Dear Citizens League,

I had hoped to be able to attend at least part of your opening meetings, but my other meeting lasted beyond the bewitching hour. I do, of course, fully support your goals, and hope that you will accept me as a member.

Mr. Robert G. Simpson

Dear Bob:

I enjoyed very much the organization meeting of the Metropolitan Citizens League last Thursday. The task you face is tremendous but I was impressed by the enthusiasm of those in attendance -- and their number!

I would like to enroll as a member, officially representing Standard Insurance Company. Attached is the membership application and \$25 check.

I have not checked any of the committee interests because I am uncertain of my time availability. At the end of the year I will become Corporate Secretary of Standard which includes government affairs as one of its responsibilities. As a result, I will be spending a great deal of time in Salem during the upcoming legislative session.

I can't sign up for anything that might involve a substantial time commitment but will be certainly interested in helping in any way I can.

Best regards.

Cordially,

Rudy B. Miner  
Assistant Secretary

Gentlemen:

The enclosed check number 3135 is a duplicate of a check that we originally mailed to you on November 14, 1980, for membership payment for Charles C. Kemper. We recently discovered that all of our outgoing mail for that day was lost by the Postal Service.

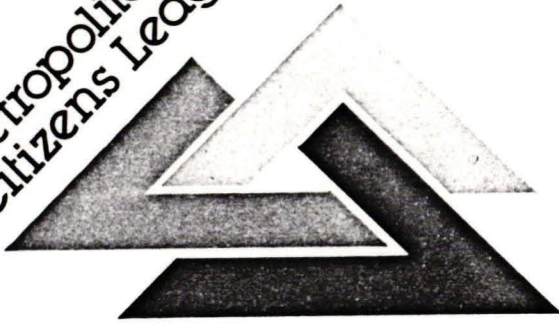

We have placed a stop payment order for the check issued to you on November 14, 1980. If the November 14 check is someday found by the Postal Service and routed to you, please advise us and then destroy the check. Thank you.

Sincerely,

*Robert A. Wright*

Dear Ms. Simons:

Your April 2, 1981 request to Dr. Cease of the Metropolitan Citizens League for a listing of our Board of Directors was received by me -- I am attaching the list you requested.

Unfortunately, the League currently has only 4 hours total weekly staff time for its business and we are unable, within this limitation, to provide you with the telephone numbers which would have to be hand-pulled from a different source. You are welcome, however, to come to the office and get these from cards.

We hope to be printing a member directory sometime this summer. Commissioner Lindberg would be receiving this as a member.

Dear Mr. Harvey:

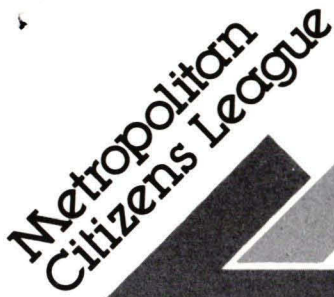

Thank you for calling our office for information about the Metropolitan Citizens League. We are in the process of developing a brochure for public information, but I believe the enclosed letter sent to a number of prospects earlier in the year will give a good overview of our goals and purpose.

We very much want to involve citizens in the metropolitan area. I am also enclosing a memo/newsletter just sent to our members about the upcoming meeting on transportation. We would very much like to have you join us, if you possibly can!

Again, thanks for your interest, and I hope to meet you soon.

Very truly yours,

In line with the general consensus expressed at the "brainstorming for new members" session you attended a while back, the Metropolitan Citizens League is aiming its membership efforts at targeted groups...quality before quantity. Would you, therefore, take on as a personal project the enlisting of new members from the primary area of:

Enclosed are materials to help you, including, at long last, a flyer about the MCL. From January through May, dues are half-price - \$12.50. The new dues year begins in June.

There are exciting general membership meetings planned for January and March: (1) the economic impact on both sides of the new bridge (I 205) across the Columbia when it is opened, and (2) the impact of the Northwest regional energy bill and the effect of Washington Public Power's problems on the metropolitan area.

MCL is small enough for an individual member to influence it in its task of being an effective forum for regional issues.

The only rewards I can offer you for helping on this effort to get new quality members are my personal thanks and your own satisfaction from helping to build an effective force for good government.

I'll call you the week of the 17th of January to review how you are coming along. Unless otherwise requested, I will avoid holding meetings of the group. Any suggestions are welcome - call me if I can be of any help. Many thanks!

Sincerely,

Robert L. Weil, Chr.
