cost threshold. -The changes to the project limits and location remain under the formal amendment threshold. -The changes are non-capacity, air quality exempt changes which include examples listed in 40 CFR 93.126, Table 2 and 40 CFR 93.127, Table 3 -The changes result in the project still being consistent with the RTP through fiscal constraint, performance assessment, goals, and strategies verifications. -For Metro RFFA funded projects, the project is still consistent with the original RFFA award in scope, location, and limits |
|---|---|
| Adjusting for Prior Obligation Amounts | Adjusting programing or obligation levels to prior obligated projects without phases in the active years of the current MTIP. The following conditions apply: -The prior obligate phase is being updated for follow-on obligation purposes. -Fund swaps or adjustments are occurring to the prior obligated phase based on obligation updates to the project. -No change in scope, location/limits results from the prior obligated phase adjustment. |
| Completing Name and Description Changes | Completing a project name or description change based on minor scope, location, or limits changes. Assumptions: The name or description change is considered corrective in nature and does not reflect a major change to the project |
| Completing UPWP or SPR Funding or Description Changes | Modifying metropolitan planning projects (UPWP) funded under 23 U.S.C. 104(d) and 49 CFR 5305(d) or State Planning and Research (SPR) projects funded under 23 U.S.C. 505 and 49 U.S.C. 5303(e) funds. |
| Adding a WFL Project | Adding a Western Federal Lands (WFL) project |

| COST ESTIMATES (X \$1,000) | | | | | | |

2024-27 Metropolitan Transportation Improvement Program (MTIP) PROJECT AMENDMENT DETAIL WORKSHEET

MTIP Admin Modification **ADD PHASES**

Split Other phase by adding PE and Construction phases

| Proj€ | ect #5 | | | | | | |
|---|--------|----------|---------|---------------|---------------|----------------------------|------------|
| Project Name: E Burnside Transit Signal Priority Upgrades: 97th - Powell Blvd | | | | | | | |
| | | | Project | Details Summa | ry | | |
| ODOT Key # | 23586 | RFFA ID: | N/A | RTP ID: | 11104 | 2023 RTP Approval Date: | 11/30/2023 |
| MTIP ID: | TBD | CDS ID: | N/A | Bridge #: N/A | | FTA Flex & Conversion Code | No |
| MTIP Amendment ID: | | AM24-1 | L6-JUN1 | STIP | Amendment ID: | TBD | |

Summary of Amendment Changes Occurring:

The admin mod splits the existing project funding from the Other by adding a PE and Construction phase for the project per the latest TSS for the project.

Why Changes May Proceed Administratively:

Lateral move within constrained years and no change in project cost or scope.

| Lead Agency: | Portl | and | Applicant: | Port | land | Administrator: | OI | DOT |
|-------------------------------|-------|-----|------------------|----------------|------|----------------|---------------|-----|
| Certified Agency Delivery: Ye | | Yes | Non-Certified Ag | ency Delivery: | No | Direct Recipi | ent Delivery: | No |

Short Description:

Design, construct, and upgrade traffic signal ATCs for priority timing involving the interconnect of ITS equipment including traffic signal controller conversions providing added speed management safety and pedestrian head starts

MTIP Detailed Description (Internal Metro use only):

On East Burnside Street from NE 97th Ave to SE Powell Blvd, design, construct, and upgrade traffic signal advance transportation controllers (ATC) for priority timing at up to 29 intersection locations involving the interconnect of ITS equipment including traffic signal controller conversions with the addition of fiber optic interconnect, radar detection, and pan-tilt (PTZ) cameras to support the next generation transit priority to provide added speed management safety and pedestrian head starts.

STIP Description:

Design, construct, and upgrade advance transportation controller (ATC) signals for priority timing involving the interconnect of ITS equipment including traffic signal controller conversions providing added speed management safety and pedestrian head starts.

| Local | General Local funds committed by the lead agency that normally cover the minimum match requirement to the federal funds | | | | | | | | |
| STBG | Surface Transportation Block Grant funds. A federal funding source (FHWA based) appropriated to the State DOT. The Surface Transportation Block Grant Program (STBG) promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs. | | | | | | | | |
| STBG-U | STBG funds that ODOT suballocates to Metro for use of eligible projects in urban areas | | | | | | | | |

| | MTIP Amendment Matrix |
|--|--|
| | Administrative Modification Guidance and Thresholds for Change |
| Number | Change Area |
| General | Any project changes that do not meet the MTIP amendment criteria in the Full Amendments section. To qualify as an administrative modification, the project change(s) must clearly fit into the below categories without exceeding the category threshold. Some exceptions may be possible. These will be treated on an individual case-by-case basis to determine and verify that: - Fiscal constraint is not impacted by the change - Air quality in not impacted as a result of the change - A capacity changes is not occurring which would impact the Metro Motor Vehicle transportation modeling network. - The project change does not involve canceling the project or construction phase from he MTIP. |
| Completing Project Cost Changes | Project Cost changes may occur administratively as follows: - Cost decreases; Any amount as long as it does not include a major scope change, or location plus limits update. - Cost increases for projects up to \$1 million dollars: The administrative threshold is 50% for these projects. - Cost increases for projects between \$1 million and \$5 million: The administrative threshold is 30% for these projects. - Cost increases for projects over \$5 million dollars: The administrative threshold is 20% for these projects. |
| Advancing or Slipping Phases | Advancing or slipping an approved project/phase within the current MTIP constrained years (years 1-4) |
| Adding or Canceling Phases | Adding or canceling any phase of an approved existing project in the active MTIP constrained years except for the Construction phase. Adding or canceling the construction phase for a project usually will trigger the need for a formal/full amendment. |
| Splitting or Combining Projects | Combining two or more approved existing projects into one or splitting an approved project into two or more projects or splitting part of an approved project to a new one. |
| Completing Technical Corrections | Completing Minor technical corrections to make the printed STIP consistent with prior approvals, such as typos or missing data. |

| Completing Minor Scope Changes that do not Impact Scope, Limits, Location, or Costs | Completing Minor Scope Changes: Project adjustments that result from minor scope changes can occur as an administrative modification under the following conditions: -The changes to the project costs remain under the formal amendment cost threshold. -The changes to the project limits and location remain under the formal amendment threshold. -The changes are non-capacity, air quality exempt changes which include examples listed in 40 CFR 93.126, Table 2 and 40 CFR 93.127, Table 3 -The changes result in the project still being consistent with the RTP through fiscal constraint, performance assessment, goals, and strategies verifications. -For Metro RFFA funded projects, the project is still consistent with the original RFFA award in scope, location, and limits |
|---|---|
| Adjusting for Prior Obligation Amounts | Adjusting programing or obligation levels to prior obligated projects without phases in the active years of the current MTIP. The following conditions apply: -The prior obligate phase is being updated for follow-on obligation purposes. -Fund swaps or adjustments are occurring to the prior obligated phase based on obligation updates to the project. -No change in scope, location/limits results from the prior obligated phase adjustment. |
| Completing Name and Description Changes | Completing a project name or description change based on minor scope, location, or limits changes. Assumptions: The name or description change is considered corrective in nature and does not reflect a major change to the project |
| Completing UPWP or SPR Funding or Description Changes | Modifying metropolitan planning projects (UPWP) funded under 23 U.S.C. 104(d) and 49 CFR 5305(d) or State Planning and Research (SPR) projects funded under 23 U.S.C. 505 and 49 U.S.C. 5303(e) funds. |
| Adding a WFL Project | Adding a Western Federal Lands (WFL) project |

| COST ESTIM | ATES (X \$1,000) | |

2024-27 MTIP Administrative Modification

Metro

2024-27 Metropolitan Transportation Improvement Program (MTIP) PROJECT AMENDMENT DETAIL WORKSHEET

MTIP Admin Modification

COST INCREASE

Increase ROW by \$1,236,840 in local funds.

| Fioje | SCL WO | | | | | | | | | | | |
|---|-------------------------|----------|--------------|-----------|---------------|----------------------------|------------|--|--|--|--|--|
| Project Name: Beaverton Creek Trail: Westside Trail - SW Hocken Ave | | | | | | | | | | | | |
| | Project Details Summary | | | | | | | | | | | |
| ODOT Key # | 19357 | RFFA ID: | 50252 | RTP ID: | 10811 | 2023 RTP Approval Date: | 11/30/2023 | | | | | |
| MTIP ID: | 70689 | CDS ID: | N/A | Bridge #: | N/A | FTA Flex & Conversion Code | No | | | | | |
| MTIP Amendment ID: | | AM24-: | AM24-16-JUN1 | | Amendment ID: | 24-27-1276 | | | | | | |

Summary of Amendment Changes Occurring:

The admin mod adds \$1.2 million of local overmatching funds to address cost increase to complete the ROW phase.

Why Changes May Proceed Administratively:

The added funds equal a net cost change of 12.3% to the project. This is less than the 20% threshold for cost change administrative changes. Also, there is no scope change as a result of the cost increase. The cost increase is due to revise ROW phase requirements.

Short Description:

Construct a 1.5-mile long, 12-foot wide regional trail consisting of paving, bridges/boardwalks, lighting, road right-of-way improvements, environmental mitigation and bicycle/pedestrian amenities and site furnishings.

MTIP Detailed Description (Internal Metro use only):

Construct a 1.5-mile long, 12-foot wide regional trail consisting of paving, bridges/boardwalks, lighting, road right-of-way improvements, environmental mitigation and bicycle/pedestrian amenities and site furnishings. This section of trail will provide an off-street, safer and more pleasant transportation option to connect with light-rail, bus lines, employment and commercial areas as well as providing recreation opportunities for walkers, joggers and cyclists.

STIP Description:

Construct a 1.5-mile long, 12-foot wide regional trail consisting of paving, bridges/boardwalks, lighting, road right-of-way improvements, environmental mitigation and bicycle/pedestrian amenities and site furnishings. This section of trail will provide an off-street, safer and more pleasant transportation option to connect with light-rail, bus lines, employment and commercial areas as well as providing recreation opportunities for walkers, joggers and cyclists.

| | Fund Codes References |
|--------|--|
| Local | General Local funds committed by the lead agency that normally cover the minimum match requirement to the federal funds |
| Other | Additional local funds committed to the project beyond the minimum match requirement. Also referred to as "Overmatching" funds. |
| STBG | Surface Transportation Block Grant funds. A federal funding source (FHWA based) appropriated to the State DOT. The Surface Transportation Block Grant Program (STBG) promotes flexibility in State and local transportation decisions and provides flexible funding to best address State and local transportation needs. |
| STBG-U | STBG funds that ODOT suballocates to Metro for use of eligible projects in urban areas |
| TA | Transportation Alternatives (TA) are a federal funding source (FHWA based). TA funds are set-aside from the Surface Transportation Block Grant (STBG) program. Eligible uses of the set-aside funds include all projects and activities that were previously eligible under the Transportation Alternatives Program under the Moving Ahead for Progress in the 21st Century Act (MAP-21). This encompasses a variety of smaller-scale transportation projects such as pedestrian and bicycle facilities, recreational trails, safe routes to school projects, community improvements such as historic preservation and vegetation management, and environmental mitigation related to stormwater and habitat connectivity. TA funds are apportioned to the State DOT. A portion of the TA funds are then suballocated to the MPOs. |
| TA-U | TA funds that are allocated to Metro and are generally used for eligible projects awarded federal funds through the Regional Flexible Fund Allocation (RFFA) funding call. |

MTIP Amendment Matrix Administrative Modification Guidance and Thresholds for Change

| Number | Change Area |
|---|---|
| General | Any project changes that do not meet the MTIP amendment criteria in the Full Amendments section. To qualify as an administrative modification, the project change(s) must clearly fit into the below categories without exceeding the category threshold. Some exceptions may be possible. These will be treated on an individual case-by-case basis to determine and verify that: - Fiscal constraint is not impacted by the change - Air quality in not impacted as a result of the change - A capacity changes is not occurring which would impact the Metro Motor Vehicle transportation modeling network. - The project change does not involve canceling the project or construction phase from he MTIP. |
| Completing Project Cost Changes | Project Cost changes may occur administratively as follows: - Cost decreases; Any amount as long as it does not include a major scope change, or location plus limits update. - Cost increases for projects up to \$1 million dollars: The administrative threshold is 50% for these projects. - Cost increases for projects between \$1 million and \$5 million: The administrative threshold is 30% for these projects. - Cost increases for projects over \$5 million dollars: The administrative threshold is 20% for these projects. |
| Advancing or Slipping Phases | Advancing or slipping an approved project/phase within the current MTIP constrained years (years 1-4) |
| Adding or Canceling Phases | Adding or canceling any phase of an approved existing project in the active MTIP constrained years except for the Construction phase. Adding or canceling the construction phase for a project usually will trigger the need for a formal/full amendment. |
| Splitting or Combining Projects | Combining two or more approved existing projects into one or splitting an approved project into two or more projects or splitting part of an approved project to a new one. |
| Completing Technical Corrections | Completing Minor technical corrections to make the printed STIP consistent with prior approvals, such as typos or missing data. |
| Completing Minor Scope Changes that do not Impact Scope, Limits, Location, or Costs | Completing Minor Scope Changes: Project adjustments that result from minor scope changes can occur as an administrative modification under the following conditions: -The changes to the project costs remain under the formal amendment cost threshold. -The changes to the project limits and location remain under the formal amendment threshold. -The changes are non-capacity, air quality exempt changes which include examples listed in 40 CFR 93.126, Table 2 and 40 CFR 93.127, Table 3 -The changes result in the project still being consistent with the RTP through fiscal constraint, performance assessment, goals, and strategies verifications. -For Metro RFFA funded projects, the project is still consistent with the original RFFA award in scope, location, and limits |

| | Adjusting programing or obligation levels to prior obligated projects without phases in the active years of the current MTIP. The following conditions apply: -The prior obligate phase is being updated for follow-on obligation purposes. -Fund swaps or adjustments are occurring to the prior obligated phase based on obligation updates to the project. -No change in scope, location/limits results from the prior obligated phase adjustment. |
|---|---|
| and Description | Completing a project name or description change based on minor scope, location, or limits changes. Assumptions: The name or description change is considered corrective in nature and does not reflect a major change to the project |
| Completing UPWP or SPR Funding or Description Changes | Modifying metropolitan planning projects (UPWP) funded under 23 U.S.C. 104(d) and 49 CFR 5305(d) or State Planning and Research (SPR) projects funded under 23 U.S.C. 505 and 49 U.S.C. 5303(e) funds. |
| Adding a WFL Project | Adding a Western Federal Lands (WFL) project |
