RECEIVED FEB 15 1984

February 13, 1984

Board of Directors
Metropolitan Citizens League

Dear Colleagues:

This is to indicate my resignation* as President and as a member of The Board of Directors of the Citizen's League. /The League's by-laws, /Under elected officials and candidates for public office are not eligible to serve on the Board of Directors. While I have not yet filed for office as a legislative candidate, I am resigning at this point to permit a new president to assume office as soon as possible.

Please be assured that within my time and other resources I will assist the new president, the other officers, and the members of the Board in any way that I can. I remain devoted to the cause of regionalism and to the efforts to sustain and develop the Citizens' League. It will not be easy to keep the League alive, but it has several active committees and a number of other things going for it. I share with you every hope that a new president and several new Board members will be able to give the League more time and energy than some of us have been able to do over the last several months.

My very best wishes.

Sincerely,

Ronald C. Cease
President

*Effective at the end of the Board of Directors' meeting on Wednesday, February 15, 1984.

Sandy, OR 97055

Dear Ron:

As I am now an announced candidate for the United States Congress, I am submitting my resignation from the Board of the Metropolitan Citizens League.

I want to continue as a member of the League and help in any way I can to establish it as an effective force for good government.

Best regards.

Sincerely,

A handwritten signature in blue ink that reads "Bill". The signature is stylized with a large, sweeping initial "B" and a trailing flourish.

Dear Muriel,

For the record, this is the resignation I intended to formalize earlier and would like made effective March 21 - our telephone conversation. My concerns leading to this decision relate to the fiscal responsibilities that the By-laws indicate will be the duty of the Board to fulfill -- a fact pointed out by Bob Simpson at the last Board meeting. I'm sure it weighs on your mind also that the organization has gone through \$6,000 rather rapidly ("A nice piece of 'change", Ron called it!) and owes back taxes.

While I commend your public-spirited willingness to "pick up the pieces" at this stage, I see little public interest being represented on a Board that leans towards developers, bureaucrats and persons whose livelihood depends on both. My concerns have always been centered on environment -- but the subject never came up!

Good luck! My kindest personal thoughts always for the Catlin-Gabel days when you provided such thoughtful sheltering of Rebecca.

Feel free to call if you think there is anything to discuss relative to the League (or anything else).

My personal best wishes,

Jan Egger

Dear Muriel,

after careful consideration I am submitting
my resignation from the board of the Metropolitan
Citizens League. It is time for rotation to bring new
ideas and new members to the Board.

I intend to continue my support for the League
— my dues at the new rate were paid at the meeting at which
they were announced.

I have enjoyed my service on the Board and
my association with its members.

Regards,
Bob Weil

Dar Muriel:

Resignation

I hereby resign from the Board of Directors of the Metropolitan Citizens League. In June I will be transferred to Bellevue, Washington. I have enjoyed my more than four years association with the League. I hope I have contributed.

Sincerely,

A handwritten signature in black ink, appearing to read 'Charles C. Kemper', written over the word 'Sincerely,'.
