(Non-Partisan, Non-Partisan)

JACK DEINES

Pronounced (Dy-nus) is a candidate for the Metropolitan Service District Council from District No. 5. JACK DEINES would like your vote in the November 7th General Election.

JACK DEINES, his wife Patty, and their two children live at 2295 S.E. Juniper Drive in the area between Milwaukie and Gladstone. JACK DEINES is a 37 year old native Oregonian who has resided in this area for 11 years. Jack and his family are Christians and attend Church in Milwaukie.

JACK DEINES

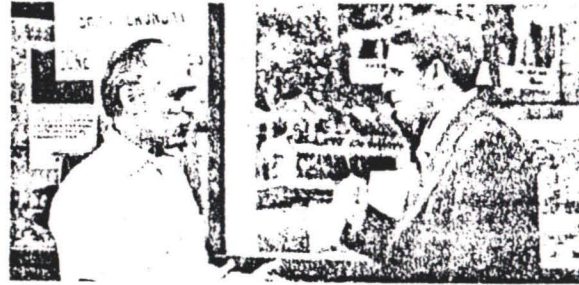

has a B.A. Degree in Economics and Accounting from Linfield College; Post Graduate Studies in Economics from the University of Oregon. He was an officer in the U.S.C.G. during the Viet Nam War. Jack managed the Trading Dept. for a 4-state, 5-office brokerage firm employing over 75 professionals. In the last 5 years Jack has been actively engaged in the management of small locally owned solid waste collection businesses. During this time Jack has spent extensive time dealing with MSD on Solid Waste matters.

JACK DEINES

Will be the **best informed, hardest working** member on the MSD Council. It is only in this way that the representative from Clackamas County can overcome the numerical advantages of representatives from Portland on the MSD Board. In this case **knowledge will be power.**

JACK DEINES

Is firmly committed to citizen input:

Jack talking with Joe Fossati, Milwaukie Businessman discussing problems facing area residents.

JACK DEINES

cares about you as a citizen because he shares your same feeling of frustration in dealing with governmental agencies that seem too big, uncaring and tax-hungry. The interests of the citizens of Clackamas County must be strongly put forth by their representative. When elected JACK DEINES will be that strong voice.

JACK DEINES

ADVOCATES:

- **No new sources of financing** should be undertaken at this time from local taxes or user fees.
- **No interference in local affairs by MSD where it is not wanted.**
- **There should be cooperation** between MSD and local government to define areas of responsibility. MSD should be a coordinating agency for local governments.
- JACK DEINES believes MSD must prove it can provide **SERVICE** to the local government and the citizens before it attempts to enter new areas of responsibility.
- All actions of MSD should start with the premise that they be **economically sound** fair for all citizens in the district and contribute to the well-being and livability of the area.

JACK DEINES

Cares about regional problems:

METRO

Introduction to Public History
Project A: Digital Archive of Metro Councilors
Metro Councilor Oral History Interviews

Purpose and Scope of the Project

Students enrolled in Portland State University's *Introduction to Public History* class have been working since October 2005 on a practicum project at Metro. The goal of **Project A: Digital Archive of Metro Councilors** is to research and document the public service of Metro's elected officials, and provide public access to the information through web-based technology.

To date, students have been working with primary resources to research councilors' terms of office, district representation, internal and external committee assignments, policy initiatives, and professional background. In researching the public service of Metro councilors, students have been reviewing councilors' professional papers which may include correspondence, speeches, newsletters, calendars, photographs, and information relating to community events, and special engagements/awards.

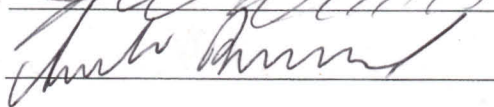

Another component of the practicum is for students to gain firsthand experience in conducting an oral history interview. Oral history interviewing records a person's recollection of experiences, thoughts and feelings about a specific event or a period of time. It gathers data not available in written records about people, events, decisions, and processes. In essence, oral history is spoken history grounded in memory. It can reveal how individual values and actions shaped the past, and how the past shapes present-day values and actions. With this in mind, students participating in this project have been asked to conduct interviews with Metro councilors to capture their personal reflections and anecdotes regarding their public service; to gather insight about municipal politics; and to further the goal of documenting Metro's history as a public agency.

The **Interview Release Form** provided below documents permissions and guidelines for the use and custody of the information gathered during the interview process.

INTERVIEW RELEASE FORM

I hereby give my permission to ANDREW M. BRAZNAARD (student interviewers) to use the information gathered in this interview for educational purposes relating to their coursework in *Introduction to Public History* at Portland State University.
