CONSIDERATION OF RESOLUTION NO. 93-1788 APPROVING A SUPPLEMENTAL BUDGET AND TRANSMITTING THE APPROVED BUDGET TO THE TAX SUPERVISING AND CONSERVATION COMMISSION, AND ORDINANCE NO. 93-494 AMENDING ORDINANCE NO. 92-449-B REVISING THE FY 1992-93 BUDGET AND APPROPRIATIONS FOR THE PURPOSE OF ADOPTING A SUPPLEMENTAL BUDGET, REINSTATING THE PCPA CAPITAL FUND AND ALLOWING THE PAYOFF OF THE SERIES A RIEDEL COMPOST FACILITY REVENUE BOND ISSUE BY CREDIT SUISSE.

Date: March 29, 1993 Presented by: Jennifer Sims

Jeff Blosser

FACTUAL BACKGROUND AND ANALYSIS

A Supplemental Budget is necessary due to unforeseen circumstances that require changes in our financial planning. Three actions are presented toward adopting a Supplemental Budget for FY 1992-93. Ordinance No. 93-494 revises the FY 1992-93 Budget Appropriations Schedule, reinstates the PCPA Capital Fund and allows the payoff of the Series A Riedel Compost Facility Revenue Bond Issue by the guarantor of those bonds, Credit Suisse. This action is presented for consideration at this time but is not intended to be adopted until after the Tax Supervising and Conservation Commission (TSCC) conducts a public hearing. TSCC review is required under Oregon Budget Law because a fund is being reinstated, total appropriations are increased and bonds issued for the Composter Facility are being paid off. Resolution No 93-1788 approves the Supplemental Budget and transmits the approved budget to the TSCC. Specific actions requested under this proposal are explained below.

Riedel Compost Facility Revenue Bond Series A Issue payoff by Credit Suisse - In FY 1989-90 Metro issued industrial development revenue bonds for the Riedel Compost Facility construction project. During FY 1991-92, Riedel assigned all rights and obligations associated with the project to Credit Suisse. The service agreement required Credit Suisse to complete construction and pass performance test standards established for the facility by April 9, 1993. If the facility is not accepted by this date, Credit Suisse will be in default. This will result in a defeasance of the bonds. Discussions with the Tax Supervising and Conservation Commission has determined that should this event occur, Metro would be required to reflect in its budget the full amount of the bond payoff as well as any accrued interest and arbitrage payments even though Metro has no financial liability for the 1989 Series A Riedel Compost Facility Revenue Bonds. The full amount necessary to pay off all financial liabilities resulting from these bonds will be received from Credit Suisse. This action anticipates the payoff of the bonds, accrued interest and arbitrage rebate prior to the end of the current fiscal year. The defeasance of the 1989 Series A Bonds will have no impact on the 1990 Series One Riedel Revenue Bonds. The Series One Bonds will continue to be reflected in Metro's budget for the remaining life of the bonds. Revenues to pay the debt service on the Series One Bonds will be received from Riedel or the guarantor of the bonds.

<u>Oregon Convention Center Operating Fund</u> - The Oregon Convention Center has been very difficult to budget due to the newness of the facility. The increases in appropriations in this supplemental budget are due to much better than anticipated operating results for both this fiscal year and last fiscal year.

The fund balance carry over from last fiscal year's operations is \$6,469,663. This figure is \$2,463,774 higher than anticipated. In addition, bookings, event days and attendance are doing much better in this fiscal year than originally projected. Total operating revenues for the year, based on the actual first six month's results, are now projected to be \$1,810,898 over the original budgeted amount. Revenues are proposed to increase in the following areas:

Commissions - increase of \$5,000
Merchandising - increase of \$10,000
Concessions/catering - increase of \$1,150,000
Parking - increase of \$41,110
Electrical/Utilities - increase of \$211,500
Hotel/Motel Taxes - increasing \$260,000
Interest earnings - increase of \$69,400
Miscellaneous Revenue - increase of \$35,000
Reimbursed Labor - increase of \$28,888

Total resource increases are expected to be \$4,274,672.

Requirements to support the resources are also projected to be higher. Personal Services are increasing \$64,960. This increase is a result of a 4% COLA increase that was not included in the original FY 92-93 budget.

Materials and Services are proposed to change in a variety of line items. A summary of the major proposed changes is provided below. Increases in Electricity, Equipment Repair and Maintenance, Land and Building Rental, and Concession/Catering are a direct result of increased usage of the facility. Decreases in Natural Gas and Building Maintenance and Repair are a result of more historical data allowing better projections.

Electricity - increase by \$20,000
Natural Gas - decrease by \$12,000
Repair and Maintenance Services Building - decrease by \$20,000
Repair and Maintenance Services Equipment - increase by \$99,445
Land and Building Rental - increase of \$41,200
Concession/ Catering - increase by \$593,650 (offset by an increase in revenue)

Total Materials and Services are proposed to increase by \$720,054.

This action results in an increase of the FY 1992-93 unappropriated balance of \$3,489,658. The revised ending balance has been reflected in the Proposed FY 1993-94 Budget.

Coliseum Operating Fund - At the time the FY 1992-93 Memorial Coliseum Budget was developed it was assumed the construction of the new Blazer Complex would begin in July 1992. That construction has been delayed and is not expected to begin until May 1993. This delay in construction has positively impacted the Coliseum operating revenues, making the following changes to appropriations necessary.

Resources - Total Resources have been increased by \$1,915,000. The increases are due to the construction delays and have resulted in higher usage of facilities, increases in rental and parking rates, as well as a concession price increase. Due to this positive increase in operating revenues, the anticipated \$875,000 loan from the Blazers is unnecessary and has been eliminated.

Expenditures - Personal Services are increasing by \$196,981. A portion of this increase, \$66,981, is required due to the unbudgeted 4% COLA awards, effective July 1, 1993. The remaining \$130,000 is for potential liabilities in vacation and personal leave pay out for employees laid off as a result of the transfer of the Coliseum's operations to the Oregon Arena Corporation July 1, 1993. Materials and Services increases are directly related to the delay in construction. The additional expenditures are funded from increased resources. Proposed changes to Materials and Services are as follows:

Travel - decrease by \$10,000
Concession/Catering - increase by \$1,147,871 (offset by an increase in revenue)
Parking - increase of \$184,119 (offset by an increase in parking revenue)
Advertising/Promotions - decrease \$60,000 (This amount was budgeted to keep the public informed of construction changes)
Purchased Labor - increase by \$61,394
Utilities, etc. - increase by \$29,075.

This action results in an increase to the FY 1992-93 unappropriated balance of \$365,560. If the remaining contingency balance to the fund is not needed during the year, the anticipated ending balance of the fund will be approximately \$723,000. This action will also require an amendment to the FY 1993-94 Proposed Budget.

PCPA Capital Fund - The PCPA Capital Fund was proposed to be eliminated as part of the FY 1992-93 budget. However, unexpected delays in capital projects resulted in a positive fund balance to the fund of \$17,785. This action requests the re-establishment of this fund for FY 1992-93. The fund balance plus the accrued interest will be completely expended this fiscal year and the fund eliminated at that time. The expenditures are capital in nature representing a purchase of \$8,000 in chairs and approximately \$11,000 in ADA compliance construction. The consolidation agreement between the City of Portland and Metro requires these funds to remain and be expended from the PCPA Capital Fund.

EXECUTIVE OFFICER'S RECOMMENDATION

The Executive Officer recommends approval of Resolution No. 93-1788, approving the Supplemental Budget and transmitting the Approved Budget to the Tax Supervising and Conservation Commission. In addition, following TSCC review and certification, the Executive Officer recommends adoption of Ordinance No. 93-494, adopting the FY 1992-93 Supplemental Budget, reinstating the PCPA Capital Fund and allowing the payoff of the Series A Riedel Compost Facility Revenue Bond Issue by Credit Suisse.
