# Earl Blumenauer calls for debates on many issues

By LINDA WILLIAMS  
of The Oregonian staff

Multnomah County Commissioner Earl Blumenauer Monday accepted a challenge to a series of debates from his opponent in the March 31 runoff election for Portland City Council.

But he proposed that the topics to be covered include more than the three outlined in Margaret Strachan's challenge.

He suggested six to eight debates including discussions on land-use planning, transportation, municipal management and budgeting, the arts and education. He said he also was willing to debate the issues of affordable housing, jobs, and safe and secure neighborhoods proposed by Ms. Strachan Thursday.

"Voters deserve a comprehensive look at the candidates. To do that, we need a wider range of issues than just simply the three suggested by my opponent," Blumenauer said at a morning press conference.

"I would also like to see a broader range of organizations and viewpoints represented in putting the debates together. And finally, I think it would be interesting and would increase voter interest if we threw in a wild card question at each of the events," he added.

Blumenauer said the format of the debates should be the traditional debate style, often associated with the 1860 debates between Abraham Lincoln and

Stephen Douglas, instead of a format where the candidates simply respond to questions.

He suggested that at least one of the debates include questions from a panel of media representatives or other persons with some expertise on the topics to be covered.

It appears that both parties have agreed to the debates in principle, Ms. Strachan said in a later interview. She said her staff was scheduled to meet with Blumenauer's staff Tuesday to begin negotiations on debate specifics, including structure and sponsoring organizations.

"I think that it's important that the two groups work these things out so that there will be no misunderstanding later. . . . Part of the problem is time," she said.

Ms. Strachan said she was willing to debate the additional issues proposed by Blumenauer, but would insist that "neighborhood livability" be included.

Both campaign organizations said they will attempt to negotiate with organizations that already have invited them to joint appearances, including the Portland City Club, to see if they will accept the proposed debate formats.

Both campaign organizations were to meet with the Portland chapter of the League of Women Voters Tuesday to see if the organization would sponsor some of the debates.

The Metropolitan Citizens League, organized in November 1980 to serve as a public-service forum for the Portland-Vancouver urban community, will host the joint appearance of Margaret Strachan and Commissioner Earl Blumenauer, City Council candidates, at a general membership meeting on March 24. In line with the League's stated aim to study and act on regional issues, Strachan and Blumenauer have been asked to focus their program on metropolitan government in the 1980's: How Portland Fits Into the Development of The Regional Government.

According to League president, Robert Simpson, despite numerous public and private organizations making decisions that affect everyone, there has been no single force through which people could introduce alternatives or guide decisions. "The Metropolitan Citizens League promises to fill that void in the two-state, multi-county area it represents."

The March 24 meeting will be held from noon to two p.m. in the Crystal Room of the Mallory Hotel at 729 SW 15th Avenue, Portland. ~~Deadline for luncheon reservations is March 23.~~ \*\* A short business meeting and the election of the members of the Board of Directors will follow the program.

The Metropolitan Citizens League is a new public service forum organized to enable citizens to have an effective voice in the events and decisions made throughout the Portland-Vancouver urban community.

Supported by membership dues, it is a nonprofit organization beholden to no one, no institution, no governmental agency, except its own membership.

In the two-state, multi-county area it represents, there are numerous public and private organizations which make decisions every day that concern all residents.

However, there has been no single force through which the citizens themselves could introduce or guide the decisions. The Metropolitan Citizens League promises to fill that void.

The League is a public affairs organization responsible to its membership for study and action on regional issues. It expects to look ahead at problems before they become crises and at opportunities before they are lost. It proposes to create a climate of informed opinion to which the community and its governmental system will respond.

By polling members and keeping in touch with the community on a broad base, the League expects to identify regional issues, form committees to examine them and offer recommendations for action to the full membership.

Participation by all segments of the community is welcome and, indeed, encouraged. Through the League, citizens can become problem solvers.

A membership application is enclosed.

Sincerely,

Robert G. Simpson, Chairman  
Board of Directors

Dear Friends:

Through your personal participation and your financial support in the past, you have generously shown your interest in the metropolitan issues of the Portland-Vancouver urban region.

We believe you might share in our excitement over a new development that can give metropolitan citizens an effective voice in the events and decisions that affect their lives.

You may have heard of the newly-formed Metropolitan Citizens League, a nonprofit organization that is beholden to no one other than its members.

As you know, in the two-state, multi-county metropolitan area there are numerous public and private organizations that make decisions every day concerning all of us. But there has been no single force through which the citizens themselves could introduce or guide the decisions. The Metropolitan Citizens League promises to fill that void.

The Metropolitan Citizens League needs support in both time and money to succeed. We hope that you will find it worthy of your assistance both personally and financially.

Our second membership meeting will be Tuesday, March 24 in the Crystal Room of the Mallory Hotel at 12:00 Noon. Our speakers will be City Council candidates, Margaret Strachan and Earl Blumenauer. They will speak on "Government in the Metropolitan Area in the 1980's" with an emphasis on how Portland fits in to the development of the region. Please attend if you can.

Enclosed is a membership application and luncheon reservation form. Thank you for your concern and consideration.

Sincerely,

  
Robert G. Simpson

The format will be informal and there will be time for some questions from the audience.

STUDY COMMITTEES:

The Land Use Task Force has been studying land use legislation and regulations which impact the metro area. It has been giving special attention to the role of LCDC following acknowledgement of local comprehensive plans.

One of the principal recommendations is that LCDC's authority to approve plan amendments be limited to the State.

The Task Force produced a policy statement that was approved by the Board of Directors on June 3. Copies of the statement were sent to all State Senators and House members of the Environment and Energy Committee. There will be additional copies available at the June meeting.

\* Metropolitan Citizens League members

The Task Force will continue to monitor land use bills and take appropriate action based on the MCL statement.

Please contact the office if you would like to serve on the LAND USE TASK FORCE or one of the other two study committees: TRANSPORTATION or GOVERNMENT STRUCTURE AND FINANCE.

MEMBERSHIP:

There are now 123 charter members of the MCL, representing a variety of interest areas and geographical locations. We want to continue to grow and involve more people in the issues, problems and potential of regional government. Please use the enclosed "Prospect" form to provide names for the committee to contact. There is a return envelope enclosed for your convenience.

FINANCE:

The Finance Committee is personally contacting a number of local business men and women for financial support and membership. At this time \$3,000 in pledges and dues have been obtained. The committee's goal is \$6,000.

NEEDS:

In order to keep our expenses down, it would be helpful to find some in-kind donations from members and friends for:

1. an electric typewriter (a self-correcting one would be nice, but not essential);
2. a source for word processing for special, selected mailings.

There are times when we need volunteer help for mailings, telephoning, etc. If you can volunteer any time, please contact Sue Juba (or leave a message for her) at 229-3097. Sue is now working part-time as the staff assistant for the MCL.

Tom Vanderzanden  
Cl. Co. Plng.

Dear Tom:

We finally are setting up the transportation forum, It will be a kind of Buckley-style setup with an interviewer that can strip wheat from chaff; cut off long boring perorations and - hopefully bring out everyone's brilliant assessments of the problems.

Topic is as we discussed -- tentative date is Wed., June 24, noon. Trying for Tuck Lung's banquet rm. Many details to settle yet, but wanted to get you on line for that date.

I'll get back to you.

JAN EGGER

May 22, 1981 P.M.

Ron:

Thanks for coming to Program Comm. mtg.!

Darlene Lemley is lining up a date for our June program -- probably the 24th (since Jerry Tippens goes to Salem ea. Tues. which leaves out M-T-F as "bad days" and only W. (24th) and Th. (25th) as O.K. -- howsomever, MSD has their final budget hearing on the 25th, and we have 6-7 Councilors as MCL memebbers, plus Rick and his satraps -- about 10 folks we don't want to lose as audience. So the 24th emerges as best.

THEREFORE, would you please call Tom Walsh  
-- since you are the only one of committee that knows him -- and ask if he'll take part in this program (as citizen-OSHD Commissioner)-??

Topic (dealer's choice):

① "THE NEW FEDERALISM -- ITS IMPACT ON REGIONAL  
AND LOCAL TRANSPORTATION"

(or): "FEDERAL HIGHWAY FUNDING -- IS THE REGION BEING  
DERAILED?"

I'll be buggin' you .
