Regarding HB2038 which places the elected Executive of a Metropolitan Service District on the Council as the thirteenth member.

While the Board of the Metropolitan Citizens' League does not oppose this bill, we do feel structural changes will not significantly improve the working relationships or products of Metro. The financing is far more important and must be secured within your time frame.

Sincerely,

Jane Rhodes

Regarding HB2427 which requires the Metropolitan Service district Council to hire the Executive Director.

The Metropolitan Citizens' Board unanimously opposes this bill. We feel the Executive ought to be elected to continue the voters' involvement and to parallel almost all other government systems in Oregon. This, too, would continue to place the Executive as a peer among the officials with whom he/she deals.

Sincerely,

Jane Rhodes
